FOR PRESIDENT, GROVER CLEVELAND, OF NEW YORK. FOR VICE PRESIDENT, THOMAS A. HENDRICKS, OF INDIANA.

DEMOCRATIC STATE TICKET.

FOR GOVERNOR: ALFRED MOORE SCALES, of Guilford. FOR LIEUTENANT GOVERNOR: CHARLES M. STEDMAN, of New Hanover.

OUTLINES.

The French are exultant over the success of their forces in China; European residents of Shanghai remain unmolested; there were reports that China desires to come to an agreement. Two large sugar firms at Vienna failed; the liabilities of one are \$4,000,000. At Naples the populace forcibly opposed the transfer of cholera patients to hospitals.

THE MORNING STAR.

VOL. XXXIV.--NO. 137. WILMINGTON, N. C., SATURDAY, AUGUST 30, 1884. WHOLE NO. 5302

We call the attention of all laboring men of all nationalities to a fact that is earnestly stated in the following paragraph from the Washington Post of Thursday: 'The Post of Saturday and Sunday last took due notice of the jailing of one hundred and fifty of the coal miners at Washington, Pa. They were arrested en masse and hauled off to prison because they refused to work for wages on which they found it impossible to feed their families. That was the actual cause of the outrageous proceeding.'

Gov. Cameron has written a letter that will give his quondam friend, Billie Mahone, the little Brigadier, great pain. The fact is the Governor writes to his friends in Petersburg to vote as they please, and to disregard 'the machine.' He says: 'But I do with earnestness and vigor, protest against the assumption of right by anybody to dictate your organization, to name your chairman and committeemen, and through such ravished machinery to control the delegates and through that to stifle the voice of your community.'

'Played' is soon to be written on the Boss's grave. But it is no Democratic funeral, we are glad to say. Mr. Gladstone has gone to Edinburgh to address his Scottish constituents. The preparations at the beautiful city are thus mentioned in a cablegram to the Herald: 'At Edinburgh preparations have been made for a grand welcome of the Prime Minister. Windows and balconies of business places and residences throughout the city have been decorated, and visitors in large numbers are arriving. Mr. Gladstone has accepted an invitation to attend a meeting of workmen to be held in Waverly Market on Tuesday next. Ten thousand tickets of admission to the meeting have already been sold.'

Dr. Deems's School of Christian Philosophy is in session at Richfield Springs, N. Y., and is well attended. He made a very entertaining address upon the work during the year. Prof. Tillet (a North Carolinian) of Vanderbilt, is attending and will read a paper. There are many really eminent scholars and preachers present.

Col. R. T. Bennett opens his canvass on the 3d of September. We publish elsewhere his appointments. He will make an active and very strong campaign, we prophesy. He will speak more than once in New Hanover. According to a special to the Herald from Berlin, the following are three points the three Emperors will discuss when they meet: 'First--Drastic measures to suppress anarchism. Second--The solution of the Egyptian question. Third--The settlement of the Congo question.'

The United States Hay Fever Association is in session at Bethlehem, N. H. There are several persons in Wilmington who might go up and join, and perhaps give them 'a wrinkle' or two not down in the books. There has been frost every month in Connecticut in 1884. In July and August the weather has been colder than in 1816, the year in which frost occurred in every month.

THE CAMPAIGN.

Mr. C. B. Aycock addressed the Cleveland and Scales Club at Fremont on Tuesday last. Oxford Torchlight. Col. J. B. Venable made one of his best speeches last Saturday, and it gave the Convention a splendid send off. The Executive Committee should see that his talent for which he is noted in this line, should not be hidden in the present campaign. Asheville Advance. Maj. Stedman and Capt. Kitchin are doing effective work out West for the cause they represent. At every point they are greeted with large audiences, and much enthusiasm is manifested among the voters. Maj. Stedman proves to be one of the finest debaters in the State, and his competitor is nothing like a match for him on the stump. Rockingham Rocket. We are requested to state that on next Saturday week, September 6th, the Democrats will hold a mass meeting at the Keller Springs, on which occasion Col. Steele promises to be present and address the people on the political issues of the day. Other speakers will be present. Tarboro Southerner. The electors for this District, Messrs. Donnell Gilliam and W. F. Williamson, have arranged for a joint canvass of a portion of the district for September. They are both young men of no ordinary ability.

The person selected to oppose Mr. Reid in the Fifth District in place of Dr. Wheeler, objectionable, is Mr. Leonidas C. Edwards, of Oxford. He is a recent convert to Radicalism, having been in 1882 both a Democratic candidate for the nomination of Judge against Judge Gilmer, and failing in that, the Mongrel candidate against him, and was badly walloped. He is a man of talents, a fine lawyer, a good debater, bold, saucy and aggressive. He is withal very hungry for office, which he is sure not to get.

Spirits Turpentine.

Granville Democrats nominated R. W. Winston for the Senate and A. H. Williams and R. W. Hobgood for the House. Winston is a lawyer, Williams is a railroad man and Hobgood is a worthy farmer.

Oxford Torchlight: When the next tobacco season opens in Oxford there will be an unheard of demand for places of business. From all we gather there is now the fullest and finest crop of tobacco ever seen on the ground in Granville.

The Anson Democrats nominated J. J. Dunlap for the House, J. A. Crowder for Sheriff, P. J. Coppedge for Register of Deeds, E. G. Robinson, of Treasurer, J. T. Porter for Coroner, and W. L. Tillman for County Surveyor, as we learn from the Times.

Raleigh News-Observer: There are so far 200 applications on file for the position of carrier under the new free delivery system. A new evening paper is to be started in this city about the 15th of next month, it is rumored, by Messrs. Page and Arendell of the 'Chronicle.'

Rockingham Rocket: Mrs. Eliza M. Batton relict of James Batton, of Montgomery county, died in Mineral Springs township on Sunday last, the 25th inst., aged 50 years. We are very sorry to hear that a son of Mr. John Robinson, of Anson, was on Monday last bitten severely on the wrist by a dog that was supposed to be mad. Other persons are said to have been bitten by the same dog.

Asheville Advance: Early Monday morning an aged and most respectable citizen of Haywood county, by the name of Lewis Cunningham, met with a horrible death at Kilmart's mill on Pigeon river. The unfortunate old gentleman who was seventy-five years of age, accidentally fell upon the teeth of a circular saw while the same was in motion, which severed his body in the twinkling of an eye.

Laurinburg Enterprise: About 5 o'clock last Friday evening, during a thunder shower, a large tree in the front yard of Mr. M. F. Gillis, 4 miles from Laurel Hill, and was so powerful as to knock his brother, who was standing in the front door of the house, (near by) to the middle of the room, and to render two of his sisters speechless. One of whom did not recover until after midnight.

Clinton Caucasian: A correspondent writes us that Mr. William Frederick, of Warsaw, has a fine stock of milk daily. The editor last week visited the north-western and western portions of the county. Crops are about an average. Money is very scarce, but the people are out of debt and reasonably prosperous.

Raleigh Visitor: An adjourned meeting of the Poultry Association was held last night in the Mayor's office to organize a permanent association. The following officers were elected: President, T. H. Murray; Vice Presidents, R. A. Showell and W. F. Batchelor; Secretary, John M. Sherwood; Treasurer, Henry E. Litchford; Board of Directors, W. G. Thomas, John Haywood, A. G. Lee, R. I. Williams and Bom Weathers.

New Bern Journal: Sweet potatoes of the new crop are coming in and bringing from 75 to 80 cents per bushel. Mr. Thos. F. Clarke has succeeded in securing a fine specimen of the white heron. He heard where some of these beautiful fowl were frequenting and went, with gun in hand, and returned with a fine large one, which will be taxidermied and added to his collection.

The long talked of Quaker Bridge Road is nearing completion, and if the authorities at headquarters will not get too impatient and restless over the many misrepresentations that have been forwarded by letter and delivered in person, a great work will soon be accomplished for the State of North Carolina.

Goldsboro Messenger: The estimable wife of our townsman, A. L. Darden, Esq., died at her residence in this city on Saturday morning, after lingering for many weeks, aged 36 years. One of our prominent merchants tells us that the late imported corn has sold here this season than has been the case for many years. A letter received from Prof. Geo. T. Winston, dated New York, the 25th inst., informs us of his safe arrival in that city from Europe, and that his interesting letters will be resumed on his arrival in Chapel Hill, for which purpose he has reserved full notes. We are requested to state that the next session of Wilmington Presbytery will convene at Rockingham (Presbyterian) church, near Duplin County, on Thursday before the fourth Sunday in September.

The crop outlook is generally encouraging. Only in some sections, and especially on light sandy lands, is there cause for complaint. Charlotte Observer: The sportsmen had another fine day at the past yesterday, the first gun being fired at 11 a. m. and the last at sunset. Only four regular matches were shot, but after that, make up matches consumed the day. The best shooting was done by Jordan, of Asheville, and Hall, of South Carolina. It was close work between them, but the tar head came out at last first best. The programme for the day was opened with the team for the championship and badge. Three teams entered, and the Charleston team was again victorious. The team match for the gun was next shot and the following were the scores of hits, each man shooting at 10 balls: Hall, Jenkins, J. Sanders, G. Gibbs, F. Jenkins, M. Carley, S. Patterson, G. Cooper, T. Hutching, A. Brem, I. McCullough, S. Hutchison, S. Hall, J. Jordan, 10.

The gun was won by Jordan, and at night, according to the rules of the club, it was raffled off, the winner to pay Jordan \$25 for having won it at the shooting. The rifle took place at the Beaufort House, and Jordan again won it, throwing 40. He certainly can lay good claim to it. Team match No. 6, eight balls, two men to team was won by Sanders and Jordan, who broke seven each. Match No. 7, five clay birds, was won by Jordan. R. E. Jenkins came in for the second prize and Gibbs for the third. Match No. 8, five double clay birds, was won by Gibbs; High second, and Jordan third. Match No. 9 was won by Hall, Jenkins coming in second. Col. Walter L. Steele won a prize, and great was the applause when it was presented to him. It was a big red star, the prize for the worst shot. Section master Wingate, of the Carolina Central railroad, was yesterday run over by a loaded hand-car and considerably used up. Along his way the flesh was laid open to the bone, the wound extending the full length of the jaw to the mouth. These of his teeth were knocked out, his right thumb was broken and the hand badly mangled, his head was cut and his thigh badly bruised. His escape from death was a narrow one.

THE CITY.

MUNSON & DENNIS' furnishings. MUNSON & DENNIS--Medicines. C. C. R. R.--Excursion to Shelby. J. W. HARPER--Steamer Passport. HEINBERGER--Pianos and organs. HALL & PEARSALL--Seasonable goods. J. C. STEVENSON--New honey, new flour.

Local News. The political cauldron among the colored Republicans is getting decidedly hot. The STAR thermometer only recorded 85 degrees as the maximum temperature yesterday.

Oysters, September [mullet], sweet potatoes, scuppernong grapes, and still we are not happy. There has been another drop of ten cents in the price of peanuts, just at the last end of the season.

Some of the big scuppernongs should be sent to the State Exposition. We have seen some 'whoppers.' The Hewlett Republicans will hold their County Convention at the Court House this morning at 10 o'clock. The front street market house was being thoroughly cleaned by water from a neighboring hydrant yesterday morning.

Major C. W. McClammy, Democratic District Elector, will speak at Manly, Moore county, on Friday next, September 5th. The army worm has appeared in this section and is eating the grass. It has attacked the fodder in some instances, but too late to do much harm.

We are afraid New Hanover will make a poor showing at the State Exposition. At all events she is not selfish, as she contributed \$500 to help the rest of the State along. The Democratic wigwag will soon be completed; then look out for some rousing meetings, such as the old Fifth--the banner ward of the city--knows so well how to get up.

A colored camp-meeting, under the auspices of St. Luke's A. M. E. church, will commence at Piney Bluff on Friday, the 5th of September, and close on the following Monday. In coming up the river yesterday the steamer Passport broke one of the blades of her propeller. She will be detained here to day in order to put in a new propeller, and will resume her regular schedule Monday. The steamer Italian will take her place to-day, leaving at 5 o'clock this afternoon, and returning early Monday morning.

Appointments of Gen. Scales. The Democratic State Committee announces the following appointments for Gen. A. M. Scales, at which Dr. Tyre York, the Republican candidate, has been invited to meet him, and a joint canvass may be expected: Lincolnton, Monday, September 1. Shelby, Tuesday, September 2. Rutherfordton, Wednesday, September 3. Columbus, Thursday, September 4. Monroe, Saturday, September 6. Big Lick, Stanley, Monday, Sept. 8. Albemarle, Tuesday, Sept. 9. Troy, Wednesday, Sept. 10. Mt. Gilead, Thursday, Sept. 11. Wadesboro, Saturday, Sept. 13. Rockingham, Monday, Sept. 15. Shoe Heel, Tuesday, Sept. 16. Fayetteville, Wednesday, Sept. 17. Sanford, Thursday, Sept. 18. Charlotte, Saturday, Sept. 20.

Maj. Stedman's Appointments. The Democratic State Committee announces the following appointments for Maj. C. M. Stedman, at which Hon. W. T. Faircloth, the Republican candidate, is invited to meet him: Valletown, Cherokee county, Monday, Sept. 1. Robinsville, Wednesday, Sept. 3. Charleston, Saturday, Sept. 6. Asheville, Thursday, Sept. 11. Hickory, Monday, Sept. 15. Statesville, Tuesday, Sept. 16. Lexington, Thursday, Sept. 18. High Point, Friday, Sept. 19. Winston, Saturday, Sept. 20. Durham, Monday, Sept. 22. Pittsboro, Wednesday, Sept. 24. Fayetteville, Friday, Sept. 26. Lumberton, Saturday, Sept. 27. Burgaw, Monday, Sept. 29.

Unmailable Letters. The following is a list of unmailable letters in the city Post Office: Miss Mary A. Bryant, care of David Bryant, Robeson county; Ed. Fowler, Lincolnton, N. C.; Mrs. Louise Green, care of Mrs. Ann Eliza Oully; John Warters, Granger, Nash Co., N. C.

A New Joke on an Old Citizen--A Feast that Weighs Seventeen Pounds. A good joke was played yesterday upon one of our elderly and sedate citizens, who recently went off on a short summer jaunt to Hamlet, but was only absent two or three days. He took his 'regular annual weigh' just before starting on his journey and found that he pulled down the beam at 163 pounds, gross. Yesterday, anxious to learn what effect summering had upon his system, while in the store of Messrs. Adrian & Vollers he stepped upon the scales, and found that his weight had increased exactly seventeen pounds. Our good friend was a little astonished at his rapid increase in corpulence, and at once let out an imaginary reef in his waist and, remarking that he knew his trip to Hamlet had benefited him, but supposed that if he had remained there much longer he would have been as fat as J--n W--r. He was not aware, and will not know until he reads this--that Mr. V. had his foot on the scales.

Burglary and Robbery. The residence of Mrs. Tindell, on Seventh, between Queen and Wooster streets, was entered some time during Wednesday night and robbed of money to the amount of \$27. The house was occupied by Mrs. Tindell, her two daughters and a young man. A hand was placed over the face of one of the young ladies, when she awoke and commenced a vigorous screaming. This aroused the remainder of the family, while it lent wings to the feet of the robber, who got out of the house in a hurry. Part of the money was taken from the pockets of the young man and part from Mrs. Tindell's. The daughters work in the cotton factory, and the thief probably knew that they had just been paid off.

The young man had a tolerable good look at the fellow, as he ran, and says he was a stout colored man, with a peculiar shaped foot. Magistrate's Court. George Singletary, colored, was arraigned before Justice Mills, yesterday morning, on a peace warrant sworn out by Hannah Smith, also colored. It seems from the evidence that, from a devoted admirer, the defendant was suddenly transformed into an avenging Nemesis; and the frightened damsel of dusky hue, afraid of her lover once so true, got out a warrant and had him arrested, and that was the case the magistrate tested. He was required to pay the costs and give bond in the sum of \$50 to keep the peace for sixty days.

Sent on for Trial. Eliza Devane, the colored woman who was arrested for taking up her quarters in the house of a family who were absent from the city, and who was accused of stealing a number of articles therefrom, had a regular examination before Mayor Hall yesterday morning, at the conclusion of which she was required to give bond in the sum of \$200 for her appearance at the next term of the Criminal Court, failing in which she was sent to jail.

Lutheran Church. St. Paul's Lutheran Church is undergoing some needed improvements and repairs. The seats are all to be taken up, scraped and revarnished, and a new and handsome carpet laid down. In consequence of the overhauling thus going on, services will be held to-morrow, and perhaps, on the following Sunday, in Luther's Memorial Hall, corner of Sixth and Princess streets.

RIVER AND MARINE. In coming up the river yesterday the steamer Passport broke one of the blades of her propeller. She will be detained here to day in order to put in a new propeller, and will resume her regular schedule Monday. The steamer Italian will take her place to-day, leaving at 5 o'clock this afternoon, and returning early Monday morning.

Charlotte, Saturday, Sept. 20.

Maj. Stedman's Appointments. The Democratic State Committee announces the following appointments for Maj. C. M. Stedman, at which Hon. W. T. Faircloth, the Republican candidate, is invited to meet him: Valletown, Cherokee county, Monday, Sept. 1. Robinsville, Wednesday, Sept. 3. Charleston, Saturday, Sept. 6. Durham, Monday, Sept. 22. Pittsboro, Wednesday, Sept. 24. Fayetteville, Friday, Sept. 26. Lumberton, Saturday, Sept. 27. Burgaw, Monday, Sept. 29.

Unmailable Letters. The following is a list of unmailable letters in the city Post Office: Miss Mary A. Bryant, care of David Bryant, Robeson county; Ed. Fowler, Lincolnton, N. C.; Mrs. Louise Green, care of Mrs. Ann Eliza Oully; John Warters, Granger, Nash Co., N. C.

Table with columns: Districts, Max. Temp., Min. Temp., Rain Fall. Rows include Wilmington, Charleston, Augusta, Savannah, Atlanta, Montgomery, Mobile, New Orleans, Galveston, Vicksburg, Little Rock, Memphis.

Weather Indications. The following are the indications for to-day: For the South Atlantic States, local rains and partly cloudy weather, followed by clearing and fair weather, south to west winds and slight changes in barometer.

For the Star. A little later in the campaign I shall naturally expect some latitude to be given to political parties in allowing them to march through the streets of the city, holding their meetings, etc., but in the name of the women and children, the sick, and especially those of our male citizens who labor hard by day and require rest at night, I protest against the nuisance of a fire and drums being allowed to march through our streets arousing our people from their quiet slumbers at a late hour of the night and after the adjournment of meetings, which in some instances have been held in some other locality of the city, and if there is any law for the protection of our people the Mayor should enforce it. The nuisance of which I complain above was perpetrated on citizens residing in the neighborhood of Seventh and Mulberry streets on Thursday night last.

Yours truly, LAW AND ORDER.
