Eurther Accounts of the Engagement at Larueville-The Negro Mob Put to Flight by Seventeen White Men-Two of the Best Citizens of the Parish Killed.

[By Telegraph to the Morning Star.] NEW ORLEANS, Nov. 3.—A special to the States gives the number of citizens of Larueville who went out to meet the Republicans and ask them to desist at seventeen. Louis Brown and Louis Frelot, (colored)
Republicans, were among the killed. The
additional wounded are St. Clair Dugas and
A. F. Dugas, Democrats. The engagement lasted only four minutes, but in that time over one thousand shots were fired. The negroes, as soon as they realized that there was a fight and that the Democrats were making a stand, fled in all directions, leaving their hats, shoes, horses and every-thing. Many of them received fatal shots on the field and died in out of the way places. Their bodies are being found now in the woods and fields. Between fifty and sixty of them rushed into bayou Teche. where some sank from their wounds and exhaustion and were drowned in the confusion and struggle, but many reached the other side and continued their wild flight. The excitement at Larueville was great. When the smoke cleared away and the citizens saw two of the noblest men of Franzee Point lying dead upon the field, their rage was terrible. The leaders of the Republicans had exhausted their ammunition and retreated into a house near by, where they asked for quarters. Couriers had been dispatched to New Iberia and a detachment of the Iberia Guards were sent to receive the prisoners.

The Reported Fall of Khartoum.

[By Telegraph to the Morning Star.] London, Nov. 3 .- The Times considers the news reported from Cairo to the Paris Morning News to the effect that Khartoum had fallen into the hands of the rebels and that Gen. Gordon had been taken prisoner, extremely doubtful. This views, it thinks, is especially reasonable in absence of advices on the subject from Gen.

Earle Granville, Secretary of State for Foreign Affairs, assured the Press Associaday that the government had received no confirmation of the news. Un to noon to-day nothing had been received at government offices in regard thereto. A dispatch to-day from Dongola to Reuter's Telegram Company, makes no mention of the reported fall of Khartoum. It says, however, that the Mahdi, at last accounts, was collecting his forces around Khartoum and had summoned Gen. Gordon to surrender. The troops of the Mahdi had intercepted two messages dispatched by the British to Khartoum. The same dispatch declares that a large force of rebels was at Berber and that the rebels had possession of the wells on the caravan route between Debbeh and Khartoum. After the crops are harvested the Mahdi's forces will be largely increased.

Reports of Illegal Registration-War rants Issued.

By Telegraph to the Morning Star. I NEW YORK, November 3.-Knowledge was obtained to-day by authorities in this city to the effect that fifty men registered from a single house in West Twenty-eighth street, in which not one of them resided. Detectives were this afternoon placed in possession of about a dozen bench warrants. some of which they expect to execute during the day. The indications are that a very large number of arrests will be made

Judge Moore, in Kings county Court of Sessions to-day, charged the grand jury that there would probably be some election frauds brought before them for considera-

It is said that Pinkerton's detectives have reported to the U.S. authorities that there are between 200 and 300 illegal registrations at Coney Island. About 5,000 warrants are said to have

been issued for cases of illegal registration, including about fifty marines in barracks. It is said that according to the statute they are outside the city, and therefore have no right to register.

VIRGINIA.

A Good Season for Leaf Tobacco-A Democratic Negro Waylaid and Shot in Wythe County. [By Telegraph to the Morning Star.]

LYNCHBURG, November 2.-The late rains have made this a good season for handling leaf tobacco and the market is opening up actively. The Secretary of the Lynchburg Tobacco Association reported to the meeting to-day that the sales amounted to 70,000 pounds for October, most of which occurred in the last week of the month.

Henry Newton, colored, was shot in Wythe county to-day. Newton, whose duty it was to relieve another collier about 12 o'clock, was on his way for that purpose when he was fired upon by parties concealed in the brush. The shot did not take effect and he ran back home, and at daylight again started out, when he was shot down by unknown parties, one of whom he saw. He says his life had been threatened by a number of Republicans on account of his Democratic proclivities.

A NEW LINE.

The New York, Philadelphia & Norfolk Railroad Opened for Business.

(By Telegraph to the Morning Star.) PHILADELPHIA, Nov. 3 .- The New York, Philadelphia & Norfolk railroad was opened its entire length from the Delaware to Cape Charles to-day. The road affords a new and short connection for through Southern business, being 120 miles shorter than the present line to New York, and making the trip in ten hours as against seventeen hours as at present. It traverses a country rich in farm products and will develop a large territory. A transfer boat will connect with trains at Norfolk about the middle of this month, when a through line of Pullman cars will be put on. The company has in course of construction a fine iron steamer which will be finished in March and which will tranport cars across Chesapeake Bay to Norfolk.

MASSACHUSETTS.

Warrants Issued for the Arrest of Illegal Voters.

By Telegraph to the Morning Star.] Boston, November 3.—Chief Supervisor Hallett is busy to-day issuing warrants for the arrest of illegal voters to be served if they cast ballots to-morrow. Supervisors, in their canvass, have found a large num-ber of disqualified persons upon the voting lists in various places, including Boston, and if they vote, many of them will be ar-rested at the polls and at once arraigned. THE NEXT GOVERNOR.

His Reception in Winston-Great En thusiasm.

[Special Star Telegram.] WINSTON, Nov. 3.—The Scales reception here to day was the biggest of the campaign. No stones were thrown. There were colored men in the procession for Scales. The enthnsiasm was great by all M. W. NORFLEET. parties. Chairman Dem. Ex. Com.

NEW JERSEY.

Repeaters Arrested-Numbers of Palse Registrations.

[By Telegraph to the Morning Star.] TRENTON, Nov. 3 .- Twenty-five men charged with being repeaters were arrested here this morning and sent to the county jail for five days. The country for miles around is flooded with tramps to-day and each party bitterly charges the other with efforts to colonize voters. Hundreds of false registrations have been discovered. Gov. Abbett has telegraphed Prosecutor Beasly to remain in his office all day to-

The General Assembly of Virginia met yesterday and adjourned until to-day, no quorum being present. The adjournment from day to day will be continued, until the 7th, when the extra session ends.

Spirits Turpentine

- Raleigh Visitor: The revenue collections in this district for the month of October were \$71,935 96.

- Asheville Advance: The many friends and acquaintances of Rev. Dr. R H. Chapman will be pained to hear of his sudden death, which occurred on Thursday evening, at his residence in this city. He was well known throughout the State and much loved by all. He was about 97 years of age."

- Pittsboro Home: A ten-year old son of Mr. Pinkney Phillips, who resides near Carbonton, recently lost his life in a sad manner. The little fellow was playfully digging for himself a well in a pile of seed cotton and accidentally fell iato it head foremost and being unable to extricate himself was found after the lapse of two hours, smothered to death. - Farmers are busy, notwithstanding the drought, sowing wheat in places where the ground is not too hard to plow.

-- Wadesboro Times: Ada Chavis, well known mulatto wash woman, attempted to commit suicide here to-day by taking laudanum. The probabilities are that she will die. — Dr. H. F. Jordan, of Lilesville, seems to be getting himself into business. Since his little trouble here of Wednesday a week ago he has been on the war path. Last Monday night he attempted to assassinate Mr. Waters at his home in Lilesville and subsequently laid in ambush to kill him as he passed up the street and rushed out of the bushes, cocked pistol in had, at every passer by in search of Waters. Tuesday he was here and shot at Mr. Henly in front of Col. Leak's gate.

- Charlotte Observer: Three forlorn looking young men were in the city yesterday on the way to their homes from Davidson College. They had been students of college, but were going home under expulsion. We learn that one of the young men had been expelled for intemperance and that the other two were expelled for having indulged in the detestable practice of "hazing" — Greensboro, Statesville and other towns in the State have decided to close up all their stores on election day. - The Republicans are working. They are using money here in Charlotte; they are colonizing negro voters, registering them in the adjoining townships and then regis-tering them in Charlotte township. Speakers and organizers and tricksters from

Washington city are here and are working like thieves in the dark. They are resorting to fraud and every means fair and foul to defeat the Democratic ticket. - Night before last the coupling between two cars on the Carolina Central Railroad broke when the train was nearing Lilesville and the train was stopped. As the cars were being brought together again the train hands were shocked at the sight of a man's body, badly mangled, lying on the track over which the train had just passed. It proved to be the body of a colored man, who had evidently been stealing a ride. -Mr. Gibson is a prominent man living at Gibsonville, ten miles from Hamlet. Last Friday night he was awakened by a noise in the house and rose from his bed in time to see a burglar leap from the window of his room. Himself and other male occupants of the house at once gave chase, and in a piece of woods about half a mile from the house they flushed the burglar, who was loaded with stolen goods. The burglar refused to halt when ordered to do so, whereupon he was shot dead. He was a negro.

Mr. David Jenkins, Republican ex-State Treasurer, yesterday unwittingly blockaded Independence Square and to such an extent that policeman Blackwelder had to disperse the crowd. The ex-treasurer happened to meet a colored man in the Square and stopped to have a few words with him. Mr. Jenkins commenced advising the colored man not to vote for York. and his lecture became somewhat animated. A crowd of darkies, seeing their former Republican friend in the midst of what appeared to be a heated debate, quick-ly collected. The larger the crowd became the warmer Mr. Jenkins grew, and they say that he almost smoked, he was so hot. He gave the darkies sound and emphatic

anti-York talk, and did it in a warm and

positive manner. - Raleigh News-Observer: Per-haps no individual exhibit at the Exposition has attracted more attention first and last than the specimens of painting on china shown in the New Hanover department by Mrs. Wm. A. Williams, of Wilmington. - Yesterday afternoon the Exposition police were drawn up in a line near the office of Gen. W. G. Lewis, Chief Marshal, and that gentleman was called out and presented with a handsome goldheaded cane. The presentation was made by Mr. Z. T. Broughton. —The cotton receipts from September 1st to Thursday were 13,278 bales, against 13,216 for the corresponding period last year. — The State authorities are busy collecting specimens from the various county exhibits to be taken to New Orleans. Few people have thought what a special advantage this Exposition has been in this respect. It enables the State authorities to select from the thousands of meritorious articles just what they wish to use at New Orleans to thoroughly illustrate North Carolina. —— Mr. M. S. Yeates, son of the late Hon. Jesse J. Yeates, is here collecting specimens illustrative of ethnology, mineralogy, etc., for the National museum at Washington. Mr. Yeates is an attache of that institution. He says he is specially desirous of procur-ing specimens of building stones, rocks, minerals, Indian remains, etc. North Carolina, he states, is but poorly represented in the museum. — To day the State exposition closes. What good has it done? In the first place it has opened the eyes of North Carolinians to the fact that their State has great actualities as well as great possibilities. It has shown not only the products of North Carolina soil, of North

Carolina waters, of North Carolina mines

and North Carolina forests, but of North

Carolina talent, taste and skill as well.

— The little child of Dr. Pritchard, reported as sick here, is improving.

— In

October \$4,000 worth of drummers' licenses

were issued from the State treasury. - Mr. Wm. B. Norwood died at his residence in this city yesterday afternoon, aged 65. — Davie county generously gave her collection of dried fruits to Oxford orphans. Mrs. Elliott received many valuable gifts for the asylum, which filled a number of large boxes. — Said that clever gentleman, Capt. William Smith, Superintendent of the R. & A. Railroad, yesterday: "You can't imagine how glad I am that we have been so fortunate, and have had no accidents on our Exposition trains, though we have carried over 75,000 passengers. —Yesterday the attendance at the Exposition was small, only some three or four hundred visitors being pres ent. The vast main building echoed with the noise of hammers, the rolling of trucks, etc. The last scenes had come, and the work of removal was in progress.
