WILMINGTON, N. C., SATURDAY, NOVEMBER 15, 1884.

The New York special correspondent of the Baltimore Sun telegraphs on the 12th, that the Republicans are very gloomy, and that their hopes are fast fading way. The betters are paying up their losses. He writes :

"It is conceded to-day at Republican headquarters that the claim of a reduction of 426 in Cleveland's plurality in this city cannot be maintained. It is not believed, except among the most bigoted and blinded partisans, that either Mr. Evarts or Mr. Bliss has now any real expectation of securing the throwing out of any votes on account of their trumped up charges of fraud. Although there may be no apparent relaxation of effort in consequence, it rent relaxation of effort in consequence, it seems practically to have settled down to one point, that of errors in the count, but as Senator Barnum said to-day, it would seem that errors of any magnitude are absolutely impossible in figures which have been gone over so many times by so many different calculators, all of them experts and all arriving at the same approximate conclusion. This view must be generally accepted for to-day bets aggregating more than \$100,000 staked on Blaine were paid over by order of the losers."

Resolved, That a committee be appointed to recommend seven brethren from whom to fill vacancies in the

Board of Trustees. So much of the report of the Mission Board as refers to State missions was taken up, and nearly all of the deficiencies pledged by the different

Associations, was raised.

Rev. J. S. Purefoy, chairman of the committee on Obituaries, reported that the death of only one minis-ter of the Convention had been reported during the past year.

The amount of the deficit of the State Missionary Board having been paid or pledged, the Chairman of the Board called for addresses on the work for another year and pledges for the same. Remarks were made by Elders T. W. Babb, J. D. Hufham and A. G. McManaway. Amount pldged \$6,000.

The reports of the committee on New Constitution was, after remarks by several brethren, referred to a special committee consisting of the old committee with the addition of the following: R. R. Overby, R. D. Fleming, R. P. Thomas, C. W. Scar-

borough and A. G. McManaway. On motion of Dr. Hufham a committee was appointed to report on a plan and the benefits of systematic beneficence as follows: Elder N. B. Cobb, Elder Theo. Whitfield, Elder C. W. Scarborough, Elder J. A. Stradley and Elder J. W. Perry.

He was a quiet peaceable citizen and good me-

-Charlotte Observer: The new furniture factory of J. A. Elliott & Co., lo cated on the line of the North Carolina Railroad, between Seventh and Eighth streets, is about completed, and the manufacture of furniture will soon be begun. The factory is a large three story frame building and is quite an imposing structure. It was built specially for the manufacture of furniture. —The exposition opens at New Orleans next month and in anticipation of an immense increase of travel, the Richmond & Danville Railroad Company has arranged to run three daily trains between Danville and New Orleans during the continuance of the exposition. - One of the novelties next Thursday afternoon is to be a ride on a wheel-barrow by our young towns-man, C. -Raleigh Chronicle: In Hyde county there is no Baptist preacher; in Edge-combe only one; in Greene, only one. There are 56,000 attendants of Baptist Sunday schools in the State. — This morning the Presbytery examined Mr. R. P. Pell, who passed the examination with great credit, and is now a licentiate. He will preach his trial sermon to night. Rev. Mr. Hufham made a very strong address about State missions, pointing out the origin of the Baptist Church in North Carolina in the East, when the State society and everything seemed unfavorable for the spread of the church, —One of the subjects that give promise of a good discussion is whether the Board of Trustees of Wake Forest College shall fill vacancies in the Board, or whether the Convention shall. The salesman of the Knabe pianes made such a success at the Exposition that he counts the sale of thirty instruments a certain result of the Exposition. Not bad that the main building be allowed to stand for future expositions. That is one plan. An offer of \$2,500 has been made for it as it now stands. To sell it, therefore, is another plan. What shall be done remains for the stock-holders to decide. --- There were 154 permits given to exhibitors. The actual number of exhibitors is much greater than this, because many private exhibits were included in the county exhibits. The Secretary's estimate of the number of persons who paid entrance fee—so far as the returns have been made—is between 55,000 and 60,000.

The position of Mr. Walters is simply that of an assistant to Col. Bridgers.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still suffering; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 35 cents a bottle. 1096 2054 Person.....
