MORNING EDITION.

OUTLINES.

Stratton & Storms' tobacco warehouse, at Slaughter, Wis., destroyed by fire, loss about \$75,000. An unsuccessful attempt was made upon the life of the President of Chili, by means of an "infernal machine" left at his house. Revenue Collector Young reports the seizure of an illicit distillery in Johnston county, and the arrest of the proprietor, Nehemiah Hicks. The banking house of E. S. Case, at Wadena, Minn., failed; liabilities about \$30,000. Serious fighting is reported in Egypt. The Jamestown (Pa.) Savings Bank has closed on account of an alleged defalcation amounting to over \$40,000; one of the officers of the bank is missing. Three ballots were had yesterday by the Legislature of Arkansas for U. S. Senator without an election. Henry Bowen, Representative in Congress from Virginia, died suddenly in Washington. Postmaster Nix, colored, of Blackville, S. C., has been arrested and the office turned over to his relatives. Two men attempted to rob a mail messenger at Marysville, S. C., but were captured. The inauguration of Governor Seales was attended by an unusual civic and military display. New York markets: Money 1 per cent.; cotton quiet at 11 1/2; southern flour dull and heavy at \$3 40-55; wheat, ungraded red 85-90; corn, ungraded 51-52; rosin dull at \$1 20-21; spirits turpentine steady at 90-91c.

The first edition of the Century Magazine for February numbered 150,000 copies. During 1884 there were published in England 4,832 new works. Of these 724 were theological. Senator Coke has introduced a bill to construct a road six miles wide to run from the Red River to Canada. It is intended to be a grand cattle trail. A number of persons in New York city have formed a Sanitary Protection League. This is a good movement. Cleanliness is the law of health. The latest concerning Mr. Bayard and a Cabinet seat is that he cannot well afford to accept one. He says the Secretary of State requires too many social requirements for his purse. Poor McClure is in trouble. Upon arriving in New Orleans he was served with a writ. He had been sued by the Louisiana Lottery Company for libel, the damages laid at \$100,000. When Evans makes his first speech in the Senate he will have to use a big up-aking trumpet and have it run out one of the windows; so one of his long sentences can get out and circulate around. It would not have room enough in the Chamber. The Norfolk Virginian says kindly and admiringly of our great Senator: "Honored and beloved as he is in his own native State, he is to no less extent respected and esteemed by the true people of Virginia, because time and again on the floor of the Senate he has defended the fair fame of the Commonwealth and her people against the uncalculated, unwarranted and unprovoked attacks of Senators Mahone, Sherman and others."

Gov. St. John has written a letter giving the lie direct to the stories the Republican papers have been circulating about him as to his having been bought up by the Democrats, &c. The Rads bought up "old Cock-eye" and some other smaller fry, and they think the Democrats must have gone into the same dirty business. The following is indeed good news if it is true; but a Grant bill has so many lives it will not stay killed. The London correspondent of the Philadelphia Times writes on the 19th inst. "General Grant's retirement bill may be considered as dead. It died still born to-day at five o'clock. In fact, it cannot be truthfully said that it lived long enough to be born at all, inasmuch as its existence depended upon getting the fresh air of the House, and it didn't get even a hearing."

The Warrenton Gazette has contained some very intelligent and practical editorials on the State Judiciary. It thinks that there is no need of increasing the number of Circuit Judges. By distributing the Courts differently, giving only one week to most of the counties and keeping some of the Judges more constantly at work it believes the present number can do the work. It has other suggestions that are well worth consideration.

Rev. Dr. Todd has a poor opinion of Yale College Professors. Perhaps Yale College Professors have a poor opinion of Dr. Todd. He says: "For my part, I would prefer to have the doors of the colleges and the preparatory school, shut up. I do not believe there is a Professor in Yale College to-day who can translate at sight and without recourse to thumbed lexicons a page of Greek or Latin which he had no previous acquaintance. If this be true as certainly was in my college days, what can you expect from the students themselves. He thinks none of the Professors could understand Latin disputations or could have followed the Catholic Bishops in their discussions in the late Plenary Council.

The Washington correspondent of the New York Times says of a new political work that is in course of preparation: "Henry Adams, the great grandson of John Adams, is writing 'The History of Political Parties in the United States.' Two volumes are already completed, but I understand that publication will not begin till the entire work is nearly completed. The only other attempt in this line were by Martin Van Buren and J. D. Hammond."

Spirits Turpentine. Gov. Jarvis says he will not agree to be Ike Young's successor. The Schurz lecture at Raleigh footed up \$190.50, of which the lecturer got \$138.50. Rocky Mount Reporter: Mr. Frank Lancaster, of Edgecombe county, killed a hog on the 7th inst. that weighed 788 pounds. The McDowell Bugle is the name of a new weekly published at Marion, N. C., and edited by G. G. Evans. It is Democratic, contains 28 columns, and is \$1 a year. Durham Reporter: There are clear, sensible and forcible views in the Star of the 17th, on the expediency of the passage of the Blair bill, and we take very great pleasure in copying a good portion of the same.

Lenoir Topic: This whole section of Western North Carolina has prospered wonderfully during the last year. Lenoir has felt the wave of progress and has probably been more benefited by increased business than any other town. Hickory Carolinian: Adolphus York, 17 years of age, froze to death in Guilford county on the night of the 23d of December. He was on his way with two other men to spend Christmas in Rockingham county, and getting heavily drunk on the way, was abandoned by his companions. He was found next morning frozen stiff.

Raleigh News-Observer: Mr. Schurz's subject was "Benjamin Franklin," and he sketched the life of that interesting and even singular American, whose name is so familiar. He discussed Franklin from every point of view. In Granville county the vote stood: Reid, 304; Edwards, 2; Worth, 0; Alex. Hewlett (colored), 55. Marion Bugle: The dwelling of Mr. James Trumble, about two miles from Marion, was totally destroyed by fire on the 3d inst., together with the household and kitchen furniture, \$35 in money and other valuables. Mr. Trumble and family were absent when the fire occurred, and it is thought to be the work of incendiaries.

Goldboro Messenger: The people near Barbours, Johnston county, held a meeting and resolutions were passed and petitions will be circulated and active steps taken to show the Legislature the necessity for establishing a proposed county. They propose to take their territory from the counties of Johnston, Wake, Nash, Franklin and Wilson and make a strongly Democratic county. New Bern Journal: A negro boy named George Black, on Spring street, shot himself in the leg with a pistol on Sunday evening. The case is respectfully referred to the Legislative committee on carrying concealed weapons. A petition will soon be circulated for signatures, praying Congress for an appropriation to drain the streets of Kinston. [Get the Legislature to instruct the members of Congress to vote for it.—STAR.] Raleigh Chronicle: One of the proudest clauses in the Constitution, indeed, the earliest and most honorable conclusions reached by the founders of the Commonwealth was the necessity and the privilege of establishing and maintaining the State University. It is an integral and important and certainly the most illustrious part of our history. The tablets that now adorn Memorial Hall tell such a story as every man in the State is proud of. Lumerton Robesonian: We regret to learn that Mr. Noah Brigman, of Burnt Swamp, had his kitchen and dwelling house consumed by fire last Saturday night. The origin of the fire is unknown. For a long time the people of our county have been and are being afflicted by epidemics. Our townsmen and businessmen in the county have been placed at great inconvenience and disadvantage for the lack of banking privileges. All of our people have to go to Wilmington and Fayetteville; this incurs expense. Let us build up a bank of our own. Franklinton Times: The work of laying iron on the Lenoir Railroad has been suspended for a while, through a failure on the part of the company to make requisite deeds to roadbed, &c. The company were, under the original agreement, to grade and cross the roadbed, and then chop down barn logs in a pine field about half a mile from his house, his eldest son helping him and two younger sons being with them. He sent the youngest boy, Zeb, aged nearly eight years, to the foot of the hill, on the side of which he was felling a tree, for a measuring pole; and the little fellow was returning when the tree began to fall. His father called to him several times to run back, but he ran the faster towards the tree, which fell upon him, crushing his head to a pulp and causing instant death. Lincoln Press: We are informed that two of our most prominent capitalists are having estimates made for a

large cotton factory which is to be erected here during the year. Several fine residences are under contract and our contractors are all busy. Logan Johnston, colored, who lives at the old Herr Furnace, last Saturday had occasion to give his son aged 19 a whipping. The boy resisted and seizing an axe began hacking his father to pieces with it, and the old man was not rescued until he had received about a dozen terrible wounds in the head, shoulder and arms. The pardoning of Joe Garland created much surprise and no little comment among the order loving citizens of this community. We are more surprised to learn that the pardon had been obtained through the influence of the names of Judge McKoy and Solicitor Osborne.

Elizabeth City Economist: The most remarkable family of which tradition has preserved the memory in the Albemarle section is probably the Sawyer family, which has had great distinction in social and political life. It furnished many distinguished members in the male and female line. Their public service began with the administration of James Madison. The proceedings of the Elizabeth City par meeting last night to consider the judicial system of the State came too late for this issue. They recommend among others, an increase in the terms of the Superior Courts from four to six years, an increase in the number of Justices to sixteen, and an increase in salaries to \$3,500, and appointed C. W. Grandy, E. F. Lamb and W. C. Temple to attend the State Convention of the bar, at Raleigh on the 28th. There was a full attendance and a full interchange of opinions. Charlotte Observer: Two darkies were arraigned before the Mayor yesterday morning for indulging in obscene language on the streets. They were fined \$2.50 each. The railroad conductors say that there has been a heavy increase lately in the travel to New Orleans. At the close of the morning service at the Baptist Church in this city last Sunday Rev. O. P. Gregory, who has for a number of years past so acceptably served the charge at this place, laid before the congregation his resignation as their pastor. Mr. Gregory recently received a call to a Baptist Church in the city of New Orleans, and this call, after due reflection, he has decided to accept. Reclected. By the members of the bar of the city of Charlotte, that it is the unanimous wish of the said bar that Col. Hamilton C. Jones be appointed United States District Attorney for the Western District of North Carolina to fill the vacancy that may occur in said office.

THE CITY.

MUNSON—Gents' furnishings. HENNINGER—Bridal presents. J. C. MUNDS—High Rock water. Mrs. E. WARREN—To the public. S. H. TRIMBLE & Co.—Auction sale. C. M. HARRIS—Ten cents per month. WM. H. GREEN—Powdered sage, etc.

Receipts of cotton yesterday 205 bales. Two white tramps were lodged at the station house Tuesday night. No cases for the Mayor's court yesterday morning. The bad weather of the past few days had a bad effect upon the street crossings. "Brooklyn" is expanding—merchants over the bridge are talking of organizing the "Brooklyn Commercial Bank."

The residence of Capt. J. F. Divise, on Mulberry, between Third and Fourth streets, has been considerably improved. We saw some very fine stock yesterday—some from South Carolina and some from Sampson county—in the lot attached to Messrs. Sikes & Orrell's stables.

The Wilmington Light Infantry will have a full dress parade, drill and inspection this evening, at the City Hall, under their new commander, Capt. J. T. Anthony. The demoted tramp who claimed to have a fortune left to him in England, was put across the river yesterday, where he could make his way in the direction of Charleston. We are indebted to the Committee of Arrangements, through Mr. J. H. Rehder, chairman, for a complimentary ticket to the literary and musical entertainment of the Young People's Association of St. Paul's Evangelical Lutheran Church, to take place at Luther's Memorial Building on Wednesday, January 28th.

A Colored Individual. The colored individual from Beatty's Bridge, whose costume we attempted to describe a few days ago, left for home yesterday on the steamer Lipson. Before he started a liberal hearted gentleman gave him a clean white shirt and a suit of clothing; rigged out in which he appeared like another man than the one who presented himself at the station house last week. A gentleman from the neighborhood of Beatty's Bridge, who knows him, says, however, that his present respectable outfit will be as bad as that he came here in by the time he has worn it a week. He represents him as part idiot and an unconscionable glutton, eating everything he can get, and even going so far as to take young birds from their nests and kill and eat them, without cooking. His name is Joe Bannerman.

Death of a Former Wilmingtonian. Intelligence has just been received of the death, at Blooming Grove, Texas, of Mr. B. F. Grady, formerly of this city, aged about 77 years. Mr. Grady was born in Duplin county, and was a brother of Mr. A. J. Grady, of Cape Fear Township, in this county. He was engaged in mercantile pursuits during the war, and up to about seven years ago, when he removed to Texas. He died at the residence of his nephew, Mr. R. M. S. Grady, and leaves no family.

Our Fisheries. Messrs. W. E. Davis & Son have made a contract with Capt. Cobb, of the fishing smack Dreadnaught, to fish for them this season, and as the Snapper banks will be his fishing ground it is expected that our people will be supplied hereafter with the genuine "red snapper." On these banks, it is said, are also found the largest and finest black fish. The Dreadnaught is from Portland, Me., is a fore-and-aft schooner of 40 tons register, 71 feet over all, and draws 11 feet when in fishing trim. She is accompanied by six dories (small boats) for fishing when on the banks, and has a crew of thirteen men, all of whom are first class fishermen. With these facilities the Messrs. Davis expect to supply the market with a finer quality and better variety of fish than heretofore. They put twenty thousand pounds of ice per her Tuesday, and yesterday morning she set sail for the banks. The Dreadnaught was out in all of the bad weather last week, and lost an anchor on the banks, but sustained no further damage, though it was very rough.

The Counterfeiters. The case of Louise Allen, colored, charged with being implicated with Ben Allen in the crime of counterfeiting, was called before U. S. Commissioner Gardner yesterday morning, but Mr. Marsden Bellamy, who has been retained by the defendant to take charge of her case, stated that he desired more time than he had been able to devote to the case in order to better understand it, and therefore asked the Court to continue the case until 11 o'clock to-day. This was not objected to by the Commissioner, and the case will therefore come up this morning at the U. S. Court-room. The prisoner is a mulatto woman, apparently about fifty years old.

Foreign Exports. The German barque Charlotte and Anna, Capt. Kruger, was cleared from this port for Liverpool, yesterday, by Messrs. Alex. Sprunt & Son, with 1,750 bales of cotton, valued at \$85,000; also the German barque Eintracht, Capt. Muswick, for Antwerp, by Messrs. Alex. Sprunt & Son, with 550 cases spirits turpentine and 3,900 barrels of rosin, valued at \$12,500. Total \$97,500.

Ordination of Deacons. On last Sabbath morning, at Olive Branch Baptist church in this county, Messrs. J. T. Edens, W. H. Sneeden and Ed. H. Garris were ordained to the office of Deacon in said church, by a Presbytery consisting of the pastor, Rev. J. B. Barlow, Deacon Geo. R. French, of this city, assisted by Rev. G. S. Jones, who preached a sermon appropriate to the occasion.

Personal. Mr. Julius Samson is here on one of his periodical visits. Mr. J. J. Adkins, of Smithville, is reported to be critically ill. We are glad to hear that Mr. W. L. Meadows is better. The Spanish Sch. Natividad is discharging her cargo of sugar to undergo repairs.

MOTHERS! MOTHERS! MOTHERS!—Are you distressed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of WINDLAW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not another on earth who has ever used it who will not tell you at once that it will regulate the bowels and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. — Write a bottle.

Weather Indications. The following are the indications for to-day: For the South Atlantic States, fair, colder weather, northwesterly winds and rising barometer.

CITY ITEMS. A LUCKY MINNIE'S LEDGER AND APPRAISAL CARRIER—The \$20,000, the Second Capital Prize in the Louisiana State Lottery, drawn yesterday at New Orleans, was partly held here and partly in Cincinnati and San Francisco. Among the lucky men is Mr. Gas Phillips, a route carrier on the New Orleans and Grand Central, who has one-third of the ticket, and is entitled to \$5,000. He will visit the New Orleans Exposition and present it to M. A. Daughlin, in New Orleans, to be cashed in person. —Memphis (Tenn.) Ledger, Dec. 17.

A CASE NOT BEYOND HELP.—Dr. M. H. Hines, of Raleigh, N. C., writes us of a remarkable cure of Consumption. He says: "A neighbor's wife was attacked with violent lung disease, and pronounced beyond help from medical assistance. As a last resort the family was persuaded to try Dr. Wm. Hall's Balsam for the Lungs. To the astonishment of all, by the time she had used one half dozen bottles she was about the house doing her own work. I saw her very well, and had no idea she would recover." Wm. H. Green, Agent, Wilmington, N. C.
