And now they are after King Humbert, of Italy. As he was returning in a train four men fired at the carbineer guarding it, and also threw a bettle of gunpowder with a lighted fine into the car. The carbineer wounded one and threw the bottle of in time to prevent damage.

Gilbert and Sullivan's new comic opers, "The Princess Ida," has been tried at Fifth Avenue Theatre, New York. It was not much of a success. The music was charming, but the burlesque was not very pleasing. In Boston it was severely criticized Both bricks and boquets were thrown upon the stage.

Blind Tom's manager, John T. Bethune, was killed at Wilmington, Del., on last Saturday night. As ac-

The min stopped ten minutes, Bethune going to a restaurant for lunch and urning until the train had started. He then ran and made an attempt to get on a car but full, was dragged some distance and faulty rolled under the car, his right side being hornbly mangled. He died soon af-

The foreign immigration to the United States for 1883 is now given 14 370,324, it being 160,025 less than that of 1482. The cause, according to the New York Daily Commercial Bulletin, is mainly owing to the depressed condition of American industries and there are but few inducements to immigration. This depression has occurred under the very High Tariff of 1872 which averaged 46 per cent.

WILMINGTON, N. C., THURSDAY, FEBRUARY 21, 1884.

THE STORM.

The specials we publish give a carful account of the destruction of fe and property on Tuesday night, and Mrs. Jarvis have gone to Washington City on a pleasure trip —Washington Star: Capt. W. A. Kirkland, who has been selected to command the Greely relief expedition, has been examined by the Naval Medical Board as to his physical fitness to go on the expedition. He was found to be sound, with the exception of a slight rheamatic affection to one of his arms. The board informed the Secretary of the Navy of the result. It is thought that his slight disability will not interfere with his being assigned the command of the expedition. (Capt. K. is a North Carolinian by nativity.)

> - Raleigh News-Observer: Mr. W. S. Primrose has returned from Charlotte and says he is very well pleased with the result of his visit there with Mr. Fries, in the interest of the exposition. Mr. Fries is now visiting the Deep River factories, for the same purpose, — A revival is in progress at the African Methodist Church, conducted by Rev. R. H. W. Leak, Up to Sunday night there were 174 conversions. This is the biggest revival smoog the colored people since the one conducted by Rev. M. Epps several years ago, when there were over 800 professions. - Lenoir, N. C., February 16.-The people of Lenoir, of Caldwell, and the whole mountain country, are jubilant over the advent of the locomotive of the Chester & Lenoir Railroad into this county. This auspicious event transpired February 7th, when the first train crossed the new Catawba bridge. The work is being pushed and the road will reach Lenoir by the early

- Charlotte Observer: The prioners confined in the jail at Concord made an effort to escape Sunday night, but were foiled by Sheriff Slough and a horse pistol. — On the evening of the 22nd inst., three hundred soldiers, members of the Fifth Maryland Regiment, of Baltimore, will spend three hours in this city on their way to the Mardi Gras, at New Orleans. — The meetings that have been held nightly at the Second Presbyterian church in this city for three weeks past closed last Saturday night, and at the services Sunday morning forty-one new mem-bers joined the church as the fruits of the meetings. Of the forty-one, there were twenty-five accessions by examination and sixteen by certificate. There are yet about ten others who have expressed a desire to join the church. - The report of Adjutant General Johnstone Jones, for the past year, is distributed among the State Guard. It shows that there were in the Guard December 31st, 1883, twenty-five companies of infantry and a company of cavalry. The force is formed into two brigades and five regiments or battalions. The force numbers 963 men. The report says: "This is a large falling off from 1883. The decrease was caused by the disbandment of feeble companies. The companies that remain, classed as effective (21), and stand upon a solid basis and may be relied upon in any emergency. - The correspondent of the Boston Herald who accompanied the New England excursion party in this State last fall has

written several valuable communications to that paper. The last we have seen appears in the issue of January 8th, which treats of the profits of tobacco culture in Granville and Vance counties, and of the progress of Henderson, the character and value of lands, &c., in that section. - Washington letter: Vance is conducting the Democratic part of the Danville investigation, which is going on at the Capitol. He is doing it well. Said a Virginia newspaper man to-day: "Gov. Vance is the best man that could have been chosen. He knows our people, and will do them justice. Besides, he has experience on these investigations, is gifted with fine mother wit, and

- The off-shore storm signal was

flying vesterday. - The ball of the Howard Relief Fire Engine Company, at Germania Hall last night, was a pleasant affair, and was apparently most heartily enjoyed by all who were present.

- We omitted to mention in our last that the remains of the late N. R. Fowler were followed to their last resting place in Oakdale Cemetery, on Tuesday afternoon, by the I. O. of Rechabites, who turned out in force. The funeral sermon was preached by Rev. Dr. Pritchard

Military Notes.

At a regular meeting of the Wilmington Light Infantry Company, held Tuesday evening, it was decided to adopt the helmet hat prescribed for the State Guard, and the supply for the company will reach here in about two weeks. They adopted no other part of the new uniform. .

Capt. R. H. Beery, of the Wilmington Light Infantry, has received a letter from Inspector General F. H. Cameron, stating that he will be here on Monday next, the 25th inst., and directing him to have his command out for parade at 4 p. m. on that day for annual inspection.

The entertainment of the Y. P. A., of St. Paul's Evangelical Lutheran Church, was not held, as might be supposed from the caption of the report of it in yesterday's STAR, at the Church, but in a hall. Unfortunately two names were misspelled. For Miss Fiedemann, if should read Tiedemann, and instead of being Miss Laurs Kine, it should have been Miss Laura Kure. We would also state that the last song of the entertainment was the song by Rev. Mr. Peschau, recently noticed by us, "There is no Home but Heaven." It was sung by

Tuesday Night's Pire. It is thought that the fire on Tuesday night must have been caused by fire from a pipe, as certain colored persons are known to go after dross at night, and they are generally smoking. Mr. Martin estimates Pennington, the esteemed wife of ex-Gov. generally smoking. M. John L. Pennington, died at Yankton on his loss at about \$300.

thirty young ladies and gentlemen.

The Extent of the Gale Here and Elsewhere-The Cyclone at Bockingham,

The gale of Tuesday night seems to have been wide-spread in its scope, especially in North Carolina, South Carolina and Georgia. Here, as we learn at the signal office, the maximum velocity of the wind, from the time the signals were ordered up at ? p. m., was 81 miles per hour, at 11.45 p m., and the amount of rainfall was 0.38 inches. At Smithville the highest velocity reached by the wind was 41 miles per hour, and at Fort Macon 45, with light rains at both places. At Atlanta the velocity was 35. At Charlotte the rainfall was heavy, footing up over 2 inches, with a wind velocity of 14 miles during the night and 30 yesterday morning. The velocity at Charleston was 24 miles per hour,

at 7 a. m. yesterday. THE STORM AT SMITHVILLE. At Smithville the storm was very severe. The steamer North State, which left here for Georgia on Monday night, was expected to go out early yesterday morning, but Capt. Paddison decided to wait another day, as there was a heavy sea. The weather continued fine all day, however, with a light wind from the southeast, which kept the sea up. About dark the storm flag was run up, the signal officer saying he had information that a storm was coming from the sea, and in a short time it began and continued to increase in fury until about 2 o'clock yesterday morning, when it became simply terrible. Capt. Paddison, in private communication to Messrs. Worth & Worth, says: "I think the waves ran some times eight feet high. Well, the only thing we could do was to try and hold out against it, which we did. Sometimes the waves would break clear across the decks, and the fear I had was that our guards would be lifted off. I think it was one of the grandest sights I ever saw, about 12 o'clock. There was a good deal of shipping n the harbor, and the rolling of the vessels, the flying of spray, the flashing of lightning and the roaring of thunder, combined to make the scene one not soon to be forgotten by even those who make it business to go down to the sea in ships." There was no damage from the gale at

AT OTHER POINTS. A special telegram to the STAR tells of the terrible devastation caused by the cyclone in the neighborhood of Rockingham,

Richmond county, where the killed were from fifteen to thirty and a large number of wounded. From Darlington, S. C. come very startling reports, which are probably greatly exaggerated. A private telegram from Mr. J. T. Gilmore to Messrs. Worth & Worth, says: "Storm here last night destroyed mill, stables and still. The damage is two thousand dollars." This probably only refers to his own individual loss, without reference to that of others. From various other points we hear of more or less damage from the gale.

Reuben Thompson, colored, who was arrested on Monday evening, charged with breaking into the store of Mr. A. D. Ward, of Pender county, an account of which appeared in our last issue, had a preliminary examination before Mayor Hall, yesterday morning. Mr. Ward was present in Court and testified that he keeps a store on Black River, in Pender county, and that the accused had been seen lurking about the neighborhood for a few days previous, and that on the day after the robbery he had been seen on his way to this city; that he got lost and was put in the right road again by a colored man, who stated that he was loaded down with bundles. Mr. Ward fully identified the goods as his property.

Officer C. H. Strode testified as to the arrest of Thompson, his attempt to bribe the colored man, Robinson, to hurry on and inform his family so that they could remove the goods, and as to the subsequent finding of the missing articles in various places of concealment about the house, many of them being between the beds and bed covering.

Thompson himself was put upon the stand and did some talking. In fact, he was as finent of speech as a first class patent medicine vender, and beat the "cement" man "all hollow." Of course he proved very clearly to his own satisfaction that he was innocent of the robbery and that he purchased the articles from another

At the conclusion of his speech he was ordered to furnish bond in the sum of \$100 for his appearance at the next term of the Criminal Court: whereupon he was handcuffed and committed to the sheriff, who sent him to jail, as he was not able to furnish the necessary security.

Thomas Morris, a young stranger, was arraigned on the charge of coming under the ordinance against vagrancy. He has been writing letters and asking assistance from some of our business men, and representing himself as related to a prominent party in Charleston. Some suspicious circumstances in this connection led to his arrest. He was let off on the promise of leaving the city immediately.

For the Penitentiary, Deputy Sheriff G. W. Murray leaves this morning for Raleigh, having in his charge the following prisoners, sentenced to the Penitentiary by the last Criminal Court: Gaston Dayis, larceny, 4 year; Bovcer Davis, larceny, 5 years: W. H. Gibson, larceny, 5 years. All the parties

- Steamer Benefactor, hence, arrived at New York yesterday.

OUR FIREMEN.

Celebration of the Twenty-Righth Anniversary of the Howard Relief Fire Engine Company Yesterday.

The Howard Relief Fire Engine Company No. 1 celebrated the 28th anniversary of that company's existence yesterday. The first thing in order, yesterday morning, was an engine practice of about one hour. At 11 o'clock the company marched into their hall, on Fourth street, where quite a number of invited guests had already assembled. Mr. John Oldenbuttel acted as master of ceremonies, and on the stand with him were His Honor, Mayor Hall, Rev. F. W. E. Peschau, Capt. C. D. Myers, Chief of the Fire Department Mr. A. Adrian, Foreman of the Howard Relief Company: Mr. M. Rathjen, Assistant Fore man, and Capt. E. W. Manning, of the W. S. F. E. Company. Mr. Oldenbuttel welcomed the company is a few appropriate remarks, whereupon the programme arranged for the occasion was carried out. This consisted of music from Pascucci's band which was followed by a vocal duet by Mrs. Jno. Haar, Jr., and Mrs. F. C. Miller, one of the ladies being at the piano. The music was pronounced excellent. A fervent prayer was then offered up by Rev. Mr. Peschau, which was followed by a brief speech of congratulation from Mayor Hall, and music by the band. Capt. Myers followed with a neat speech. Then there was more sweet music from Mrs. Miller and Mrs. Haar, which was followed by an address from Rev. Mr. Peschau, which was pronounced by all to be a fine effort and as contributing greatly to the enjoyment of the occasion. After other speeches, a song and chorus entitled "God Bless Our Firemen." composed by Rev. Mr. Peschau, was sung by Messrs. Jao. Haar, Jr., and F. C. Miller, accompanied by their ladies. The piece, which was dedicated to Mr. A. Adrian, was well sung, and its rendition much

enjoyed. The further ceremonies of this happy occasion consisted of the presentation of the music aforesaid to Mr. Adrian, to whom it was dedicated, Mr. Oldenbuttel doing the honors; the presentation of a silver speaking trumpet to Mr. M. Rathjen, 1st Assistant Foreman, and a similar one to Mr. F. C. Miller, 2ud Assistant, Mr. Oldenbuttel doing the honors in these instances also. after which the benediction was pronounced. The next thing in order was the collation, which was spread in another part of the building, and to which ample jus-

Altogether the celebration was of a character long to be remembered by the noble firemen and their friends.

Meeting at the Exchange.

There was a large meeting of members and business men generally at the Produce Exchange vesterday at 12.30 p. m., to meet Messrs. H. C. Stetson, J. A. Ashby and J. H. Dixon, the gentlemen who are getting up material for a history of the trade, commerce, and industrial interests generally of

Mr. Sterson explained fully the object of the proposed publication, and the price which was expected to be charged for it.

Mr. Dixon read an article prepared for the book in relation to our river and har-

Mr. C. P. Mebane moved that a committee be appointed, of which the President of the Exchange should be one, to see what amount can be secured to publish and distribute the book.

The committee was constituted as follows: The President, Col. Roger Moore, and Messrs. C. P. Mebane, G. J. Boney, R. W. Hicks, J. A. Springer and - Chase. A committee of three, consisting of

Messrs. Alfred Martin, B. F. Hall and H. C. McQueen, was appointed to revise the article on Naval Stores. &c. A committee was also appointed, consisting of Messrs. A. H. Greene, David G.

Worth and Jas. Sprunt, to revise the article

on Cotton, &c. A committee on Shipping and Commerce was appointed, consisting of Messrs. C. P. Mebane, E. Peschau and E. G. Bar-

Mr. Stetson stated that they had met with much encouragement from the citizens, who seemed to take a lively interest in the forthcoming work; and in this respect we are glad to know that their sentiments are fully in accord with those of our

W. H. BOBBITT, P. E.

A DOWN TOWN MERCHANT, having passed several deepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homecopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still suffering; and while contemplating another sleepless night, the mother steepped from the room to attend to some demestic duties and left the father with the child. During her absence he administered a portion of the Boothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup, never yet falled to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 25 cents a bottle.

WHOLE NO. 5139

Weather Indications. The following are the indications for to

For the Middle Atlantic States, fair weather, northwest winds shifting to south erly, during Thursday, with generally higher barometer, and falling, followed by slightly rising temperature.

For the South Atlantic States, fair weather, northerly winds, generally higher barometer, and stationary, followed in the western portion by rising temperature.

For the East Gulf States, warmer, fair weather, northerly winds, shifting to east and south, with lower barometer. For the West Gulf States, warmer, fair weather, winds shifting to southerly, with lower harometer.

For Tennessee and the Ohio Valley. warmer, generally fair weather, fellowed by local rains in the Ohio Valley; and on Thursday, southerly to westerly winds and lower barometer.
