FORTY-EIGHTH CONGRESS. FIRST SESSION.

The Senate Sustains the Veto of the Porter Relief Bill-The Anti-Chinese Bill and the Fortifications Bill Passed - Disagreement of the two Houses on Appropriation Bills-The Mexican Veteran's Pension Bill Taken up in the House.

[By Telegraph to the Morning Star.] SENATE.

WASHINGTON, July 3.—After the reading of the journal the Chair laid before the Senate the Fitz John Porter veto message, which was read. The question being "Shall the bill pass notwithstanding the objections of the President?" the year and nays were taken without debate and resulted in a tie vote—yeas 27, nays 27. Two-thirds not voting in the affirmative the bill failed to pass. The vote in detail

Yeas—Messrs: Bayard, Beck, Brown, Butler, Call, Cameron of Pa., Cockrell, Coke, Fair, Farley, Garland, George, Groome, Hampton, Harris, Hoar, Jonas, Jones of Fla., Maxey, Morgan, Pike, Pugh, Ransom, Sewell, Vance, Vest and Voorhees

Nays-Messrs. Aldrich, Allison, Rlair, Bowen, Cameron of Wis., Conger, Dawes, Dolph, Edmunds, Hale, Harrison, Hawley, Dolph, Edmunds, Hale, Harrison, Hawley, Hill, Ingalls, Lapham, Logan, McMillan, Miller of N. Y., Mitchell, Morrill, Palmer, Platt, Plumb, Sawyer, Sherman, Van Wyck and Wilson—27.

Mr. Dawes, from the committee on Appropriations

propriations, reported the Fortification bill with amendments. Ordered to be printed. Mr. Jones, of Nev., explained that he had been necessarily absent during the vote on the Fitz John Porter bill, and that if he had been in the chamber he would have voted in favor of the bill becoming a law netwithstanding the President's objec-

Mr. Blair, from the committee on Education and Labor, reported favorably a bill to legalize the incorporation of the National Trades Union. Placed on the calendar.

The anti-Chinese bill was called up by Mr. Miller of Cala. Mr. Platt moved to strike out the clause

excluding Chinese who are subjects of governments other than that of China. Mr. Hoar reaffirmed his disapprobation of this class of legislation. The bill, he said, was based on sheer barbarism, and the American people would in his opinion some day repent the action of Congress on

this subject. Mr. Miller, of Cala., hoped that Mr. Plat's motion would not be agreed to. Mr. Platt's motion was not agreed to, and the bill, coming at once to a vote, was passed without amendment—yeas 43, nays

12. The vote in detail is as follows:

Yeas-Messrs. Allison, Bayard, Beck, Blair, Butler, Call, Cameron of Pa., Cameron, of Wis., Cockrell, Coke, Conger, Cul lom, Dolph, Fair, Farley, Garland, Groome, Hale, Hampton, Harris, Hill, Ingalls, Jones of Fla., Jones of Nev., Logan, Manderson, Maxey, Miller of Cal., Miller of N. Y., Morgan, Palmer, Pendleton, Pike, Plumb, Pugh, Ransom, Sawyer, Sherman, Slater, Vance, VanWyck, Vest and Voorhees-43. Nays-Messrs. Aldrich, Brown, Dawes,

Edmunds, Hawley, Hoar, Lapham, Mc-Millan, Mitchell, Morrill, Platt and Wil-Non-concurrence of the House in the Senate amendments to the Sundry Civil Service bill was announced and a new con-

ference ordered, the members being Mesars. Allison, Hale and Beck. Consideration of private pension bills was undertaken, but was cut off for the day

by the limitation of time. The Senate then resumed consideration

of the bill to forfeit unearned lands granted to the Atlantic & Pacific Railroad Company. The debate was continued by Messrs. Morgan, Dolph, Blair, Plumb, Harrison and Ingalls. A vote was taken on Mr. Morgan's amendment providing for the reference to the U. S. Circuit Court of the question of title to land after forfeiture, and it was agreed to-yeas 31, nays 11. Mr. Sherman thought this left the bill a

mere naked declaration of forfeiture, leaving possession of the land to the company and everything else open. That would be worth almost nothing. It was quite proper to have the court prepared to protect every body's rights, but actual possession of the land by the government should follow the declaration of forfeiture. He, therefore, moved an amendment, which was agreed to, providing for the resumption of title by the United States, and declaring the lands part of the public domain, but not subject to disposal under the general laws until after the termination of the legal proccedings prescribed by this act.

The bill was then passed. The Fortification bill was passed without debate, precisely as it came up from the Senate Appropriations committee. The Senate committee increased by \$200,000 the amount for the armament of sea-coast forti-fications and added an appropriation of \$5,000 for the preservation of Fort Marion, at St. Augustine.

A message being received from the House Representatives announcing the nonconcurrence in the Senate amendments to the Fortifications bill, the Senate insisted on its amendments and ordered a committee of conference. The Chair appointed as such committee Messrs. Dawes, Logan and

On motion of Mr. Hill the Postal Telegraph bill was then laid before the Senate in order that it may stand as unfinished business for to-morrow, and on motion of Mr. Hawley, at 6.15 p. m., the Senate went into executive session, and when the doors were reopened adjourned.

HOUSE OF REPRESENTATIVES. Mr. Finerty, of Ills., said he was absent yesterday when the vote was taken on the passage of the Fitz John Porter bill, in the belief that he was paired. Had he been present he would have voted for the bill. Mr. Robinson, of N. Y., made a similar

The Speaker appointed Messrs. Oates, McMillan and Payne as conferees on the bill limiting the time within which prose-cutions may be instituted against persons charged with violating internal revenue

Mr. Hammond, of Ga., submitted the report of the select committee apppointed to inquire whether any ex-members have violated the privileges of the House. The committee find no custom or usage which would justify them in the conclusion that the conduct of W. H. English, in the contested case of English vs. Peelle, was a breach of privilege in the House, and reduced the conders to retain possession of Mr. Hammond, of Ga., submitted the re-

commend that the whole matter be laid on the table.

Mr. Miller, of N. Y., presented the minority report, declaring that the charge hat W. H. English lobbied on the floor in the table.

Mr. Miller, of N. Y., presented the minority report, declaring that the charge that W. H. English lobbied on the floor in the interest of his son was fully sustained by the testimony, and that his conduct was improper and a flagrant violation of the House. The report is accompanied by a resolution excluding W. H. English from the floor during the present Congress.

After a short debate Mr. Hammond moved to lay the whole matter on the table. Agreed to—yeas 137, nays 72.

Mr. Holman moved that when the House adjourn to-day it be to meet on Saturday next. He thought this action would give

next. He thought this action would givemore time for the conference committees to meet, and would therefore facilitate a final adjournment. Agreed to. On motion of Mr. Randall, it was or-

dered that the hour of meeting of the House on Saturday be 9 a. m. The conference report on the 4th of July claims bill was presented by Mr. Rowell,

of Ills., and agreed to. The Mexican veterans' pension bill was then taken up, and after considerable objection a verbal amendment of the Senate was agreed to. There was much opposition to the bill manifested, and Mr. Hewitt, of Ala., and Mr. Hardeman, of Ga., interjected several motions to adjourn, which were severally voted down, but which rendered progress with the bill very slow.

Mr. Townsend, of Ill., said in response to an inquiry that the House would not adjourn until the bill was passed.

Pending debate several conference reports on bills of minor importance were The Senate amendments to the Fortification appropriation bill were non-concurred in, and Mesers. Randall, Forney and Keifer

were appointed conferees.

The House then resumed consideration of the Mexican Pension bill, Mr. Hewitt, of Ala., raised the point of order that the House must consider in committee of the Whole the Senate amendments granting pensions to widows of soldiers of the Mexican war who were married after their dis

The Speaker sustained the point of order. The House proceeded to consideration of the amendments but the opponents of the resorted to filibustering tactics, and left the House without a quorum. After a call of the House a recess was taken until to morrow at 10 o'clock.

Cholera Reports from the U.S. Consul at Marseilles-French Mails to be Disinfected-House Contested Election Cases-A Proclamation against Settlers on Oklahoma Lands-Report of the Marine National Bank.

[By Telegraph to the Morning Star.] WASHINGTON, July 3.- The Secretary of State to-day received a cable message from Consul Mason, at Marseilles, as follows: The situation is worse at Toulon. The deaths average 10—13 yesterday. The disease is conceded to be Asiatic cholera. The epidemic is stationary at Marseilles; 6 deaths Friday, 8 Saturday, 4 Sunday, 5 Monday, Tuesday and Wednesday. Some cases are apparently Asiatic, the remainder incantum or sporadic. Twelve cases at the special hospital. Many thousands left for the interior. The steamer Burgundo sailed for New York Sunday, without passengers. No emigrants to the States reported.

To avoid the possibility of importing cholera from France into this country through the mails, the British Government will be requested to thoroughly disinfect all French mails passing through England to this country. The adoption of this pre-caution by English postal officials will re-lieve the postoffices of the principal American ports from the necessity of establishing quarantine against all British mail

In the contested election case of Craig vs. Shelly, of Alabama, the House committee on Elections to-day decided to report in favor of Craig. It was also agreed to report in favor of McGinnis in the case of Watkins vs. McGinnis, of Montana, Shelly and McGinnis are sitting members.

The President has issued a proclamation warning all settlers and intended settlers off what are known as the Oklahoma Lands, in Indian Territory. The lands are declared to be the property of Indian tribes and all whites who take possession will be removed

by force, if necessary.

The report of the Marine National Bank was received by the Comptroller of the Currency to day. The Comptroller says he has not had time to go through the schedules and examine the report, which is very voluminous in detail, but from the fact that the proved claims amount to \$3,-493,017, and the assets estimated as good amount to only \$3,022,586, he has no doubt but that an assessment will be made against the share holders of the bank. In reply to inquiries regarding the probable dividends, the Comptroller says he hopes to be able to make a dividend to the creditors of the bank within a month or six weeks.

He is not prepared to say whether proceedings will be commenced against the directors or not. In reference to bad and doubtful debts, amounting to \$1,823,188.07, the Comptrol-ler is of opinion that there will not be a total loss, but the condition of the Marine bank is involved in such legal complications that the amounts recovered from these bad and doubtful assets will be collected with great difficulty and their collection will be attended with much delay and considerable expense.

War Threatened Between France and China - The Cholera at Marseilles and Toulon-Strike of English Weavers, &c.

[By Cable to the Morning Star,] Lendon, July 3.—The Shanghai correspondent of the Times telegraphs as follows: War is threatened between France and China. An influential party in China are instigating it. Prominent officials, such as Tso Seung, Tang Ping, Yu Lin and the Marquis Tseng, are resolved to repudiate the recent French-Chinese negotiation. The French will probably claim an indemnity and demand that the island of Formosa be pledged to secure its payment.

Toulon, July 3,-The Italian Consul has been suffering from an attack of cholera MARSEILLES, July 3.—The panic is unquestionably increasing. In the face of this, however, physicians and chemists of the city have held a meeting and declared that the alarm is senseless. The rate of mortality at present, they aver, does not exceed that which is usual at a period of great heat. They express the belief, also, that many deaths have been still that many deaths have been still the second of the s cholera which were really due to other causes. The municipal authorities have

decided to forego the customary celebration on July 14th. Paris, July 3.—The Prefect of police has ordered that all passengers and baggage arriving from places where cholera is prevalent shall be disinfected before entering Paris. Some of the Parisian journals assert that there were three cases of cholera in Paris yesterday. Voltaire denies this, but admits there are isolated cases every support. It says that the senitary condisummer. It says that the sanitary condi-tion of Paris is good. refused to recognize the stipulations agreed
on between Li Hung Chang and Captain

Minister to China, who has been absent

of France. In the event of China refusing
