Popular Feeling in London Regarding

the Dynamite Outrages.

London, Jan. 27.—The Times in a lead-

ing editorial to-day says: Englishmen read-

ing the speech of Farnell at Milltown yester-

day will not discover even a passing allu-

sion to the monstrous and laborious en-

trances of Saturday. The speech, the Times

says, was confined to stale denunciations

of English landlordism and Dublin Castle,

yet Farnell must have been aware of what

was done by other and perhaps lar-

ger laborers in the sacred cause of Ire-

land's independence at Westminster and the

Tower.

Several of the morning papers find it

necessary to publish notices to their readers,

stating that they have received hundreds

of letters regarding the explosions which

they have been unable to publish for want

of space. Many of the more characteristic

or important letters are published, however,

and they occupy several columns in each

paper. Most of the letters are retellings

against all Irishmen, and some of the pleas

proposed for their punishment are as in-

iquitous as they are absurd. Several Irish

workmen, too, complain that they were

discharged from employment on Monday

morning, for no other reason than that they

were Irishmen; and that it many mills,

foundries, etc., placards are displayed

which read "No Irish employed."

LIVERPOOL, January 27.—Solicitor Qui-

llian, of this city, has been engaged to de-

fend Cunningham, now under arrest for

complicity in last Saturday's explosions in

London. An ample fund of money has

been placed at the Solicitor's disposal.

LONDON, Jan. 27.—In some respects the

panic produced by Saturday's event has

really increased. Fears were entertained

yesterday that the dynamite meditated

an attack upon the national arsenals and

naval stores, and they were placed under

special watch. At Chatham dock-yard police

were kept aloft during the

entire night. To-day instructions were

issued to put a stop to all ingress at the

Tower, the House of Commons and West-

minster. Even members and peers

were refused admission. The entrance to

Palace yard has been closed, and all the

public doors of the Parliament buildings

have been locked and barred, and a bar-

ricade has been drawn across the hall at the

top of the staircase. The injured are all

reported to be improving.

WASHINGTON.

The Naval Appropriation Bill.

(By Telegraph to the Morning Star.)

WASHINGTON, Jan. 27.—The conferees

upon the Naval Appropriation bill making

provision for the Navy Department, for

the last half of the current fiscal year,

reached an agreement to-day. The bill

appropriates \$6,120,000 for the half year.

The provision of the House bill prohibiting

repairs of wooden ships or of engines and

machinery of wooden ships, and which

may be accomplished at an expenditure of

80 per cent of the estimated cost of new

ships and machinery, has been amended

by limiting the expenses for such repairs to

30 per cent of the cost of new ships or ma-

chinery.
