POISON

In the blood is apt to show itself in the Spring. and nature should by all means be assisted in throwing it off. Swift's Specific does this effectively. It is a purely vegetable, non-poisonous remedy, which helps nature to force all the polson or taint out through the pores of the skin.

Mr. Robert A. Easley, of Dickson, Tenn., writes under date March 10, 1884: "I had chills and fever. followed by rheumatism, for three years, so that I was not able to attend to my business; had tried almost every kind of medicine, and found no relief. A friend recommended Swift's Specific. I tried one bottle and my health began to im-prove. I continued until I had taken six bottles, well as ever. I recommend it to all similarly afflicted."

Letters from twenty-three (23) of the leading retail druggists of Atlanta say, under date of March 24, 1884: "We sell more of Swift's Specific than any other one remedy, and three to ten times as much as any other blood medicine. We sell it to all classes, and many of the best families use it as a general health tonic."

I am sure that Swift's Specific saved my life. I was terribly poisoned with malaria and was given up to die. Swift's Specific relieved me promptly and entirely. I think it is the greatest remedy of the age. C. G. SPENCER, Sup't Gas Works, Rome, Ga.

I have known and used Swift's Specific for more than twenty years, and have seen more wonderful results from its use than from any remedy in or out of the Pharmacopœia. It is a certain and safe antidote to all sorts of Blood Poison. J. DICKSON SMITH, M. D. Atlanta. Ga Atlanta, Ga.

advised to use S. S. S., which had given permanent relief to others suffering from rheumatism. After taking half a dozen bottles I found that the disease was entirely driven out of my system, and a permanent cure secured. This was over a year ago, and since then, even during our most severe weather, with sudden changes, I have
