OUTLINES

The iron safe bequeathed by the late Duke of Brunswick to the Duke of Cumberland, contained \$500,000 in money. The breach is widening between France and China. The steamer Grandcoupe, ashore at Barnegat, N. J., has broken in two and will be a total wreck. The House committee on Appropriations met yesterday in Washington, D. C., to map out their work for the next session of Congress. The Harrows Woolen Mill, at Woonsocket, R. I., has commenced running on three quarters time; two others will go on three quarters time December 1st. Weavers at Taunton, Mass., who struck against a reduction of wages, returned to work yesterday at the rate of 10 cents. The canvass of the balance in the Leman-Brand Senatorial contest by the Federal Court at Chicago, Ill., began yesterday, with a view to ascertaining if they had been tampered with. The American Watch Co., at Waltham, Mass., has largely reduced its force of workmen. Three of the largest cotton factories at Woonsocket, R. I., give notice of a reduction of wages of operators. The Reading, Pa., mill temporarily suspended for want of orders. The official election returns of Virginia show Cleveland's plurality to be 6141. Jas. L. Pugh re-elected to the U. S. Senate from Alabama. President Green of the Western Union Telegraph Co. denies the charge that election returns were tampered with or withheld by officers or employees of the Company. New York markets: Money 1@1 1/2 per cent; cotton firm at 10 7/16@11 1/16; southern flour quiet at \$3 30@3 35; wheat, ungraded red 67@69; corn, ungraded 48@49; rosin steady at \$1 30@1 37 1/2; spirits turpentine steady at 32@32 1/2.

Vassar Female College had a parade in honor of Cleveland's election. The result came near being fatal to the President of the college, as will be seen from the following highly interesting account of what occurred: "The two prettiest girls in the Cleveland ranks were chosen to carry the banner bearing the likeness of the bachelor President-elect. The handsomest lady professor, who teaches Greek and Latin, acted as drum major. All the girls carried brooms and charged in line, wheeled and deployed in the most bewitching manner. The President was so startled by the musical cheers of the girls that he knocked over a cup of tea and trod on the tail of his pet cat in his hurry to see what was the matter. The cry: Grover, Grover, Walk over, Walk over, Walk in haste And lie in clover, told him that the college was not on fire, and he retired smiling. Class songs were sung. Roman candles were fired from dainty hands, and after a march three times round the college the pretty paraders retired to their rooms and talked it over until 'lights out.'"

We have not received the vote of Judge Bennett in this District, and we have not seen it in any other paper. Taking the Governor's vote in the counties as a standard for comparison, and Judge Bennett's majority will range between 4,500 and 5,500, but probably about 4,800 or 5,000. If so his majority is next in size to that Gen. Cox's. A splendid rip to that considering that some were disposed to call him a weak candidate. A gentleman of real intelligence who lives in Washington says he considers him much the ablest man in the House from North Carolina.

Bishop Isaac W. Wiley, of the Northern Methodist Church, who recently died whilst on an episcopal tour in China, of tumor in the stomach, was in his 58th year. He was a native of Pennsylvania, and a graduate in medicine. In 1850 he went to Foo Chow, which was destined to be the scene of his death, as a medical missionary and remained there four years. Subsequently he filled various pastoral positions, was several years editor of the Ladies' Repository at Cincinnati, and in 1872 was elected Bishop.

Negro intolerance has been often illustrated in their treatment of those of their own color who dared to vote with the whites. Some colored men paraded in Richmond with the whites. They had to be thoroughly guarded. The negro paper in Richmond called the Planet, makes this confession: "The part taken by those negroes in that Democratic procession of last Tuesday night was humiliating to themselves in the extreme. The indignation of the colored people was plainly visible, and had they not been so well guarded by their white captors they would have 'lived hard.'"

In Canada, according to the Montreal Gazette, there is an improved condition in the cotton manufacturing business. It says: "Last week the Stormont Mill, at Cornwall, resumed work; this week the Merchants Manufacturing Company's Mill, at St. Henri, has started up. More activity is displayed in the Dundas and Hochelaga factories, and at the annual meeting of the Moncton Cotton Company last week the directors reported the mill to be now running to its full capacity, the outlook full of encouragement. It will, of course, take time before the industry resumes the position it occupied down to last year."

Spirits Turpentine. The Lenoir Chronicle has been enlarged and otherwise improved. The Goldsboro Messenger appeared on the 24th as a fourth sheet. Glad to see it working gradually up to its old large size. Its fourth was full of news. Mr. R. P. Reinhardt, of this county, says the Piedmont Press is the only person in the State who belongs to the American Stock Breeders' Association, and was the first to ship registered Short Horn Durham cattle to the State. Lenoir Chronicle: On last Tuesday evening about dark, Jones Cottrell, Esq., who lives on the Yadkin, in the German Hill vicinity, about 13 miles from Lenoir, committed suicide by shooting himself in the head. Family troubles were the cause of the rash act. Our informant states that he endeavored to take the life of his wife a few minutes before taking his own. Asburyville Citizen: We believe that there are more Northern visitors expected in Asburyville this winter than ever before. We learn that a respectable woman named Alice Beeton was shot about 1 o'clock on Friday morning by one Bud Ashley in a house of ill fame. The wound ran in a hole in the back, and the wound is a very serious one. Ashley escaped, and is still at large. Elizabeth City Falcon: Skinner's majority is 2,804. The thousand dollars or so spent in putting the new iron fence around the court house lot could not have better invested. There is such a have better in the Radical camp here as never was before. Most of the old leaders are loggerheads, and those who have not opposed the general conservative character is already in progress. It is idle for any party to claim that such revival is due to this, or to that. It is here. That is enough. All good men are glad of it.

Mr. A. B. Stronach, out riding on his little pony, and when near the corner of Wilmington and Morgan streets his hat blew off, and in attempting to alight from the pony he missed his footing in some way and fell to the ground, striking on his head. He was picked up insensible and is in a critical condition. Smithfield Herald: On last evening as Mr. John R. Coats, of Pleasant Grove Township, was on his way to Smithfield, he happened to a painful accident. When he was six miles from town, he accidentally fell from his horse, catching both hands under his body. Mr. Coats is a large heavily man, and his whole weight falling abruptly on his arms, one bone in each arm was broken about the wrist. Hickory Press: Mr. John Sherrill caught in the Catawba river over 800 eels in one night, this morning and it was a good time for fishing either. Many of the eels were three feet long. The grandest demonstration in honor of Cleveland's election in this section was that at Statesville last Tuesday night, which was had the pleasure of attending. The town was brilliantly illuminated and the procession was a magnificent array of men, women and children, with torches, fireworks and various features of attraction. Everything passed off pleasantly to the immense crowd present. North Carolina beyond Roanoke river belongs to the Virginia Conference. Here are the appointments for 1885: Martinsboro—E. H. Howe; Northampton—John S. Wallace; Meherrin—T. J. Rayton; Bertie—J. H. Kobler; Harrelsville—Charles R. Taylor; Hertford—E. M. Jordan; Edenton—J. T. Lumpkin; Pasquotank—S. J. Morris; Elizabeth City—D. B. Wirt; Weldon—J. F. T. Jones; J. J. Williams, Southampton—M. S. Colonna; Chatham—C. E. Hobday; Camden—O. Moses; Boykio—R. B. Peables; Newson—J. W. Robins; North Gates—J. B. Dey; Roanoke Island and Dare—J. G. Tennon. New Berne Journal: There are eighteen prisoners in Craven county jail, fifteen of whom are awaiting trial. Mr. Calvin Perry, a prominent farmer residing two miles from the city, died yesterday evening. The schooner Thos. J. May, Capt. Davis, which arrived at this port on yesterday from Belfast, Maine, was caught in a hurricane off Bays Island on the 18th inst. and blown two hundred miles off her course, sustaining total damages, however. On the 15th inst. latitude 35 degrees, 15 minutes, and longitude 73 degrees, 30 minutes, she sighted a foreign rig of about 300 tons register on fire and abandoned. Capt. Davis remained by the burning brig for some time, but the sign of her crew or boats. When reached she was so badly burned that neither her name or nationality could be ascertained. Goldsboro Messenger: We have saved barely half of our type, and these in a more or less damaged or ruined condition. Our presses, fixtures, folder, inking stones and a full set of cabinets and stands, together with office furniture, bookbinder's material, our files, and a hundred and one necessary and valuable fixtures, were destroyed, but we have already placed our order for another \$5,000 press (a duplicate of the one destroyed, only a little larger) for a folder, shaftings, stones and other fixtures, new type, &c., and hope to be ourselves again. Our job office is already in good working order, and we respectfully solicited. Two improved job presses will soon be added to our present outfit, together with paper cutters and a full line of latest type. Our Mr. B. W. Cobb, who occupied the room of the Messenger building, but has been absent for some weeks in Eastern Carolina, had the misfortune to lose all his bedding, wearing apparel, trunk, &c., by the fire which destroyed the building. Pearsall is now in jail and will have a hearing before Justice Wright this morning at 10 o'clock. Pearsall and Crow had some unpleasantness on election day and Crow struck Pearsall, in consequence of which Pearsall threatened to sue on Saturday Crow was shot. The Messenger building will at once be re-erected. The contract has been given to Mr. Milton Harding, and he begins work to-day, and hopes to have our press room completed by the time our new press reaches here. We learn from our Snow Hill contemporary that the Snow Hill and Goldsboro Telegraph Company, at a meeting held on last Monday, the 24th inst., and all its property was destroyed by B. J. & R. E. Best, to pay the cost of construction; they agreeing to put it in good condition and run it, and give it a fair trial before abandoning it. On Sunday morning the handsome new church of our Methodist citizens was thrown open to the public and the congregation in attendance was very large, made up of persons of every religious persuasion. Rev. Mr. Robey, the pastor, preached an excellent sermon on gambiers during fall week, and many an unsuspecting, unopiated man and boy was gulled out of his last dollar by these professional sleight of hand artists who are permitted to exercise their alluring and damnable wiles at almost every fair in our State. We are pained to learn that William O. Rich, the oldest son of Mr. C. C. Rich, of Faison, met with a serious and painful accident last week. The young man was attending to the ginning of some cotton on his father's place and the mule board becoming clogged, he reached in to clear it off, and his right hand and arm were caught and drawn across the saws and terribly lacerated.

Receipts of cotton yesterday footed up \$67 bales. There was no session of the Mayor's Court yesterday morning. There will be services and a sermon appropriate to Thanksgiving day at St. Paul's (Episcopal) Church to-morrow at 11 o'clock. Several of the leading grocery houses of this city announce that their places of business will be closed to-morrow—Thanksgiving Day. The Blaine and Logan flag, which has been kept flying from the pole on the corner of Third and Castle streets, was blown away Sunday night. The British steaming Invermay, Capt. Lang, was cleared from this port for Liverpool yesterday, by Messrs. D. R. Murchison & Co., with 3,850 bales of cotton, valued at \$177,186.30. The proceedings of the Board of Aldermen, which appear in this issue, should have been published in our last, and that they did not so appear is no fault of the reporter's, who was at the hall seeking news late Monday afternoon, and received no information that there was to be a called meeting of the Board that night. We do not say any one is to blame for this, but a reporter cannot be expected to know that anything out of the regular routine has taken place, or is expected to take place, unless some kind soul volunteers information to that effect.

Accident on a Railroad Platform—Narrow Escape from Instant Death—A Transfer Clerk Badly Hurt. A singular accident, and one that narrowly escaped proving fatal in its results, occurred at the Union depot on Nutt street yesterday morning, about half-past 9 o'clock. Workmen had been engaged in transferring a lot of water-pipes from a car on the W. & W. R. R. across a platform to a car on the track of the W. C. & A. R. R., and a piece of old iron pipe, about four or five feet in length, had been used as a roller. At the time of the accident this old piece of pipe was lying on the platform, with one end raised and resting on a block of wood, or something of the sort, when an iron rail was thrown down and fell on the raised and projecting end, and the heavy weight and force of the falling bar sent the piece of pipe whirling through the air. At the moment Major Exum Lewis and Mr. George Legrand—the latter a transfer clerk—were standing on the platform talking, when the heavy missile came whizzing, one end of it striking Mr. Legrand on the side of the head, just over the right eye, and inflicting a severe wound, while the other end played havoc with Mr. Lewis' new coat, tearing one of the pockets out and otherwise damaging it, but doing him no personal injury. Mr. Legrand was knocked senseless to the floor, his head in his violent descent narrowly escaping the sharp projecting edges of an upright barrel filled with rosin, a collision with which, in his manner of falling, the witnesses of the accident say, would have caused instant death. As it was his head came in violent contact with the floor, and it was thought for some minutes that he was dead. He was quickly removed to the freight office near by and cold water thrown into his face, and he slowly revived. In the meantime one of our best surgeons had been sent for and arrived, when the wound was dressed and he was taken in a carriage to the residence of Mrs. Quince, his mother-in-law, on Front street. He says he never knew what hurt him until he revived and was told how he was hit. The only wonder is that he got off as easily as he did. As it is, it is not thought that he is seriously hurt.

Personal. Messrs. D. W. Bain, the newly-elected State Treasurer, and Dr. B. F. Dixon, Superintendent of the Oxford Orphan Asylum, were expected to arrive last evening and will be the guests while in the city of Mr. H. H. Munson. We had a call yesterday from Rev. Dr. Burkhead, formerly of Front Street M. E. church, this city, and Presiding Elder of the District, but latterly of New Berne. New Berne wants Maj. Stedman to take a hand in their grand jollification to-morrow night. Mr. Philemon Holland, Jr., one of New Berne's representative men, was present at our jubilee and tells his friends it was a grand affair.

The Conference. The North Carolina Conference will meet at the Front Street Methodist Church this morning at 9 o'clock. A large number of ministers and delegates had arrived yesterday, and many more were expected last night. We wish for this large, influential and respectable body a pleasant and harmonious session. Especially do we hope that the Conference may be blessed with good weather. The last time it met here, which was in 1875, the sun did not shine during the entire session, and rain was falling nearly all the time.

An Insane Woman. Laura Morris, the colored woman who was arrested and lodged in the guard house a few days ago, on suspicion of being insane, was before a commission of magistrates yesterday, together with Dr. Potter, Superintendent of Health, who pronounced her insane, but at last accounts had not determined as to what disposition should be made of her, as her home is alleged to be about eight or ten feet on the Brunswick side of the line dividing that county from New Hanover. She will be held until the matter is settled.

Board of Aldermen. At a called meeting of the Board of Aldermen, held Monday night, Alderman W. H. Chadbourne, member-elect to the Legislature, tendered his resignation, and Mr. S. H. Morton, of the First Ward, was elected by the Board to fill the vacancy. The Sanitary Committee submitted the following ordinance: WHEREAS, Contagious and infectious diseases are often introduced into communities by the importation of second-hand clothing, and the Board of Health of New Hanover has recommended that the introduction of the same into the city of Wilmington be prohibited, as a sanitary measure. Now be it Resolved, That from and after the passage of this ordinance, any person or persons who shall bring or introduce into the city of Wilmington, or cause to be brought or introduced into the same, for the purpose of sale or traffic, any such second-hand clothing, from any town, city or place, in or out of the State, shall be guilty of a fine, not exceeding fifty dollars, or imprisonment not exceeding thirty days, in the discretion of the court. Provided, That this ordinance shall not apply to any person buying or selling second-hand clothing from persons within the city, not imported or brought from abroad as hereinbefore prohibited. Alderman Geyer moved to lay the proposed ordinance on the table. Alderman Bear called for the eyes and noses, which were ordered; Alderman Sweet, Howe and Geyer voting yes, and Alderman DeRosset, Boney, Bear, Fishbale and Morton voting no; so the motion to lay on the table was lost. Alderman DeRosset moved that the matter be referred back to the Sanitary Committee, with instructions to modify the same. Alderman Bear moved to amend by referring it to a special committee. Alderman Bear's motion was lost. Alderman DeRosset's motion was adopted. The communication from Burr & Bailey, with reference to sewer under their shops, was, on motion of Alderman Fishbale, as amended by Alderman DeRosset, referred to Committee on Streets and Wharves, said committee also to take into consideration the whole sewer to its source, with power to act. The petition of J. B. Watson to be relieved from payment of any tax was granted. The petition of Sykes & Orrell to erect a wooden building on the lot occupied by them as a livery stable was read and on motion of Alderman Fishbale was referred to committee on Fire Department with power to act. A counter petition was read, but, pending action, the Board adjourned. Some few other matters, not of public interest, were acted upon.

Criminal Court. The following cases were disposed of by the Criminal Court yesterday: State vs. G. R. Ward, charged with an affray. Defendant found not guilty. State vs. Jos. Midyett, charged with an affray. Defendant submitted and judgment was suspended on the payment of costs. State vs. J. W. Sutton, charged with carrying a concealed weapon. Defendant found guilty. State vs. James Anderson, charged with assault and battery. Defendant found not guilty. State vs. Frank Scott, charged with abusing stock. Case on trial.

Dismissed. The case of the State vs. Schriver, charged with selling second-hand clothing, which was heard before the Mayor a few days ago, and in which a decision was reserved, has been dismissed. Mr. F. H. Darby appeared for the defendant. RIVER AND MARINE. The schooner J. P. Augur, Capt. Rich, which arrived here yesterday from Nassau, N. P., consigned to Messrs. Geo. Harris & Co., sailed from New York on the 5th inst., laded a cargo of general merchandise in Nassau and came to our bar on the 24th, having made the trip in nineteen days. Capt. Adams, of the Schr. H. J. Powell, was in the city yesterday and reports that the vessel would be floated today, without damage. She is bound from Laguna, Mexico, for New York, with a cargo of logwood and mahogany, &c. She put in for a harbor and during a squall got ashore, as reported in our last.

THE CITY

NEW ADVERTISEMENTS. MUNSON—Overcoats. R. M. MCINTIRE—Wraps. R. N. LUZZI—String band. S. P. COLLIER—Danish cabbages. S. H. TRIMBLE—Fruit at auction. G. R. FRENCH & SONS—Best stock. HEINBERGER—Pianos and organs. W. H. ALDERMAN & CO.—Lamps, etc. M. S. WILLARD—Accident insurance. GROCERY DEALERS—Close Thursday. TAYLOR'S BAZAAR—Week of bargains. F. A. NEWBURY—Early Rose potatoes. W. S. BRIGGS & CO.—Improved lamps. Sudden Death. A colored man by the name of James Starkey, who has been in the employ of Mr. P. H. J. Ahrens, in his ice house for the past ten years, and who was with Mr. J. E. Lippitt yesterday to that time, died very suddenly previous morning. He felt bad and purchased some paregoric and went into Mr. Gieschen's store next door, to take it. He afterwards laid down upon the floor and almost immediately expired. Deceased was well known in the community and was about 60 years of age. His disease was probably that of the heart. There was no inquest.

Weather Indications. The following are the indications for today: For the South Atlantic States, generally weather, light variable winds, fairly shifting to south and west, with a slight rise in temperature. AN EDITOR'S TESTIMONIAL.—A. M. Vaughan, Editor of the "Greenwich Review," Greenwich, O., writes: "Last January I met with a very serious accident, causing a runaway horse, which almost every kind of nerve to heal the wounds, which seemed to run down, but found nothing to do to my good luck. I was recommended HENRY'S CARBOLIC SALVE. I bought a box, and applied it to the wounds, and in two months I was completely well. It is the best salve in the market, and I never fail of telling my friends about it, and urge them to use it whenever in need. Wm. H. Green, Agent, Wilmington, N. C."

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child, on reaching home and according to his wife with what he had done, she refused to have it administered, and he was obliged to administer it in favor of Homeopathy. That night the child was in suffering and the parents without sleep. Returning home the day following, the father found the baby still suffering; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her absence she administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. His mother was delighted with the wonderful change, and although at first offended at the decision pronounced upon her husband's part, she was soon satisfied and suffering crying babies and restless nights have since disappeared. The Soothing Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 25 cents a bottle.
