MORNING EDITION. DEMOCRATIC NATIONAL TICKET.

FOR PRESIDENT, GROVER CLEVELAND, OF NEW YORK. FOR VICE PRESIDENT, THOMAS A. HENDRICKS, OF INDIANA.

Electors—State at Large: JOHN N. STAPLES, of Guilford. W. H. KITCHIN, of Halifax.

FOR GOVERNOR: ALFRED MOORE SCALES, of Guilford. FOR LIEUTENANT-GOVERNOR: CHARLES M. STEDMAN, of New Hanover.

FOR SECRETARY OF STATE: WILLIAM L. SAUNDERS, of Wake. FOR TREASURER: DONALD W. BAIN, of Wake.

FOR ATTORNEY GENERAL: THEODORE F. DAVIDSON, of Brunswick. FOR SUPERINTENDENT OF PUBLIC INSTRUCTION: S. M. FINGER, of Catawba.

FOR ASSOCIATE JUSTICE SUPREME COURT: A. S. MERRIN, of Wake. FOR CONGRESS IN SIXTH DISTRICT: RYDEN TYLER BENNETT, of Anson.

OUTLINES. E. Standford, a young lawyer, of Bolon, Ark., was murdered at Helena, by some person who shot him through a window.

A cyclone on the island of Sicily killed twenty persons and injured fifty. The Reading (Pa.) cotton mills have been closed for a month because of over production and slow sales.

A grocery store and a dwelling burned at Pensacola, Fla. In a civil rights suit in the Police Court of Washington, D. C., the judge rendered a decision in favor of the defendant—pursuer of a Potomac river steamer who refused to sell a colored man a supper ticket.

The French report another engagement with Chinese troops, which were routed after six hours' fighting; four of the French were killed and twenty wounded. A storm at Chicago blew away a slanty on piles in Lake Michigan in which fourteen laborers were lodged; ten of them were drowned.

Wickham, Desford and Cooke, State electors on the Virginia Republican ticket, have resigned; the State Committee request the rest of the electors to resign. A total of 197 fresh cases of cholera and 97 deaths in Italy during the past twenty four hours.

The federation of trades and labor unions is in session at Chicago. The Mexican war veterans are holding a reunion at St. Louis; about two hundred delegates are present. New York markets: Money 1 1/2 @ 2 per cent; cotton weak at 10 1/2-10 3/4-10 1/2; southern flour quiet at \$2 50-2 60; wheat, ungraded red 64 @ 90; corn, ungraded white 60; rosin steady at \$1 27 @ 1 30; spirits turpentine firmer at 33 @ 34.

John McCullough's condition is better but he is a "played out" actor all the same. At Charleston on Monday the mercury stood at 92, and on Sunday at 91 at Louisville.

John W. Garrett's property is estimated at \$20,000,000. He is Maryland's richest man thus far. The workmen of Baltimore had a grand demonstration in favor of Cleveland and Hendricks on Monday night.

The Philadelphia Times in a very emphatic way damns Jenauiche's new play, "My Life," but praises her splendid acting.

Col. Stewart, second in command to Gen. Gordon, has been massacred and his command also. Welsey would better look out.

The outlook in Indiana is reported favorable for the Democrats. It is thought the Democrats will hold their own in the Congressional Districts.

Some benevolent gentlemen of Petersburg, Va., will give a "Pinafore" performance for the benefit of the operatives who are idle and dependent because of the closing up of the several cotton factories in that historic town.

The Philadelphia Times, Ind. Rep., has another correspondent in Ohio; J. H. I. He telegraphs on the 6th inst., from Columbus. The sun of his story is: The Republicans are very hard at work drumming up the Republican vote; the Democrats are greatly pleased at the apparent lack of confidence among their opponents, but they are much afraid of the Republicans' money. Blaine expects 20,000 majority next week. The dispatch says:

"While the Democrats have made a complete poll of the State through a month, the Republicans are now engaged in their effort in that direction. Up to this evening they had heard from about two-thirds of the State. It was not encouraging. This fact, however, does not disturb their confidence in the result. They are all sincere in their belief that the Republican majority next week will be large enough to give Blaine great encouragement."

Ward Beecher on Jim Blaine is very good reading for hot weather. But there is nothing cool about it. If you think so read the following:

"I cannot but admit the indomitable pluck with which Mr. Blaine is defending himself against such a cloud of charges as was never made against any other Presidential candidate since the government began. Yet I cannot allow myself to be misled by sympathy with his undoubted kindness, heartedness, courage and audacity. Unsound in statesmanlike judgment, unscrupulous in political methods, dim-eyed in distinction between truth and untruth, absorbingly ambitious, but short-sighted as to the methods of gratifying his ambition; but with a genial, social disposition and a brilliant rhetorical capacity, Mr. Blaine makes an alluring candidate, but would make a dangerous President."

The New York correspondent of the Charleston News & Courier writes on the 6th inst. of the money indications and how the gamblers stand. He says:

"Six weeks ago the bets were all in favor of Blaine; nine-tenths of those made now show at least 25 per cent odds in favor of Cleveland. The professional betting men are free to confess that Blaine is a man more to their liking than Cleveland, which is an implied compliment for the latter, but they are quick to take the real chances of a man, and the recent change of opinion can be due to nothing else than the amount of Cleveland talk which the sporting men hear from day to day."

The New York Star says the Republicans are claiming North Carolina for Blaine "very stoutly," and they "feel assured of gaining at least two Representatives to Congress." The Star is anti-Cleveland.

THE STATE CANVASS.

New Bern Journal. Hon. Thos. G. Skinner, of the First Congressional District, and his opponent, John B. Respass, were in the city yesterday. They had canvassed Carteret county and were on their way to Pamlico. We are requested to announce that our townsman, Henry R. Bryan, Esq., will reply to Dr. York at Kinston on Thursday next if he can get a division of time.

Raleigh News-Observer. A telegram from Gen. Scales says that he will fill his appointment at Farmville. Gen. Ransom, having finished his last list of appointments, has gone to speak at Burnsville, Yancey county. Col. T. C. Fuller will speak at the Gulf on Monday, October 13th. F. H. Busbee, Esq., will speak at McAden's Mills, Gaston county, Wednesday, October 8th, and at Gastonia on Thursday, October 9th. Gen. Ransom, Gen. Cox and Capt. Joseph J. Davis will speak at the baronet at Selma on the 18th. Hon. W. H. Kitchin met his competitor, Mr. Trull, and Col. W. H. H. Cowles. Mr. Greene, the Republican candidate for elector, in joint discussion at Morganton on Saturday, with results entirely satisfactory to the Democrats.

Lumberton Bobsonian. Who is Ty-ree York? I met him a few days since and asked him, whether he was a Democrat or a Republican. His only reply was a look and a grin at me. There can be no mistake about this, a man must be either a Democrat or a Radical—a horse or a jack ass. There are no mules in politics. Whenever you see any professed Liberal Democrats look under their collar and you will generally find the name "J. J. Mott." York is the most ignorant man who ever aspired to the office of Governor in North Carolina. Vance at Lumberton. See what chaste language he boasted: "I have pulled from Vance every tail feather, made Jarvis lose 194 inches, caused Coke to melt his collar to the size of a June bug liver." Listen to his grammar, etc. "How is the law? They are so mistified that nobody can tell you." "You never knowed such a state of affairs before." "And they are wonderfully skeered," "skeered him to death, and off he went and when he come to, "A way back yander." York at Raleigh.

"By Odds the Best Daily." Goldsboro Bulletin. The Wilmington MORNING STAR has entered its eighteenth year, and improves as it grows older. We regard it by odds the best daily in the State.

We have only space to say of Col. Steele's very able speech, that it is a great treat to hear a man talk from a full mind in good English. He handles his points with exceeding force and lucidity. He is often witty, some times amusing, full of biting sarcasm and corrosive irony, has his facts and arguments well in hand, and makes a speech of very decided power and interest. We have heard but two or three speeches in many years that we would compare with it.

With the exception of Cornell and Swarthmore the Northern colleges are short of their usual number of students. The Southern colleges are doing better than usual, we are delighted to know. The University has between 200 and 300, with "an upward tendency."

"Lies piled on lies" is the heading of an editorial in the New York Times of Tuesday on Blaine's latest. Jeems seems to be a second edition of Baron Munchausen done up in sheep and mule skin. He is a great romancer and at any time of day or night.

We fear that Gen. Scales is worse injured than he is willing to believe. He had a high fever the night he spoke at Raleigh and had to return to his home for rest. He will be out again this week.

Spirits Turpentine

Washington Gazette: Washington is now suffering from an unusual amount of malarial sickness. Yadin Valley News: The heat this week is terrible beyond description. Mad dogs seem to be right plentiful in this season.

New Bern Journal: The telegraph announces the death of Mr. Alexander Nicol, which occurred at his home in Kinston yesterday.

Greensboro Workman: Miss Allene Pentress was buried at Pleasant Garden yesterday—Sunday. Funeral by Rev. Mr. Johnson of the M. E. Church, South.

Hickory Carolinian: Kirk, the outlaw has been prowling about Wayneville claiming to be a Democrat. Our opinion is that the post should be attached to the men who buy and sell cheap combustible oil.

Goldsboro Bulletin: The Republicans have put the following ticket in the field in this county: House of Representatives, J. B. Person and J. R. Smith; Sheriff, A. Deane; Register, J. S. Merritt; Treasurer, N. G. Hollowell; Coroner, J. W. Cox.

Durham Recorder: The Greensboro State has ten lawyers, who, it says, have joined the Republican party within the last twelve months, almost equal to "big 4." The Republicans of Person county have nominated, J. S. Merritt, a young lawyer of Roxboro, for the Senate and Washington Reid, Esq., for the House.

Lumberton Bobsonian: Mr. J. M. Carr, architect, a Northern man and a gentleman of extensive observation and intelligence, thinks Gov. Vance's exposition of the tariff, in his great speech here last Saturday, the clearest and ablest account of this complex, difficult and intricate subject he ever heard. So says everybody else of fair judgment and intelligence. The Respass of Mecklenburg have nominated a negro for the Legislature. Whenever these radical fellows can put up a negro to dominate over the white men they are sure to do it.

Raleigh Chronicle: More than twice as many people came to town to day on the Raleigh & Augusta train than have come on any previous day since the Exposition opened. One of the truly humorous things in this life is the sudden boldness of hope assumed and expressed by the Republican managers in this city. It is hard to escape the conclusion that some of them—Mr. Humphrey, for instance—really believe that York will be elected. The era of the present tense is come! We have among our own folks all the experience of our own talk all the examples we need to make us the foremost people, the richest people and the most prosperous people in the Union. The lessons of the Exposition, therefore, are more important by far than the little lessons of party and personal squabbles for office—how immeasurably more important! They are more important than the little events of to-day which to-morrow are forgotten. It would, therefore, be a misfortune if this unparalleled opportunity came and went and no adequate record of it were made.

Charlotte Observer: Mr. Jos. A. McClure, one of Charlotte's well known citizens, died at his residence in this city yesterday morning. Mr. McClure was about 48 years old. He served through the late war. Col. John A. Leak, of Wadesboro, has been nominated to represent Union and Anson counties in the next Senate, so we learned yesterday. Within a few months from now the traveler up the Shelby Division of the Carolina Central Railroad will see a wonderful change in the appearance of things at the Catawba river bridge, if the enterprise that is now proposed is successfully carried out. Briefly told, it is that a party of capitalists have bought 300 acres of land along the river bank to the south of the bridge, which they have had laid off into building lots for a small town, now to be located at the C. C. R. depot (now at Mt. Holly) and which will ply up the river to Hooper's factory, and the other down the river to Hilton & Erwin's mills. This project has been on foot for several months, but it was only recently that all the details were satisfactorily arranged. The enterprise is under the management of a board of directors, composed of Maj. H. M. Winder, Major Chas. M. Stedman, Major J. G. Robinson, John H. Sharpe and F. W. Clark.

to Kentucky and has now been chosen Superintendent of a graded school at Lexington, in that State. The wife of Rev. Joseph Murphy, rector of the Episcopal Church at Hillsboro, died last week. Rev. Dr. Marshall officiated at the funeral. Lt. S. C. Lemly, U. S. Navy, is at the Yarburo and will spend a day or two here. He is on his way to New York from Salem where last week he delivered an address upon the Greely expedition, of which he was a member. He was urged to lecture here, but declines to do so. (He is a native of North Carolina.—STAFF.) Franklin county presents a pretty picture at the northeast corner of the building and attracts the eye of the visitor even from the east entrance; its display of ladies' needle-work showing to great advantage. Among this portion of the exhibit are two specimens of work by aged ladies that are worthy of attention. One is a counterpane made by Mrs. S. H. McGee, who is 83 years of age, and has only one eye. The other was made, without any aid, by Mrs. M. H. Joyner, who is 85 years of age. The latter has done her work with great skill and taste. The Laurel factory shows cotton yarns. The county shows a yield of cotton of 14 bales to the acre, (475 pounds to the bale), 23 bales on 43 acres, and 59 bales on 28 acres on the plantation of Henry Pierce, of Franklinton. He makes his own fertilizers. Mr. Spencer, using one horse, made 26 bales. In grain there are wheat, oats, millet, corn and peanuts. With specimens showing 3 1/2 bushels, 45 bushels of wheat to the acre. There is a very large variety of fruits, green and preserved, with jellies, arranged on a pyramidal shelf. The canned fruits are very clear and delicate. Tobacco is shown in bright leaf in large quantity. It is of superior quality. In wines and brandies the county is rich, and there are several specimens of the latter very old, some of it made in 1850, some 1848 and some in 1839. The wines include the superannated, blackberry and Clinton. That well known conductor, Capt. Thos. H. Chavasse, left here last night in charge of the circus train, on the way to Sanford. He came back this morning quite badly hurt. He reports that when near Sanford he observed that the space along the track was fairly lined with people, all on their way to Sanford to see the circus. Suddenly Capt. Chavasse felt a severe pain on the side of his head, and was almost knocked off his feet. His first idea was that he had been shot. An instant later he discovered that he had been struck by a bill of wood. This had made a very bad wound, smashing the left side of his face and nearly putting out his left eye. The wound narrowly missed being fatal. He was brought here this morning and at once taken to Weldon, where his injuries were attended to. He hopes that the injury may not prove serious.

Opera House. "Frank Mayo in 'Nordeck'." "Nordeck" was played last night at the Opera House, and was well received. This drama, written by Messrs. Frank Mayo and J. G. Wilson, is one of considerable force. It is well told; the plot is good, and with some few alterations will become very popular. The gist of the story is this: A Polish lady of rank marries a man of great wealth named Nordeck, who beneath her socially. This marriage was not a happy one, and when Nordeck's wife finds she cannot rule him she is enraged that she leaves his house. Nordeck, who is a cold hearted man, does not seek a reconciliation, but wills all his property to their son Waldemar and soon after dies. His wife marries again and plots and schemes to get possession of her son's wealth in order to give it to Leo, the only child by her second marriage. She is, however, frustrated in this, and at last mother and son are united.

Mayor's Court. Thos. McWilliams and Ellen McWilliams, husband and wife, and both colored, were called up before Mayor Hall, yesterday morning, to answer to the charge of acting disorderly and creating a disturbance on the street. It appears that about half-past 8 o'clock cries of "murder" were heard on Fourth street, just north of Police bridge, and Officer Smith, of the police force, hastening in the direction of the cries, found McWilliams trying to force the woman along and she making the night hideous with her yells. A large crowd gathered on the streets, and religious services in Brooklyn Hall were temporarily suspended, when the congregation rushed to the windows to find out what the matter was. Officer Smith said the disturbance continued about fifteen or twenty minutes. The woman complained of bad treatment on the part of the husband, and said she was afraid he intended her some harm, which caused her to raise the alarm. He contended on the stand that he was very tender and considerate in his dealings with his "noisier half." His Honor thought five dollars each was little enough to pay for so much fun, and Thos. and Ellen were so informed.

Two young colored men, named Henry Hall and William Jordan, had a hearing on the charge of fighting and creating a disturbance on the street Tuesday night, during which a little brother of one of the belligerents shouted "murder" at the top of his lungs, fearing that his "big buddy" was about to get the worst of it. The two principals were required to pay a fine of \$3 each. Just as Court adjourned two more colored youngsters, answering to the names of Luke Sellers and Sam Foster, were brought up by an officer, charged with fighting; the present unprecedented autumnal "heated term" having seemingly fired the youthful African heart to an extent somewhat unusual. The evidence was heard and the boys were sent below to remain until sunset.

Wm. Burns, the white seaman who was arrested on suspicion in connection with the fire at the "Mariner's House" on Monday morning, was called up and offered the alternative of leaving the city within the space of four days or being turned over to the Criminal Court. He gave His Honor to understand that he would shake the dust of Wilmington off his feet in short order, and it is to be hoped that he has done so, and is looked to be one of those "throw an anchor to windward" fellows.

Criminal Court. The following cases were disposed of by the Criminal Court yesterday. State vs. Solomon Robbins, charged with assault and battery. Defendant submitted, and was sentenced to two years confinement in the County House of Correction and to pay a fine of \$100 and the costs.

State vs. Solomon Robbins, charged with assault and battery. Defendant submitted and judgment was suspended. State vs. Abram Watson, charged with larceny. Defendant found not guilty. State vs. George Craig, charged with assault and battery. Case set for trial on Friday next.

State vs. Jane Brown, charged with larceny. Case continued for defendant. Defendant and witnesses recognized for their appearance at next term of court. State vs. Sarah Williams, charged with larceny. Case on trial.

A Judicial Annoyance. We were convinced of the fact, yesterday morning, that the driving of vehicles past the Court House is a source of no small annoyance to the Court when in session. The pavement is quite a solid one, and the shabby drays, carts and wagons that are almost constantly passing make a noise that almost effectually drowns the voices of witnesses on the stand, especially when they are possessed of weak voices. How would it do to cover the middle of the street, from Second to Third, with a layer of sawdust. We venture that it would result in an improvement very striking and noticeable.

Personal. Mr. Harry P. Russell, formerly a well known Wilmingtonian, but now of New York, is here on a visit. Mr. E. J. Powers, who has been spending the summer North, has returned home. Col. Walter L. Steele, old Richmond's Democratic "War Horse," was in to see us yesterday.

Democratic Meeting—Colonel Steele's Speech. The citizens of Wilmington were delighted with the speech of Hon. Walter L. Steele, delivered under the auspices of the Young Men's Democratic Club of New Hanover county last night. And the sentiment is universal that it was the most interesting, instructive and practical speech delivered in this city during the present campaign. Col. Steele is a gentleman of varied gifts—clear and logical in his reasoning—ornate and ever classical in his illustrations, withering in his sarcasm, and, above all, plain, forcible and accurate in his statement of facts. For two hours and over he entertained his audience, and when about to close the cry was "go on." A synopsis of his speech would not do justice. Let those who heard it tell those who did not what they missed, and let us all unite in the wish that Col. Steele—our Democratic chieftain—will visit our city many times again.

Weather Indications. The following are the indications for today: For the South Atlantic States, generally fair weather, colder, west to north winds, and higher barometer.

Grand Democratic Rally. On Friday night, the 10th inst., at the "Wieuam" in the Fifth Ward, there will be a grand Democratic rally, when Col. Alfred Rosland, elector for the Sixth District, and our talented and influential young townsman, Mr. J. S. Merritt, will address the citizens of New Hanover. There will be a grand procession and a display of fireworks along the route. Torches will be provided for all the Democratic organizations and volunteer citizens. It is expected to have five hundred in line bearing torches and transparencies.

The procession, under the direction of Maj. H. M. Green, Chief Marshal, with Messrs. S. H. Penny, W. S. Walker, W. H. Flinn, S. E. King, G. W. Branch, Chas. Craig, A. B. Schiver, E. G. Parmelee, J. G. Darden, O. W. Styron and Joseph Craig, acting as assistants, who will all be mounted on horses, will form at the City Hall at 7.15.

The procession will be headed by the Cornet Concert band, and the line of march will be as follows: Down Princess to Front, down Front to the Parcell House—where the speakers will join the procession; up Market to Third; up Third to Orange; up Orange to Fifth; up Fifth to Castle; up Castle to the stand on Seventh street—when three cheers will be given for Rowland and Davis and the speaking will begin. Let all Democrats, and all citizens, irrespective of party affiliations, be present.

The band and the marshals are requested to meet the Chief Marshal at the City Hall promptly at 7.15 p. m. "And don't you forget it!"

Excitement on Nutt Street. Tuesday night, about half-past 8 o'clock, two colored men were discovered in the act of beating a colored woman. The act was being committed on Nutt street, and Officers Terry and Woebse came upon the offenders in time to save the woman from serious injury. The two men took to their heels, with the officers close after them, and finally brought up in the W. C. & A. R. R. yard, when the fugitives dodged under a freight car, one of them taking occasion as he did so to hurl a rock at his pursuers, one of whom in turn sent a ball from his pistol whistling after the fleeing darkies. This was the last seen of them. The affair created considerable excitement in the neighborhood where it occurred.

For the Star. WILMINGTON, N. C., Oct. 6th, 1884. Mr. Editor:—DEAR SIR:—Will you permit me through the columns of your influential paper to call the attention of our city authorities to the disgraceful condition of Red Cross street between Front and Fourth? For a long time the sidewalks have been almost impassable, and the heavy rains of a few months ago completed the work of destruction, leaving the street with very little semblance of a sidewalk at all. In some places it is washed into ruts a foot deep, and it is a matter of astonishment that accidents have not occurred to passengers using the street after dark. While in other parts of the city improvements are being made, the taxpayers in this vicinity are entirely neglected. Some days ago the trunk weeds and rubbish were cut down and removed from a yard, only to be left in the street as eyesores to vision and a source of offence to smell and health. I feel sure if the attention of our mayor was called to this fact he would take steps for its removal. From my personal knowledge I can vouch that no work has been done on this street for twelve months past.

Yours, respectfully, VOTER SECOND WARD.

A. V. GOODMAN, Esq., Chairman of Committee of Notification. Dear Sir:—Your communication regarding me that I had been nominated by acclamation as the candidate of the Democratic party to represent the Senatorial District, composed of the Counties of Bladen and Brunswick, in the next General Assembly of North Carolina, at the Joint Convention, held at Lockwood's Ferry, on the 2d of October, has been received. While profoundly sensible of the high honor you have done me, and deeply grateful for the good will of the people, which this high testimonial of your regard assures me of, I regret that my business engagements are such that I am with great reluctance forced to decline the honor you have conferred upon me.

I am, sir, with great respect, Your obedient servant, GEORGE H. BELLAMY, Grovelly, Brunswick Co., N. C., Oct. 5th, 1884. oc 9 D&W
