Reports from Albany are to the effect that Morton is losing ground and that Senator Evarts will probably be elected.

On last Thursday of the 38 States of the Union 23 had Democratic Governors. There are now 31 Legislatures in session.

We are delighted to see it mentioned in a Washington letter that it is by no means certain that the Grant bill will pass the House.

A friend writes us from Raleigh that the "salary matter is losing and may be postponed. The times are very hard, and it may be better to postpone.

Of the Senate Advisory Committee the Washington correspondent of the Richmond State writes:

"The New York World's report of an 'Advisory Board' of Southern Senators for the purpose of supervising appointments is flatly denied by the statesmen mentioned as members of the alleged 'committee.'"

W. D. Bynum, a very pronounced Tariff Reformer, was elected in the Indianapolis District by over 1,500 majority. This District gave Garfield 2,400 in 1880. Mr. Bynum discussed the Tariff thoroughly in all of his speeches.

The New York World says of the debate in the Senate on the Sherman Davis controversy:

"Mr Varier propounces the old woman's story got up by a blabbling General as ered dies His word carries conviction with it Is Jeff Davis on trial? Is the Southern Confederacy on trial? Is not the only trial going on the trial of a lot of unscrupulous Republican partisans, enraged at defeat, to tear open the closed wounds of our unhappy civil war?"

The New York Times, Republican, takes the sensible and just view of the Sherman-Davis affair. It says:

'Piniuly enough, the Senate has no more business with the controversy between Gen. Sherman and Jefferson Davis than it has with the controversy between Gen. Washington and 'Conway's cabal.' * * At the same time those who spoke said what every-body knew they must say if they said any thing Nobody can have expected them to confess that their motives in taking up arms were not good. Nobody would think any the better of them if they made that confession. * * Such a confession would con vert their blunder into a crime and themselves into self-convicted criminals."

The Northern papers admit that there is an immense increase of crime in Maine, where the anti-liquor law prevails. The Boston Post says:

"The Attorney General states that there were 1,145 criminal prosecutions last year, exclusive of a great number which were of minor character and did not get beyond the jurisdiction of a local court. Eleven persons were prosecuted for murder, and five were sentenced to death, one of whom was a woman. Two murders, we believe, have been committed since the Attorney General's report was made. If Maine were a border State, with a confessed reputation for lax laws and loose morals, her criminal record would not attract public attention to any great extent."

The Washington correspondent of the Charlotte Observer writes on the 13th as follows:

"It is reported here from private sources, but upon apparently reliable authority from New York, that Gen. Alfred M. Scales, the Governor elect of North Carolina, is to be appointed Postmaster General in the Cleveland Cabinet."

Gen. Scales would make an excellent official and would do credit to himself and the State. Thoroughly honest, painstaking, a man of sound judgment, and attentive to business he would fill the office indicated admirably.

Vance's speech in reply to Sherman is much praised by some of the pa- Bass, of Halls Township, aged 84, went no fire in the building.

"Our Vance, upon whom the people of Virginia look as their representative in the United States Senate, made a speech in reply to the attacks of Republicans upon Mr. Davis and the South which is fully equal to any of his best efforts hitherto, and in which his friends in Virginia feel that they have a right to share the pride of their brethren of the Old North State."

THE MASONS

Beat the Legislature by Holding Three Sessions a Day.

Raleigh Chronicle. Tuesday evening the well attended Grand Lodge of Masons met in Masome Hall. Grand Master Robert Bingham delivered an address fifteen minutes long and full of instruction

and suggestions.
Capt. A. H. A. Williams, one of the Board of Directors of the Orphan Asylum, made a report embracing the report of Dr. B. F. Dixon, the Superintendent. Dr. Dixon's report shows that the total receipts for the year were \$14,253.70; disbursements \$12,589.42, leaving a balance on hand of \$1,664.28.

Seventy-two orphans have been admitted during the year, and fortyfour have been discharged, which leaves 153 now at the Asylum. Dr. Dixon, in concluding his report, pays a compliment to the ladies who, by aid societies, have been of great service by the asylum, and suggested such action on the part of the Grand Lodge as would secure the aid of the ladies throughout the State. . Mr. F H. Busbee offered the following resolution, which was adopted:

Resolved, That a special committee of five be appointed to prepare and report to the Grand Lodge for the formation of a visiting committee of ladies, and for the organization of aid societies for the help of the orphan asylum, as suggested in the address of the Grand Master and the report of the superintendent.

The following gentlemen were appointed on the committee: Thomas S. Kenan, Rev. B. C. Phillips, B. W. Hatcher, Dr. L. Harrell and F.

B. Mace. Yesterday the Grand Lodge had a morning, afternoon and evening session, appointed its standing committees, and considered much other work looking to the good of the Order in the State. Last night the following Grand Officers were elected for the ensuing year: Fabius H. Busbee, Grand Master; Charles H. Robinson, Deputy Grand Master; Samuel H. Smith, Senior Grand Warden; H. A. Gudger, Junior Grand Warden; William E. Anderson, Grand Pressurer; Donald W. Bain, Grand Secretary.

legal profession. - Asheville Advance: One of the saddest tragedies that has yet fallen to our duty to record was enacted at the residence of Rev. L. M. Pease, in the suburbs of the city, about 6.30 o'clock yesterday evening. The citizen was armed with a paper bag containing two dozen eggs, and thinking that he had been assailed by a footpad, he struck the gate a vicious blow with the bag, painting the gate a new color, and demolishing the eggs. When the unhappy man reached home his astonished family could only recognize him by his voice, for the yolks of the broken eggs had done their work, and changed his appearance to that of a Mongolian.

The Fire Vesterday Morning.

The alarm of fire yesterday morning, between 3 and 4 o'clock, was caused by the burning of a wood shed on the premises of Mr. C. C. Parker, southwest corner of Sixth and Wooster streets. Mr. Parker, who is a painter by trade, had some tools destroyed in the shed. His beautiful grounds and plants and shrubbery were badly damaged. The loss is estimated at from \$300 to \$400, upon which there was no insurance. The fire department was prompt, as usual, and saved the surrounding property. The family have no idea how the fire originated. There had been

Dr. S. S. Satchwell, of Pender, was in the city yesterday. Hon. A. A. McKoy, of this judicial dis-

trict, was here yesterday on a brief visit.

In the Field. We itemized the fact a day or two ago of the bagging of sixty birds by Dr. Pritchard, and that they were put up at the Baptist Festival Tuesday night and sold for \$6. We understand now that though the Doctor did "bag" them, as stated, he was assisted by Rev. Mr. Groome, a Methodist minister of Mt. Olive, and Mr. J. A. English of the same place, in the work of "slaughtering the innocents." By the way, our informant states that Mr. English is the fortunate possessor of one of the finest pointer dogs in the country, and he "hies" to the name of Ned. The birds bagged were partridges.

Polo on Skates.

A game of polo on skates was the attraction at the City Hall last night. There were eleven innings played, between the Red Stockings and the Blue Stockings, of which the Red scored six and the Blue five. After the conclusion of the game there was some fancy skating by Capt. Bostow, which was very good. There was a fair crowd of spectators in attendance, considering the bad weather.

A New Attraction. Huffman's Dime Museum is a new attraction in our city. It is located at No. 15 Market street, north side, between Front and Water. The proprietor claims for it thar it is the best show in existence for the small price of admission. Families are especially called upon to patronize it. This afternoon at 3 o'clock there will be a performance especially for school children.

The tiger from the jungles of Pender was on exhibition yesterday at the shooting gallery near the Front street market, ten cents being the price of admission charged. As in the case of a side-show at a circus, a man stood at the door and proclaimed "Ten cents will show you the big black tiger-walk in, gentlemen !"

An Unsuccessful Raid. A thief went into the yard of Mr. D. Shehan, Thursday night, and was after his chickens, when Mrs. S. discovered him and went out to protect her property, whereupon the intruder pushed or knocked her down and made his escape, leaving a hat behind, which was taken to the City Hall. The owner can get it on application.

Will be Forthcoming. We learn that a gentleman from this city has received a letter from Hon. R. T. Bennett, Congressman from this District, in which he states that the matter of the proposed road to the National cemetery will be attended to, and intimates that there will be no doubt that an appropriation for the same will be forthcoming.
