THE HAPPY CHRISTMAS COMES ONCE MORE. TRANSLATED FROM THE DANISH BY DR. C. P. KRAUTH.

The happy Christmas comes once more, The heavenly Guest is at the doors;
The blessed words the shepherds thrill—
The ioyous tidings: "Peace, good will!"

To David's city let us fly, Where angels sing beneath the sky; Through plain and village pressing near, And news from God which shepherds hear.

Oh! let us go with quiet mind,
The gentle Babe with shepherds find,
To gaze on Him Who gladdens them— The loveliest Flower of Jesse's stem.

The lowly Saviour meekly lies, Laid off the splendor of the skies; No crown bedecks His forehead fair, No pearl nor gem nor silk is there.

No human glory, might, and gold, The lovely Infant's form enfold; The manger and the swaddlings poor Are His Whom angels' songs adore.

O make our hearts in gladness sing! And keep our Christmas with our King, Till living song, from living souls, Like sound of mighty water rolls.

O holy Child! Thy manger streams, Till earth and heaven glow with beams, Till midnight noon's broad light has won, And Jacob's Star outshines the sun.

Thou patriarch's joy, Thou prophet's song Thou heavenly Day-spring, looked for long, Thou Son of Man, Incarnate Word, Great David's Son, great David's Lord! Come, Jesus, glorious heavenly Guest,

Keep thine own Christmas in our breast! Then David's harp-strings, hushed so long, Shall swell our jubilee of song. Mr. T. A. Miser, Mt. Pleasant, N. C.

says: "I have used Brown's Iron Bitters in my family for malaria and found it most satisfactory; can recommend it." THE NEXT SPEAKERSHIP.

Reasons that Ought to Influence the Legislature in the Selection. Cor. of the Goldsboro Messenge

Never before in North Carolina have so many gentlemen been mentioned in connection with the Speakership as in the pending contest. So many, indeed, and such good and true men are those whose names have their friends that one may well be perplexed to know to whom the honor should be accorded. I will say not one word in disparagement of any of them, but as the position can be awarded to only one, it becomes necessary to make a choice. After a careful survey of the field, and after honestly weighing the claims of

each of the candidates, it seems to the writer that there are more reasons why Col. Thomas M. Holt, of Alamance, should be elected Speaker than any of the gentlemen who seek the position. Not in the last election only, but ever since the organization of our party he has stood in its foremost ranks, fighting its battles and giving liberally of his time and means to its cause. Under his leadership our majority in his county has steadily increased—an

most excellent Speaker, and there is

not a man in North Carolina who

does not know that Tom Holt would

be strictly just, fair and impartial in

the discharge of every duty incident to the position. North Carolina owes

the proud position which she has assumed among her sister States to the

development of her agricultural and

manufacturing interests. In these pursuits are engaged the most of the peo-

mighty strides in material progress.

An opportunity is now presented to

recognize the claims of these interests

by the elevation of one of their rep-

resentative men. There is no one in

the State who is better qualified in

every particular for the position of

Speaker, or who is more thoroughly

identified with the agricultural and

manufacturing interests of North Carolina than Col. Thomas M. Holt.

His public record shows that he has advocated every measure that tended

to the material advancement of his

State. His career in the Legislature

has been marked by ability, honesty

and unselfish devotion to the public good. He will be the

first farmer and manufacturer

thus honored since the days of

old Nat Macon. Alamance county,

and patriotic citizen, who is the sub-

ject of this communication, has never

received any recognition at the hands

of our party within the recollection

of the writer, though she has ever

been among the most faithful to its

principles, and now some apprecia-

tion of her fidelity and the merits of

her favorite son would be most

grateful to her people and to the

friends of Col. Holt throughout the

State. In our hour of need, when

The hour has arrived and the question is here. The Legislature soon will be. Now let's have a grand coalition of them all and ring the bells and bell the dogs. I believe nearly every editor in the State has expressed himself favorably with regard to needed legislation tending to cur tail the curs and expand the possibilities of sheep culture. So mote it be. Now, let your brothers and my "ex"-brothers—my self being the "ex"—touch elbows along the whole line and advance on the legislators with a proud banner emblazoned on one with a proud banner emblazoned on one side with the talismanic device, Down WITH Dogs, and on the other, UP WITH SHEEP. Dossey Battle in Tarboro Southerner. The times seem to call for a serious effort on the part of our older citizens to reform Society, and stop the innovations which have sprung up with the "New South." These innovations come in three shapes— Fashionable "Fastness," tattling gossip, and laxity of honor in business transactions. In the matter of "Fashionable Fast ness" the Yankeeization of the South is so marked that all men, and especially all high minded women, readily recognise it. Now, Southern civilization has defects, particularly in the lack of business enterprise, and personal energy; and our people have had such a shaking up by the war, with its obligation of planting methods, and family fortunes, that it is natural we should looku pon the busy, rushing, prosperous North as our best model for the new order of things. "Let us Yankeeize the South!"—is now the cry. Here comes the wrong. People who look upon the surface see great wealth and apparent "civilization," at the North; but they fail to see how much this is the result of accident or situation, the influx of foreigners, and the unjust legislation which empties the products of the South into Northern pockets. Nor does the surface view show the vileness beneath! No man can read the great dailies of the North,— Boston, New York, Chicago, St. Louis, Cincinnati, Philadelphia, etc. without feeling that all the wealth and prosperity of Yankeedom would be dearly bought if the price were to be the lowering of the personal, social and business character of our
