Said the veracious New York Tribune, now Blaine's "Continental" organ, in September 1872:

"The startling exposure of Speaker Blaine's venality in connection with the Union Pacific Road, Eastern Division, entirely destroys, of course, whatever credit some people may have given to his evasive denial of the Oakes Ames bribery, and puts the whole case of the Credit Mobilier upon a different basis. * * * Now it is shown that Speaker Blaine never deserved his good reputation. He had taken bribes in another case."

It was true then and it remains true forever.

Young Winston, the unfledged candidate for Superintendent of Public Instruction, favors miscegenation and mixed schools. It would be a fitting commentary upon his principles if for the remainder of his useless life he had to teach a negro school in Bertie county.

REPUBLICANS RESORT TO ARSON.

An Independent Newspaper Burned Out for Exposing Republican Rascality.

N. Y. World.

WHEELING, W. VA., Oct. 30.-About 1 o'clock this morning the office of the Reporter at Mounsville, Marshall county, was destroyed by fire, together with a two-story building adjoining it. The loss will reach \$10,000. The fire was the work of an incendiary. Marshall county is machinery was managed by a ring which is alleged to have been exceedingly venal. Just before the last election a feeling cropped out which culminated in the nomination of an Independent Republican ticket which the Reporter indorsed and supported. There was no Democratic ticket, and the Independents swept the country. Threatening letters came into the Reporter office and then came today's fire, which was evidently the work of a disappointed straight-out Republican. The outrage causes intense feeling. Plenary Council of the Catholic Church to Meet in Baltimore-Large Number of Dignitaries to be Present -Thousands of Visitors Expected. (By Telegraph to the Morning Star.)

BALTIMORE, Nov. 1.-Next Sunday week will be a great day in the history of the Catholic Church in the United States. Al-

though the meeting proper of the Plenary Council will not begin until the following day, the grand religious ceremonies to take place on Sunday, in which all of the prelates and hundreds of clergymen will take part, will really mark the opening of the Council Archbishop Gibbons, of Baltimore, Apos

tolic delegate, will preside. The only American Cardinal, Most Rev. John Mc-Closky, of New York, will not be present, owing to ill health.

In the Council there will be eighty archbishops, bishops and abbots, ten other preates, about twenty-five heads of religious orders, which, with the theologians allowed each of the foregoing, will make up in all about two hundred and fifty active participants in the labors of the Council. In addition to these the Council will draw to the city hundreds of Catholic priests from all parts of the country, who will be constantly coming and going during the session of the Council, which is expected to last three

weeks or even longer. A conference of the Archbishops of the twelve provinces of the United States has

been called by Archbishop Gibbons, to meet at his residence Thursday next. The decrees formulated by distinguished theologians at their recent meeting at St. Charles College and St. Mary's Seminary, will then be laid before the Archbishop, and other details presented, so that they may be thoroughly familiarised with the work before the meeting of the Council.

Of course the business of the sessions of the Council will be private. The discussions will be in the English language, but the acts and decrees will be written in the Latin

After the meeting of the Council the result of its labors will be forwarded to the Pope. Whatever may be decided on will. not have force until approved by him. This is in accordance with the law of the Church, but it is almost a foregone conclusion that the Holy See will sustain any act of the Council.

The religious ceremonies connected with the Council and open to the public, will take place Sundays and Thursdays. In addition there will be religious services and a sermon for the public every evening except Thursdays and Saturdays. In order that the Catholics of the city

EXAMINE YOUR TICKETS.

Democrats, attention ! Do not vote your tickets until you have closely examined them and ascertained that they are right. See that no other names than those of your party are upon them. Get them right and then vote.

This alarm signal is given because the Radicals are capable of any dodge or plan that will deceive. In Petersburg, Va., they have caused to be printed tickets that contain only a part of the Democratic candidates.

In New Hanover county the same trick has been tried as to a county office. The same sort of rascality may be attempted on a larger scale. Do not vote until you are satisfied that you have the right ticket. Let

every name be carefully examined.

DEMOCRATIC DEFALCATION-A VINDICATION.

Mr. Scarborough, Superintendent of Public Instruction, has written a letter to the Charlotte Observer about the defalcation of Col. Stephen D. Pool, the Superintendent of Public Instruction in 1874-'75. He says the amount was \$2,800, and that all was paid to the Peabody Fund. Col. Pool paid \$2,100 and the members of the Peabody Board paid \$700. Col. Pool is now an old man. He was long an editor in our State. He is of a highly respectable family in Pasquotank county. His father was a man of influence and character. Col. Pool was an enthusiastic Confederate and served his country faithfully. We believe that he has been misunderstood, and, consequently, misrepresented even by his own party. The time has come to do him justice.

The writer of this was for fifteen months brought into most intimate communication with him. He sat at a desk in the Superintendent's Office | died in North Carolina.

\$2,800 with no other purpose or wish than to make it good before it was called for. He had eight months or more in which to do this, and he believed he would have ample means with which to meet it. He was imprudent, as other men have been in such matters, and he was unfortunate. We will never believe that he handled one cent with criminal in-

We had a confidential talk with him soon after the public was put in possession of the facts, and he assured us that never for one moment did he purpose to take one cent of the fund. but meant to replace in full time, every cent. We believe he spoke the truth, for we believe that Stephen D. Pool, although under a cloud, is a genuinely honest man. If his enthusiastic calculations had worked out as he fully believed, there would have been no trouble and no unfortunate exposure. We know that most men will still think harshly of him and believe him to be corrupt, but we believe in this judgment he will be wronged.

We knew a gentleman of as high character as any man in the State. He was a Ruling Elder in the Presbyterian Church and a gentleman of the old school-dignified, scrupulous, high-bred, of rigid notions of propriety and right, a man of the most sensitive honor, who would not have taken a cent improperly for a kingdom. ' He had a fund belonging to parties in Tennessee. It was in his possession for many years. He had been led to think that the fund would not be called for in many years to come. From time to time, as he needed \$5 or \$10, he would draw it out from the fund and place his due bill for the same in the package. One day, and quite suddenly, the money was called for. He looked into the package, added up the due bills and found they aggregated some \$700 or \$800. He went out and in a few moments sold enough property to fetch him the morey needed. If he had not been a man of means he

would have been a sufferer, might have been sacrificed. And yet a more thoroughly honest man never lived or

laws that will send the whites and negroes to the same schools and to enable the two races to intermarry, let them do it. It is their degrada-

tion. But when the Yankee Edmunds frames a law and, aided and abetted by other Yankees and certain treacherous Southern whites of the York stripe, causes it to be passed, the intent-of which is to force miscegenation and mixed schools upon the white people of North Carolina, then it becomes a very serious business and we say hands off; we will take none of your degrading and infamous doctrines in our cup. It is the policy of the Republican party to during the campaign. attempt the degradation of the white race. No persons in North Carolina but Radicals favor such a despicable and villainous law-a law that sets at naught the great law of Nathis city or State. ture, and drags down to the level of

the negro the white race after fifteen hundred years of educational training in the schools of morality, literature, philosophy and law.

It is the Radical will in North Carolina that there shall be mixed schools and social equality. So says the resolution adopted at Chicago. So say York, Winston and the remainder of the crew. The question is one that is for the States to regulate and not the Congress.

Yankee Edmunds has no right to attempt to fasten his degraded notions upon the white people of this State or any Southern State. It is an attempt to destroy local self-gov ernment.

BLAINE GUDGEONS.

At Port Jervis the "tattooed man" from Maine made a Tariff speech. Like all of his speeches it was misleading, specious and unfair. Blaine could not deal with any subject in a spirit of candor, and in his distress now he is unable to do any thing but show conspicuous facility and ability is hedging, dodging and deceiving. At Port Jervis he tried to make capital by talking to his hearers after this way:

Mr. Blaine, too, Las always been of the opinion that one man's money was as good as another's, and has levied with impartial hand upon the railroad projector and the rural deacon. Freeman, the wellknown colored Republican politician and founder of the Ninth Ward Colored Republican Association, was arrested by Pinkerton detectives on a charge of having violated the election laws. The arrest has brought to light the startling fact that illegal registration has been extensively practised in this city. Up to the present time not less than 3,000 cases of false registration have been unearthed and warrants for the arrest of a large number of persons have been issued. It is said that 10,000 false registrations have been made, but that the majority of them are well known to the District Attorney, and that the persons thus violating the laws will be brought to justice.-N. - PHILADELPHIA, October 30.-A remarkable political phenomenon has occurred in this city to-day. It is seen in a widespread and growing feeling of anxiety among Blaine men regarding the result of Tuesday's election. The writer spent an hour at the Union League Club to night conversing with its members upon the national contest. Several of the gentlemen who a week ago chanted the praises of Mr. Blaine and predicted for him a splendid triumph were gravely combating each other's fears that defeat was not only possible but probable. The feeling appears to be in the air everywhere that Cleveland's chances are improving hourly. -Special to New York Herald.

synods of Mississippi and Alabama on the Subject of Evolution-Intense Excitement Manifested-Both Sides have Strong Adherents.

[By Telegraph to the Morning Star.] NEW ORLEANS, Nov. 1.—A special to the Times-Democrat, from Crystal Spring, Miss., says: At a meeting of the Presby-terian Synod, Friday, the following was presented by Dr. B. M. Palmer, of New rleans

In the judgment of this Synod, the widepread agitation of the subject of evoluion, occasioned by the new departure in the Seminary of Columbia. South Carolina, cannot be allayed until the mind of the Church is ascertained. In this connection the Synod of Mississippi deprecates the introduction of this theory, as endangering the peace and unity of the Church, and it cannot consent that an hypothesis, confessed by its advocates to be unverified, and which therefore cannot be dignified as a science, should assume to control an interpretation of the inspired Word.

Rev. J. W. Flynn, of Memorial church, New Orleans, then followed in an address, more than two hours in length, endeavoring to support Prof. Woodrow's theory of evolution. He presented the subject very ably, showing the deep scientific research and logical analytical investigation, but not

much scriptural proof. No action was taken on Dr. Palmer's esolution

A dispatch from Tuscaloosa, Ala., to the

Times Democrat, says: The committee of eight, appointed yesterday by the Presbyterian Synod of Ala bama, to investigate the alleged teachings of evolution by Professor Woodrow, of Columbia (S. C.) Theological Seminary, submitted two reports, each signed by four members. The first report embraces the following resolutions: 1st. That the Bible, as interpreted by our

standard, is to be regarded as the only iufallible rule of faith and practice. 2d. That any teachings on science, which are in conflict with God's word, or dangerous in their tendency, are condemned, and hould be averted.

3d. That all teachings concerning the theory of evolution in the Theological Seminary at Columbia, except in a purely expositionary maner, showing what it is, and now it affects revelation, whether in conflict with its records or not, and with no lesign of inculcating it as a truth, are hereby disapproved.

The second report embraces the followng resolutions:

1st. That this Synod disapproves the doctrine of evolution as taught by Professor Perkins, in his published address, because such teachings are in conflict with the received interpretation of the Scriptures as expressed in the standard of the Presbyterian Church.

2d. That the Board of Directors of our Theological Seminary, at Columbia, be and are hereby instructed to take such steps as shall prevent such views being taught in that institution.
