Disclosure of Alleged Frauds in the First Comptroller's Office-Report and Recommendations of the Secretary of the Navy.

[By Telegraph to the Morning Star.] WASHINGTON, Dec. 5.—The following letter, written by J. J. Barker, a former clerk in the office of the First Comptroller of the Treasury Department, and addressed to Representative Springer, was read by Mr. Springer to his committee on expenditures in the department of justice at its meeting to-day: "In the judiciary division of the First Comptroller's office, accounts of commissioners, clerks, attorneys, mar-shals, etc., of the Federal courts are passed upon. Vouchers on file in the Register's office will furnish abundant evidence of the fact that for years it has been the rule to make illegal allowance to these officials through the First Comptroller's office either by design or through inexignorance of the that more than one-half of the accounts presented by these officials contain illegal or improper charges, and that many of these items are allowed. These improper allowances will aggregate an enormous sum. Convincing proof of the statement can be found in the file room of the Register's office, but these evidences can only be produced by some one well informed con-cerning the contents of books and the loca-tion of vouchers. When investigations of these matters have been attempted only papers asked for by resolution have been ex-

Mr. Barker was present and offered an explanation of his charges. He said he was appointed to a position in the Treasury. Department May 11th, 1883, and was assigned by request of Judge Lawrence, First Comptroller, to his bureau. "Directly after going in," he said, "I thought I discovered that the statutes were being violated in reference to certain allowances. I called the attention of the acting Chief of the Ju-diciary Division to what I thought were illegal allowances of per diems, and I also brought the matter to the attention of the decision had not reached the fourth door of his office." Mr. Barker gave a number of instances of what he called "illegal payments," and said they were a few out of many instances of such payments.

Polarizate to the First Company Managements of such payments.

Referring to the First Comptroller, Mr. Barker said: "I believe Judge Lawrence to be houest, but he is so exclusively engaged in the production of his decisions that he has not time to attend to the details of his office."

The committee directed the chairman to appoint a sub committee to investigate the matters referred to by Mr. Barker in his letter, and in his explanatory statement. The sub-committee will be appointed next week.

WASHINGTON, Dec. 5.—The report of the Secretary of the Navy is made public to day. Concerning navy yards the Secre-tary says that only two naval workshops should be maintained on the Atlantic coast and one on the Pacific. The New London yard should be restored to Connecticut and the League Island yard to Philadelphia. The Boston yard should be sold or reduced in size. The Pensacola and Portsmouth yards may be kept for naval stations. Workshops would then be at New York, Norfolk and Mare Island. These need certain improvements in organization. First, politics should be excluded from their management, in accordance with Section 1546 R. S., which says: "Nor shall any workingman be removed or discharged for political opinion." Secondly, responsibility for work must be more definitely fixed. Instead of being shared, as at present, by constructor, chief engineer and equipment officer, all under the commandant of the station, there should be at each working yard a supervising naval constructor appointed by the President and confirmed by the Senate from civil life, or from the navy, who should have direct charge of all work under the heads of construction, steam engineering and equipment, and be held to direct and rigid accountability by the single bureau of construction of the department. The Secretary renews the suggestion that suitable and responsible occupation should be furnished officers of the navy by employing them in vessels of the revenue marine and light house establishments, while the survey of the coast, now performed by naval officers under the Coast and Geodetic Survey, should be placed, like other maritime surveys, under the Hydrographic office of the Navy Department These recommendations, he says, are in pursuance of the well considered principle that officers and seamen of the navy should be employed to perform all work of the national government upon or

in direct connection with the ocean. ALABAMA.

Resolution Adopted by the State Senate in Payor of Educational Pur-

[By Telegraph to the Morning Star.] MONTGOMERY, Dec. 5.—The following resolution was adopted to day by the Alabama Senate: Resolved, That the sense of this Senate, as

reflecting the feeling and sentiment of the white people of Alabama, is most earnestly and heartly in favor of the largest appropriations by the Senate compatible with existing financial conditions for the support of our public schools, and our profoundest regret is our inability to do more for these grand institutions so indispensable to the safety of society and the prosperity of free, civilized and Christian government and so indicative of our intellectual ual, moral and material development, in sympathy with the spirit and demands of an enlightened humanity; and especially and solemnly do we express the obligation and fixed purpose of the white people of Alabama to aid in the education of the colored children in our midst.

A Dwelling Destroyed by an Explosion of Dynamite-One Man Killed and Seven Persons Seriously In jured.

(By Telegraph to the Morning Star.) Dover, Dec. 5.—Stephen Young, of Strafford, N. H., had a party at his house last night. On a shelf in his house was placed a quantity of dynamite, intended for blasting purposes. One of the party, to scare the rest, fired a revolver and the jar caused an explosion of the dynamite. The house was blown to atoms and burned

The City Ablaze with Excitement Over Preparations for a Grand Cleveland and Hendricks Celebration.

[Special Star Telegram.] CHARLESTON, S. C., Dec. 5 .- Charleston s ablaze with enthusiasm and excitement over the preparations for the grand Cleveland and Hendricks celebration, which is to take place on Friday night, the 12th inst, The enterprise is being engineered by the Merchants' Exchange, a body composed of some of the wealthlest and most progressive merchants of the city. Money, time and energy are being expended without stint in preparing a display that will do credit to the city and to the Democratic party. Arrangements have been made for the illumination of buildings along the route of the procession, which will be composed as follows: Ranks of torch-bearers thickly interspersed along the whole column; His Excellency the Governor and staff, Lieut. Governor, State officers, members of the Senate, members. of the Legislature, Mayor and Aldermen the clergy, members of the South Car Bar, corporations, the Chamber of merce, Merchants' Exchange, Miners' Ex-

change, Cotton Exchange, physicians, the Fire Department, military organizations, Citadel Cadets, all societies, ward organizations, visiting strangers, colleges, schools bankers, brokers, real estate brokers, and other trades and professions. The following telegram was sent to Vice President-elect Hendricks to-day-the mes-

sage having been transmitted personally, by Major George Washington Bell, Secretary and Treasurer of the Merchants' Exchange, one of the oldest and most important operators in the South:

"His Execulency, Vice President Thos. A Hendricks, Indianapolis, Ind.: "We have the honor to inform you that a special committee is ready to leave Charleston to escort you here from Indianapolis, in pursuance of the invitation sent you by mail. Please advise us by wire when you will be prepared to meet the committee at Indianapolis.
[Signed] "F. W. WAGNER, Chairman;
W. N. Byrd, A. H. Mowery, E. Wells, W.
P. Carrington, W. P. Holmes."

A Homicide in New Orleans - The Mayor's Efforts to Secure the Arrest of the Assassins of A. H. Murphy. [By Telegraph to the Morning Star.]

NEW ORLEANS, December 5 .- While the Jackson fire company of eighteen members were serenading friends here this afternoon a difficulty occurred in which John Fisher was stabbed to the heart and instantly killed by A. A. Labruzan. Both were members of the fire company.

New Orleans, Dec. 5.—A special from Baton Rouge says: "Mayor Guillette, of New Orleans, yesterday wrote to the Governor saying: I am compelled, owing to the failure of the city council to provide me with means necessary in the prosecution of offenders against the laws to appeal to you for assistance in my endeavor to unearth the truth in the matter of the assassination of A. H. Murphy. Witnesses of the horrible tragedy, although many in number, refuse to testify truthfully. Whether their refusal to speak is owing to intimidation or any other cause, we cannot discover. We have left and will leave nothing undone to convict the guilty parties; but in the meantime think that you should, and hope you will, cause a reward to be offered for any information that will lead to the conviction of the guilty parties."

In response to this letter Governor Mc Enery ordered the promulgation of a proclamation offering a reward of \$1,000 for the arrest and conviction of the assassins

Failure of a Banking Firm at Toledo-Figures Relating to the Iron and Steel Industries.

(By Telegraph to the Morning Star.) CINCINNATI, Dec. 5.—The Times Star's Toledo special says: The banking house of Raymer, Seagrave & Co., assigned to day, without preferences, to E.H. Rhoades. Liabilities are thought to be about half a million, with assets nominally equal. The assets are mainly real estate.

CLEVELAND, Dec. 5.-From a careful compilation of reports received, the Iron Trade Review computes that within the past four weeks twenty-five iron establishments have started up, giving employment to 12,-175 men; in four establishments the force has been increased by 250 men; in sixteen establishments the working time has been reduced to an average of eight hours; in thirty-nine establishments wages have been reduced an average of 121 per cent. affecting about 20,000 men, and destablishments have closed destablishments and destablishments have closed destablishments were closed destablishmen establishments have closed down entirely, throwing out of work 12,275 men. Smuggling Chinese into Washington Territory-A Number of the Celestials Drowned. (By Telegraph to the Morning Star.)

Boston, December 5.—A special telegram from victoria, B. C., says: A few days since it was reported that a three ton sloop, which left Victoria with nineteen Chinamen who were to be smuggled, and two white men, for the American shore, had been swamped and that all hands were lost. In addition to this disaster two more white men who left Foul bay seven weeks ago in a leaky boat with twelve Chinamen for Washington Territory, have not since been heard of, and all are believed to have been drowned. The temptation to smuggle Chinamen across the berder is very strong; as for each one landed the owners of the boat generally receive twenty five dollars.

Indictments for Frauds in Connection

with Indian Land Sales. The house was blown to atoms and burned up. One person, a Frenchman, employed by Mr. Young, was killed outright and seven more were wounded. Bonds to the amount of \$50,000, and an amount of railroad stocks were destroyed. Miss Sadie Greenfield, of Rochester, N. H., was blown through a window and her head cut open. Several of those injured will probably die. Among them is Dr. Stephen Young, of Rochester, and his uncle, Stephen Young, at whose house the explosion occurred.

KANSAS CITY, Dec. 5.—A special from Omaha, Neb., says: The United States grand jury yesterday indicted the following persons for fraud in connection with the Otoe Indian land sales: Hon. N. K. Griggs, late consul to Chemnitz; Capt. W. H. Ashby, of Wymore, (a newspaper man); ex-Register Parder, of the United States land office at Beatrice; Wheeler, auctioneer, and Beemer, storekeeper at the reservation. It is charged that by collusion the parties bought in lands at a nominal figure. By Telegraph to the Morning Star. 1

Crop Report for the Memphis District-The Total Yield Estimated at 30,000 Bales Less Than Last Year. By Telegraph to the Morning Star.

MEMPHIS, Dec. 5.—The cotton crop report for the Memphis district, which embraces West Tennessee, North Arkansas, North Mississippi and North Alabama, to be issued to morrow by Messrs. Hill, Fon-taine & Co., will say: "The review of the season will enable interested persons to bet-ter comprehend the true situation. As is well known planting, owing to unfavorable weather, was delayed fully three weeks, and this fact, coupled with the drougth which prevailed during the latter part of July, and extending through August, cut down the prospective yield which was so promising, and the result is now evident that the decrease in this district will be about 14 per cent as comdistrict will be about 14 per cent. as com-pared with last year. The frost of October 24th was ravaging in its effects to a worse degree than was at first reported. The result of correspondence from all sections of the South, including the Atlantic States, Louisiana and Texas, reduces the cotton crop in the Southern States, from this frost alone, fully 100,000 bales. The picking season, which has virtually ceased, picking season, which has virtually ceased, has been phenomenally favorable, and the present crop has been gathered earlier than was ever known in the history of the country. Cotton has been marketed with great rapidity, due mainly to the necessities of planters, to the increased facilities afterded for ginning by the erection of improved gins, and as the greater accommodation of railroads, which have extended their lines throughout the South. All these causes have had the effect of swelling receipts beyond all former years—the excess at ports being over 90,000 bales as compared with 1883-'4, the receipts in which pared with 1883-'4, the receipts in which year were the largest on record. From the correspondence above mentioned a fair estimate of the crop of 1884-5 can be given. The decreased yield in the States of Texas, Mississippi and Louisiana aggregates 285,000 bales. Tennessee, Alabama, Georgia, North Carolina and South Carolina show an increase in yield of 255,000 bales. This leaves a net decrease of 30,000 bales; which, deducted from the yield last year-5,713, 000 bales-would make the crop of 1884-'5, 5,683,000 bales.
