The success of the New York World is phenomenal. Its Sunday edition contained 140 columns, 89 of which were advertising. It beat the Herald for that day. Its circulation slarge and increasing. It is a very live paper as at present conducted. It claims to have about 150,000 daily circulation.

We are very much gratified that Rev. Paul J. Carraway has been as signed to the Presiding Eldership of this District, it being deemed necessary to move Dr. Bobbitt to one of the upper Districts on account of his health. Mr. Carraway is the right man-a working, genial, Godly man and a good preacher. Dr. Bobbitt was loved and esteemed by his people.

The Conference has come and after a week's sitting has adjourned To-day nearly all of the more than three hundred delegates will have left, and the many visitors also. We hope they all like Wilmington and that hospitality and kindness have abounded. Some of the preachers go to perhaps hard fields of labor, but like good soldiers under marching orders they go with a resolved will and praying hearts and many a hard field will be converted into a glorious one. The Conference was really a fine looking body of men. We were proud to see that old "North Ka-li-ny" could turn out so many noble looking men members of a Christian body. Heaven's blessing attend them. as samonijoH

It seems it is not certain that the Democrats will have the Illinois Legislature and thus gain a Senator in place of Black Jack Logan. It is said to depend on the Second precinct, 18th Ward in Chicago. The Batimore Sun thus states the case:

"By the returns furnished on the night of the election Leman, Republican candidate for the State Senate, was reported as having secured his election by a small majority over Brand, Democrat; but when the county canvassers came to canvass the vote it was ascertained that Leman had been credited in the precinct referred to with Brand's vote, and vice versa, and that Brand, on a correct tabulation, had carried Brand, on a correct tabulation, had carried the precinct by ten majority, thus securing his election. The Republicans then set up a cry of fraud, and demanded a count of the ballots, which was ordered. This count showed a large number of regular Republican ballots with the name of Brand substituted for that of Leman, and increased Brand's majority to over 200. The ballots are indorsed, and a number of Republicans who appear as having voted for Brand have sworn that they voted for Leman. The matter was then taken before the State Canvassing Board, which on Friday decided that on the testimony before it it could not decide which of the candidates was entitled to a certificate of election, and referred the matter to Gov. Hamilton for final decision, which is expected to be rendered to day."

Rev. J. H. Wheeler. We were pleased to notice in our midst, in attendance upon the sessions of the North Carolina Annual Conference, this aged veteran of the Cross. Mr. Wheeler, or Father Wheeler, as he is generally called, is now one of the oldest members of the Conference; and about forty-five years ago was pastor of the Methodist Church in this place. Alast with a few exceptions, all to whom he so faithfully ministered in those days are gone; while he is living in glorious anticipation of ere long entering the rest that remains for the people of God.

Ward, of Pender county, sent from Burgaw, and requesting Capt. Savage to meet him at the depot on the arrival of the train to take charge of an insane woman. Capt. S. im. mediately left his bed and in exactly 58 minutes after the reception of the telegram he was grasping the hand of Sheriff Ward at the depot. The woman was white and named Mary Lamb. She is quite aged.

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a letter written to the German Reformed Messenger, at Chambersburgh, Penn.: A Benefactress. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach eur "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething stege. Mrs. Winslow's Scothing Syrur relieves the child from pain, and cures dysentery and diarrhea. It softens the gums, reduces inflammation, cureswind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists.
