The Republican Clans Gathering-Preliminary Skirminhing - Headquarters Opened for Arthur and Hisine Forces-Organization of State Delegations to Begin To-Day-Galusha A. Grow Mentioned for the Chairmanship-Mahone and the Two Belegations from Virginia.

(By Tolograph to the Moraing Star.) CHICAGO, May 30.-The morning trains brought in a portion of the fown delegation, and six Texas delegates. Beyond a few delegates from Ohio and Kentucky and the arrival of a portion of the Illinois delegations, the above constitute the only additions made to the few arrivals of the Pennsylvania and the National Capital, however, come large additions to the advance guard of those interested in the outcome of the National Convention, but who form no part of its working body. Their presence, however, has imparted great life to the preliminary skirminhing, and for the first time the hotels are taking on the air of activity shown by them for weeks previous to the convention of four years ago. Headquarters were opened this morning for the Arthur and Blaine forces; those of Gen. Logan having been in existence for some days. The remainder of the lows delegation will arrive to morrow morning. at which time the California delegation will also put in an appearance. The organiza-tion of State delegations will begin to-mor-row afternoon in the cases of those which have full representation in the city. The weather, which has been cold and raw the past three days, grow warmer to-day, and if the present temperature is maintained it will prove perfect for convention purposes. CHICAGO, May 30. - There were additional arrivals this afternoon, and among the more prominent were Hon. Galusha A. Grow, of Pa., whose name is mentioned for the chairmanship of the Convention, and Congressman Thomas A. Bayne and the other secredited Pennsylvania delegates are also here. How Andrew D. White, of N. Y., arrived in advance of the main body of his delegation. Judge Fursker, C. W. Moulton and Amos Smith, who rep-

gation, arrived this evening. WASHINGTON, May 30.-A Chicago spesome of his delegates are here. A proposition to admit both the Virginia delegagations to the Convention is rejected by Mahone, and the National committee are puzzied as to who shall have tickets of admission, primarily to the reference of the question to the committee on Credentials. If the Desendorf delegation is admitted in whole or in part, Mahone says his delegation will leave the Convention. He says Dezendorf has been outvoted as a Republican and that his conditator, Gen. Wickham, is a Democrat.

Miss Belva A. Lockwood, who is a delegate to the Convention, with Rev. Dr. Mc-Murdy and Dr. Bland, from the National Arbitration League and Universal Peace Union, are here. Her object in attending the Convention is to urge the insertion of a plank in the platform favoring arbitration. She will go before the committee appointed to draw resolutions and will make an appeal for the adoption of one providing that as the women of this country are citizens, producers and taxpayers, and amenable to all laws of the land, civil and criminal, which thus far they have had no part in making, they should be given the right to vute on equal terms with the men. Tonight she will lecture on "The American Statesman and his short comings; or, who shall be President."

More About the Penn Bank Robbery-Stining Accidents in the Coal District A Cave in on the Reading Road-Coroner's Verdict at the Eruppe Tunnel Accident-Conference of Iron Workers. By Tolograph to the Morning Star. !

Pryramumo, Pa., May 30.-An intimate friend of Geo. W. Bowley, individual book keeper of the Penn Bank, made a statement for him to-day that checks of D. Wilson & Co., Hill & Co., Watson & Co mythical firms, were drawn and signed by President Biddle, and that the latter represented all these firms. The hisn's pool lost over \$4,000,000 in oil and overdrafts on the bank aggregated \$1,300, 000. Riddle who at one time possessed \$4,000,000, lost it in oil. The Pennsylvania Protestive Association had \$40,000 deposited in the bank when the doors were closed, but no claims have been rejected, and the Association will continue business. Notices have been served on the directors for a meeting Saturday morning to prepare a statement for members, which will be published on June 3th.

Assiland, May 30, -The gangway of Tunnel colliery caved this morning and buried Geo. Story, a miner. Fifty other miners escaped instant death by a miracle. Story's body has not been recovered.

Pursauma, May 30. - The coroner's investigation into the Krupps tunnel acci-dent on the South Pennsylvania Railroad Wednesday, was concluded last night and a rerdict was rendered exonerating the contractors from all blame, every precaution having been taken. The accident was found to have been caused by quick-and. The seven men killed outright were Span-iards and Hungarians. Two others have since died, but their names have not been learned, as they were known to the "boss" DIF GILLLED DRESS. The others injured will probably recover.

Pyrranuma, May 30 .- A conference of the Iron Massifucturers and the Amalga-mated Association has been called for tomorrow, when it is expected that last year's scale will be signed, without amendments and work continued. The mill of Kirkpatrick & Co., at Leechburg, Pa., signed the scale to-day.

Burnside, the Government Embezzier, Unable to Give Ball.

(By Telegraph to the Morning Star.) Wasternovon, May 30.-Col. Burnside was not kept at his house in charge of a toputy marshal all night, as was at first in-tended. He was removed to the jail about 11 o'clock hat night. His efforts to secure tail have so far been fruitless, and his prospects for doing so are less favorable than yesterday. Two responsible men, who yesterday agreed to sign his ball bond, have withdrawn their agreement, and no others. have been found.

Terrible Accident at Baltimore-Col-lapse of a Building on Gay Street-A Number of Persons Buried in the

(By Telegraph to the Morning Star.) Baltrican, May 30.—A terrible accident occurred at Hooper's building. No. 87 South Gay street, at 3 o'clock this evening. Several persons are known to have been crushed to death. The weight of cotton stored in the building caused its collapse. When the front of the building fell in, three or four persons were in the counting room and four in the shipping office. There were at least fifteen or twenty in front of the structure. Firemen and police are busily engaged in removing the debris in order to get the people out. The body of Mortimer H. Linthicum, cashier of the house, was found packed in between several barrels. A man named Kelly and a colored boy also, have been found among the ruins. Eight bodies so far have been discovered.

Up to 7 o'clock this evening only the

Up to 7 o'clock this evening only the bodies of Linthieum and the colored boy J. E. Bowen, had been recovered from Hooper's warehouse. In addition to those already named, Edward Bowen, the colored porter of Mess. Hooper, is in the wreck. Wm. H. Cocheran, clerk, was caught under timbers, but was little injured. Dugdale & Long. dealers in fertilizers, occupied the front office in the second floor of the building, and Benj. Greenward. Gilden, Hook ing, and Benj. Greenward, Gilden, Hook and Kenneth McLea, employes, are known to have been there when the orash came. Greenwood reached the window and was rescued without serious injury. Hook and McLes are still under the debris, the whole of which is filled with gas from broken pipes. The building was supposed to be one of the most substantial in the city. with heavy side walls and blue-stone front It has been occupied for several years by Wm. E. Hooper & Sons, cotton goods manufacturers, and an immense stock was stored on the five floors On which floor the break occurred is not known, and all are down from the front to within about forty feet of the rear, which opens on Frederick street. The counting room is located in the rear of the first floor, and most of the persons were there when the break occurred. Que-balf of the upper front was thrown down and the remainder so broken and pushed outward, that it is liable to fall at any moment. The warehouse was built about twenty five years ago, and was long used as a tobacco house. The ground was filled in, having once been the river shore. The foundation is said to have settled down, and the immease weight of goods was the cause of the

NEW YORK.

Ferdinand Ward and Partners Resignation of City Chamberlain Tappan-The Courtney-Hoss Race. (By Telegraph to the Morning Star.)

NEW YORK, May 30.-Ferdinand Ward said to his counsel, by whom he was vistted to-day, in Ludlow street jail, that "the responsibility of Gen. Grant and Jno. D. Fish in the firm of Grant & Ward, was the same as my own."

The resignation of Nelson Tappan, city chamberlain, was accepted yesterday. It bears date May 23d, but its acceptance or even the fact of its having been made, was not given publicity until after the report of the grand fury was published. Henry B. Ludlow, banker and agent of the bank of California, has been appointed as successor to Tappan, but has not yet given bonds. Tappan's letter assigns poor health, his physician's prescription of quiet and rest, as his reasons for tendering his resignation. Legal opinions obtained by newspaper reporters hold that Tappan's resignation will not protect him if the Courts should decide he was culpable in the matter of the city deposits in the Marine Bank. Tappan was appointed by Mayor Wyckham, in 1875, and reappointed by

Mayors Efy and Cooper. The Courtney Ross race has been postponed until to-morrow evening, on account of rough water.
