CLEVELAND AND REFORM.

To be the sign "a silver lining" of Government reform.

Through clouds of fraud is plainly shining, As Cleveland steers the storm.

Our Ship of State, of timber true, Shall never its strength surrender; Though it may creak, it will pull through in spite of "legal tender."

Its Constitution, strong and hale, Derived from "Fathers' hearty; Its principle, "Truth shall prevail," Through all the lines of party.

Rich in "opinions" never bought, Our Ours, supreme, shall be; A Field for men of honest thought, Who cry "No sovereignty!"

Commerce by tariff bars unfettered Shall bring us goods from every land; Our goods, by competition bettered, Their market value shall command.

Our raw material, sent abroad, Shall prove "free soil" can grow Good, honest stuff, we can afford In fair exchange to show.

The workman's wages rise as brain Inspires the skillful hand; Labor true dignity shall gain, Be prosperous with Cleveland.

Let all who love good government Sweep out the thieves that swarm, Vote for an honest President, Cry, Cleveland and Reform!!!
—New York World.

OUR STATE CONTEMPORARIES.

From chaos we have under Democratic rule emerged into an orderly and comparatively prosperous condition. Under the old Radical rule we had malaria, fever, ague, &c., and they will tell you: "Mandrake or Dandelion!"

Hence, when these remedies are combined with others equally valuable:

And compounded into Hop Bitters, such wonderful and mysterious curative power is developed, which is wanted in all cases, no disease or ill health can possibly exist or resist its power, and yet it is harmless for the most frail woman, weakest invalid or smallest child to use.

"Patients" "Almost dead or nearly dying." "For years, and given up by physicians, of Bright's and other kidney diseases, liver complaints, severe coughs, called consumption, have been cured."

Women grow nearly crazy!!!!

From agony of neuralgia, nervousness, wakefulness, and various diseases peculiar to women.

People drawn out of shape from exorbitant prices of rheumatism, inflammatory and chronic, or suffering from scrofula, Rickets, "Worms," blood poisoning, dyspepsia, indigestion, and, in fact, almost all diseases of the blood, have been cured by Hop Bitters, proof of which can be found in every neighborhood in the known world.

None genuine unless a bunch of green Hops on the white label, show all the hops, and with the name of the inventor, J. C. Ayer & Co., Lowell, Mass., is stamped thereon.

POLITICAL POINTS.

The campaign liar has had a bad time with Gov. Cleveland. The lies are instantly run down and disproved, and the originator of the last one will be prosecuted for libel. A clean man has many advantages. —Harriburg Patriot.

The Republican papers are making great ado over the fact that Governor Hendricks opposed the putting of negroes into the field as soldiers. Gen. Sherman did the same thing and nobody, on either side of Mason and Dixon's line, ever found fault with him. —Buffalo Courier.

The Irish Nation is now opposing Cleveland in revenge for the latter's refusal to pardon its editor, who had been sentenced to a term of imprisonment for uttering and publishing a wilful criminal libel on Mr. Belmont, of New York, the libel consisting in the charge that he had appropriated to his own use Irish relief funds. —Boston Post, Dem.

THE CAMPAIGN.

It is reported by the Independent Republican Committee that the feeling in Brooklyn against Blaine is growing stronger every day. —N. Y. Herald.

I have always refrained from taking part in politics merely as such, but the question now before us is a moral one, and I pledge my hearty support to the Independent Republicans. —Prof. Fritz Adler.

A Cleveland club, composed entirely of Republicans, was organized in Dunkirk Thursday night, and 200 Cleveland Republicans signed the roll. That's the way the work is progressing. —Binghamton Leader.

Look on That Picture; Then on This. N. Y. Tribune, 1884. N. Y. Tribune, 1876. Blaine is the fore- Blaine is a bully more man of his time through calculation.

COTTON.

N. Y. Commercial and Financial Chronicle.

New York, Aug. 1.—The movement of the crop, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening (Aug. 1) the total receipts have reached 4,283 bales, against 2,800 bales last week, 3,810 bales the previous week and 7,578 bales three weeks since; making the total receipts since September 1st, 1883, 4,805,767 bales, against 5,940,554 bales for the same period of '82-'83, showing a decrease since Sept. 1, 1883, of 1,234,787 bales. The exports for the week ending this evening reach a total of 21,911 bales, of which 18,464 were to Great Britain, 1,080 to France and 2,267 to the rest of the Continent, while the stocks as made up this evening are now 213,769 bales.

The temporary stoppage of several New England mills was the cause of some depression early in the week. There is no strong party to either side of the speculation, and business is limited to "room traders" for the "short turn." To-day the advice from Texas was to the effect that the drought had been somewhat exaggerated, and yesterday's advance was fully lost. The close, as compared with last Friday, was 10¢ at 14 points lower.

Cotton on the spot has met with some demand for home consumption, and quotations were yesterday advanced 1-16¢. The export business is small, but stocks are much reduced, and are composed mainly of the growth of the Gulf States. To-day the market was dull. The total sales for forward delivery for the week are 272,600 bales.
