MARYLAND.

The Prohibition Party to Put a State Ticket in the Field - Business

Baltimore, Sept. 15.—The Italian Consul E. De Merolla left this city about two weeks ago and has not since been heard from by any of his friends or business partners. It is now thought that financial troubles are the cause of his disappearance. It is stated that he is indebted to various parties in this city to the extent of \$30,000 for borrowed money, and to-day the sheriff made seizure of all the stock in the wholesale business of E. De Merolla & Co., at 83 South Gay street.

Baltimore, September 16.—At the conference of the Prohibition party of Maryland in this city to-day it was resolved to put an entire State ticket in the field and to recommend that the following candidates be nominated: Prohibition candidates for Congress. During an address, Rev. D. B. Newman, of the National Executive Committee, said that the Democratic party was the declared enemy of prohibition and that the only way to defeat it was to elect a Republican. The Republican party had no more backbone than a fishing worm and was fast approaching its doom. Hon. W. Daniel, Prohibition candidate for Vice President of the United States, was present and took part in the meeting.

STOCK MARKET.

Disturbed State of Business on the New York Exchange.

New York, Sept. 16.—Business was resumed at the Stock Exchange this morning with a feverish tone to the market. Before 11 a. m., however, a moderate buying movement set in and there was an advance of 1/4 to 1/2 per cent. At midday the market was weak again and continued so until the last half hour of business. Reports were circulated affecting the credit of a National bank, but the president of the institution subsequently issued a statement denying the truth of the report. Rumors from the West regarding railway meetings were of an unfavorable character. The bears, at times, made sharp rallies against coal shares. About 2:40 p. m. the market began to rally under purchases for short account, and a rally of 1/4 to 1/2 per cent. took place. In the final transactions a further tone prevailed. Compared with last night's closing prices there was a 1/4 per cent. lower, except Lackawanna and New York Central, which are 1/4 per cent. higher.

MISSOURI.

Disaffection with the Cotton Rate from St. Louis to New York.

St. Louis, Sept. 16.—The cotton rate between here and New York, as fixed by Commissioner Fink, at 35 cents per hundred pounds, which goes into effect tomorrow, is very unsatisfactory to four or five railroads interested in the matter, and will no doubt result in "cutting" at once. The rate is five cents higher than the one asked for, and representatives of the concerned parties will prevent them from competing with the Memphis, New Orleans & Galveston Railroad, and is not at all likely to be adhered to.

KENTUCKY.

A Murderous Son of a Minister of the Gospel.

Bannockburn, Sept. 15.—Thos. Thurman, son of a reputable minister of the gospel, is in jail for a murderous assault on a colored man named Rogers. Yesterday he brained a fellow prisoner named Frank Feuster, who interfered to stop his torture of a boy who was confined in the same cell with him. Feuster will die.

VIRGINIA.

Work Stopped at a Large Basket Factory at Petersburg.

Petersburg, Sept. 16.—The large fruit, candy and berry basket factory of George Brown & Co., in this city, has stopped work, throwing out of employment over 150 persons. The factory produced about 15,000 baskets per day, which were shipped North and South. It is stated that the factory will be sold.

NEW YORK.

Barbarous Treatment of a Lunatic by Her Family.

Auburn, Sept. 16.—An officer of the law and an *Advertiser* reporter found in a cell, confined in a filthy pen, in a nude condition, a woman named Mrs. New, who had been a lunatic from birth. She owns considerable property, but had been kept in this condition by her relatives.

SOUTH AMERICA.

Arrival of U. S. Minister Logan in Chili.

Valparaiso, September 16.—U. S. Minister Logan and family have arrived at Angol, Chili. The express train upon which they were passengers was attacked by bandits near Valparaiso. They were tempted to wreck the train, but the courage of the driver prevented it.

ELECTRIC SPARKS.

Confidence is reviving in Naples, Italy, and the gloom and depression have sensibly diminished.

During the past twenty-four hours there have been 470 fresh cases and 107 deaths from cholera.

The strike at Hartman's steel works, at Beaver Falls, Pa., is a failure. Thirty men returned to work yesterday under promise to withdraw from the Pennsylvania Association and Knights of Labor and others are expected to follow.

NEW CARPETS.

BERRHENS & MONROE, R. E. Cor. Market and 2d streets, are now exhibiting new styles in CARPETS AND FURNITURE, and will sell the same at wholesale and retail five per cent. below any house in the State. sep 14 tf

Furniture.

NEW STOCK FOR FALL TRADE ARRIVING EVERY DAY, MANUFACTURED EXPRESSLY FOR THE MARKET. New styles and low prices. Call and examine our extensive stock of New and Fashionable Goods, all made this season. sep 14 tf

Spirits Turpentine

The Beaufort Telephone has completed its third year. It is a paper of intelligence and good morals. It deserves to be well supported at home.

The Carthage Gazette has begun its third year. It is edited with an intelligent appreciation of the responsibilities of journalism and we are pleased to know it will be continued.

— Revivals reported in Raleigh: Advocate: Bethel, 50 professions, 39 additions; Pleasant Grove, 15 professions, 11 additions; South Fork circuit, 68 additions; Davidson circuit, 8 additions; Big Lick, 24 additions; Nashville circuit, 98 missions, 15 additions; Person circuit, 32 additions; Warrenton circuit, 14 additions.

— Durham Recorder: Mr. S. A. Thaxton will plant 100 acres in grape vines this fall. We learn from Mr. J. C. Wilkerson, Registrar of Deeds, that the value of property in Durham county increased \$900,000 from June 1st, '83 to June 1st, '84. This will in our opinion show the largest increase of property in any other county in the State. Total value of property is \$4,100,000.

— Graham Gleason: The LaFayette Mills, located at Company Shores, was sold at public auction for cash last Thursday. R. J. Reynolds, of Winston, was the purchaser. The consideration was \$12,040. The machinery was all as good as new, having but run but a short while, and the whole outfit having cost more than \$25,000. It is stated that he is indebted to various parties in this city to the extent of \$30,000 for borrowed money, and to-day the sheriff made seizure of all the stock in the wholesale business of E. De Merolla & Co., at 83 South Gay street.

Baltimore, September 16.—At the conference of the Prohibition party of Maryland in this city to-day it was resolved to put an entire State ticket in the field and to recommend that the following candidates be nominated: Prohibition candidates for Congress. During an address, Rev. D. B. Newman, of the National Executive Committee, said that the Democratic party was the declared enemy of prohibition and that the only way to defeat it was to elect a Republican. The Republican party had no more backbone than a fishing worm and was fast approaching its doom. Hon. W. Daniel, Prohibition candidate for Vice President of the United States, was present and took part in the meeting.

— Tarboro Southerner: Died, Thursday, September 14th, of brain fever, Pascal Paul Norfleet, in the 25th year of his age. He was a young man of much promise. The funeral took place at his home in this place yesterday morning, in the 51st year of his age. He has engaged in mercantile pursuits here until the year began, when he helped organize Co. B, 30th N. C. I. and was elected 1st Lieut. He was promoted to be quartermaster of the regiment, and soon afterwards was appointed brigade quartermaster with the rank of major.

— Greensboro Advance: It is to be regretted that much sickness prevails in Asheville. This is a matter of vital importance to Asheville, and a "hint to the wise is sufficient." As a public journalist, we would be recalcitrant to our duty and to the public, if we did not proclaim the truth in this matter. It becomes important to know if our city is in that condition which will tend to promote the health of which we boast, and upon the faith of which we invite all the world to Asheville. J. G. Ginder writes as follows to Gen. Clingman's tobacco cure: Six gentlemen were standing in a group on the street, when the subject was mentioned, and I found that three out of six had been benefited by its application. One had had a sprained ankle, and after two months' application, found himself entirely relieved. One had a bruised hand, could neither sleep nor rest, and the first night was relieved. One had a sprained ankle, and from its application, was enabled to walk. I have heard more than twenty persons, since Clingman's publication, say they had been benefited by this simple remedy.

— Elizabeth City Falcon: There is considerable talk of Judge Albertson's declining the nomination for Presidential Elector. I am told up in the Roanoke river near Weldon is the only place in the United States where rock are known to spawn extensively. — Lake Phelps, or Scuppernon Lake, (whichever you please), is a majestic expanse of fresh water, nine miles long by seven broad. It is just about half the size of Matamuskeet Lake, but very much deeper, there being twelve feet of water in many places. Like the other, it has new no natural outlet, though it is asserted that there has been such an outlet within the memory of man. The five or six immense farms around Lake Phelps cannot be surpassed in point of natural productivity. The land is very similar to that of the best Hydr. corn lands in New and very rich and of a peaty formation. It is a pleasure to go over one of these immense plantations and admire the great variety of crops and rice. Mr. Charles L. Pettigrew has in cultivation one of the best farms there or anywhere. He has about 900 acres—700 hundred in corn and the remainder in rice. At a low estimate he will make 500 barrels of corn this year and nearly 10,000 bushels of rice. He has on this farm nearly eighty miles of ditching—and it requires a large number of men and animals to do the labor. The farm is laid off as nicely as a modern city—great level ditches, cross ditches and roads dividing into sections. sep 16 tf
