Carolina Yacht Club. The Carolina Yacht Club has exhibited very commendable zeal in the preparations it has made for the annual regatta, to be held on the 4th of July. The comfortable, roomy and substantial club house has been put in thorough order. Fresh water is now supplied in abundance, and the bathing arrangements are complete and perfect, affording for the first time really good facilities for that most delightful of all bathing-the surf. A commodious and very creditable wharf, with a gangway to the club house, has been added this season; and with the club flag flying from the flag-staff

Monday's N. Y. Herald says that Bayard is unquestionably the favorite among Democratic Congressmen. It says there is no talk or dread of Tilden among them.

The massacre reported some days ago at Berber turns out to have been very destructive. The women and children were spared but nearly all of the men were killed.

Randall's Philadelphia friends profess to be confident that, he will be nominated for President at Chicago. They were equally confident that he would defeat Carlisle, but he didn't.

Roscoe Conkling says he is out of politics for ever. At any rate he will take no part in the campaign and expects to go to Europe. He thinks the Democrats will defeat themselves by some fatal blunder.

Any one well up in the newspaper business can buy a half interest in the Wilson Mirror, a well known paper. We hope the present editor will be retained if any changes are made in the ownership.

The Republicans of Cambridge, Mass., have met in large numbers and have repudiated Blaine and Logan. There were many prominent men present among them some Harvard Professors, President Eliot at the head.

Blaine's son is in Washington City making out a "black list" among the clerks in the Departments. All who are not whooping for Blaine are spotted and when "father" gets to be President they will be remembered in vengeance.

A most villainous report comes from Madison, Wis., of a scoundrel named Worth who married a very respectable demented girl and then forced her to open prostitution for money. He was tarred and feathered. He made a tout resistance.

At this time there are 25 of the 38 States with Democratic Governors. There are 23 Democratic Legisla-

"These two Republican candidates, Blaine and Logan, are the worst men that could possibly have been nominated. The one is a tool of the railroad ring, the other is a ferocious demagogue, recommended to the convention only by his burning hatred of England and all things English. The ticket is mainly a bid for the Irish vote, to set against the Southern yote, conceded to the Democrats."

Gov. Seymour has spoken; and he is for Cleveland. The New York Times's reporter visited him. He said:

"I regard him as a man of great strength in this State. The elements of opposition to him in the State are not such, in my judgment, as would fail to support him after his nomination. It will be remem ered that Gov. Tilden carried the State i 1376. although a much more formidable combination from this State opposed his nomination at St. Louis than will oppose Gov. Cleveland at Chicago. Gov. Cleveland's course has been an admirable one, for the best interests of our State, and commands the approval of all fair-minded men, without regard to party. The mission were then protected by Federal soldiers. The Rev. Mr. Greenman is now at the American Legation here. The Mayor of Celaya, having encouraged the stack and refused protection, is responsible for the disturbance.'

- Warrenton Gazette: Corn is selling in this county at \$7 50 on time. This simply means ruin. — The crops in Wake and Franklin counties along the railroad are splendid, and land, after you leave Warren, sells at \$10 to \$50 an acre, — Capt. Coleman tells us that the people of his section are working better and doing better than for a long time past, and that crops of all kinds are looking well. The Carolina & Virginia Railroad will be completed from the Roanoke to the Raleigh & Gaston Road in about six weeks. The masonry work for the bridge is also about completed. Most of the hands will in a few days cross the Virginia line.

- Mt. Airy News: On Thursday 26th, during a thun ler storm the Presbyterian Church in this place was struck by lightning and the beautiful belfry wrecked. The building is badly damaged and the extent or amount is as yet unknown. The shattered boards are scattered all around. The residence of Wm. H. Belton, near our own private home, was struck on the roof knocking off quite a lot of shingles and tearing out some brick from one of the chimneys. A large oak tree, standing within 10 or 15 steps of Mrs. Mary Lowry's residence, was struck and a sign board of S. D. Idol knocked into splinters. A cow belonging to J. M. Fulon was killed. - Lincoln Press: Mrs. E. C Phifer, the beloved wife of John F. Phifer.

He was living with his son in law, David Lackey. The family went to the harvest field leaving him in the house alone. In bout an hour his daughter returned and not finding him in the sitting room institu ted search and soon discovered him in an outhouse lying on a box weltering in his blood, his throat cut from ear to ear. The instrument used was an ordinary pocket

Milburn, in the Methodist Church in this city, yesterday morning and evening. The sermons were a masterly display of convincing, clinching argument, but to attempt to describe them here would be vain, because of the unexampled originality. — Master Johnny Miller, son of Dr. John F. Miller, of this city, a pupil at the New York Institute for the Deaf and Dumb. took the next highest honors in the junior class at the recent closing of the session. Master Walter Bingham, son of the late Wm. the Franco-Prussian War-A Coinci-

dence. We heard yesterday of a somewhat singular coincidence, in which one of our German citizens is connected, which may be of interest. There has been in this city for a week or two past a certain Frenchman. by the name of Lebzelton, who is agent for a book devoted to art literature. During his peregrinations he met up with Mr. Wm. Genaust, who has been a resident of this city for a number of years, and upon comparing notes it was found that they were engaged on opposite sides in the brief but sanguinary struggle known as the Franco Prussian war: and not only that, but they were both in the same branch of the service, belonging to what is known in French as cirassuers, or heavy cavalry; while Mr. Genaust was on the winning side which sustained that celebrated charge of Gravelotte, which occurred August 18th, 1870, from which the Prussians under Gen. Steinmetz came forth victorious and in which the French suffered one of the greatest defeats of the war. In this charge our French friend had two horses shot under him and was finally himself shot in the foot, which disabled him. Mr. Genaust and Mons. Lebzelton fought their battles over again and many interesting reminiscenses of the war between the two great powers were recalled. and discussed.
