

BY REV. HORATIUS DONAH, D. D.

Up and away I like the dew of the morning, Soaring from earth to its home in the sun;

So let me steal away gently and lovingly, Only remembered by what I have done.

My name and my place and my tomb all forgotten, The brief race of time well and patiently run;

So let me pass away, peacefully, silently, Only remembered by what I have done;

Gladly away from the toll would I hasten, Up to the crown that for me has been won;

Unthought of by man in rewards or in praise, Only remembered by what I have done.

Up and away I like the odors of sunset, That sweeten the twilight as darkness comes on;

So be my life a thing felt, but not noted, And I'll be remembered by what I have done.

I need not be missed; if my life has been bearing (As its summer and autumn moved silently on)

The bloom and the fruit and the seed of its season, I shall still be remembered by what I have done.

I need not be missed; if another succeeded me, To reap down those fields which in spring I have sown,

He who plowed and who sowed is not missed by the reaper— He is only remembered by what he has done.

So let my living be, so be my dying— So let my name be unblazoned, unknown;

Unpraised and unmixed, I shall yet be remembered, Yes, but remembered by what I have done.

WILMINGTON DISTRICT CONFERENCE.

First Day. [Special Star Report.]

The Wilmington District Conference assembled at Goshen Church, Sampson county, Wednesday, July 23d, 1884, at 10 o'clock, Rev. Dr. W. H. Bobbitt, P. E., in the chair.

Reading of the Scriptures and prayer followed. The roll of preachers and lay delegates was then called, when ten preachers and nineteen delegates reported present.

Mr. Campbell was elected Secretary and Rev. D. H. Tuttle assistant.

The Presiding Elder, in every case when the roll was called, required an excuse (if any could be used) from all reported absent.

Brothers Gibbons, Culbreth and Duvant were appointed by the Elder to examine the Quarterly Conference records from the various churches.

The Presiding Elder in a few well chosen remarks addressed the Conference on the importance of the work before it, and the necessity of close application in order that we may attend to all the business which we would present itself.

The Elder also requested the wider attention of the members to various charges that the financial part be presented by one layman from each church.

Front Street, Wilmington, was called when Rev. Dr. Yates reported his work as follows: His charge was in good condition, comparatively, and he had those who were ready to work at any point for the good of the church.

Congregations large, social meetings well attended, communion services well attended, Sunday School well organized and attended, faithful teachers and altogether a fine school, He represented also a christian association which was not only a spiritual benefit but through this money was raised and expended for the poor of the church and the sick looked after.

W. M. Parker presented the financial interests of the church as being in good condition. Fifth Street was called when Dr. Bobbitt spoke very feelingly of Rev. Mr. Hull, pastor in charge, spoke of his patience and faith, his firm trust in God and though he were sick yet by his pure life he was still preaching by force of example.

Rev. J. W. Craig reported for the church and said the condition was spiritually good, finances good and thinks the station has done better financially this year than for years before. The people feel a deep interest and affection for Brother Hull and so far as they are able they are doing all they can for his comfort.

Dr. Bobbitt presented the report of the faithfulness and sacrificing spirit of the Fifth street charge and presented their example as worthy of attention.

Topack Circuit was represented through Rev. Mr. Crisp. He was congratulated in his good condition. Owing to the extreme length of his circuit it seemed impossible to get out a full quarterly meeting. They were finishing and building several churches.

Dr. Satchwell reported on finances. The assessment plan works successfully, and it is the only one worth talking about. About one half is raised up to date for the support of the preachers and the Presiding Elder. The ladies are working very successfully in the interests of the Church.

Smithville Station—Rev. Mr. Tuttle gave a fine report of his charge; large congregations and a revival in progress; his mission work was attended to, having raised \$60 to one contribution; good Sunday school; organized a Band of Hope, the young men pledged to use neither tobacco nor whiskey. Bro. Dodder reported the finances as in good condition, and prospects better than ever before.

AFTERNOON SESSION. Conference convened at 2 o'clock, the Presiding Elder in the chair. Religious exercises were conducted by Rev. T. J. Daily.

Brother Gentry and two lay delegates having arrived took their seats within the bar of the Conference.

The Presiding Elder, Rev. Mr. Thompson and Brother J. H. Weeks were appointed a committee of three were appointed on Education, viz: Dr. Satchwell, Wm. M. Parker and K. C. Counsel.

Some of the people were exceedingly kind and generous. Bro. Council reported on the finances of this Circuit: Collect on the Conference plan. Raised at Shiloh Church one-half of the assessment. Before when this was a part of Whiteville Circuit, the whole thought they could only support a minister with a small family; now on the Circuit we have a preacher with a wife and five children. The Presiding Elder added that the preacher and people had acted nobly.

Cokesbury Circuit reported through its pastor, Rev. Mr. Gentry. Generally a good work; some class meetings; Sunday schools—six—in good working order; Dr. Hudson's catechism, where used, is much liked; church property in good condition; preached to the children ten or fifteen minutes between the regular service and Sunday school; raised all the home mission money; finances in a healthy condition.

Point Caswell Mission reported through Rev. C. O. Durant, its pastor. There were five churches and three Sunday schools; revival last spring at Magnolia, 16 accessions and 10 at other points; building new church at Duplin Road, and erecting building at Teacher's this fall; congregations at some points large; work generally improving; finances in a backward condition.

The Presiding Elder announced preaching tomorrow at 11 o'clock, by Rev. H. H. Gibbons.

Second Day. Conference was opened with religious services, conducted by Rev. Mr. Gause.

Rev. Mr. Smith and G. D. Malloy, lay delegates from Onslow Circuit and having arrived, took their seats within the bar of the Conference; also, Brother J. W. Edge, from Elizabeth Circuit.

Rev. Dr. Black and Rev. B. R. Culbreth were introduced to the Conference, and were invited to seats within the bar.

Dr. Black expressed his pleasure at being here on his old district, where he had so many friends.

The Presiding Elder expressed his pleasure at his being with us, and would be pleased to give him an opportunity to present the claims of his paper, the Raleigh Christian Advocate. The Presiding Elder also took this occasion to urge upon the Conference the necessity of taking the paper.

Clinton Circuit was then called, and reported through its pastor, Rev. J. E. Thompson. Some were doing their whole duty as best they could; others as suppliant Christians; prayer meetings at all the churches; attendance good; Sunday School interest much improved.

At this place (Goshen) there was a large and interesting school; they expect to raise \$300 an \$400 out of this school for mission work.

An interesting discussion on Union Sunday Schools was held at this point. Two lay delegates arrived during the session; also, Brother Jones, from Waccamaw Mission.

The Conference adjourned for preaching at 11 o'clock, by Rev. H. H. Gibbons, from fifth chapter James and last verse. In an earnest manner he set forth the importance of personal conversion, and the effort on the part of the church members for the conversion of sinners. His sermon was listened to with much interest.

AFTERNOON SESSION. Religious service was conducted by Rev. J. C. Crisp.

Lay delegate Johnson, from Clinton Circuit, and two from Newton Grove were reported present, making up to this time 14 preachers and 29 lay delegates.

Dr. Satchwell, chairman of committee on Education, presented their report looking especially to the establishing of a District Conference school at Rocky Point. The trustees of the Academy (erected at this place) offering the property to the District Conference. This property is to be had and held by the Conference in view of a school being established there under the management of the District Conference.

Rev. Dr. Yates moved the adoption of the report, and also moved the appointment of a board of managers consisting of five as the property would be held by the trustees at Rocky Point church. Dr. Yates spoke warmly in favor of a school, and that it was important that the school be sustained by the people of this District. A school to be efficient must have our whole heart, work and patronage. He must make up to the necessity of education, he must go home and at each of our appointments urge our people with the importance of education. He must educate the heart and the mind in order to have good society. Those who grow up in ignorance are bound to be the heaviest of wood and iron in the land. The young lady who is educated though not wealthy is a benediction to any community and can find a good home and a living anywhere. We are behind in this—other districts have schools where they are educating their children both mentally and morally. The report was adopted. Also that a Board of Managers be raised to consist of Dr. Bobbitt, Dr. Yates, D. B. Nicholson, F. H. Bell, Jno. E. Durhan, Dr. S. Satchwell and Dr. J. C. Sheppard.

The Conference then adjourned until 9 o'clock to-morrow morning.

Note.—The Conference work is moving harmoniously and many interesting questions on various topics are drawn out which your space forbids me to report. I have only given an outline as briefly as possible. Yesterday Dr. Satchwell read a paper on Education, which was well written and worthy of publication. He treated not only of mental cultivation but of moral, industrial and physical as well. This is the first conference that Dr. Bobbitt has presided at in this district. He displayed a noble spirit and understands the work fully. He has won the hearts of all the people of his district. The crops just now at this point—Goshen—seem to be much injured by the wet weather. The general report, however, is good, and the fields all over the road from Wilmington and in and around Faison present a fine showing for an abundant harvest.

They left in the afternoon, after having seen the house in which President Johnson was born, as well as several other points of interest.—Raleigh News Observer. [Where was he born? Not in Raleigh.]

A SINGLE FACT! IS WORTH A SHIP-LOAD OF ARGUMENT. This will certify that two members of my immediate family, after having suffered for many years from menstrual irregularity, and having been treated without benefit by various medical doctors, were at length completely cured by one bottle of Dr. J. THE ITALIANS. Have a Proverb that: 'Some men are so good as to be good for nothing.' It is not claimed, as is the case with many so-called remedies, that SWIFT'S SPECIFIC IS A CURE-ALL, or can remove all the ills to which flesh is heir; but as a TONIC and HEALTH-RESTORER, and for BLOOD & SKIN DISEASES, and for troubles dependent on nervous and impoverished blood, it is without a rival!

An Editor's Experience! Laid aside from JOURNALISM WORK. After trying numerous remedies for Rheumatism, but without permanent relief, I was advised to use S. S. Swift's Specific, and a permanent cure secured. This was over a year ago, and since then, even during our most severe weather, with sudden changes, I have never suffered a return of the old attacks which disabled me from editorial work.

ENTIRE AND ABSOLUTE SUCCESS. Maj. John C. Whittier, of Atlanta, Ga., and favorably known all over the United States as a General Insurance Agent, says: 'I used this remedy before the war on a large plantation in a great number of cases, always with absolute success.'

Dr. J. Davis, of Milltown, Ala., writes: 'Have used Bradfield's Regulator extensively in my practice with entire success. If it is not a specific, it is, in my opinion, the best known remedy for the diseases for which it is recommended.'

A Lady of Bonham, Texas, writes: 'I have been using your Female Regulator for several weeks and with great benefit. My case is of long standing, and has baffled many physicians. I have used every medicine I could hear of, but the Regulator is the only one that has ever relieved my distressing sufferings.'

Dr. J. Bradfield's Female Regulator has been thoroughly tested by me in a great variety of cases, and I am fully convinced that it is a rival for that class of diseases which it claims to cure.
