> A List of Her Depredations-She is Accused of Stealing Nickels from a Bend Child's Eyes.

A young colored girl, apparently about 12 or 13 years of age, named Rebecca Clariday, was arrested yesterday on the charge of being a regular, systematic pickpocket. The officers say she is known to have picked a number of pockets within the last two weeks. Among the losers from the depre dations of this precoclous young female we may mention Isabella Goelet, who was robbed at St. Stephen's church on the night of Thursday, the 1st of May, of a sum of money amounting to \$18, which was tied up in the corner of a handkerchief, \$15 of which was in gold and the remainder in small silver change. On the night of Sunday, the 4th instant, Lane Isler was robbed at St. Stephen's church of her pocket-book, containing \$10 in \$1 gold pieces; and on the first named evening Mary Outlaw had a brand new pocketbook, containing \$1, stolen from her. All of these robberies, it is alleged, have been traced to Rebecca Clariday, and there is at least one more of which we have not now the particulars, to say nothing of the accusation that she actually stole two five-cent nickles from the eyes of a dead child.

A warrant had been issued for the girl, and yesterday morning, while in pursuit of some other object, Officers Strode and Eagles suddenly discovered the girl on Nutt street, near Walnut, and, after a short chase, succeeded in capturing her, when she was carried before Justice Millis and required to give bond in the sum of \$100 for her appearance before him at some future day, failing in which she was

It will be remembered that some months ago a colored boy, named Jim McNeill, was arrested for stealing a pocket-book from Rebecca Clariday. He was tried at the late term of the Criminal Court, found guity and sentenced to confinement for three years in the County House of Correc He declared at the time of his arrest, and asserted afterwards, that Rebecca Clariday stole the pocket-book from a lady and he was trying to get it away from her. RAILROAD MATTERS.

Meeting of Citizens and Business Men Yesterday. A meeting was held at the Produce Ex-

change yesterday afternoon, to take into consideration matters connected with certain proposed railroad schemes.

Mr. B. G. Worth was called to the chair and Messis. R. W. Hicks and J. C. Stevenson were appointed Secretaries.

By request of the Chairman, Mr. J. H. Currie stated the object of the meeting to be to take seme steps towards inducing the management of the Cape Fear & Yadkin Valley Railroad to bring their road to this city. Also, to take some steps looking to the building of a railroad connecting this city with Onslow county. Major W. A. Hearne, being present, also addressed the meeting, giving a history of the management of the C. F. & Y. V. Railroad and stating that he knew it to be their intention to bring the road here.

Mayor E. D. Hall followed in advocacy of the proposed connection, giving as his opinion that the management desired the road should be brought here, and also touched on its advantages and the possibility of raising funds for a survey.

On motion of Col. W. L. Smith, a committee of three, consisting of Messrs. A. H. VanBokkelen, J. H. Currie and B. F. Hall, was appointed to report at a subsequent meeting, to be called by the Chairman, the cost of a survey of a route from Wilmington to Fayetteville and from Wilmington to Onslow county.

After remarks by A. H. VanBokkelen. Eeq., the meeting adjourned, subject to the call of the Chairman.

At a meeting held Tuesday night, the W. S. F. E. Company decided to go to New Berne on the 17th of June.

The new caps for the company have been received and are very neat. Members can be supplied by calling at the store of Messrs. Harrison & Allen.

At a meeting of the Howard Relief Fire Engine Company, held Tuesday night, it was decided to accept the invitation of the Charlotte firemen and attend the celebration of the Mecklenburg Declaration of Independence on the 20th and 21st. They will take their engine and hose reel with them, and it is hoped that the Cornet Concert Club will also go.

Mayor's Court. David Hawkins and Alex. Bowden, two young colored men, had a hearing before Mayor Hall yesterday morning on the charge of writing obscene language on each other's backs with chalk, and exhibiting themselves to passers by. They were ordered to pay a fine of \$10 each or go below for twenty days.

Discharged. James Brown, the colored man who was arrested several days ago, and who was thought to be partially deranged, was turned over to his relatives yesterday, who signified their ability to look after him.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming con-vinced that Mrs. Winslow's Soothing Syrup was the boy and girl are desperate cases for just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still suffering; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her absence he administered a portion of the Southing sence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the wonderful change, and al-though at first offended at the deception prac-ticed upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and over-come the prejudices of the mother. Sold by all Druggists. 25 cents a bottle.
