There is no sure remedy for this state of things and the distress it brings with it, but it would be a great alleviation if we could return to a system permitting commercial activity and the free exchange of products with every part of the world.

THE CAMPAIGN.

- WORCESTER, Mass., Sept. 14 .-The Hon. James G. Blaine is expected to stop over in Worcester next Thursday on his way to Ohio and Indianapolis.

- ATLANTA, Sept. 14.-The relations of the Irish citizens of Georgia to the National Democratic ticket have lately been a subject of comment. It has been freely asserted that the Irish of Georgia were strong believers in Blaine's foreign policy, and as such would cast their votes for him. Interviews with representative Irishmen of the State, however, show that such assertions are baseless .- New York Times.

- LAWRENCE, Kansas, Sept. 14.-Mr. Sidney Clark, formerly a Republican member of Congress from Kausas, but lately not acting with the Republican party, has been, mentioned as the most promi nent of these resisting ex Republicans.

met him here to day, and he declared that he knew of many Republicans who would not vote for Blaine. He believes that the number is larger than he knows. This seems probable, for at Topeka last night I met a gentleman who was introduced as a Republican, but who soon turned out to be a silent opponent of Blaine. This man re-

ferred to the fact, which I had already noted, that the Republicans are scarcely more than mentioning the name of their candidate. No one ever hears any words of praise or admiration for Blaine.-New York Times.

"I used Swift's Specific on my little daughter, who was afflicted with some Blood Poison which had resisted all sorts of treatment. The Specific relieved her permanently, and I shall use it in my practice." W. E. BRONTE, M. D., Cypress Ridge, Ark. Y-No. 43 EAST.

An Editor's Experience LAID ASIDE FROM JOURNALISTIC WORK.

LAID ASIDE FROM JOURNALISTIC WORK. After trying numerous remedies for Bheuma-tism, but without permanent relief, I was advised to use S. S. s, which had given permanent relie' to others suffering from rheumatism. After ta-king half a dozen bottles I found that the disease was entirely driven out of my system, and a per-manent cure secured. This was over a year ago, and since then, even during our most severe weather, with sudden changes. I have never suf-fered a return of the old attacks which disabled me from editorial work. It is very seldom, theed, that I recommend anything to the public in this manner, but I feel it due to your valuable preparation, that has gi-lief, to state these facts thus publicly. I am sure that but for your Specific I should have been laid aside from journalistic work, as the severest at-tack was in my right arm and hand. BINNEY HEREMENT, Atlanta, Ga.
