ADVERTISING RATES (DAILY).—One square one day, \$100; two days, \$175; three days, \$250; our days, \$300; five days, \$350; one week, \$450; two weeks, \$650; three weeks \$850; one month, \$1000; two months, \$1700; three months, \$3400; ix months, \$4000; twelve months, \$3000. Ten ines of solid Nonparell type make one square. All announcements of Fairs, Festivals, Balls Hops, Pic-Nics, Society Meetings, Political Meet ngs, &c., will be charged regular advertising rates

Notices under head of "City Items" 30 cents per line for first insertion, and 15 cents per line for each subsequent insertion. No advertisements inserted in Local Column at

Advertisements inserted once a week in Dally will be charged \$100 per square for each insertion Every other day, three fourths of dally rate. An extra charge will be made for double-column

Notices of Marriage or Death, Tribute of Respect, Resolutions of Thanks, &c., are charged for as ordinary advertisements, but only half reses when paid for strictly in advance. At this rate 50 cents will pay for a simple announcement of Marriage or Death. Advertisements to follow reading matter, or to occupy any special place, will be charged extra according to the position desired

Advertisements on which no specified number of insertions is marked will be continued 'till for-pid," at the option of the publisher, and charged up to the date of discontinuance.

Advertisements discontinued before the time contracted for has expired, charged transient ates for time actually published. Advertisements kept under the head of "New Advertisements" will be charged fifty per cent. extra.

Amusement, Auction and Official advertisements one dollar per square for each insertion.

All announcements and recommendations of candidates for office, whether in the shape of communications or otherwise, will be charged at advertisements.

Payments for transient advertisements must be made in advance. Known parties, or stranger-with proper reference, may pay monthly or quar-terly, according to contract. Contract advertisers will not be allowed to ex-oed their space or advertise any thing foreign to their regular business without extra charge at transient rates.

Remiltances must be made by Check, Draft, Postal Money Order, Express, or in Registered Letter. Only such remittances will be at the risk of the publisher.

Communications, unless they contain impor-tant news, or discuss briefly and properly subjects of real interest, are not wanted; and, if accept-able in every other way, they will invariably be rejected if the real name of the author is withheld. Advertisers should always specify the issue or ssues they desire to advertise in. Where no issue is named the advertisement will be inserted n the Dally. Where an advertiser contracts for the paper to be sent to him during the time his advertisement is in, the proprietor will only be responsible for the mailing of the paper to his advertise.

The Morning Star.

By WILLIAM H. BERNARD.

WILMINGTON, N. C. THURSDAY EVENING, OCT. 2, 1884.

EVENING EDITION

A SURPRISE AND AN ANSWER.

We were surprised to see a paragraph in the Wilmington STAR, rejoicing over the loss of 20,000 subscribers sustained by the

New York Sun, on account of its refusal to support the libertine, Grover Cleveland. But that is in keeping with the fell spirit of Bourbonism. It does not merely rejoice over the misfortunes of its political opponents, but it will help to ruin them financially and otherwise .- Salisbury Examiner.

The explanation is easy. The Sur has professed and still professes to be a Democratic paper. Since the nomination of Cleveland it declared that it would support him. It declared furthermore that it would shut up shop forever before it would help elect Blaine. It is now doing all it can to elect Blaine. It is now engaged every day in trying to defeat Cleveland. It denounced Ben Butler in the most bitter and excoriating terms of personality. It is now his organ. Can such a paper have any character? Is it worthy of the support of any decent man in the land? It has a large subscription, of possibly 100,000, and most of these are Democrats. They were induced to subscribe to the Sun because they believed it was sincerely Democratic. When 20,000 or more who have been deceived and disgusted, withdraw their support they do right and we rejoice in their spirit. A treacherous paper can do no little harm. In the Sun's case it has injured the Democratic party because it masqueraded in Democratic garments.

If the Sun had shown its true colors, stated plainly it was not Democratic but Republican and was bent on electing the "tattoed man" whom it had so roundly denounced and many times, we would say, "Go and prosper if you can." But it is treacherous and sly and mean, and to-day prospers because it has been supported by tens of thousands of Democrats who trusted to its honesty. In North Carolina at one time it had between 3,000 and 4,000 subscribers and we suppose that 99 in the 100 were Democrats.

own. It does not propose to wear a nated. Ten days after Mr. Cleveland was noke or obey the crack of the party lash. It will not stultify itself nor red the matter 'confidentially' to the Reabuse men for thinking for themselves and obeying honest convictions. It has never wished evil of the Examiner in the strange company it the Republican party for the high now keeps. For aught we know the Examiner may be honest. If so, it is too honest to pretend to be Democratic. The STAR is strictly Democratic without subserviency or surrendering conscience and manhood. It supports principles, and unlike the Sun, does not support Butler, the he was responsible for the slanders meanest politician in the land always put in circulation against Cleveland. excepting Jim Blaine, whilst pretending to be opposed to Radicalism. The

with might and main, both by night and by day, to keep the rascals in. The STAR is for Reform—thorough, earnest Reform in all departments of the Government. It is working to turn the rascals out and to keep them out. It is fighting against Blaine, Butler and York and all the latterday Radical converts.

BLAINE AS A SCAVENGER.

Not having any thing to go upon in the way of political record as an offset to Blaine's scandalous and villamously corrupt official life, the dirty scavengers of the Radical party, aided and abetted by their candidate Blaine, have been diligently lying upon and foully slandering Gov. Cleveland for two months. They tried to make capital out of his unfortunate affair with a woman at Buffale some years ago. They went to work in earnest and by distorting and magnifying and misrepresenting the facts they did some harm for awhile. Blaine was at the back, as Gov. Plaisted, of Maine, has shown, of all this mean and base attack upon Gov. Cleveland. It was a positive confession of weakness and defeat. There was nothing in Cleveland's political record that would not add to his fame and success, so the Artful Dodger, of Maine, sent for the editor of his New England organ, the Boston Journal, and had 100,000 extra copies of an edition struck off that fairly teemed with loathsome lies defaming the Democratic candidate and Blaine's opponent. Blaine set the example of attacking his rival's private

character. Since then the revelations concerning Blaine's private life and his own confessions have thrown in the shade the youthful indiscretions of the Democratic candidate. Whatever of filth there is in the campaign is directly traceable to Blaine himself.

But Blaine is not satisfied. His prospects grow more desperate daily The second instalment of Mulligan letters has knocked the bottom out of whatever of little character he was supposed to have had by the Star Routers and the remainder of the thieves and bummers. Blaine is still at his very dirty work of defaming Cleveland and shows himself the main "pal" of the blackmailers who are spreading lies and scandals about Gov. Cleveland.

Two or three weeks ago they sent out circulars in every direction bringing charges of vice against Cleveland with bogus or worse than bogus certificates accompanying. This dirty and infamous work of defamation continues and Blaine is known to be positively conniving at and egging on the conspirators and criminals.

We have before us a record of the efforts of Blaine and his scavengers to malign Cleveland, and they were groundless and base and false. We will give but one specimen:

On last Thursday a telegram was received by the Hon. Edward McPherson, Secretary of the Republican National Committee, which read thus: BUFFALO, Sept 25, 1884.—To Republican National Committee, New York City: To

the Secretary: I wrote Mr. Blaine reference to campaign documents which affect Cleve-land. Mr. Blaine answer to my letter he referred to your committee, answer if so SAM'L H. WARREN, M. D.,

The document referred to purported to To the Buffalo Orphan Asylum, dr. -403 VIRGINIA STREET. To board of Cleaveland from Nov. 10th to Feb. 10th, '83, 13 weeks at 2 50 per week......32 50

Upon investigation it was found that the name was spelt "Cleaveland" and that the child had no connection whatever with the Democratic candidate for President, but instead was left at the asylum by its father. Frank Guenther.

The genuine records of the Buffalo Orphan Asylum bear this record of the child called "Cleaveland" in the mutilated bill. Cleaveland Guenther, born October 25, 1882; entered the asylum November 10, 1882; received from Frank Guenther; supported by father; guardian, Dr. Warren, 19

The book of departures bears a similar record, ending with these words: Taken away. By whom taken. Amount

Died. This document, very much mutilated, was the subject of a correspondence be-tween Dr. Warren and Mr. Blaine as early The STAR is not an organ and would not be. It has opinions of its own. It does not propose to wear a publican National Committee.

Now here is the "fine Italian hand" of the man who is the nominee of office of President. He is at work trying to kill off Cleveland, first as candidate for the nomination, and second as a candidate for the highest office in the land. He has lied about this matter just as he has lied about all things else. He has denied that

ing to be opposed to Radicalism. The STAR does not cry, like the Sun, "Turn the rascals out," and then go to work, directed by Mr. Blaine to thank you for your kind note of June 30, which he has

Read this:

read with interest and referred confiden-tially to the Secretary of the Republican National Committee. Very truly yours, "Thomas H. Sherman,"

"Private Secretary." Warren is a Radical of the mean est sort. He mutilated the bill outting off Guenther's name leaving "Cleaveland" to make it appear that this was the child's last name. It is now asserted that Joseph M. Wolford, of Buffalo, New York, has possession of the original document and a manuscript letter of Blaine's. Warren got drunk and told Wolford of the plan to sell the documents to the Republicans. He and Wolford and one Dr. Don went to work to sell. They failed as the document was not believed to be worth \$250. Wolford told others about it, among others Mr. Wilson S. Bissell, a lawyer. An attempt to sell to the Sun failed, as the following dispatches

NEW YORK, September 22, 1884.—J. M. Wolford, 152 Broadway, Buffalo: Cannot offer anything without first seeing the pa-C. A. DANA. The second reads as follows:

NEW YORK, September 23, 1884.—J. M. Wolford, Buffalo: I cannot buy without examining and knowing. C. A. DANA.

Wolford still holds the papers. It is thought now that Gov. Cleveland's friends may take legal steps against the principals of the infamous plot.

SPECULATING ON THE ELECTION.

Is there a Republican of any sa gacity and candor who will deny that the following States are safe for Cleveland and Hendricks:

Alabama	1	0 Missou	rii
Arkansas		7 New Je	rsey
Delaware		3 North	Carolina
Florida	1.76	4 South	Carolina
Georgia		12 Tennes	seeff. T. Tr.
Kentucky .		13 Texas.	
Louisiana.		8 Virgini	8
Maryland		8 West	Virginia
Mississippi.	7*	9	
Total			

Now 201 elects. Can Cleveland get the lacking 39? Why not? He will get them as follows:

New York......36 California 8 Nevada..... 3

The first two voted for Hancock, was heavy. Colonel Steward had a and why should they not vote for Cleveland? Gov. Hendricks carried Indiana in 1876, and why not in 1884? He has never been beaten in his own State. New York and Nevada will elect Cleveland. But in addition to the States named Cleveland has a fighting chance in Ohio and Michigan and some showing in Wisconsin. If he gets the States named above in columns he will have 230 votes. If he should get Ohio and Michigan he will have 39 votes more-in all 269. That will be enough. Blaine will have for his share, in that case, but 132, and that is 132 more than such a scamp ought to have. But will Cleveland receive 269 votes of the 401? He may have some less, and it is not impossible that he may get more. If Wisconsin, Massachusetts and Pennsylvania should go for him it would be almost a clean sweep.

But seriously, Cleveland's chances seem now to be good. We believe he will get the 162 votes, and we believe he will get New York's 39. He lacks but three. We can not doubt that in the other States he will get the needed three. We shall not be surprised if Cleveland's electoral majority should range from 19 to 100. That is, if he is elected by a small majority it will not be a surprise to us, and a large majority even would not prove a surprise. We shall be surprised, judging by the present outlook, if he is beaten, for we can see no reason why he shall be.

The Baltimore American, Radical organ, complains that Cleveland is not honest because he will not declare his opinions on the Tariff. The great Convention that nominated him expressed his opinions on that subject and the platform contains them.

THE STATE EXPOSITION. Iron, Gold and Mixed Ores.

Raleigh News-Observer. There are phosphate rocks from Duplin, also a petrified stump; coal from Chatham. The iron ores, shown on long tables, are said to be a complete presentation of our wealth in this respect. They are from Cherokee, Chatham, Gaston, Buncombe, Stokes, Madison, Guilford, Catawba, McDowell, Macon, Mitchell, Cald-

well, Ashe, Davie, Orange, Watau-ga, Gaston, Lincoln and Cabarrus. The varieties of iron ore are limonite, magnetic, magnetile hermatite, powder, specular, black and spathic. Most of these ores are shown in large and small masses, and like all other articles can readily be closely in-

spected. The display of gold ores is remarkable. There are numerous varieties, free milling, argillacous slate, chloritic slate and pyrite, arsenical pyrite, arsenical sulphuret. The counties represented are Montgomery, Stanly, Rowan, Caldwell, Davidson, Mecklenburg, Lincoln, Cabarrus, Union, Burke, Catawba, Randolph and Union. There is a complex are Union. There is a complex ore, galenite hearing gold, silver, copper, lenite hearing gold, silver, copper,

zinc, lead and aniphur, from Rowan

The display of mixed ores, such as gold and copper, gold and silver, is very extensive. These specimens come from Rowan, Caharrus, Caldwell, Randolph, Lincoln, Guilford, Burke, Mecklenburg, Person, Davidson, Montgomery, Granville and

IN KHARTOUM.

Diary of a Correspondent in the Siege. N. Y. Herald.

London, Sept. 29, 1884,-A diary kept in Khartoum during the present siege contains many interesting particulars and incidents of General Gordon's defence. Under date of April 28 it reports that General Gordon was laying mines in all directions. Food was dear. General Gordon had issued paper money, the treasury being at Berber, and was paying the soldiers with it. The town was quiet, half of the popula-tion having joined the rebels previous to beginning the siege. No news had been received from the British government. Under date of July 30 it says: The town has been closely besieged for five months and will be able to hold out only two months longer. Rations are being issued to the poor.

Other extracts from the diary, are

as follows: March 23, Hassan and Seyid were executed for their treachery during a battle which occurred on March 16, when we lost 350 killed and wounded. April 16 to 20 —The rebels attacked the town, but suffered heavy losses by explosions of the mines. May 1-An accident occurred to-day. An officer trod upon the connection to one of the mines and caused an explosion. Six men were killed. May 3-A man reported that the English army was at Berber. To the end of May the rebels made frequent attacks upon the town, suffering losses from the mines. During June steamer expeditions, under command of Saati Bey, were made daily, Our losses on these expeditions were slight. We

captured many cattle. On June 25 Mr. Cuzzi, the Engligh Consul, informed us of the fall of Berber. Mr. Cuzzi was sent to Kordofan. On June 30 Saati Bey captured a quantity of corn and killed 200 rebels. July 10 Saati Bey burned Kalakia and three other villages. He also attacked Gatarnb. but was defeated. Saati Bey and his officers were killed. The loss narrow escape. On June 29 we beat the rebels out of Buri, on the Blue Nile. A number of the enemy were killed and we captured a quantity of material. The steamers advanced to Elfan, clearing thirteen rebel forts. Since the siege began our loss has been under 700. July 31.-The siege has been very close. Arab bullets are flying on all sides, some of them falling on the palace. Food is tremendously dear. All hope of government relief has gone, and we only depend on the steamers. It is impossible for us to cut our way through the rebels, butdened as we are with numbers of women and children.

One Arab horsemau suffices to frighten 200 of our men. On the day Saati Bey was killed eight rebels charged 200 of our men, armed with Remington rifles, and dispersed them. The only men we are able to depend on are the negroes. July 29-Mehemet Ali's action yesterday was very successful. Five armored steamers, after clearing thirteen forts. found at Gareff two strong forts. The vessels engaged the forts for eight hours under a terrific fire. The cannon in the forts were finally disabled and the rebels driven out. Our loss was only three killed and thirteen wounded. General Gordon will soon send two steamers toward Senaar to try to recapture a steamer taken from Saleh Bey. General Gordon is well.

PEOPLE WHO BET.

Robert Furey, of Brooklyn, has bet \$5,000 even that Cleveland will be elected. W. H. O'Donnell, of New York

has wagered \$1,000 to \$900 that Cleveland will be the next President John Alexander, of Columbus, O. is offering \$100 to \$75 that Blaine will carry Ohio, and \$4,000 to \$3,000 that Blaine will be elected.

Francis Markey, a leading Democrat of Brooklyn, who already has \$2,000 invested in bets, says he will put up \$100 to \$80 on Cleveland.

Alderman Young, of Chicago, wants to bet anywhere from \$500 to \$2,500 that Blaine will be elected. He will put the amount on doubtful States if preferred.

A prominent Republican member of the Produce Exchange Cleveland Club bet \$1,000 with W. T. Calbran that Cleveland would carry New York by 25,000 majority.

from the Second District of King's R. P. McDOUGALL. ture, says he will bet his two houses that Cleveland will win. He has already bet \$1,500.

"Bright, Able and Fresh." Laurinburg Exchange.

The bright and newsy Wilmington STAR finished its 17th year last Tuesday. Its editorials are able and instructive; its news is fresh, and therefore its future must always be promising.

> "Best in the State." Fayetteville Sun.

The Wilmington STAR entered its eighteenth year of life last Tuesday. The STAR is the best newspaper in the State, and is, as it ever has been, alive to the interests of the people of North Carolina.

THE LATEST NEWS.

FROM ALL PARTS OF THE WORLD OBITUARY.

Death of a Virginia Banker-Mr. Chantrau, the Actor, dies from an Apopiectic Stroke, (By Telegraph to the Morning Star.)

DANVILLE, VA., October 2. - William S. atton, senior partner in the banking house of W. S. Patton's Sons & Co., died this

JERSEY CITY, N. J., October 2 .- Frank S. Chanfrau, well known for his impersona tion of "Kit, the Arkansas Traveller," who was stricken with apoplexy last evening, died at 5.15 o'clock this morning, in his room at Taylor's Hotel, in this city, without having recovered his consciousness. His sons, Henry and Frank, J. H. Alliger, a member of his company, C. W. Tayleure, his business manager, and Dr. John T. McGill, were at his bedside. So calm was his departure that it was only in arranging his pillows, that his fate was discovered. pillows that his fate was discovered Mr. Chanfrau's company was billed for this week at the Jersey City Academy of Music, where it had crowded houses. His wife, and Miss Baker, her sister, were with him yesterday, and left in the after-noon for their homes at Long Branch. Late last night a telegraphic dispatch was sent them, requesting their instant return to this city. It was only on reaching the hotel, about 6 o'clock this morning, that Mrs. Chanfrau learned the sad news. She is greatly prostrated, and is under a physician's care.

DR. WM. T. HOWARD, OF BALTIMORE. Professor of Diseases of Women and Children in the University of Maryland.

"Indeed, in a certain class of cases it is much superior to the latter. I allude to the abiding debility attendant upon the tardy convalescence from grave acute diseases; and more especially to the Cachexia and Sequels incident to Malarinas Fevers, in all their grades and varieties, to certain forms of Atonic Dyspepsia, and all the Africations Peculiar to Women that are remediable at all by mineral waters. In short, were I called upon the state from what mineral waters I have seen the great

DR. O. F. MANSON, OF RICHMOND, VA., Late Professor of General Pathology and Physic logy in the Medical College of Virginia: "I have observed marked sanative effects from the Buffalo Water in Malarial Cachezia, Antonic Dyspepsia, some of the Peculiar Affections of Wemen, Anomia, Hypochondriasis, Cardiac Paipila tions, &c. It has been especially efficacious in Chronic Intermittent Fever, numerous cases of this character, which had obstinately withstood the usual remedies, having been, restored to refer the character.

Extracts from Communication on the Therapeutic Action of the Buffalo Lithia Water in the "Virginia Medical Monthly" for February, 1877.

buted to that result (having prescribed it in but a single case) I, of course. cannot undertake to say. There is no doubt, however, about the fact that its administration was attended by the most benefit

This medicine, combining Iron with pure This medicine, combining Iron with pure vegetable tonics, quickly and completely Cures Dyspepsia, Indigestion, Weakness, Impure Blood, Malaria, Chills and Fevers, and Neuralgia.

It is an unfailing remedy for Diseases of the Kidneys and Liver.

It is invaluable for Diseases peculiar to the company and all who lead sedentary lives. It is invaluable for Diseases peculiar to women, and all who lead sedentary lives. It does not injure the teeth, cause headache or produce constipation—other Iron medicines do. It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, relieves Heartburn and Belching, and strength. ens the muscles and nerves.
For Intermittent Fevers, Lassitude, Lack of Energy, &c., it has no equal.
The genuine has above trade mark and crossed red lines on wrapper. Take no other.

Buffalo Lithia Water

FOR MAI-ARIAL POISONING. USE OF PT IN A CASE OF YELLOW FEVER

Dr. Howard attests the common adaptation of this water in "a wide range of cases" with that of the far-famed White Sulphur Springs, in Green-brier county, West Virginia, and adds the follow

state from what mineral waters I have seen the great est and most unmistakable amount of good accrue is the largest number of cases in a general way I would unhesitatingly say the Buffato Springs, in Mecklenburg county, Va."

remedies, having been restored to perfect health in a brief space of time by a sojourn at the Springs." DR. JOHN W. WILLIAMSON, JACKSON, TENN

"Their great value in Malarial Diseases and Sequelæ has been most abundantly and satisfactorily tested; and I have no question that it would have been a valuable auxiliary in the treatment of the epidemic of Yellow Fever which so terriby afflicted the Mississippi Valley during the past summer. I prescribed it myself, and it gave prompt relief in a case of Suppression of Urine, in Yellow Fever, and decidedly mitigated other distressing and dangerous symptoms. The patient recovered, but how far the water may have contributed to that result (having prescribed it in but to that result. (having prescribed it in the
