Information received at the Western Union office, New York, is quite at variance with this. The facts as reported to them are that both the American or Gould cables are broken about 700 miles from Causo, N. S. They are informed that the steamer Faraday is in that vicinity grappling for the Bennett cable, and it is surmised that she may have accidentally fouled the American cables and severed them. They say that this accident leaves the pool six cables, and that under the pooling arrangement the Western Union, lessee of the American Cable Company, will receive its full proportion of the pool's earnings, the same as if the wires were in operation.

Reports of the National Cotton Exchange-The General Condition Lowered by the Great Heat and Small Rainfall

[By Telegraph to the Morning Star.] NEW ORLEANS, October 4.—The following is a summary of the cotton crop report of the National Cotton Exchange for the month of September: The great heat and small rainfall have been unfavorable for the cotton crop, and the effect has forced a lowering of its condition to 75, against 80 for August, 87 for July, 85 for June, and 84 for May. #### LOCAL NEWS.

Death of Mr. Samuel W. Dunham. Mr. Samuel W. Dunham died at his residence in this city yesterday morning, after a lingering illness. He had been a great sufferer and for some years had been com pelled to relinquish his business. Several times he appeared to be actually tottering on the brink of the Great Beyond, but naturally strong and vigorous constitution triumphed, and the "insatiate monster" retired, but to renew the attack with a more determined purpose. This time, scorching fever combined with the undermining and weakening disease which had so long been wasting his vitals, and the tired, tor tured frame resisted no longer the insiduious assault.

Deceased came to this city from Bladen county somewhere about 1840, and was engaged for many years as superintendent of various steam saw mills here located, and afterwards as inspector of timber and lumber. He was the father of Major John W. Dunham, our present Clerk of the Criminal Court, so well and favorably known throughout the State. He was a kindhearted, genial gentleman, strictly honest in all his dealings, and had a large circle of devoted friends. He was in the 69th year of his age.

The funeral will take place this afternoon, at 4 30 o'clock. Assault and Battery with a Beadly Weapon.

A colored man, well known in this city. by the name of Riley Mosely, was arrested vesterday morning on the charge of committing assault and battery with a deadly weapon upon Mr. Emanuel Scharff. It seems that yesterday morning Mr. Scharff had occasion to complain to Mosely's wife in regard to the depredations of a pig of hers on his premises, and some words passed between them. Shortly afterwards Mr. Scharff was sitting in front of a neighboring store, talking with a number of gentlemen, when Mosely suddenly appeared in their midst and dealt Mr. Scharff one or two severe blows on the head with the buttend of a loaded whip, crushing the hat and inflicting a severe wound on the fore-part of the head. The hat was a thick, stiff one and did much to break the force of the blow, which Mr. S. thinks might other wise have crushed his skull. The crown of the hat was literally cut in pieces.

The case came up before Mayor Hall, officiating as a magistrate, for preliminary exemination, at the close of which the defendant was required to give bond in the sum of \$50 for his appearance at the approaching term of the Criminal Court.

A Collision Between Vehicles.

There was a collision on Front street yesterday morning between a buggy and a dray, in which the former came out with a broken shaft. Those who witnessed the accident say that the driver of the buggy, a youth, had the right side of the street, and that the driver of the dray appeared to be very careless beforehand, and very indifferent afterwards. The buggy belonged to Dr. J. T. Schonwald.

Personal. Miss Amy M. Bradley, principal of Tiles ton Normal School, returned from her vacation North Friday night.

Ex Mayor Fishblate reached home last evening. He is full of enthusiasm for Cleveland, and says he will carry New York "with a whoop."

A CURE OF PNEUMONIA.—Mr. D. H. Barnaby, of Owego, N. She was in this condition when a friend recommended DR. WM. HALL'S BALSAM FOR THE LUNGS, and advised her to try it. She accepted it as a last resort, and was surprised to find that it produced a marked change for the better, and by persevering a permanent cure was effected.

Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething siege. Mrs. Winslow's Soothing Syrup relieves the child from pain, and cures dysentery and diarrhoes. It softens the gums, reduces inflammation, cureswind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething."
