A Diabolical Attempt to Burn a House Full of People-The Wife of the Man Accused of the Crime the Only Victim -Two Yellow Fever Deaths at Long Island Hospital.

[By Telegraph to the Morning Star.] NEW YORK, September 20.—An elaborate and well planned attempt at arson in a house full of people was brought to light to-day. The diabolical crime, however, miscarried. Its only result was the killing of a woman, wife of the man whom the police arrested on the charge of setting fire to the house. The woman was Mrs. Gerstey, wife of Leo Gerstey, a saloon keeper, at 234 Rivington street. The fire was discovered in his house. He lived on the second floor with his wife and child, and seven lodgers occupied the third floor. Early this morning a police officer saw flames in the house and gave an alarm. He and another officer entered the adjoining house and aroused the inmates. Then, ascending to the roof, they went to the rescue of the occupants of the burning building. They, however, at the first alarm, had fled to the street; all but two-Mrs. Gerstey and her nine-year old boy. They were found on the roof; the boy nearly choked with smoke and the woman dying from horrible burns. The two were brought to the street. In the meantime the fire had spread, and eaten its way through to the roof. The flames blazed furiously. When the fire was put out it was found that everything in the house had been saturated with kerosene oil, and the gas everywhere turned on. A sofa was saturated with oil and chairs piled on it in the front room, and it was then set on fire. Fire was also started in the closet. Kerosene steeped wood and shavings were scattered everywhere in the house. Mrs. Gerstey could give no account of the affair. She was taken to a hospital and died at daybreak. The boy was not badly burned. The husband could be found howhere. It was reported that he had a quarrel with his wife and went away and was seen no more. It is conjectured that the woman had a hand in firing the house. Gerstey returned to the house later, as unconcerned as if nothing had happened, and was placed un-der arrest. He is a Frenchman and expressed no concern at the charge preferred against him. He denied that he was guilty and said he had been out of the house all night. When arraigned in court, Gerstey was committed for examination. Two men from the steamer Africa, which arrived here recently from a West India

port, and which vessel is now lying at South Amboy, died yesterday at Long Island College hospital, of yellow fever. ALBANY, Sept. 20 .- Gov. Cleveland has

pardoned James Larkins, convicted of burglary in Queens county. He regards the verdict of the jury as invalid and outrageous. The Governor has also restored fifty-one persons to citizenship.

France and China-Gordon's Great Victories - Cholera - The Grant for a Hospital. [By Cable to the Morning Star.]

PARIS, Sept. 20.-The Panama Canal Company has signed a contract with the New York Dredging Company, for the setting of the last station of the canal. This contract provides that 'the work shall be finished in 1887.

At a meeting of the Science Congress a Blois yesterday, the Chief Engineer of Marseilles revealed the fact that a case of cholera occurred in Marseilles as early as June 10th. The Chief Engineer of Toulon stated the disease in that city had made the most havoc among the butchers and bakers. In no instance had street scavengers been stricken with the malady.

ROME, Sept. 20.-The Pope, in token of his affection for the Romans, has granted \$200,000 for the establishment of a hospital in the vicinity of the Vatican. In the event of an outbreak of cholera at Rome, hie holiness promises to visit the hospital

MARSEILLES, Sept. 20.—There were no deaths from cholera here yesterday, but three fresh cases developed on board the ship LeResolut, from Martinique.

SHANGHAI, September 20.—The French have added to their previous complications by destroying the police junks in Min river, which acted for the suppression of piracy. Neutral fleets will now be compelled to suppress pirates.

London, September 20.-Sir Evelyn Baring, English representative in Egypt, telegraphs from Cairo that the Mudir of Dongola has received advices from several sources to the effect that Gen. Finding of the Court of Inquiry into the Tallapoosa Disaster-The Health of Mexican Gult Ports - The Commissioner of Pensions to Resign. [By Telegraph to the Morning Star.]

WASHINGTON, September 20.—The Court of Inquiry appointed to investigate the circumstances of the collision between the Tallapoosa and the Baltimore schooner finds that the Tallapoosa did all in her power to avoid a collision and complied with the law in all respects and that the blame for the collision rests with the schooner. The Department approves the finding of the court.

The Acting Assistant Surgeon at Browns ville, Texas, reports to the Surgeon General of the Marine Hospital Service, that there have been no cases of yellow fever at Matamoras, Mexico, nor at Brownsville, and that the season at Mexican Gulf ports has been one of the healthiest ever known. The fever is decreasing at Hermosillo,

It is stated that W. W. Dudley, Commissioner of Pensions, tendered his resignation to-day, intending to engage in the banking

The banks now hold \$28,154,700 in excess of legal requirements cess of legal requirements.

Heavy Failure in the Cincinnati Clothing Trade-Preferences for \$200,-

[By Telegraph to the Morning Star.] CINCINNATI, September 20.—Bucksman Bros., clothiers, made an assignment this afternoon to M. J. Mack and Herman Huseman. Their statement to the Commercial Agency in July last gave their capital at about \$150,000, with personal property of the members of the firm at \$30,000 more. Their liabilities were then given at from \$50,000 to \$75,000. No statement has been made of their present condition, except, it is understood, preferences to the amount of \$200,000 have been given, mainly to creditors in this city. Private advices from New York say the firm owe Rindskoff Bros. & Co., of that city \$150,000, but a member of the firm stated yesterday that they had no financial relations with Rindskoff Bros. & Co. The firm has been established for twenty years and succeeded Rind-skoff & Co. It is composed of Alexander and Joseph Bucksman and Abraham Meyer, their brothers-in-law. Raphael Bucksman, their elder brother, is manager for Rindskoff & Co , New York. The best inquiry that can be made places the liabilities at \$400,000. The assets are mainly absorbed by preferences.

A fire broke out yesterday in the carriage factory warerooms of Wm. D. Rogers & Co., Philadelphia. The valuable stock on the first floor was saved but the contents of the upper stories were badly damaged. The loss is estimated at \$30,000.

### THE STATE CANVASS.

Raleigh News-Observer. Gov. Jarvis will speak at Marion on Monday, September 22. Judge Fowle and F. A. Woodard, candidate for Congress, spoke at Snow Hill to a large and enthusiastic crowd, and we learn that the condition of affairs in Greene is all that we could wish. -- The canvass Maj. Stedman, candidate for Lieutenant Governor, has been making in the west has won for him great applause and has established for him an enviable reputation as a stump speaker of unusual brilliancy and resources. The western papers give him warm praise and one of our Asheville exchanges speaks of his late speech at that place as being equal to the best yet delivered there. Talking with a gentleman, himself a campaigner ranking with the best the State has ever had, he told us that he heard Major Stedman and Judge Faircloth at Statesville and that not only was Major Stedman's victory complete but his speech was eloquent and vigorous, and a finer effort one seldom hears on the stump.

### State Gleanings,

- Goldsboro Bulletin: We regret to hear of the death of Mrs. John H. Pate. She died at her home at Sandy Plain on Thursday.

- New Berne Journal: A pin dropped out of the engine on the up train yesterday morning when near Tuscarora. The throttle lever struck the engineer, Mr. G. W. Brinkley, inflicting a severe wound.

-Raleigh Banner-Enterprise: The village of Oberlin is about two miles in length and is rapidly growing. The most of the houses are well built, and present a beautiful appearance. The yards are well laid off, and many of them are full of beautiful grass and flowers. The houses are well furnished and are neat and clean.

- Greensboro Workman: The Farmer and Mechanic prints the whopping statement that since the North Carolina exhibit at Boston \$3,000,000 of capital had been invested in North Carolina, and characterizes it as "unfortunately untrue," in which the Farmer and Mechanic is undoubtedly correct. We are probably expecting too much from our show days.

- Durham Reporter: Capt. N. A. Ramsey, who returned from a visit to Pittsboro yesterday, tells us of a beautiful map of Chatham county, which the ladies are preparing for the Exposition. It is not drawn with pen or pencil, but the entire county is shown by moss that is sewed on canvas. Towns, mountains, rivers, rail-roads, dirt roads, factories, flocks of sheep grazing here and there, all look as natural as life. The Captain says it will be worth a trip to the Exposition to see it."

- Asheville Advance: We learn from a gentleman who came direct from Madison county yesterday, that deputy sheriff W. H. Haney, of that county, was dangerously and perhaps fatally wounded by two men by the name of Fox, on Ivy, near the Yancey line, on Wednesday, while endeavoring to execute a warrant against one of them. He was shot in the shoulder by one of the men while the other cut him on the abdomen with a knife, inflicting t dangerous wound about four inches in

- Raleigh Farmer & Mechanic. Gen. T. L. Clingman informs us that he is in receipt of scores of letters testifying to the efficacy of the "Tobacco Remedy. His article has gone the rounds of the Union, as many as 30,000 copies being printed by "Health and Home." ——Geo. W. Kirk, of Kirk and Bergen's outlaws, was in Waynesville last week-supposed to be working up some deed of deviltry. The News says the citizens declined to accept an introduction to him. This is to the credit of Waynesville. Kirk's conduct in Alamance and Caswell was bad enough. but his previous record was still worse. Kirk and McLindsay dodging about the State signifies some scheme of skunkery.

After physicians have failed to cure, a single bottle of ROSADALIS seems to effect such a marked change as to give new hope and life. Read this letter:

I have been a great sufferer with inflammatory Rheumatism for the last twelve months. I was induced to try your preparation, Rosadalis, and I have been greatly benefited. My hands and feet are still enlarged, but I feel so much better that I want to continue taking the ROSADALIS. Rehoboth, Va.

MRS. M. V. DANCE. Wm. H. Green, Agent, Wilmington, N. C.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soething Syrup.was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still suffering; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 25 cents a bottle.

### LOCAL NEWS.

Ald for the Soldiers' Home.

We learn from the Richmond State that the Board of Visitors of the Soldiers' Home of the R. E. Lee Camp, Confederate Veterans, have contracted with the Harris Dramatic Company, of New York city, to give a series of performances for the Home fund. Local aid committees of ladies and gentlemen have been formed in the following cities: Richmond, Norfolk, Lynchburg, Wilmington, Charlotte, Charleston, Columbia, Pensacola, Savannah, Macon, Columbus, Rome, Augusta, Atlanta, Mobile, Birmingham, Opelika, New Orleans, Memphis, Vicksburg, Chattanooga, Knoxville, Nashville, Frankfort, Lexington, Ky., Louisville, Cincinnati, St. Louis and Kansas City, and from the tenor of the letters daily received by the Secretary, says the State, the movement promises to be a grand success, financially and fraternally.

Pruit for the Expesition.

Friday afternoon we took a look, in company with Capt. Noble, at his large collection of jars of fruit, stored on the second floor of Briggs' drug store, preparatory to being sent to the State Exposition. The fruit is very fine, especially the pears, which are splendid specimens, very large and beautiful. Sulphuric acid has been found to be the best preservative after all. The fruit put up in this remains perfect and solid, while that put up in alcohol not only loses its color, but the liquid becomes so discolored that the fruit cannot be seen to advantage.

We have been satisfied during the past few weeks that New Hanover will make a very creditable display at the Exposition.

Reversing Things. One of our city sportsmen slightly reversed the order of things, last Friday, when he straddled the colored brother's back for transportation across a certain ditch. The "bottom rail" was not then on "top." The colored brother couldn't see the difference, however, while his head was under the water, nor was it any time for the sportsman to think of "swapping horses," while his hunting suit and trappings were trailing ingloriously in the mud. The depth of a clear running brook is easily fathomed, but the deep downness of a muddy ditch is not so readily ascertained, until you try it, as the sportsman and colored brother did.

Parsonal. We are glad to learn that Rev. W. I. Hull's health is steadily improving. He is stopping with Mrs. Harkey, a worthy Christian lady who keeps a boarding house, and now thinks he will go no further than Monroe; the weather is so cool. Rev. Mr. Tuttle and wife returned to

Smithville on Friday. Prof. M. C. S. Noble, Superintendent of the Wilmington Graded Schools, returned to this city Friday, but goes back to Johnston county for a few days on account of the sickness of his father.

The receipts of cotton during the week closing yesterday footed up 2,362 bales. as against 1852 bales for the corresponding week last year, an increase of 510 bales. There has been a falling off of 475 bales since the commencement of the crop year, however, the receipts being 3,497 bales this year as against 3,972 bales for the corresponding period last year.

"Humpty Dumpty." The bill boards about the city have been ablaze for days with gay posters of "Humpty Dumpty"-to appear in the Opera House here on the 25th inst. Raleigh Register.

RALEIGH REGISTER, North Carolina Democratic newspaper, will be commenced.

The REGISTER will be printed weekly until the great political campaign of 1884 begins. It will then be issued twice a week, or as often as may then be income to the Democratic party then be issued twice a week, or as often as may be useful or necessary to the Democratic party in North Carolina. It will be printed from new and beautiful type, on good white paper, and though it may not be large enough to hold all at once all the good things that glowing prospectuses sometimes promise, yet the application of a thorough knowledge of how to use them will put into its thirty-type broad columns all the news.

bute letters from the Capital on State Pand affairs.

Democratic in politics, the Observer will labor, first of all, to assure the prosperity of the bor, first of all, to assure the prosperity of the bor, first of all, to assure the prosperity of the cultural resources of its own and the neighboring counties, and to promote all that concerning counties, and to promote all that concerning the welfare of the people of North Carolina.

Opposed to such innovations on the homely ways of our fathers as, in the guise of progress, ways of our fathers as, in the guise of progress, harm society, the Observer will be found in fall sympathy with the new things born of the sympathy with the new things born of the changed condition of the South which sound judgment or enlightened experience find to be also good. As to the rest: it will strive to deserve the reputation of the name it inherits.
