The cholera killed 11,072 people in Italy, beginning with July and ending November 9th. There were 21. 247 cases in all.

Vanderbilt has insurance on his life for \$600,000. Why shall a man do this who has an income of at least \$8,000,000 a year.

Chief Justice Waite is not dangerously sick, as reported. He is suffering from neuralgia and a slight attack of erysipelas. A female homeopathist is attending him. Is the C. J. a "crank ?"

Mr. Gladstone will doubtless soon surrender the leadership of his party and retire from the Cabinet, but he will probably remain in Parliament. where he has served for over fifty His health has somewhat failed him latterly.

A rumor from San Francisco is to the effect that the Tichborne claim. aut is really Roger Tichborne. Edmond Orton says his brother, Arthur Ortor, is in the lunatic asylum at New South Wales. He will be taken to London to establish his identity

Texas and Missouri are said to be solid against the Blair bill. The other Southern States are said to be almost unanimous for "the flag and an appropriation." The South promises to become the Centralized end of the Union. As Europe discards political heresies America takes them up as truth. It is so with the South, we fear.

The Philadelphia Press, Republican organ, says this of our most popular man:

"Senator Zeb Vance, of North Carolina, is going to be re elected without turning a hair, and we are glad of it. If there is a man in the United States Senate whose head is full of horse sense and whose interior department contains a full quota of the everlasting milk of human kindness, it is this same Zeb Vance. The only strange thing about such a man is that he has remained so long a Democrat."

The gossips are about to marry Mr. Cleveland to widow Pruyn, of Alabama. She is the daughter of Judge Amos J. Parker. An exchange says:

"It was once reported he was to marry a Miss Humphreys, of Buffalo, and that she had come down to New York to select her trousseau. Then it was a Miss Folsom he was to wed, a young lady who is sister to the late Oscar Folsom, of Buffalo, once a law partner of Governor Cleveland. Next it was Mrs. Cary, of Buffalo, who was to be favored with his hand, a lady of

wealth.' Frank Hurd only wishes a committee to investigate the frauds with reference to a new election. He is a square man every way, as well as an able one. A special to the Philadelphia Times from Washington, of the

8th inst., says: "He says that he would not take the seat if awarded to him by the committee, as he wishes to have his constituents and not a committee of Congress to determine the question as to whom they consider entitled to the seat. Representative Follett, of the First Cincinnati District, who was defeated by Butterworth, now Commissioner of Patents, has determined in his contest to unite with Mr. Hurd in the same request."

Up Salt River-The Bill of Fare, &c. A gentleman recently from Baltimore handed us yesterday a specimen of a ticket and bill of fare for the trip up Salt River, on the steamer James G. Blaine, Capt. Mulligan, chartered by the G. O. P., on and after November 4th, 1884. The ticket contains a number of good hits. The bill of fare is as follows:

"Twenty-Four Years for Refreshments." STEAMER J. G. B. SALT RIVER LINE.

> BILL OF FARE. "Oh, Lord Almighty bless us And keep us alive, There are ten of us to dinner And grub for only five."

Soufflets, curried with Dudley Soap. New York Counts—the Governor in. Mugwump Tosst, Melancholy Pudding.

It being a cold day, Ice Cream, Cocktails and Detailed Election Returns are omitted from the Bill of Fare. Sing, Brothers, Sing:

'Lone our Bark steers up 'Salt River,' On its decks the grand old crew. Watch the White House lights that shiver Dimly in our saddened view."

The Tramps Must Go. Three tramps were lodged in the station house Friday night, and yesterday morning, when brought before the Court, Mayor Hall ordered them to be sent across the river in charge of an officer.

In view of the fact that the city seems to be in a fair way to be overrun with tramps, and the further fact that frequent complaints come to his ears in reference to the conduct of some of them, the Mayor has come to the determination to take vigorous hold upon the evil and throttle it if possible before it has a chance of assuming a more formidable and dangerous one. With this end in view all tramps brought before him hereafter will be immediately sent across the river and their ferriage paid; and precautions will be taken to prevent their return. He says he will use every effort in his power to break up the nuisance, and if he does not succeed it will not be his fault.

Dedication of St. Thomas' Church. The dedication of St. Thomas' Roman Catholic Church, which has recently undergone extensive improvements, will take place on Sunday next, the 18th inst., and will be an event of some note. What is Wanted.

A Northern man said to us yesterday that all that was wanted to insure Wilmington's prosperity beyond all question would be the erection of two or three large hotels, the building of a railroad to the Sound and the assurance that plenty of sail boats could be had. He said the hotels would be full all the time and a boom would spring up that would astonish the natives. No doubt, with these, and the additional impetus which must follow the completion of the projected railways and the assurance of plenty of water in our river and on our bar, the goal of success will have been reached and Wilmington's future will no longer be problematical.

Carl Schurz, the eminent and distinguished German statesman and lecturer. who will address the people of Wilmington on the subject of "The Problems of Education." the lecture to be under the auspices and for the benefit of the Wilmington Library Association. We congratulate our citizens on their good fortune in having an opportunity afforded them of listening to this distinguished speaker, whose fame as n orator is equaled by few in this country

Magistrate's Court. David Harriss, colored, had a hearing before Justice Hill, yesterday, charged with assault and battery upon Fred Lord, colored. Judgment suspended on the pay-

ment of costs. Rosanna Carter, colored, was arraigned on a peace warrant sworn out by Jane Blackman, which was dismissed at the cost of the prosecutrix.

Four or five cases of failure to pay poll tax were continued until next Saturday, the defendants being put under bond for their appearance.

Church Festival. The ladies of the First Baptist Church announce a festival, to be given Tuesday evening next, at the City Hall, at which there will be refreshments in abundance and other attractions.

WHO IS MRS. WINSLOW!—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do RISE UP and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DAILY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No Mothers has discharged her duty to her; suffering wittle and in our original nutil she has given No Mother has discharged her duty to her suffer-ing little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup^a Try it, mothers—TRY IT NOW.—Ladies' Visitor, New York City. TRIBUTE OF RESPECT.

The following preamble and resolutions were adopted at a meeting of the Willmington Steam Fire Engine Company No. 1, held January 6, 1885:

"IN MEMORY EVOKED." When temporal cares are thrust aside, that a friendly tear may be shed over the grave of one, who, filling with usefulness every station of life in which his lot had been cast, the reflective one, who, filling with usefulness every station of life in which his lot had been cast, the reflective genius of associates may find many virtues that are worthy of emulation, and a consistent moral life from which to carve a pattern. To earn the esteein of those with whom we are brought in daily contact, and successfully to carry it through life, even into the grave, is an enviable distinction vouchsafed to but few.

To look through the vista of time into a futurity, whose bounds though circumscribed by a few years more than a moiety of the Hebrew Psalmist's limit, and so to order our course through life that our names when we go down into silence are echoing on this side of the grave, and human voices are talking pleasantly about us, is truly to gather into our memories the pearls that sparkle from the unfathomable deeps of affection, and the diamonds that glitter from the caverns of the heart.

Death has again entered into our ranks, another victim claimed and made to succumb to his relentless demands. Captain FREDERICK G. ROBINSON, who from the incipiency of this Company has been with us, hath been called from time to eternity.

Deeply sensible of the loss which we have sustained, and cognizant of a void which is difficult to fill, we, the surviving members of the Company, are desirous of making this formal and public recognition of the services which we received at his hands, in helping us through our onerous and perplexing duties as firemen. Therefore, be it

Resolved, That in the death of Captain Robinson, our former Foreman and Chief of the Fire Department, this Company has lost a true friend, a wise counsellor, and a sagacious leader.

Resolved, That a blank page be left in the Records of this Company, upon which the official position which he filled in the Fire Department shall be inscribed, his name, and date of birth and death
