NEAL DOW ON BLAINE.

Gen. Neal Dow has written the following letter to the Rev. C. Clark, Jr., editor of a New Jersey prohibi-

tion paper:

DEAR SIE: - Your note of the 4th inst., has just reached me. In answer to your inquiry I say, I have had many letters from different parts of the country making inquiries about Mr. Blaine. My reply has been that he has always been a friend of the Maine law, and has many times rendered important service to it. He is in favor of the proposed constitutional amendment and will vote for it. He is also a teetotaler, and has been so for several years.

The Republican party of Maine has always made prohibition a part of its platform and conceded to the people at the last Legislature an opportunity to vote on the question of constitutional prohibition, as it is the undoubted right of the people to do. The temperance men of Maine therefore may properly be loyal to the party which has a just claim to their upport. But outside of this State, Vermont, Kansas, and Iowa the Republican party has no claim whatever upon the temperance people for help at the ballot box. We, the temperance men of Maine, are firm in the conviction that our object, the pro-hibition and suppression of the liuor traffic, can never be attained except by independent political action. The sooner that policy is re-sorted to and vigorously pursued the

sooner we shall win. Hespectfully, NEAL Dow. Portland, Me., July 8, 1884.

COTTON.

Y. Commercial and Financial Chronicle NEW YORK, July 25 .- The movenent of the crop, as indicated by our elegrams from the South to-night, s given below. For the week ending this evening (July 25) the total receipts have reached 2,800 bales, against 3,810 bales last week, 7,-578 bales the previous week and .655 bales three weeks since; making the total receipts since September 1st, 1883, 4,801,484 bales, against 5,933,490 bales for the same period of '82-'83, showing a decrease since Sept. 1, 1883, of 1,232,006 bales.

The exports for the week ending this evening reach a total of 20,572 bales, of which 17,440 were to Great Britain, 940 to France and 2,192 to the rest of the Continent, while the stocks as made up this even-

ing are now 235,602 bales. To-day the opening was weak un-

der the appearance of many notices for delivery on August contracts, but as these were readily absorbed an advance set in which showed decided buoyancy in the latter dealings. As compared with last Friday the latest figures are 8@10 points dearer for this crop and September, and 14@15 points dearer for the next. Cotton on the spot has been comparatively quiet. The export demand has fallen off, and home spinners have con-tinued to be slow buyers. The re-cent rapid reduction of stocks did not seem to have strengthened the views of holders until yesterday, when there was a firmer feeling. Today business was quiet and prices un-changed, middling uplands closing at 11c. The total sales for forward delivery for the week are 262,200 bales.

Its news columns are always a little fuller than those of any other of our exchanges, and its editorial deautiment is conducted with much ability.—Mcranton Rade.

Humble in its beginnings, as was inseparable from an enterprise begun amid the wreck of fortune that attended the collapse of the Southern Confederacy, the Star has steadily "waxed" until it now beams resplendent in the full glow of a constantly brightening prosperity. e good for nothing." It is not claimed, as is the case with many so-called remedies, that SWIFT'S SPECIFIC is a cure-all, or can remove all the ills to which flesh is heir; but as a TONIC AND HEALTH RENEWER, and for BLOOD & SKIN DIS-EASES, and for troubles dependent on IMPURE and impoverished Blood, it is without a rival!

The Mightiness of Truth! LET THE FACTS SPEAK IN STENTORIAN TONES.

"My baby six months old broke out with some kind of skin humor, and, after being treated five months by my family physician, was given up to die. The druggist recommended Swift's Specific, and the result was as gratifying as it was miraculous. My child soon got well, all traces of the disease are gone, and he is as tat as a pig."

"I used Swift's Specific on my little daughter,
who was afflicted with some Blood Poison which
had resisted all sorts of treatment. The Specific
relieved her permanently, and I shall use it in my
practice."

LAID ASIDE PROM JOURNALISTIC WORK. After trying numerous remedies for Rheumatism, but without permanent relief, I was advised
to use S. S. S., which had given permanent relief
to others suffering from rheumatism. After taking half a dozen bottles I found that the disease
was entirely driven out of my system, and a permanent cure secured. This was over a year
ago, and since then, even during our most severe
weather, with sudden changes, I have never suffered a return of the old attacks which disabled
me from editorial work.

me from editorial work.

It is very seldom, indeed, that I recommend anything to the public in this manner, but I feel it due to your valuable preparation, that has given me such long desired and much needed relief, to state these facts thus publicly. I am sure that but for your Specific I should have been laid aside from journalistic work, as the severest attack was in my right arm and hand tack was in my right arm and hand.
