The Morning Star.

On the upturned face of the quivering sea Shimmered the dawn; White bars of light stole up in the say, And the night was gone.

Was gone-with the fear of a followed fawn,
And with hurrying feet,
To find in the shades of the forest gades A safe retreat.

The legions of stars that had watched wea rily,
Crept out of sight;
Up rose the helm of the advancing Day,
And fast fled the Night. A fresh wind blew from the edge of the

sea,
From the gates of the East,
That plashed the tide on the feet of the And the light increased.

And the glittering tips of a myriad spears Shot up from the sea, With guidons and pennants and lances of light-A splendor to see.

A hundred flags were upheld in the sky, Banners of light that glimmered and gleamed In the morning air.

Then from the glowing east uprose The kingly Sun, And the sea grew gold as a stool for his

CURRENT COMMENT.

- If President Arthur believes that Fitz John Porter deserved to be convicted, he has done right in refusing to approve this bill. His action, however, cannot successfully be defended on any other ground. But if he thinks the finding of the courtmartial was correct, how does it happen that he himself has remitted that portion of the penalty which prohibited Gen. Porter from holding office? If the finding was just, the penalty was not too severe.- New York Sun, Ind. Dem.

tion for employment, and this in turn and—" Then the fur flew.—New York -- Wages are fixed by competiis governed by the rate of population | Sun to the square mile and the extent to which the resources of nature have a financier. What does a financier do for been monopolized by a few, and by a living? He finances. What is it he the intelligence and standard of live finances? Finance. Oh! that is very funthe intelligence and standard of living of the laborers. Egypt and Turkey have very high tariffs, but wages are 5 cents per day and the workers live in mud huts and wear only a breech clout for clothing, costing their employers far less than the same number of mules .- Anti-Monopolist.

- If Fitz John Porter were to stop here in his weary struggle for justice, he could say that he has been vindicated by an impartial Board of officers who investigated his case in the light of better evidence than was attainable when he was dismissed from the army, by the highest military authority in the country, and by votes of both Houses of Congress after full debate. He fails in his formal vindication upon the record, in the face of majorities favorable to him in both Houses, by a veto procured chiefly by the active agency of Secretary Chandler, who, according to the New York Tribune, "supplied the point" on which the President might hang his objection. Porter will lose nothing in history by a failure of this sort .- Boston Advertiser, (Rep.)

OUR STATE CONTEMPORARIES.

But the crowning glory of the Conven-tion's work was in its selection of candidates. Without any platform its nominees would give the people a guarantee of all that the best platform could express. True and tried, known throughout the State for their capacity and integrity they are the best exponents of Democracy that Democrats can give. We believe the good people of the State will indorse the Convention's action with about 25,000 majority .- Pitts.

The sentiment of "rotation of office" is growing in North Carolina. The constitutional barrier that keeps the Governor from serving longer than two terms in succession no doubt does much towards fostering and building up this sentiment. The distribu-tion of the offices over different sections of the State is pretty even. This will insure a greater measure of success, because the people of every section will take a greater interest in the campaign and work harder for the election of the ticket.—Kinston

In the first place and most prominently we were impressed that it takes a large amount of excitement and enthusiasm to run a political convention—at least there was a great deal of it. It may not have been actually necessary, but the politicians seemed to think so. Sometimes for fifteen minutes the applause and vociferous cheering would almost convulse the Convention. Order was an impossibility. The gavel of the chairman could not be heard.—Raleigh Christian Advocate.

Epithelioma or Skin Cancer.

This form of cancer is the most prevalent type, and is in many cases fatal, as it radually eats away until it destroys life. t would seem that Swift's Specific is indeed a specific for this scourge.

Mrs. K. A. Armstrong, Verona, Miss, writes under date of May 16, 1884: "After

taking six bottles of Swift's Specific the cancer is healing; is greatly reduced in size. It now gives me no pain, and my general health has so much improved that am able to be up and attend to my household duties—something I had not been able to do in several years. I feel that it will

Mr. M. N. Clayton, of Red Clay, Ga writes under recent date: "All painful sensations in my cancer are decreasing. I feel decidedly better, and the cancer has commenced to heal."

Dr. M. F. Crumley, Oglethorpe, Ga., writes under date of May 10th: "Mr. Naves, who had such a terrible cancer on his face, is about well. New skin has grown all over his face, and looks almost as well as it ever did, and I would like some

of your company to see him."

Mr. W. H. Gilbert, Albany, Ga., writes under date May 8th: "Mr. Brooks, of Barconton, is improving fast. He is now able to be up. When he commenced Swift's Specific he was not expecting to live. He has cancer on his face.

Messrs. J. & J. B. Harter, of North Manchester, Ind., writes under date of May 1st: "The lady with cancer is improving right along. The Specific increased the discharge for the first few days, but the soreness is gone and she is much better."

Mrs. W. H. Route, of Gordonsville, Va.,
writes under date of May 11, 1884: "I am

much improved. The cancer is better; does not pain me at all. It is a wonder to all my friends." Mr. James E. Ligon, of Michaux Ferry, Va., writes under date of May 19, 1884; 'My condition is greatly improved; my general health is good; my appetite good; cancer decidedly better, and has begun to How can I ever repay you ?" Mr. J. S. Rhodes, of Mill River, N. C., writes under date of May 19, 1884: "My mother has been using Swift's Specific about two weeks, and is improving. The cancer is not now painful and is healing."

Mr. T. J. Teate, of Wacissa, Fla., writes under date of May 2, 1884: "Swift's Specific has cured a cancer on my face, and has almost made a young man out of me."

Mr. E. Tinsley, of Burr Mills, Va., writes May 1, 1884: "My wife has taken four bottles of Swift's Specific for a cancer, and has improved wonderfully. I shall keep it up; have no doubt it will cure her." It may not be out of place to state that Swift's Specific (S. S. S.) is entirely a vegetable preparation, and seems to cure cancers by forcing out the poison through the cancer. The public should be cautioned about imitations of our remedy, and beabout imitations of our remedy, and be-ware of all potash and mercury mixtures gotten up to imitate us and sell their poi-sonous stuff on the reputation of our Spe-cific. These potash mixtures not only do no good in cancer treatment, but are abso-lutely dangerous. Send for full history of Blood and Skin Diseases and Cancer Treat-

FOR MALARIAL POISONING.

USE OF IT IN A CASE OF YELLOW FEVER

DR. WM. T. HOWARD, OF BALTIMORE, Professor of Diseases of Women and Children i the University of Maryland.

Dr. Howard attests the common adaptation of this water in "a wide range of cases" with that of the far-famed White Sulphur Springs, in Green-brier county, West Virginia, and adds the follow-"Indeed, in a certain class of cases it is much superior to the latter. I allude to the abiding debility attendant upon the tardy convalescence from grave acute diseases; and more especially to the Cachexia and Sequels incident to Malarious Fevers, in all their grades and varieties, to certain forms of Atonic Dyspepsia, and all the Affections Peculiar to Women that are remediable at all by mineral waters. In short, were I called upon to state from what mineral waters I have seen the greatest and mostunmistakable amount of good accrue in the largest number of cases in a general way I would unhesitatingly say the Buffalo Springs, in Mecklenburg county, Va."

DR. O. F. MANSON, OF RICHMOND, VA., Late Professor of General Pathology and Physio-logy in the Medical College of Virginia :

"I have observed marked sanative effects from the Buffalo Water in Malarial Cachezia, Antonic Dyspensia, some of the Peculiar Affections of Women, Anamia, Hypochondrians, Cardiac Palpitations, &c. It has been especially efficacious in Chronic Intermittent Fever, numerous cases of this character, which had obstinately withstood the usual remedies, having been restored to perfect health in a brief space of time by a sojourn at the Springs."

DR. JOHN W. WILLIAMSON, JACKSON, TENN. Extracts from Communication on the Therapeutic Action of the Buffalo Lithia Water in the "Virginia Medical Monthly" for February, 1877.

"Their great value in Malarial Diseases and Sequelae has been most abundantly and satisfactorily tested; and I have no question that it would torily tested; and I have no question that it would have been a valuable auxiliary in the treatment of the epidemic of Yellow Fever which so terribly afflicted the Mississippi Valley during the past summer. I prescribed it myself, and it gave prompt relief in a case of Suppression of Urine, in Yellow Fever, and decidedly mitigated other distressing and dangerous symptoms. The patient recovered, but how far the water may have contributed to that result (having prescribed it in but a single case) I, of course, cannot undertake to say. There is no doubt, however, about the fact that its administration was attended by the most beneficial results."

The females who have used it are now in perfect health and able to attend to their household duties.

REV. H. B. JOHNSON. STATE OF GEORGIA, Troup County. I have examined the recipe of Dr. Josiah Bradfield, and pronounce it to be a combination of medicines of great merit in the treatment of all diseases of females for which he recommends it.

SPRINGFIELD, TENN. DR. J. BRADFIELD: Dear Sir-My daughter has been suffering for many years with that dreadful affliction known as Female Disease, which has cost me many dollars, and nothwithstanding I had the best medical attendance, could not finrelief. I have used many other kinds of medicines without any effect. I had just about given her up, was out of heart, but happened in the store of W. W. Eckler several weeks since, and he, knowing of my daughter's affliction, persuaded me to buy a bottle of your Female Regulator. She began to improve at once. I was so delighted with its effects that I bought several more bottles of it; and, knowing what I do about it, if to-day one of my family was suffering with that awful disease, I would have it if it cost \$50 a bottle, for I can truthfully say it has cured my daughter sound and well, and myself and wife do most heartly recommend your Female Regulator

NOT SPECULATIONS-NOT HEARSAY STATEMENTS, BUT FACTS VOLUNTARILY SENT TO THE S. S. S. CO.

THE reports from the use of Swift's Specific (S. S. S.) in the treatment of Cancer continue to be wonderful. There seems to be no doubt that it is a positive specific for Skin Cancer or Epithelioma.

"For twenty years I suffered from a Cancer on my neck. 'Patent Fotash and Mercury Mixtures' fed instead of curing the Cancer. I lost the use of my arms and the upper part of my body. My general health was broken down and my life was despaired of. S. S. S. cured me sound and well. This new lease of life it gave to me cannot be measured by any monetary value. I owe my life and the support of my family to Swift's Specific."

W. R. ROBISON, Davisboro, Ga.

"Mr. Brooks, near Albany, was hopelessly af-flicted with Cancer. It had eaten through his nose into his mouth and throat. The time of his death was only a question of a very short time. He prayed for death, his sufferings were so great. S. S. S has had a wonderful effect on him. His improvement is so great that we all feel sure of his being perfectly cured in time."

Hopes to be Cured.

SPARTANBURG, March 14, 1884. I have for 14 years been a sufferer from a running sere on my face that everybody called a Cancer. I have used over \$300 worth of medicine and found no relief. About 4 months ago I bought one bottle of SWIFT'S SPECIFIC from Dr. H. E. Heinitsh, and since have bought five others, have taken it, and it has cured me sound and well! My face is as free from a sore as anybody's, and my health is perfectly restored. I feel like forty years had been lifted off my head. I believe it is a cure for every blood disease.
