The STAR some months since noted the report that married men suffered less from cholera in France than single men. The New York Times gives the following:

"In a population of 100,000 men between the ages of 25 and 30, 51 unmarried men died of cholera, while only 18 married men fell victims to the disease. Between the ages of 30 and 35 the mortality from cholera was 78 among bachelors and 21 among married men, and between the ages of 50 and 55, 167 unmarried men and only 37 married

The Senator Sharon divorce case has taken an unexpected turn. San Francisco dispatch says:

"After some sharp sparring between the lawyers General Barnes, chief counsel for Sharon, read an affidavit of Nellie Brackett, a former bosom friend of Mrs. Sharon-Hill, the plaintiff in the case. Mrs. Brackett, in her affidavit, relates all her testimony given on the trial, swears that the whole case against Sharon was a conspiracy, the marriage centract was a forgery, the signature being copied from a genuine one in an autograph album. Bite also described how the letters addressed to "My dear Miss Hill" were altered so as to read "My dear wife." This statement caused considerable excitement, which was greatly intensified when Gen. Barnes proceeded to read an affidavit of Senator Sharon criticising the decision of Judge Sullivan in favor of the plaintiff. Then Barnes, in a solemn manner, produced a copy of a contract between Judge Tyler, the plaintiff's leading counsel, and Gumpel, the expert

who swore that two letters and the famous On Inauguration: Barringer, Overmarriage contract were genuine. This contract was an agreement on the part of Tyler to pay Gumpel \$25,000 to testify to the genuineness of the documents which would prove the existence of marital relations be-tween Sharon and Miss Hill."

Mr. Bason, from committee on salaries and fees, reported the bill to increase the salaries of the Governor, Auditor and Superintendent of Public Instruction, recommending that it

do not pass. Mr. Graham presented the follow-

ing minority report:
The undersigned members of the committee on salaries and fees, to which the above entitled bill was referred, recommends that said bill do not pass, for the following reasons:

1. The provisions of the bill, if intended to apply to the incoming administration, would be clearly unconstitutional.

Art. 3, Sec. 1, of the constitution, provides that the term of office of the officials referred to shall begin on the first day of January next after their election.

Sec. 15, of the same Act., provides 'that their salaries shall not be increased or diminished during the time for which they shall have been elected."

.Tne Supreme Court, in the case of The People ex rel. Battle vs. McIver. 68 N. C. R. 467, has expressly held that the term of office begins on the first of January next after the election, no matter when the official

2. If the intention is that the bill shall apply to the officers to be elected four years hence, it is premature for this Legislature to consider it. Owing to the fluctuation in the prices of the necessaries of life, the next Legislature will be much more competent to fix the salaries of the officials thereafter to be elected.

HOUSE OF REPRESENTATIVES The House was called to order at 11 o'clock. Mr. Glenn in the chair. Prayer by Rev. W. C. Norman.

On motion of Mr. Worthington the House proceeded to elect a Speaker pro. tem., and Mr. Worthington nominated Mr. Glenn. Mr. Glenn's election was unanimously

Mr. Mayo, to give justices of the peace extended jurisdiction in claim and delivery of personal property. Mr. Busbee, to establish a correct meridian in the several counties of North Carolina for the correct retracing of surveys. Mr. Grainger, to prohibit fast riding or driving over the iron bridge in Lenour county. Mr. Williamson, to authorize the Secretary of State to furnish copies of the Code and of the public and private laws to the two additional ustices of the peace and to the mayors of cities and towns. Mr. Norris, to increase fees of jurors in magistrates' courts. Mr. Bennett, to repeal crop liens, to take effect January 1. 1866. Mr. Crowder, to prohibit cotton weighers from charging produducers for weighing their produce when carried to market for sale. Mr. Galloway, to increase the revenues of State and counties. Mr. Aycock thought the report of the Finance committee was a fair compromise. Mr. Adams gave a new turn to the whole discussion by expressing doubt-as to the constitutionality of any tax on marriage. - Raleigh Visitor: Sixteen convicts were sent this morning from the peni-tentiary to Henderson, to work in a rock quarry near there.

- Raleigh Visitor: There seems to be a general desire among our people to hear Rev. Henry Ward Beecher, and it is hoped that the negotiations on foot to secure a lecture by him in our city, will prove successful.

- Asheville Advance: A man by the name of Pannell, was brought from Madison county and placed in jail here Sunday evening last, by W. H. Deaver. He was charged with having sold mort-gaged property in violation of the statute. - Robert Rodgers, white, shot Gid Brown, colored, at Asheville. He is in a very critical condition, says the Adcance. Brown was very abusive and drew a pistol presenting it at the breast of Rodgers. It was then that the latter drew and fired.

- Raleigh Farmer & Mechanic: To avoid even the possible "appearance of signed as Director in the C. C. R. R., and also as Retained Counsel for the Road. It were well for the State if the same conscientiousness prevailed more generally.

- New Berne Journal: Parties from Stonewall tell of a negro boy's being shot by his brother a few days ago. The boys were out with a pistol and one of them fired the pistol, accidentally, it is sup-posed, and the ball lodged in the brain of the other. He lived until last Saturdayfive days-when he died.

- Henderson Gold Leaf: Speakng of the Raleigh postmastership, we would like to see thus honored Capt. Shotwell, of the Farmer & Mechanic. He would make a good officer in any capacity, and there are none more deserving of substantial recognition at the hands of the Democratic party. Let his friends rally to his support for the postoffice or some other good position under the government.

- Raleigh News-Observer: Hon. R. T. Bennett is again well and has gone to Washington. He had quite a severe attack of sickness. — Yesterday in the House of Commons Mr. Chas. M. Busbee introduced a bill providing for the heating of the building. It is an important matter. It would be interesting to know how many members, thus early in the session, have caught colds there. — Very amusing are some of the letters received by the Governor. One which came yesterday, from a nerro woman, concluded in this wise "And now, Governor, listen while I write: dear Governor, listen to my lay." This woman

wanted a pardon for her convict husband. - Wadesboro Intelligencer: Small grain is thought to be injured by the late cold spells. — Rev. Mr. Battle tells us that if the people of Wadesboro will encourage the project, he will arrange for a series of popular lectures from some of the foremost orators of the South. — The colored people of Anson are considerably exercised over the matter of emigrating to Arkansas. At the last meeting it was decided to wait a week and hold a county convention in the court house in Wadesboro on Saturday the 18th instant, to which each township in the county is expected to send three delegates; when one delegate from each township will be selected to go to Arkansas.

- Lumberton Robesonian: We learn that Thos. Wallace, a young white man, formerly of this vicinity, has been arrested near Keyser, Moore county, on the charge of larceny. He is now in jail awaiting trial. — On the night of the 5th inst. Melvin Moore, colored, and his wife, of Black Swamp township, wishing to attend a festival in the neighborhood, and not caring to be bothered with their two children, aged 4 and 6 years respectively, locked them up in the house. Upon their return next morning the bones of their children were all that were left to tell the awful story. — Out of about 165 mer-chants in this county, only 95 have filled out and returned their blanks sent out by the Register of Deeds.

- Charlotte Observer: Yesterday was a day of excitement in Shelby, the court house being crowded with merchants who were looking over an immense pile of recovered stolen property, eagerly trying to identify such goods among the lot as might be theirs. The officers of the law had made a successful raid upon a den of thieves and had captured an assortment of goods valued at \$500, which had been stolen from the merchants of Shelby. A colored woman was arrested, who confessed and implicated another colored woman and two colored men. All four were secured and lodged in ail. The goods were brought to the court house and assorted, when the merchants of the town were invited to step in and identify their property, every piece of which soon found its rightful owner. — Mr. W. J. Yates, of the Home and Democrat, has been confined to his bed for ten days past by a severe attack of inflammatory rheumatism, from which he has suffered intensely. tory is booming and the new hotel building at that place has been roofed.

—Raleigh Chronicle: A prominent ex-member of the Legislature, who was here the other day, said he had seen a finer body of men in the House he thought, but never in the Senate. — Mr. E. G. Harrell returned from Western North Carolina yesterday and states that the committee of arrangements for the Teachers' Assembly have selected the Mt. Mitchell Hotel, at Black Mountain station, as the place for Black Mountain station, as the place for holding the next session. — The State Librarian's report shows that 1,194 volumes will result in a full

have been added to the Library by purchase, exchange and gift during the two years ending January 1, 1885—597 volumes a year. That is not a very startling addidition, to say the least. — Mr. Lockey, of New Hanover, has shown the most ready inclination of all the Republicans in the House to become the leader of the opposition. He has introduced several bills, and has the manner of a man who proposes to stick very seriously to business. poses to stick very seriously to business — Mr. Chadbourn in the Senate and Mr. Bulla in the House—two of the most popu-lar and pleasant Republican members—will earn their per diem by acting as tellers and balancers on important committees, being the most eligible and convenient Republi-cans to do such duties. — Mr. Busbee made an important statement yesterday. made an important statement yesterday, and it is very true, viz: That at every Legislature much special legislation is proposed, and a good deal accomplished purely to affect particular cases that are pending in the courts. Some of this is of directly selfish and vicions intent, but by far the most of it is merely suggested by particular cases, and is not necessarily bad, though no general good purpose will be served by it.

Captain-B. G. Empie. The club will be known as the Sea-Side Base Ball Club. They will have new uniforms, and will supply themselves with a complete outfit for playing, which will be superior to anything in that line ever attempted here before. Their grounds will be put in the best possible condition and fenced in, when an admission fee will be charged. They intend to have the best clubs in the State to come and contest for the championship. In short it is their aim that the base ball season of 1885 shall open with every member in playing condition, and they promise to give the game in this section a big boom this season.

"The Little Joker."

Miss Carrie Swain appears in the Opera House here, Monday night next, in "The Little Joker." The Lowell (Mass.) Times, in a notice of the play says:

"Carrie Swain drew another full house at Music Hall last evening, and won new friends by her vivacity and accomplishments. There are few entertainments that would bear repetition night after night as this does, and the fact that the young comedienne is greeted nightly with full houses is a compliment which she well earned. In her popular songs and dances, she was greet-ed with applause, and the many strong dra-matic situations are effectively presented and warmly appreciated. The supporting company is very good. The play is full of life and movement, and cleanly in its mo-

Our Graded Schools. The graded schools of this city, we are glad to hear, are steadily gaining in strength and efficiency. There are now 1,200 pupils in the various schools. The school buildings in the northern section of the city have just received a coat of paint and are looking very neat. Those in the southern section will also be painted.

We are assured by the indefatigable superintendent, Prof. Noble, that visitors are always welcome to these schools and that he will be glad to see them at any time. We hope our citizens will take an interest in these schools and give them the benefit of their encouragement.

"Figer" from Pender Creates a Big Weather Indications. There was a big exchement near the foot caused by the report that a flat attached to the spamer John Dowson, which had just arrived from Point Caswell, had on it the emains of a "tiger," which had been killed n the woods near that place a day or two ago, by Mr. L. Johnson and others. It is said the animal rescaped from Robinson's circus when it was down in this section last fall. Such a crowd gathered on the flat that the owner of the "distinguished corpse" had to cover it up and stand guard over it in order to keep the eager throng from sinking the flat.

Mr. Johnson says that the animal was killed by himself and Messra. E. A. Hawes and Henry Boswell, on Black river, about thirty miles from this city, Tuesday evening last. It is a flerce-looking brute, even in death; black in color, a male, and measures six feet six inches in length, from the end of the nose to the tip of the tail. Foreign Exports.

Query—"Vanderbilt has insurance on his life "for \$600,000. Why should a man do this who "has an income of at least \$8,000,000 a year?"—Wilmington Star, 11th January. Answer—"There is nothing in this world so un"certain as riches and so certain as death Your
"millionaire understands this quite as well as the
"rest of the world—better, in fact, than many—
"and makes provision accordingly for those de"pendent upon him."

\$50,000 OF THE ABOVE \$600,000 INSUR-rance Company of New York. This Company is the largest in the world, the oldest in the Uni-ted States, and furnishes life insurance at less cost than any other insurance organization in ex-istence, all of which will be demonstrated upon application to M. S. WILLARD, Agent,

WE CLAIM NO EXCLUSIVE RIGHT, BUT WE have the DUFFY MALT WHISKRY at less than \$1.00 per quart at the "GEM."
