"North Carolina has unquestionably a splendid field for the cultivation of oysters. Her waters, owing to their isolated posi-tion, are protected from the raids of the. pirating mauraders who come from Maryland and the Eastern States, to rob the oyster beds of Virginia. North Osrolina could derive an immense revenue from her oyster beds if the system of oyster cultivation as carried on by the States of Rhode Island and Connecticut were adopted. She wants oyster farms."

There comes a report by way of London that King John, of Abyssinia, has agreed to invade the Soudan and to relieve the Egyptians. The British Cabinet has had two recent conferences upon the Egyptian question. Of course the rescue of Gen. Gordon was considered. A dispatch dated

the 26th savs:

"Gen. Lord Wolseley recommends the immediate dispatch of a mixed military ex-pedition composed of British and British Indian troops. He suggests that this force go to Suakin, thence to Berber, and thence to Khartoum, and be large enough to occupy and maintain the entire route. Lieut. Gen. Stephenson, C. B., commander of the British forces in Egypt, entirely con-eurs in Lord Wolseley's plan. But Gen. Sir Evelyn Wood, commander of the Egyptian troops, grumples against the plan, because it leaves out the nativo Egyptian

"Gen. Sir Henry William Gordon, K. C. B., the brother of 'Chinese' Gordon, had an important conference to-day with Lord Granville, Secretary for Foreign Affairs, in reference to the condition of affairs at Khartoum. Sir Henry said that he had exressed to Lord Granville his belief that Gen. Gordon was in no personal danger and advised that the Government should await the arrival of Gen. Sir Gerald Graham, who is a warm personal friend of Gen. Gordon, and who accompanied him up the Nile as far as Dongola on his way

to Khartsum. Gen. Graham is now on his way to England, as well as Sir Evelyn Basing and Mr. Clifford Lloyd, and is exsected to arrive with them on Monday. Sir Henry Gordon also warned Lord Granville that Sir Evelyn Baring was an enemy

One Cook killed a young man named Anderson, by the use of a concealed weapon. - Smithfield Herald: Six months

ago there was not a brick building in mithfield, except the court house and fail; but now we can boast of three large brick stores, two of which are not yet quite completed; others will be built this year. -It has been asserted that Hyde county could supply the whole State with corn. but we do not believe the assertion. Take the census reports, and it will be seen that several counties in the State that are much larger than liitle Hyde, raise a great deal more corn.

- Washington Gazette: On Wednesday of last week the boiler at the works

of the Roanoke Heading Company, of Williamston, burst with terrific force. The scene of destruction wrought in an instant is described as fearful. The debris of wood and brick was scattered and piled up in confusion. From under the ruins the bodies of Spencer Wynn, fireman, and Mr. Cooper, filer, were dug. Wynn was dead, and Cooper was severely injured, but not fatally. Gabe Slade was budly scalded and injured otherwise, so that it became necessary to amputate his hand. Five or six others were slightly hurt.

- Salem Press : There was whistling match at Prestonville recently. The prize was one dollar to be conferred upon the ablest whistler. --- A Primitive Baptist Church is soon to be erected a White Plains, Surry county. ---- We hear of hogs dying of cholers in some parts of the county. One man says he lost seven during one week. Chickens are also dying in some places. --- In Guilford county, in Hugh R. #### Cheat and Fraud.

Julius Johnson, colored, had a hearing before J. C. Hill, J. P., charged with being a cheat and fraud. It seems that he claimed that one Henry Taylor owed him \$5, and on the strength of that he went to a party whom he knew was indebted to Taylor in the sum of \$5 and told him that Taylor sent him to collect it. Suspecting ture. nothing wrong the gentleman paid the amount over to Johnson, and Taylor subsequently had him arrested. Johnson denied that he collected the money, until the gentleman who paid it to him was put upon the stand and testified, when he had no more to say. He was required to give bond in the sum of \$100 for his appearance at the next term of the Criminal Court.

#### The Baby Procession.

The procession of babies took place yesterday afternoon, and it was certainly the most perfect realization of "linked sweetness long drawn out" that we have ever seen. The little cherubs in their gayly

dressed carriages, propelled by nurses habited in neat and becoming apparel, presented a picture worth walking a long distance to see. They attracted much attention all along the line of march, and it was amusing to see old and staid fathers and grandfathers frisking around and inquiring eagerly what direction the procession had taken. It is said that there were about fifty in line.

Republican Delegates to Chicago.

A telegram received at the STAR office yesterday afternoon, announced that the Republican District Convention at Laurinburg had elected Hon. W. P. Bynum, of Charlotte, and Capt. E. J. Pennypacker, of this city, as delegates to the National Convention at Chicago.

The alternates are W. W. Jenkins, of Charlotte, and John W. Spaulding, colored, of Columbus.

Some of G. L. Mabson's friends received a telegram from him to the effect that the delegates to Chicago were Hon. O. H. Dockery and himself.

We learn that there was a "big row" and the customary "bolt."

A Monster Fish.

Messrs. W. E. Davis & Son had on exhibition yesterday, at the fish market, a monster specimen of the finny tribe known as the king of the shad, or "Tarpin." He weighed one hundred and seventy pounds. Several of these fish have been caught in our waters, but this is the largest ever taken. He will be on exhibition for a day or two, and the ladies are requested to call and take a look at him. Taylor, at Town Creek, Brunswick county, about fourteen miles from this city, was destroyed by fire on Monday night, about 10 o'clock.
