KEPT BY THE POWER OF GOD.

I. PETER 1., 5. He watcheth o'er me day by day, He calls me when I go astray, For when he putteth forth his sheep, Still watch and ward the Lord doth keep, And goeth on before them, To guide them, and restore them— His wayward, wandering sheep.

He intercedeth hour by hour
That I may fiee from Satan's power,
And lest my feeble faith should fail
He prayeth, and his prayers prevail.
And so, though stumbling ever,
My soul can leave him—never—
My Priest within the vail.

With setting tolla and snares for me.
Oh! spread Thy banner o'er me,
And fight my battles for me,
And let me win through Thee.

Make me to be Thy very own, Giving myself to Thee alone; Loving all others after Thee, My Lord, my Lord who loveth me. So shall Thy safest keeping Hold me, awake or sleeping— Thy love my solace be.

are not all of the past, nor are they found only on fields of battle, or on high places of the earth.—Evangelical Messenger. - Casson, a famous Methodist preacher, once paid a pastoral visit to a newly married couple whose household furniture was not yet fairly arranged. "I will not interrupt your work," said he, "but we must have a word of prayer." Then kneeling down amidst the confusion of things, he said, "O Lord, bless Thy dear servant and handmaiden, and graciously grant that they may never be both out of temper at the same time."

- "Guard, my young friends, against vanity. Never let it be a question whether this, or that opinion, shall attract attention to your persons. Look only for evidence—follow the light—and be content with the reflection, that you have deserved, whether you have gained or not, the approbation of your fellows. Wisdom will eventually be justified of her children. The triumphs of vanity are short—those of truth everlasting."—Discourses on Truth, by the late Rev. James H. Thornwell, D. D., of South Carolina.

- On the heart side Christianity is love to a personal Redeemer and Guide. On the life side it is simple and conscientious obedience to his commandments. Where such piety is visible it is felt, it answers the scoffs of the skeptic, furnishes the mightlest argument in behalf of the gospel; it is the most powerful witness for Christ; it is more eloquent and convincing than any pulpit discourse; it is the strongest attraction to a religious life; it is mighty in its awakening and converting power among men of the world. As soon as we who "call ourselves Christians" reach this Christ-likeness in daily conduct, there will be no more complaint of the lack of

- Some of the members of the Convention here last week, who are members of the church, gave more money and more hard labor to the cause of politics in a few days than they give to the church in one whole year. Now, suppose every member of the church were as willing to give of his means and his time to promote the success of the gospel as these politicians are to promote the success of their party; suppose our leading men were as willing to speak for Christ as they are to speak for their political favorite or party; suppose they were as anxious and would give as much time and money to save a man's soul as they do to get his vote; if such were the case, it would not take long to spread the Redeemer's kingdom from pole to pole. - Raleigh Advocate on State Convention.

It is in every respect one of the best dai lies in the South.—Robesonian. That magnificent beaming STAR has completed its twenty-second volume. Humble in its beginnings, as was inseparable from an enterprise begun amid the wreck of fortune that attended the collapse of the Southern Confederacy, the STAR has steadily "waxed" until it now beams resplendent in the full glow of a constantly brightening prosperity. As a neweraper it has few equals, and no superior, for appropriate selection and judicious arrangement, and we are proud to rank it among our most accepta ble exchanges.—Hillsboro Recorder.

The Wilmington Morning Star has entered upon the thirteenth year of its existence, and we
take this opportunity to congratulate it upon its

Buffalo Lithia Water

FOR MALARIAL POISONING.

USE OF IT IN A CASE OF YELLOW FEVER.

"Indeed, in a certain class of cases it is much superior to the latter. I allude to the abiding lebility attendant upon the tardy convalescence from grave acute diseases; and more especially to the Cachexia and Sequels incident to Majarious Fevers, in all their grades and varieties, to certain forms of Atonic Dyspepsia, and all the Affections Peculiar to Women that are remediable at all by mineral waters. In short, were I called upon to state from what mineral waters I have seen the great-est and most unmistakable amount of good accrue in the largest number of cases in a general way I would unhesitatingly say the Buffato Springs, in Mecklenburg county, Va."

DR. O. F. MANSON, OF RICHMOND, VA., Late Professor of General Pathology and Physio-logy in the Medical College of Virginia: "I have observed marked sanative effects from the Buffalo Water in Malarial Cachexia, Antonic Dyspepsia, some of the Peculiar Affections of Wo-men, Anomia, Hypochondriasis, Cardiac Palpita-tions, &c. It has been especially efficacious in Chemia Internations. Chronic Intermittent Fever, numerous cases of this character, which had obstinately withstood the usual remedies, having been restored to perfect health in a brief space of time by a sojourn at the Springs."

DR. JOHN W. WILLIAMSON, JACKSON, TENN. Extracts from Communication on the Therapeutic Action of the Buffalo Lithia Water in the "Virginia Medical Monthly" for February, 1877.

"Their great value in Malarial Diseases and Sequelæ has been most abundantly and satisfactorily tested; and I have no question that it would have been a valuable auxiliary in the treatment of the epidemic of Yellow Fever which so terribly afflicted the Mississippi Valley during the past summer. I prescribed it myself, and it gave prompt relief in a case of Suppression of Urine, in Yellow Fever, and decidedly mitigated other distressing and dangerous symptoms. The patient recovered, but how far the water may have contributed to that result (having prescribed it in but a single case) I, of course, cannot undertake to say. There is no doubt, however, about the fact that its administration was attended by the most beneficial results." "Their great value in Malarial Diseases and

I have recommended it to three families, and they have found it to be just what is claimed for it. The females who have used it are now in perfect health and

able to attend to their household duties.

STATE OF GEORGIA, Troup County. I have examined the recipe of Dr. Josiah Bradfield, and pronounce it to be a combination of medicines of great merit in the treatment of all diseases of females for which he recommends it WM. P. BEASLEY, M. D.

SPRINGFIELD, TENN. DR. J. BRADFIELD: Dear Sir-My daughter has been suffering for many years with that dreadful affliction known as Female Disease, which has cost me many dollars, and nothwithstanding I had the best medical attendance, could not find relief. I have used many other kinds of medicines without any effect. I had just about given her up, was out of heart, but happened in the store of W. W. Eckler several weeks since, and he, knowing of my daughter's affliction, persuaded me to buy a bottle of your Female Regulator. She began to improve at once. I was so delighted with its effects that I bought several more bottles of it; and, knowing what I do about it, if to-day one of my family was suffering with that awful disease, I would have it if it cost \$50 a bottle, for I can truthfully say it has cured my daughter sound and well, and myself and wife do most heartly recommend your Female Regulator to be just what it is represented to be.

THE reports from the use of Swift's Specific (S. S. S.) in the treatment of Cancer continue to be wonderful. There seems to be no doubt that it is a positive specific for 8kin Cancer or Epithelioma. A Cancer for Twenty Years. "For twenty years I suffered from a Cancer on my neck. 'Patent I'otash and Mercury Mixtures' fed instead of curing the Cancer. I lost the use of my arms and the upper part of my body. My general health was broken down and my life was despaired of. S. S. cured me sound and well. This new lease of life it gave to me cannot be measured by any monetary value. I owe my life and the support of my family to Swift's Specific."

Hopes to be Cured. "Mr. Brooks, near Albany, was hopelessly af-flicted with Cancer. It had eaten through his nose into his mouth and throat. The time of his death was only a question of a very short time. He prayed for death, his sufferings were so great. S. S. S has had a wonderful effect on him. His improvement is so great that we all feel sure of his being perfectly cured in time."
