OUTLINES.

J D. Rivia & Co., commission me chants, New York city, have suspended. - A match game of billiards, played at Mobile, for \$1,000 a side, was won by Frank Maggioli, of New Orleans -The National Democratic Convention as sembled at 11.15 yesterday morning: the committee on Resolutions reported that their work would not be completed until to day; the report of the committee on Permanent Organization, presenting the name of W. H. Villas, of Wisconsin, for Presi dent of the Convention, was unanimously adopted; a call of the roll of States for nominations then began, and Bayard, Mc Denald, Thurman, Carlisle and Cleveland were severally put in nomination for the Presidency; Grady, of the New York delegalion, spoke strongly against the nomination of Cleveland; the Convention adjourned at 6.20 p. m. until 10.30 a. m. to day. - New York markets: Money 14@1 per cent ; cotton steady at 11@111c; southern flour steady at \$3 50@6 25; wheat, ungraded red 71@924c; corn, ungraded 45@ 57e; rosin steady at \$1 221@1 271; spirits turnentine dull at 31c.

Gen. Slocum received 15 votes in the caucus of the New York delegation for President.

The New York World is conspicuons for its opposition to Bayard, and the Day says it does not tell the truth in its opposition.

The Washington Hatchet supports Blaine. Do not confound this organ with G. Washington's hatchet. They are not remotely related.

The assessed valuation of the real and personal property of New York City is \$61,000,000 greater than in 1883. The total is \$1,119,761,597.

There are too many counties. North Carolina has 96 counties, Georgia 137, Texas 151. Texas is large enough to have 300. There are 2,299 in the 38 States.

The Academic Departments as well as the professional schools of gandering of Washingbull the . . . Lexington Va., op a Sept. 18th, 1884.

Howard C. Walker, an American citizen, is dying in a Mexican jail and trial is refused him. He is charged with taking mahogany belonging to Mexicans with an intention to steal. There was no evidence to sustain the charge but he was thrown into prison where he has remained for four months.

Randall's story about Vance is not true to life. Vance was born and reared in the mountains-in the famous Buncombe. And yet the unskilled artist reports him as longing "to see and smell the pines and make him dream that he was a child again." The probability is he never saw a forest of pines until he canvassed North Carolina for Governor.

Bedford Karl, a German, shot himself in the head with a very large ball. He was taken to Bellevue Hospital. His skull was badly shattered over the temple, and pieces of the skull had been carried in. Here is what followed: _____ for the first first

These were all removed after considerable difficulty. A probe was then inserthrough the brain, was found lodged in the light side of the skull. This was next rethoved, and the blood and matter, skilfully drawn off by a tube, after which the wound was carefully bandaged, and it is believed now that the patient will recover."

The old man stands by his letter. This is creditable to him. He thinks better of himself than some of his professed admirers thought when they talked about a loop-hole in his letter and that the old man was not sincere in his declinature. Here is the last: Wm. H. Barnum, Chicago, Ill.: I have received your telegram informing me of the disposition to nominate me for the Presi-

"Your inquiry was explicitly answered in the negative by my letter of June 10th, to Mr. Manning.

The death of General Franz Todleben, the great Russian Engineer was announced by cable some days since. He was a really great man in his department and since the death of Skobeleff was the most eminent soldier of his country. He greatly distinguished himself by his defence of Sebastopel in the Crimean war in 1852-5, and his investment of Plevna in 1877. General Todleben was born on the 20th of May, 1818. His student life was spent in the school for engineers at St. Petersburg, and from 1848 to 1851 he saw service in the Caucasus. The Crimean war found him a colonel and gave him the grand opportunity which he sowell improved. To his skill as an engineer and pluck as a soldier was due the protraction of the siege of Sebastopol for eleven months, when, according to the general expectation, its fall was to be secured in as many weeks. Similarly, at Plevna, it was he who rescued the

of one of its most serious blunders.

Christian Association. Front Street Methodist Church has Christian Association that was organized during Dr. Yates's first four years' term It is the machinery for giving practica effect to benevolence, and its chief end is to raise funds for the relief of the poor. It is doing a noble work. It has a committee of ladies who visit the poor regularly and distribute the funds. It also sends out members to visit the sick, and to hold prayer meetings for the old and infirm. Recently a movement was set on foot to raise a library for the Association and it promises to be a success. Already an excellent aucleus has been formed, one lady having generously contributed forty volumes, and others five, four, three, two or one volume each. Donations of suitable works will be gratefully received or contributions in money for the purchase of books through the Committee on Library. The Association is steadily growing and it is hoped that its membership and influence will be much more widely extended. It is doing a gracious and timely work and de-

Proved Serious. The little child of Mr. Norwood Giles, at the summer residence of that gentleman on Wrightsville Sound, accidentally feil from the second story window Tuesday afternoon, but fortunately sustained but very little injury. It seems that the window was raised and the blinds closed, and that the little fellow pushed against the closed blinds, they yielded quickly to his touch and he was precipitated out of the window Dr. Bunn, who was called in supposes that he must have fallen upon his "all fours." In descending he narrowly es caped the projection of a tin roof. His forehead was a little bruised, which was about the extent of the damage.

Crops in Brunswick. A correspondent at Shallotte, under date of the 7th, says: "The crops in our section are fine. Two farmers were overheard speaking of crops by a by-stander, when one exclaimed: 'I fear corn in this county won't be worth ten cents per bushel. There is no doubt that the storm on the 11th of September last is now bringing forth good fruit in the way of large crops. It has blown the poor man out of the woods, from under falling pine trees, and landed him safe over in the farm fields, where he may be able to reap plentcously.""

Confederate Home in North Carolina. Col. W. F. Beasley, who has lately been devoting his time and energies to the matter of organizing a Confederate Home for North Carolina, was expected to arrive here last night. A meeting of the Ladies' Memorial Association will be held this afternoon, at 5 o'clock, when Col. Beasley will be present and explain the plan of organization of the home, and at which-all ladies and gentlemen interested in the cause are requested to be present.

Rev. W. H. Bobbitt, D. D., who is to remain here until after the quarterly conference at the Fifth Street Church, is stopping in the meantime with Rev. James W.

Mr. R. K. Bryan, Sr., of the Hickory Press, passed through the city yesterday on his way to his old home at Scott's Hill,

Eggs continue to retail at 1 cents per dozen.

- The dog carts are scraping up the badgeless canines.

- Only one trifling case disposed of by the Mayor's court yesterday morning. - Mr. Harry Webb has taken the osition of caterer at the Sesside Park

- Peaches continue very scarce. There were a few fine ones in market yesterday, and they sold very high.

- Watermelons seem to be coming in slowly. The cantaloupe crop is said to have been cut short by the wet weather

- Our friends of the Front Street Methodist Church propose to give another excussion down the river next Wednesday. - The third quarterly meeting of

Street Methodist Church, will be held on Saturday and Sunday next. - A grocery keeper told us yes terday that the most of the vegetables were cheaper now than they had been at this

the present Conference year, for the Fift

particular season for five years. - At the regular monthly meeting of the Wilmington Bicycle Club, on the 7th inst., Mr. Henry Burkhimer was chosen Captain, in place of Mr. J. R. Wilson, Jr.,

who resigned. -- Mr. C. M. Harris is removing his news and cigar establishment to the store on the east side of Front street, formerly occupied by Mr. W. T. Johnson, who takes the store Mr. Harris vacates, and

will be featly for his friends by Friday. - The copy of "The Gardner's Dictionary" presented to the Historical and Scientific Society by Mr. J. W. Conoley, at its last meeting, was published in London in 1770, instead of 1790, as it appeared in the proceedings as published in the STAR.

- We heard very little complaint about the heat last Sunday—the thermom eter indicated not more than 82 or 83 degrees-while at Charleston the people were sweltering under a cloudless sky, with the thermometer registering as high as 95 de grees in the shade.

- Mr. F. McEachern, just from Georgia, brought into our office vesterday a curiosity in the shape of a genuine "gopher," an animal somewhat resembling the terrapin in appearance, but very unlike it in many characteristics. The "gopher" is peculiar to our sister State, and this was the first "we'uns" had seen. It has a very soft shell.

Home for Confederate Soldiers.

The Ladie's Memorial Association request the presence of all who favor establishing Confederate Home for Soldiers disabled by wounds, sickness or old age, to be located within the State of North Carolina, at the Wilmington Library Room this afternoon at five o'clock, at which time Col. Beasley will state the plans for maturing such laudable result. A large attendance of ladies and gentlemen is desired.

Disorderly Proceedings.

Complaint is made that a number of young men acted very disorderly in the neighborhood of Ninth and Princess streets, about 10 o'clock Tuesday night, seriously annoying people residing in that vicinity. They not only indulged in loud, boisterous and profane language, but used offensive personalities, mentioning by name ladies living in the neighborhood, etc.

sudden Death. A seaman by the name of Mike McColum died suddenly at a sailor boarding house on North Water street Tuesday night. He was about 45 years of age and tramped here from Savannah, where he left his vessel.

Base Ball Notes. The Seaside Park Base Ball Club will play a match game with a picked nine this afternoon, at 5.30 o'clock, at the Athletic Club grounds. Members will don their

caps and shoes for the occasion. Quarterly Meetings. Third Round for the Wilmington Dis trict of the Methodist E. Church, South: Wilmington, at Fifth Street, July 12 Bladen Circuit, at McNatt's, July 19

WHO IS MRS. WINSLOW !—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do RISE UP and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DALLY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of chil-WHO IS MRS. WINSLOW !- As this question immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its
timely use, and that millions yet unborn will
share its benefits, and unite incalling her blessed.
No Mother has discharged her duty to her suffering little one, in our opinion, until she has given

I would respectfully notify the Citizens and the public generally, that I have laid in a full supply of Choice Ice, and am now fully prepared to fill orders at Low Prices, by the Barrei, Hogshead or Car Load, to all points on the Railroads or Rivers, and hope to secure a reasonable share of patronage.
