ANOTHER LIFE SAVED. — Mrs. Harriet Cam-mings, of Cincinnati. Ohio, writes: "Early last winter my daughter was attacked with a severe cold, which settled on her lungs. We tried sev-eral medicines, none of which seemed to do her any good, but she continued to get worse, and finally raised large amounts of blood from her lungs. We called in a family physician, but he failed to do her any good. At this times a friend who had been sured by DR. WM. HALL's BAL-SAM FOR THE LUNGS, advised me to give it a trial. We got a bottle and she began to im-prove, and by the use of three bottles was en-tircly cured."

It is reported that hundreds of negroes have been induced to leave North Carolina under the flattering offer of forty acres of land, and, of course, a mule thrown in. This is a very cruel and dishonorable scheme of misrepresentation and deception. The Legislature or Governor or both should take steps to stop this fraud upon ignorant and credulous victims.

Rev. Dr. Noah H. Schenck, a well known Episcopal minister of Brooklyn, N. Y., died on the 4th inst. A dispatch says:

"About three weeks ago Dr. Schenck," who was then in robust health, had a corn removed from the second toe of his left foot by a chiropodist. Shortly afterwards he complained of the toe being painful, and the physician who was called found that gangrene had set in. His medical attendants amputated the toe, but the poison had spread through the clergyman's system, and he gradually became worse. For three days prior to his death he was in a comatose state. The deceased was 59 years old, and leaves a wife and ten children.

The careful correspondent in New York of the Philadelphia Ledger writes on the 4th inst, of the business outlook; 3 A 140.3 13 "There can be no question as to a more confident feeling in commercial and financial circles, as to prospects for spring business. It has its reflection not only in the better prices of leading staples, and an ad-Vance in the stock market, but in the en-couraging advices from the interior. The week closed up with a quiet, but, on the whole, quite confident feeling in financial circles. The bank statement shows a reduction of \$924,150 is the surplus reserve, which now stands at \$40,020.625 against \$8,211,950 for the corresponding week last
