EVENING EDITION

#### CAMPAIGN FILTH.

The Republicans have chosen to nominate a man for President who has been branded by the best and purest papers of their party as corrupt. These able and widely circulated papers have uncovered the record of Blaine. It is known that eight or ten years ago the most damaging charges were brought against him and not by the opposition alone, but by the best Republican papers. The case was proved and so clearly that to-day thousands of the most intelligent, the most loyal, the most self-respecting Republicans are in open revolt against

Again, the Republicans have chosen to nominate a man for the Vice Presidency who has a damaging record for a candidate. His illiteracy; his record as a negro hunter and negro hater before the war; his later attempts upon the rights of the Zunis altogether furnish a very objectionable record for a man who aspires to the second place in the gift of the people and, who may perchance become President.

- Now Democratic papers do not originate or manufacture these charges. They are a part of the publie records of politicians, and are, therefore, fair matter for comment. No Democratic paper has sought to pry into Blaine's or Logan's domestie life or to lay bear to the public their moral status. The New York against their vile assaults upon Cleveland, and tells them that they are engaged in a dangerous business, as Blaine's private life is quite as open to criticism and is quite as valnerable as Gov. Cleveland's can be.

We refer to this matter now because of the form of attack upon Cleveland which is now being concirculating two reports about Cleveand one concerning his private life.

Cleveland's private life. His name is mixed with a scandal of some kind. The papers that have come under our eye do not give the alleged facts but deal in dark and sin-

Cleveland, we may understand why by Kelly. He may carry off a part, he is disposed to make war upon Cleveland. We wonder if the electric light was turned in upon Purcell's inner and hidden life if he could bear the scrutiny? How many Republicans who are now trying to blacken Cleveland's life are able to stand the full glare of the sun as it streams in upon their private record? Let the innocent man throw the first stone at Cleveland,

There is nothing in Gov. Cleveand's public record that is not commendable and meritorious. He cannot be attacked in his political life, and so the vultures must invade the privacy of his life which antidates his official life and attempt to darken and damage it by covert insinuations or open charges of immorality. We suppose that Gov. Cleveland has about as good a private record as nine hundred and ninety-nine men in the thousand who are not under the Divine influence continually and are not restrained by grace. We are quite sure that neither Blaine nor Logan will court a severe investigation in the hidden record through the last thirty or more years.

The New York Sun that is doing Gov. Cleveland no little harm by its course and is really contributing to his defeat if that should occur, says that nothing ought to be credited against a man after he is nominated unless it is a matter susceptible of legal proof-that is in the courts, It says that the base charges against Cleveland were never heard of until he was nominated for President. No such charges were made when he was the candidate for Governor. We refer to the matter at length because we wish to warn all readers against giving a too ready ear to the trumped up charges in campaigns. We will not repeat any charge concerning the political record of Blaine or Logan unless we believe it is susceptible of legal proof. It is very apparent that the Republican press is growing desperate and is bent on making the campaign one of personal filth and political misrepresen-

Take Blaine's record. He is on trial before the voters of the United States, and his official life must be inspected to ascertain if he is fit to be entrusted with the great responsibilities of the Chief Magistracy of the Union. As the Sun says:

"In becoming a candidate for President he has invited the people to try these charges against him on their merits, irrespective of the view which anybody else may have entertained. Every voter in the land is at liberty to inquire what the Hon. James G. Blaine, Speaker of the House of Representatives of the United States, meant when he wrote to a friend who had offered to admit him to participation in a new enterprise: 'I do not feel that I shall prove a dead head in the enterprise if I once embark in it. I see various channels in which I know I can be useful.' We should like to have Mr. E. Rockwood Hoar interpret these sentences in the light of the letters which followed in the Mulligan series."

### INTERNAL REVENUE REPORT.

The annual report of the Internal Revenue Department for the fiscal year ending the 30th of June, 1884, shows that the collections decreased \$22,963,305, compared with the preceding year. Spirits paid \$76, 905,385, an increase of \$2,536,600; tobacco \$26,062,399-a decrease of \$16,041,849. Here are about 103 millions collected on two classes of luxuries. How much better that is than taking it from the people on their household necessaries. Then add fermented liquors, \$18,084,954. World warns the Republicans So on luxuries there was some 121 millions collected. There were withdrawn from consumption during the year, 1,137,056 gallons of spirits distilled from fruit, a decrease of 116,-222 gallons as compared with the preceding fiscal year; 78,479,855 gallons of spirits distilled from grain, molasses and other materials, an increase of 2,971,060 gallons; 3,455, ducted. The Republican papers are 619,017 cigars, an increase of 227,-730,025; 908,122,640 cigarettes, an land, one concerning his official life increase of 268,101,987; 5,602,645 pounds of snuff, an increase of 318, The first charge is about his receiv- 273; 168,593,419 pounds of tobacco, ing \$1,000,000 for vetoing a bill. an increase of 3,516,233, and 18,998,-This is an unmixed falsehood. The 619 barrels of fermented liquor, an revealed in the Bible, and its adaptation to Journal of Commerce says no man increase of 1,240,727. Illinois paid in New York would dare bring such \$23,520,484; Kentucky, \$18,583,172; an accusation. It is a lie without New York, \$13,760,384: Ohio, \$13,justification because without the least 520,264; Missouri. \$6,473,806; In-The other falsehood concerns Gov. sire the tax to be repealed as they do

for President in 1880, received 308,ister hints. The bolting Democratic editor, Purcell, who is disappointed and mad, and soured because he is disappointed, says he does not support Cleveland because he is a "meral leper." When it is known that Purcell has a much stronger following than Weaver and will, therefore, get a much larger Greenback vote. If all the parties that have nominated Butler rally around him he will get probably a million votes. A writer to the command. "Search the scriptures, etc." what bad repute with his parin the Times says there is a strong following of Butler in Rhode Island. Third. Notice the law of intelligence in the spiritual world discovering intelligent original beauty.

A writer to the command. "Search the scriptures, and freshness to the hair, and restores its the spiritual world discovering intelligent."

The Tammany Democrats will not all be led into the Republican trap but we must believe that more than half will remain true to their colors and stand by the old party, especially when victory is just ahead. The

"There are symptoms of a movement in a various Assembly districts to displace Kelly from his seat of power altogether. There are many Tammany Democrats who are in favor of supporting the National ticket anyliow and who are not pleased with the way in which it is proposed to trade with their votes to intrench the power of the hitherto honored chief. The incipient movement is in favor of Ed Kearney as the Grand Sachem, and it is strong enough to control a number of districts."

McOlure, of the Philadelphia Times, insists that the statements made by that paper are true as to the alliance between Arthur, Butler, Kelly and Dana to put Butler in the field as the candidate of the various organizations that have nominated him. The Boston Post thus com-

'The course of the New York Sun under Mr. Dana's guidance, indicates that something of this nature is about to happen and when Butler, Kelly and Dana put their heads together we are prepared for any thing, except some honorable effort for the vell-being of the masses and the triumph of the Democratic party."

The Irish World supports Blaine. Well, what of it? In 1880 it antagonized that gallant Democratic soldier and pure gentleman, Gen. Hancoek, and supported Weaver, the Greenbacker. The Irish World cannot be in any sense a Democratic paper, what ever its name may be.

St. John, the Prohibitionist, will get 200,000 votes. But then there are by the census more than 13,000,-000 voters in the United States. There were largely more than 12,-000,000 in 1880.

WILMINGTON DISTRICT CONFERENCE.

> Third Day. Special Star Report. MORNING SESSION.

Religious services were held by Rev. T. B. Reeks. The minutes of yesterday were read and approved.

Dr. Jones, of Greensboro Female Col-lege, was introduced to the Conference and invited to a seat within the bar. On motion of Dr. Yates, this afternoon at 2 o'clock was made the special order for

Sunday school work. Dr. Black, one of the editors of the Raleigh Christian Advocate, presented the interests of his paper to the Conference. It is worthy of patronage, and through its columns the church interests are reported, and thereby the church can be kept well posted in all matters pertaining to the in-terests of the Conference. Parents are careful as to the food for the body which their children eat, and how much more important that care should be taken as to their spiritual diet. They were trying to publish a paper filled with information of a varied character. Dr. Black was successful in his efforts at Goshen, as he always is. The report of the committee on Quarter-

y Conference records was received and pread upon the minutes. A resolution was offered recommending book on Baptism, by Rev. Dr. Burkhead which was adopted

Whiteville Circuit was then called up. and was reported by a letter from the pastor, Rev. Mr. Puett. The report was en-

Newton Grove Mission was reported by letter through the pastor, Rev. D. A. Wat-kins. Reports being in the midst of a retherefore could not attend Confe

Bladen Circuit reported through its pastor, Rev. T. B. Reeks. Report encouraging, especially as to Sunday Schools. Lay delegate, W. J. Parker, reported on finances. They are somewhat short in com-parison with last year. Only three of the churches use the Conference plan in col-lecting. He had used this plan at his own Church (Antioch) for ten years and it worked well up to two years ago, when, owing to some dissatisfaction with the preacher, some of the committee failed to ome up to their duty and the plan went down. His opinion was that it was the

only successful plan. Duplin Circuit reported through its pas-ter, Rev. H. H. Gibbons. Reports revivals at four points on the Circuit, and a de-cided improvement spiritually. There had been forty-five additions to the church; also an improvement in Sunday Schools. Two union schools on the Circuit. Lay Delegate Pridgeon reported on finances and church property. There are four good churches, rather in a backward condition,

financially, but thinks they will pay up. The Conference then adjourned for 11 o'clock preaching, by Rev. D. H. Tuttle, who took for his text a part of the 28th verse of the 8th chapter of Romans: "All things work together for good to them that

UNITY OF DESIGN IN THE NATURAL AND SPIRITUAL WORLD FOR THE HAPPINESS

OF THOSE THAT LOVE GOD. "The first in thought is last in execu-tion" is a fixed fact. In the Divine mind the first intention was the creation of a be ing who would not only be happy himself, but finally give eternal praise to his Creator. This intention is revealed in the "Word of God. An objector asks, How do we know that the Bible is the word of God? That the creator of the natural world is the author of the only volume that reveals a

First, notice the design in nature and the adaptation of that design to the necessities

the innate longings of the soul. Second. Some evidences of this unity of design. Had man made the natural world he might have had what he terms more system but less adaptation to human wants: he would have had all gold in one place. be would have had all gold in one place, all silver in another, etc.; all different kinds of woods in different sections, etc.; would have had equal quantities in all places. God so arranged the natural world that in every portion of it man could find subsistence, yet at some time the arrangement is so perfect that no part of the natural world can exist independent of all other. The law of inter-dependence is everywhere manifest. Upon this basis commerce has arisen and binds the natural world in bands of perfect union. Had man written the

a Morse to apply it to telegraphy, an Edison to apply it to telephone and electric light. Thus in all the realm of invention and discovery we must admit an intelli gent creator working through an intelli-gent creature bringing the natural world in submission to the powers of the spiritual world, and all for the good of man. When

claim rivalry with his creator,

Fourth. God through Christ Jesus (the union of the human and divine) is over-ruling the consequences of evil intent "for good to those that love him." An objector says: if God overrules the evil act of a man for good, is not man an agent in his hand for the accomplishment of that purpose, and if so ought he to be punished? God punishes man for intent and not consequence. Intent makes the crime. God punishes for the intent, then overrules the effect "for mode" to above the consequence and "to be a consequence." good" to show man his weakness, and manifest divino power. This is seen in the case of Joseph and his brothers—the enemies of David—the crucifixion of our Lord. This world needs no grander God than the "Eternal One" who can thus unite "all things" in the natural and spiritual world for the present and eternal happiness of those that love him.

AFTERNOON SESSIO The session opened with singing by the Sunday school. This session was devoted to the Sunday school work—the organiza-tion of a District Sunday School Conven-tion. Rev. D. H. Tuttle was requested to act as temporary secretary. The organiza-tion for to day consists of the members of the District Conference, and all Sunday school superintendents outside of the Con-

Before the organization Mr. D. B. Nicholson delivered an address on Sunday schools in this the centenary year. It was interesting and well conceived. Mr. Nicholson is a clever and forcible speaker. The officers elected are as follows: Presi-

dent, D. B. Nicholson; Vice President, W. J. Parker; Secretary, J. B. Mercer; Treasurer, A. J. Johnson.

Magnolia was selected as the place for the next Sunday School Conference, the time to be named by the President. The regular District Conference then

Waccamaw Mission was called. Rev. Mr. Tart reported 300 members, and a growing interest in Sunday schools. The report was generally encuraging; we have six churches and expect to occupy a new ap-

pointment soon. On motion, a committee on missions was appointed as follows: H. H. Gibbons, G. W. Pridgeon and W. J. Parker.

Onslow Circuit was then reported through its pastor, Rev. C. W. Smith. Reports spiritual condition good; Sunday schools looking up, and a more general interest manifested. In some places are using the uniform lesson papers; at our place Dr. Hudson's catechism; congregations large.

better than usual at this season of the year. Church houses as a general thing poor; building one new church. Work on the Circuit generally improving. Smithville was selected for the holding of the next

The establishment of a District Sunday chool where all the schools will be represented once a year in convention, com-posed of all Superintendents and three delegates from each charge two of whom may be ladies. This we trust will throw more force into the Sunday school work.

#### Fourth Day. MORNING SESSION.

Religious services were conducted by Minutes of yesterday were read and ap-Committee on Missions reported and the

report was adopted. A resolution offered by Rev. H. H. Gibbons, Rev. Dr. Yates and Lay Delegate A. J. Johnson, recommending to our people the catechism written by Dr. Hudson, was

adopted unonimously.

Rev. D. H. Tuttle, in view of the action of the Conference on Thursday in relation to the academy at Rocky Point, tendered by the trustees of said academy to this District Conference and not accepted, offered a resolution that said vote be reconsidered, which was done after some de-

The question then came up in its original form and the tender was rejected for causes which the Conference deemed suffi

A resolution offered by Dr. Yates in fa-vor of Greensboro Female College and Frinity College was adopted.

Dr. Jones gave a favorable report of the college. He claimed that it had the best faculty of any in the South, and yet their charges were from 25 to 75 per cent. lower than other colleges. The department of moral instruction he deemed of supreme importance. Those who had purchased the college did not buy it as a speculation, but that they might have a grand educational institution in the South.

At 11 o'clock Rev. Dr. Vates delivered a At 11 o'clock Rev. Dr. Yates delivered a centenary lecture on Methodism. He spoke for an hour on the grand achiever which had been wrought by Methodism. A

hundred years, or nearly so, have passed since the first Methodist Conference met in Baltimore with a comparatively small membership, and now we have nearly
4,000,000 Methodists in the world and a
Methodist family of 25,000,000. The address was one of Dr. Yates's clearly devel-After Dr. Yates was through Rev. H. H.

Gibbons, with a few appropriate remarks, presented in the name of Mrs. Polly Weeks a handsome silver communion set to Dr. Bobbitt for the Goshen church.
Dr. Bobbitt then called for a centennial contribution from the audience for the purpose of educating some poor young men. [Responses were made, but amount

AFTERNOON SESSION

The session opened with religious services by Prof. Heitman, Minutes of morning session read and approved.

Prof. Heitman was introduced to the Conference and presented the interest of Trinity College, forcibly urging its claims. J. W. Craig, K. K. Counsel, J. W. Weeks, J. O. B. Culbreth, were elected delegates to the Annual Conference which convenes in Wilmington next November. Alternates, G. D. Mattory and A. J. Johnson.

SUNDAY SERVICES, tended, people coming from all the sur-rounding country. Clinton, Faisons, and Mt. Olive were well represented. There was a love feast at 9 o'clock, and at 11 o'clock Rev. Dr. Jones preached a sermon on the Atonement. Rev. D. H. Tuttle preached at the Academy; it was a happy effort. At 2:30 o'clock Prof. Heitman, of Trinity College, preached on "Faith without works is dead." It was an instructive

Thus closed the Wilmington District Conference, The people of Goshen have spared no pains to make it pleasant for all, the preachers and delegates, I omit ted to say that a vote of thanks was given for the kind and hospitable manner in which they had entertained the Conference. Also a resolution endorsing and recommending the Raleigh Christian Advocate. Dr. Bobbitt, the Presiding Elder of this District is an efficient officer and looks well to all the interests of the Church and has the love and support of the whole Dishas the love and support of the whole Dis-

Illness of President Grevy-The Corn wall Scandal-Preparations for the Trial of the Dynamiters in Warwick -Reports from Gen. Gordon-Helis Safe and Well Supplied with Provi-

By Cable to the Morning Star. Paris, July 29.—President Grevy has been suffering from a fresh attack, similar to the illness from which he suffered last year. This has caused his friends great anxiety. It is believed, however, that the langer is now passed.

DUBLIN, July 29.—Two more persons have been arrested in connection with the unsavory Cornwall scandal. Many other persons have become frightened at the prospect of arrest and are leaving the coun-

LONDON, July 29.—Great precautions have been taken at Warwick to preserve order during the trial of Daly, Egan and O'Donnell, suspected dynamiters. Strong barriers have been erected to protect the approaches of the Court, and constables, beavily armed with revolvers, will be placed on guard at all public buildings.

CAIRO, June 29.—A merchant, who left Kassala June 21st, says before starting be read a letter from Gen. Gordon to the Mu dir of Kassala, dated June 11. According to this Gen. Gordon was safe and had abundant supplies of provisions and ammunition. He was short of money, however, and was raising funds by issuing bonds. He was hemmed in on all sides by the repels. As soon as the Nile rose his inter tion was to equip steamers. At Kassals the merchant says, there were supplies of provisions sufficient to last five months. The population of Kaddrif, he states, have joined Mahdi.

#### THE CHOLERA.

Continued Improvement in the Infected Districts-Panic in a French Village-Refugees Driven Off and Stoned -Precautionary Measures in Eng-

(By Cable to the Morning Star.) MARSEILLES, July 29 .- A classification of the deaths from cholera, according to the nationality of the victims, gives the following results: French 798, Italian 322, Spanish 13, Greek 9, English 1, Austrian German 1 and American 1.

There were nine deaths from cholera farseilles last night and thirteen in Toulon. The situation to the infected districts coninues to improve. Noon. -There have been two deaths from

cholera since 9 o'clock this morning. Paris, July 29 .- The train from Nice Sunday was empty for the first time since the railway was opened. A panic exists at a village near Beziers. The population, Brother Mattox reported on finances | headed by the Mayor and members of the and thinks all will be paid and collections Council, drove off and stoned some refugees from Marseilles.

LONDON, July 29.—The Duke of Cambridge, Commander in Chief of the British Army, has ordered the barracks throughout England to be placed in the best sanitary condition possible. He has also given orders for the creation of a system of medical relief, and for the removal of the troops into camps, in case that cholera appears among the soldiers.

A STRUGGLE WITH A SHIRT.

Three hundred and sixty-five times each year every mother's son of us has a strucgle getting into his shirt. If a shirt is worth getting into, if it is strong

and well made, sure not to rip or tear, perfect fitting, then there is some compensation for spending so much of our exist. ence in such a struggle. You may wrestle with the DIAMOND, but with its everlasting. stay-attachment and reinforced bosom, you will come out head first every time, covered with glory and with the best shirt in the land.

If your dealer does not keep it, send his address to Daniel Miller & Co., sole manufacturers, Balti-

This medicine, combining Iron with pure vegetable tonics, quickly and completely Cures Dyspepsia, Indigestion, Weakness, Impure Blood, Malaria, Chills and Fevers, Impure Blood, Malaria, Chilis and Fevers, and Neuralgia.

It is an unfailing remedy for Diseases of the Kidneys and Liver.

It is invaluable for Diseases peculiar to Women, and all who lead sedentary lives. It does not injure the teeth, cause headache, or produce constipation—other Iron medicines do. It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, relieves Hearthurn and Belching, and strength.

lieves Heartburn and Belching, and strengthens the muscles and nerves.

For Intermittent Fevers, Lassitude, Lack of Energy, &c., it has no equal. The genuine has above trade mark and crossed red lines on wrapper. Take no other. Made only by BROWN CHEMICAL CO., BALTIMORE, MD.

jy 27 D&Wiy toc or frm nrm jy 27 **Buffalo Lithia Water** FOR MALARIAL POISONING.

USE OF IT IN A CASE OF YELLOW FEVEL

DR. WM. T. HOWARD, OF BALTIMORE, Professor of Diseases of Women and Children in Dr. Howard attests the common adaptation this water in "a wide range of cases" with that of the far-famed White Sulphur Springs, in Greenbrier county, West Virginia, and adds the follow

"Indeed, in a certain class of cases it is much superior to the latter, I allude to the abiding debility attendant upon the tardy convalescence from grave acute diseases; and more especially to the Cachecia and Sequels incident to Malarious Fevers, in all their grades and varieties, to certain forms of Atonic Dyspepsia, and all the Affections Peculiar to Women that are remediable at all by mineral waters. In short, were I called upon to state from what mineral waters I have seen the greatest and most unmistakable amount of good accrue in the largest number of cases in a general way I the largest number of cases in a general way would unhesitatingly say the Buffalo Springs, a Mecklenburg county, Va."

Dr. O. F. MANSON, OF RICHMOND, VA., Late Professor of General Pathology and Physic logy in the Medical College of Virginia: "I have observed marked sanative effects from the Buffalo Water in Malarial Cachezia, Automic Dyspepsia, some of the Peculiar Affections of Women, Anamia, Hypochondriasis, Cardiac Paipitations, &c. It has been especially efficacious in Chronic Intermittent Fever, numerous cases of this character, which had obstinately withstood the usual remedies, having been restored to perfect health in a brief space of time by a sojourn at the Springs."

DR. JOHN W. WILLIAMSON, JACKSON, TENN. Extracts from Communication on the Therapeutic Action of the Buffalo Lithia Water in the "Virginia Medical Monthly" for February, 1877.

"Their great value in Malarial Diseases and Sequelæ has been most abundantly and satisfactorily tested; and I have no question that it would have been a value has a value of the treatment. have been a valuable auxiliary in the treatment of the epidemic of Yellow Fever which so terribly afflicted the Mississippi Valley during the past summer. I prescribed it myself, and it gave prompt relief in a case of Suppression of Urine, in Yellow Fever, and decidedly mitigated other discressing and dangerous summary. The nation rerever, and decreety musgates other at-tressing and dangerous symptoms. The patient re-covered, but how far the water may have contri-buted to that result (having prescribed it in but a single case) I, of course, cannot undertake to say. There is no doubt, however, about the fact that its administration was attended by the most benefi-cial results."

Springs now opens for guests.

Water in cases of one dozen half gallon bottles

55 per case at the Springs.

Springs pamphlet mailed to any address.
