THE SONG OF THE GOSSIP.

One old maid,
And another old maid,
And another old maid—that's three and they were a gossiping, I'm afraid, As they sat sipping their tea.

They talked of this,
And they talked of that,
In the usual gossiping way,
Until every one was as black as your hat,
And the only white ones were they. One old maid,

One old maid,
And another old maid—
For the third had gone into the street—
Who talked in a way of that third old maid Which would never do to repeat.

And now but one Dame sat all alone, For the others were both away. 'I've never yet met," she said, with groan,
"Such scandalous talkers as they."

"Alas ! and alack ! We're all of a pack ! For no matter how we talk, Or what folk say to our face, our back Is sure to breed gossip and talk."

—Harper's Young People.

FUN AFTER THE FIGHT. - Dr. Burchard ought to receive

a sinner-cure from the new administration. -Philadelphia News, Rep. — Poor Logan steps out of the Federal frying pan into the Illinois fire — Philadelphia Times, Ind. Dem.

"Few will die and none resign," Many apply and none decline.

—Memphis Avalanche, Dem.

- The Republican politicians in Washington are not entirely happy at the prospect of having Mr. Blaine among them this winter. They regard the magnetic man as something of a marplot.—New York

- "I think," mused Gail Hamilton, who is said to be working a pair of slippers for Dr. Burchard, "I think that Samson's feat of slaying a thousand people with the jaw-bone of an ass is totally eclipsed.—Brooklyn Eagle.

- The New York Mail and Express says: "The retirement of Dorsheimer and the defeat of Hurd, two of the most aggressive of the Democratic free traders, will be in the nature of a storm signal to many of the Democratic members elect of the new House." Perhaps the retirement of Converse and the defeat of Eaton will be the storm signals that will make the deepest impression upon them.—Boston Post Dem.

DRAMATIC AND MUSICAL.

- J. K. Emmet's new play, "The Strange Marriage of Fritz," has met with great success. It is pronounced as the best of Emmet's plays.

- Mary Anderson, though receiving the highest encomiums from the London press for her Juliet, is still unable to please Labouchere, of Truth, who says "her 'effects' remind one of the trick performance at the circus."

- Harry Miner has just issued his American Dramatic Directory for the season of 1884-'85. It gives names and addresses of all prominent professionals, all theatres, newspapers, hotels, etc. It also embraces a complete theatrical route around

- PHILADELPHIA, Nov. 15.-Mme. Ristori closed her first week playing in English in America at the Chestnut Street Opera House here this evening. She appeared in three great impersonations as Queen Elizabeth, Marie Antoinette, and Mary Stuart, and received a grand ovation at every performance. The receipts for the week were \$14,320.

TWINKLINGS.

- M. Bartholdo's statue of Liberty is nearly ready for shipment from [Paris to New York.

- There were 9,606 voters registered in Utica, but only 8,300 of them voted for President.—N. Y. Times.

- Bjornsterne Bjornson, the poet, has a son named Bjorn Bjornson. Wje djo njot knjow exjactly whjen thje sjon wjas bjorn.—Boston Post.

- An umbrella loan society has been organized in Berlin. Offices will soon be opened in various parts of the city, where members of the society, "for a mod-erate deposit and a trifling fee," may pro-cure an umbrella at any time."

- WILKESBORO, Nov. 17 .- The new double tracks on the Lehigh Valley Railroad, running from Glen Summit to Fairview, were opened for travel this afternoon. The first passenger train west struck J. Gabel, of Scranton, who was standing on the track watching the eastbound train, and he was instantly killed.

POLITICAL POINTS.

-One of the very first acts of the incoming Congress ought to be the repeal of the law authorizing the appointment of Deputy United States Marshals at elections. It has been a menace and an abuse of power wherever used.—Wheeling Register.

-We hope there will be no mis-understanding of the results of this contest. The Solid South by a mere 'scratch," in consequence of the fanaticism of a small fraction of the Republican party, is again in the saddle.—Chicago Tribune, Rad. Or-

-Mr. Randall's ideas are not those of his party. He represents a strong, determined and capable minority, but still a small minority. With his aid the Republicans may hope to resist mischievious legislation in the House.—New York Tribune,

PERSONAL.

- Owen Meredith is writing a new metrical romance.

- Henry Ward Beecher will lecture in Boston te morrow evening on "Popular Government." - Mr. Hendricks is on his way

SOUTHERN ITEMS. - The assessors of Augusta, Ga.,

Buffalo Lithia Water FOR MAI-ARIAL POISONING.

DR. WM. T. HOWARD, OF BALTIMORE, Professor of Diseases of Women and Children in the University of Maryland. Dr Howard attests the common adaptation of this water in "a wide range of case" with that of the far-famed White Sulphur Springs, in Green-brier county, West Virginia, and adds the follow-

USE OF IT IN A CASE OF YELLOW FEVER.

ing:

"Indeed, in a certain class of cases it is much superior to the latter. I allude to the abiding debility attendant upon the tardy convalescence from grave scute diseases; and more especially to the Cachecia and Sequels incident to Malarious Fevers, in all their grades and varieties, to certain forms of Atonic Dyspepsia, and all the Affections Peculiar to Women that are remediable at all by mineral waters. In short, were I called upon to state from what mineral waters I have seen the greatest and most unmistakable amount of good accrue in the largest number of cases in a general way I would unhesitatingly say the Buffato Springs, in Mecklenburg county, Va."

DR. O. F. MANSON, OF RICHMOND, VA., Late Professor of General Pathology and Physio-logy in the Medical College of Virginia : logy in the Medical College of Virginia:

"I have observed marked sanative effects from the Buffalo Water in Malarial Cachecia, Antonic Dyspepsia, some of the Peculiar Affections of Women, Anamia, Hypochondriasts, Cardiac Palpitations, &c. It has been especially efficacions in Chronic Intermittent Fever, numerous cases of this character, which had obstinately withstood the usual remedies, having been restored to perfect health in a brief space of time by a sojourn at the Springs."

DR. JOHN W. WILLIAMSON, JACKSON, TENN. Extracts from Communication on the Therapeutic Action of the Ruffato Lithia Water in the "Tirginia Medical Monthly" for February, 1877.

"Their great value in Malarial Diseases and Sequelæ has been most abundantly and satisfactorily tested; and I have no question that it would have been a valuable auxiliary in the treatment of the epidemic of Fellow Fever which so terribly afflicted the Mississippi Valley during the past summer. I prescribed it myself, and it gave prompt relief in a case of Suppression of Urine, in prompt relief in a case of Suppression of Urine, in Yellow Fever, and decidedly mitigated other distressing and dangerous symptoms. The patient recovered, but how far the water may have contributed to that result (having prescribed it in but a single case) I, of course, cannot undertake to say. There is no doubt, however, about the fact that its administration was attended by the most beneficial results."

The STAR is decidedly one of the best papers in the State, as bright and newsy as ever. Long life to it.—Salem Press. The Wilmington Star has entered en its twelfth year—as good a paper as any people should want, — Charlotts Democrat. The Wilmington STAB has entered on its twelfth year. As a daily journal of news it stands "up head."—Concord Register. The Wilmington STAB has entered its twenty-fifth volume. There is no better paper published in the State.—Lenoir Topic. The Wilmington Star has entered upon its thirteenth year. It is one of the best papers in the State.—Warrenton Gazette.

The Wilmington Star has entered its thirteenth year. It has become one of the leading papers of the South.—Oxford Torchlight. The Wilmington Star is not only one of the best edited papers in the State, but for freshness of news and typograpical appearance cannot be beaten.—Jackson Reporter. The Wilmington Star is one of the very best papers in the South, in every department from typo graphy up to editorial ability and independence. Betersburg (Va.) Index-Appeal.

The Wilmington (N. C.) MORNING STAR is a modi-el newspaper. Indeed, we think we do not exag-gerate its merits when we say it is the newsiest (secular) paper published in the South.—Richmond (Va.) Religious Herald. The Wilmington STAR has now entered upon its thirteenth year and twenty-fifth volume. One of the best conducted and edited papers in the South and, as a North Carolinian, we are proud of it.—
Tarboro Southerner.

We like the STAR because it is thoroughly re-liable, candid, fearless, and so well and ably edited, newsy, spicy, and in fact a perfect news-paper. Long may the STAR twinkle.—Mt. Atry Visitor.

Although at the head of the press in this State in all that makes a paper valuable to the reader, still it continues to improve. It is a STAR of the first magaitude. May its lustre never wane.—

The Free Will Baptist. The Star is so well and favorably known in this section of the State, that we can say nothing of which its thousands of readers do not already know. It is in every respect one of the best dai lies in the South.—Robesonian.

That magnificent beaming STAR has completed its twenty-second volume. It is one of the most brilliant, erudite and sparkling dallies south of the Potomac. The system in the get up of the paper surpasses them all.—Tarboro Southerner. The Wilmington Star has entered on its twelfth year. It is a most excellent newspaper, well edited, a compendium of all the news of the day, and an honor to its city, to North Carolina and to North Carolina Journalism.—Charlotts Observer.

The Wilmington Star is now taking the regular midnight Associated Press reports, and has besides increased the amount of its reading matter. The Star is an excellent paper. Its prosperity is not surprising since it is so deserving.—Charlot. The Times cannot say a word too good for the Wilmington STAR. It has just reached one of its many birthdays. As a newspaper it is a favorite with the State press and is sought after by the people. Long and prosperous life to it.—Reidsville Times

The Wilmington Star, we are pleased to notice, still continues on the high road to success. We esteem the Star very highly, regarding it as one of the very best of our exchanges, and consider it the peer of any journal published in the South.—Oxford Free Lance.

Why is it that all the papers with the name of Star are such bright little journals? The Wilmington (N. C.) STAR, the Washington Star, the Fredericksburg Star, New York Star, for example. There must be something in a name after all.—Bichmond (Va.) State. The Wilmington STAR has entered uponits 12th volume, and we are pleased to notice still continues on the road to success. We esteem the STAR very highly, regarding it as one of the very best newspapers that comes to this office. Its news columns are always a little fuller than those of

any other of our exchanges, and its editorial de-acrtment is conducted with much ability.—Mcr-ganton Plade. Humble in its beginnings, as was inseparable from an enterprise begun amid the wreck of fortune that attended the collapse of the Southern Confederacy, the Star has steadily "waxed" until it now beams resplendent in the full glow of a constantly brightening prosperity. As a newsraper it has few equals, and no superior, for apprapriate selection and judicious arrangement, and we are proud to rank it among our most accepts ble exchanges. — Hillsboro Recorder.

ble exchanges.—Hillsboro Recorder.

The Wilmington Morning Star has entered upon the thirteenth year of its existence, and we take this opportunity to congratulate it upon its prosperity and deserved popularity. The remarkable success of the Star is due to its strict attention to business. The boast of the Star (rightfully too) is that it always has the news, and this is the first thing in journalism. Otherwise the paper is all that the term of "good newspaper" implies, and its corps of editors and reporters are thoroughly educated newspaper men. May the healthy, moral influence of the Star never be retarded, and may its genial enterprising proprietor enjoy many more happy years of usefulness.—Goldsboro Messenger.

F. W. CLARE, General Fassenger Agent, sep 21 tf Almost a Miracle! A REMARKABLE STORY.

A few days ago a gentleman of high standing Atlanta met Dr. J. Bradfield on the street, and elated the following, in which all ladies are leeply interested : "For the past eighteen months my wife has been an invalid, caused from womb trouble, cessation of menses, etc., and I have tried everything I could hear of in the way of medicine, and have had several of our best physicians attending her, to one of whom, (calling him by name) I paid one hundred and sixty-three dollars. Instead of improving or getting any relief, she gradually grew worse, and I had almost given up hope, and really did not believe she would ever get up from an invalid's bed; but a friend of mine who krew of the case suggested the use of

Bradfield's Female Regulator,

and although he stated that he knew of a similar and although he stated that he knew of a similar case being cured by it, and endorsed it highly himself. I was so discouraged I did not believe it would do her any good; but as a last resort I bought a large bettle of it and she began taking it, and from the very first a marked change took place. She begun to improve rapidly, her appetite returned, her whole system was built up, and to-day she is as well and sound as ever in her life, and I am under life-long obligations to you and your remedy, for it undoubtedly saved her life;" and he added. "I wish every lady in the world so afflicted would try it, as I know it will cure them."

**W**e Claim and can Prove Beyond a Doubt By the highest and most undoubted testimony:

That this Remedy will cure all womb troubles. That this Remedy will cure leucorrhow or whites. That this Remedy will restore the menstrual That this Remedy will stop excessive monthly flow That this Remedy will relieve painful menstru-That this Remedy will build up the system as a tonic. That this Remedy will cure all female disorders. "CHANGE OF LIFE."

If taken during this period, so critical, it stands without a rival. Send for our treatise on Woman. Mailed free to any address. The Bradfield Regulator Co.,

CANCER FOR MANY YEARS. A family servant has been afflicted for many years with a cancer on her nose, and was treated by some of the best physicians, and the old remedies used without benefit. Finally we gave her Swift's Specific and she has been completely cured.

JOHN HILL, Druggist. Thomson, Ga., August 16, 1884.

John Naves, a young man near here, had a cancer on his face which had eaten away his nose and part of his cheek, and was extending up to his eyes. As a last resort he was put on Swift's Specific, and it has entirely cured him. His face is all healed over with new flesh, and his general health is excellent. His recovery was wonderful.
