A Charlestonian writes to the Abbeville Pryss and Banner, thanking it for its opposition to the negro education scheme by the Federal Government. He says:

"I think it is high time that these political demagogues and tricksters should be taught by the people that other statesmanship is required at their hands; and if they can find nothing better than negro education to harp on, that they had better step down and out. New England demagoges commenced with forty acres and a mule and now Southern demagogues are trying to finish up with elevating the colored citi-zen by educating him. God help us! what are we coming to? If there is a real desire to make good citizens of them why not make it obligatory upon them to learn to work and earn their living by the sweat of their brow, as all good white men.

Mr. Hendricks is in New York. He has been interviewed of course. He is not a candidate for the Presidential nomination. He has been to see Mr. Tilden. He had nothing to say as to his candidacy. Here is what he said of the Tariff :

"I am in favor of revenue reform, which, as I suppose, involves a reduction of the revenue and of taxation to the wants of the Government economically administered. and such adjustment of taxation as will give undue advantages to none and impose unequal burdens upon none. Remote re form will undoubtedly be the pupple issue of the coming campaign."

Bakersville, Mitchell county, Judge Shipp presiding. Four murder cases are to be tried there this week. Ray and Anderson, who killed three respectable citizens of Mitchell last February, over the possession of a mica mine, were to have been brought to Bakersville yesterday from Hendersonville and put on trial, but Judge Lynch stalked between the two places, and any attempt to remove the prisoners, it was decided, would be dangerous without a military guard. The mountaineers are thirsty anthe blood of these two men, and a body

diers have to stand between them and pulace. If the two murderers ever reaction the Bakersville courthouse it is thought the bayonet will gleam in the temple of justice, and the military will escort the prisopers to and from the jail. The next case of interest is that of Jim Green, a white boy 17 years of age, charged with

W. H. BOBBITT, P. E. WHO IS MRS. WINSLOW !-As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has unti-ringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teeth-ing. It operates like magic-giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Wins-low is becoming world-renowned as a benefactor of her race; children certainly do BISE UP and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DALLY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable arti cle, and we sincerely believe thousands of chil-dren have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No MOTHER has discharged her duty to her suffer-ing little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup Try it, mothers-rar IT NOW.-Ladies' Visitor, New York City. Graham Gleaner The Wilmington STAR has entered upon its 34th semi-annual volume. It is the oldest daily in the State, and one of our ablest and best exchanges.

- Rev. Dr. Abernethy, President of Rutherford College, is favorably named for the Superintendency of Public Instruction

-Bilesville is the name of a vil lage in this State. It is a good name for a growing town or for a laundry establishmont - The oldest practicing lawyer in

the State is Mr. John Norwood, of Hillsboro, son of the late Judge Norwood. He is now S1.

Durham Reporter : Walter Lewellen of this city, was shot through the foot by the accidental discharge of a pistol in the pocket Mr. E. T. Smith, of Raleigh. The wound, though painful, is not considered dangerous.

- Milton Chronicle: We are pained to be called upon to announce the sudden death on last Saturday morning, at his home near Leasburg, this county, of Mr. Charles G. Russell, a well known and

most highly respected gentleman. - Shoe Heel Print: Just before going to press we learn that a difficulty occurred at Lumberton yesterday between

two white parties. Their names are unknown to us, but it resulted in one of the parties cutting the other about the face very severely.

- Yanceyville News: L. D. Morgan was arrested and bound over to the United States Court at Greensboro last Saturday, upon the charge of illicit distilling. The revenue officers found him and Ruffin Springfield, colored, in a still house where the "ardent" was being made.

- Lumberton Robesonian: With deep regret we chronicle the death of Mrs. McNeill, relict of the late Maj. John Mc-Neill, which took place at her residence near Spring Hill, in Richmond county, last Friday night. --- The frosts of last week did great damage to gardens. Fruit was

not hurt much owing to the dry state of the stmosphere.

Waynesville News : We have been informed that Mr. Woodford Zackery near East LaPort, Jackson county, has sold from the work of four hands two weeks. \$400 worth of Mica. Jno. Price and Jerry parker with four hands, three or four weeks, sold over \$500 worth. John Long has sold within two months over \$600 worth; L. J. Smith is working a Mica mine with fair prospects-so is John Potts, our

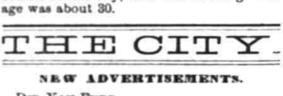

vears old - Raleigh News-Observer : Gen.

Johnstone Jones has been reelected a member of the Executive Committee of the National Guard Association of the United States ---- The Easter offerings at Christ Church were \$488.99, and at the Church of the Good Shepherd \$434. --- The State Board of Agriculture meets Wednesday. Arrangements are to be made to have the State swamp lands surveyed. These are under the charge of the Board of Education, which meets to day. --- The Ra leigh boys were badly worsted by the Durham boys in the match ; ame of base ball at the latter place yesterday, the score being Durham 36, Raleigh 6. - Maj. P. A. Wiley yesterday had on exhibition at the

Citizen's National Bank a specimen of bright tobacco which at a recent sale at Durham brought \$3 a pound. There were forty-two pounds in the lot. The tobacco was grown in Granville county. - Yesterday a large delegation, comprising some of the most prominent busi ness men of the bustling town of Durham, was here on important business. The delegation stated that Durham wanted a competing line of railroad; that it was desirable to make a connection with either the Raleigh & Augusta or Raleigh & Gaston Railroads at Apex, Cary or Franklinton. The conference was a preliminary one, but its whole object was, as stated above, to secure another outlet for Durham's immense freight business. The delegation submitted some statistics of the freight business, etc. hastily complied, which showed clearly how great is Durham's volume of trade with the outside world. The plan, it was stated, was cooperation, Durham proposing to meet Mr. Robinson half way and hearti ly in the work of building the line, etc. Mr. Robicson stated that he had long de-

sired to visit Durham, and would soon do so. - A gentleman who drove ont to Mil burnie yesterday afternoon said there was a terrible fight there between some fifty ne gro men and women. A negro man was knocked in the head with a club and when the gentleman left the scene of the picnic was unconscious. The negro women, armed with clubs, fought worse than the men. It was emphatically a free fight. The negroes were all from the country. The worst injured negro was Walter Perry. ----Gen. W. G. Lewis is here, having been en gaged for some weeks in the collection of phosphates. He will have at the exposition a "nodule" of phosphate weighing over 400 pounds, and a block of "crystal marl" weighing 250 pounds. --- The Commissioner of agriculture of South Carolina says that he knew the phosphate deposits extended in that State to the North Carolina line. Gen. Lewis has traced the phos-

phates from the South Carolina line through Columbus, Bladen, Pender, Sampson, Duplin, Ouslow and Jones to Trent river. In Duplin the deposits are most valuable. At Franck's, near White Oak Swamp, in Onslow county, some phosphate of great value were discovered. The largest nodule thus far sent here weighs a little over 250 pounds; but some were found by General Lewis weighing 350. The crystal marl is a rock with soft marl among it. Its structure is crystalline, and its appearance is beautiful. - ASHEVILLE, N. C., April 14, '84.-Mr. Fred. A.
