The literary critic of the New York Times has a two-column article on Edgar Poe and it is kindly and appreciative in tone. It is a notice of George Woodberry's life of Poe, just published by Houghton, Mifflin & Co., Boston.

Edgar Allan Poe more has probably been written than of any other American author, Hawthorne himself not excepted. Not counting a vast deal of incidental matter such as essays and reminiscences, six or eight good sized volumes have been devoted to biographies and memoirs of this wayward man of genius.

The London Pall Mall Gazette has the recorded judgments of 1,450 of its readers. It is curious to see their opinions of supposed greatest Englishmen in certain lines. The vote that elected was as follows: "The greatest living English Statesman (after Mr. Gladstone), Lord Salisbury...

Tarboro Southerner: Governor Jarvis, Monday, arrived here on his way home, and the cordial reception given him by the people must have much gratified him and astonished the conservative Tarboroan.

The Wilson Advance is now fourteen years old. It has been a good, useful paper all along. The present youthful editor has had charge for four years and he says from 800 subscribers it has gone up to 2,908. This is fine success.

Raleigh Chronicle: If you don't think that the present Legislature is blessed with eloquent and powerful orators, you should have stepped in Saturday during the discussion of the Obscene Literature bill. The speeches of Mr. Busbee, Mr. Dixon, Mr. Winborne and others would have left no doubt in your mind as to an able, earnest and forcible discussion of all the bills of importance that will come up for consideration.

Wilson Advance: Mr. Nero Ricks, of Nash county, was in town the week and informed us that on two acres of tobacco he realized, above all expenses, the nice large profit of \$306.70. A large number of farmers in Greene county, in convention assembled, passed resolutions approving in the highest terms the wisdom of no fence law, and also in support of other localities. These farmers have tried it for two years, and they know it is to the interest of the people to rid the farms of this enormous expense.

Clinton Cavalier: Mr. John Powell of Lisbon township was bitten last week by a dog that had recently been bitten by a mad dog. There has been great excitement in the community caused by mad dogs. New River now navigable to Tar Landing could be made so to Doctors Bridge opposite Richlands.

Along New River, extending through the county from north to south, is a belt of the best farming land in the State. It is in North Carolina. Its productiveness under modern improved methods of cultivation would be hard to overestimate.

Goldboro Messenger: The Presbyterians of the Warsaw section are getting ready for building a Presbyterian Church and they ask a generous public aid in the project. We learn that W. J. G. Kenan has been elected sheriff of Duplin county by the board of county commissioners. Miss Katie Scates, the accomplished daughter of Gov. A. M. Scates, has kindly consented to take part in the Presbyterian concert, to be held at the Opera House here on Thursday night of this week. [Miss S. is the Governor's adopted daughter.—STAR.]

New Bern Journal: We publish to day the proceedings of a meeting held at Harlowe last Wednesday concerning the New Berns and Beaufort Canal Company. This is a matter that is of great interest to New Bern. The assault at Harlowe is becoming more and more difficult for vessels engaged in the coast trade to pass over. Recently several were detained there, drawing only eight and a half feet, for nearly a week. The opening of this canal will give us an outlet at Beaufort for vessels drawing even eight feet it would be of incalculable value to New Bern.

Washington Star: Nobody has more friends than Senator Vance. He is as careless a hater, too, in politics, as any of them, and has no thoughts or concern as to whom he hurts; but he does it all with such good-humored, wholesome, stubborn and hopelessly bigoted way that the sting does not amount to much. There were probably not a half-dozen members of the Senate who did not congratulate Vance, and mean it, too, and feel really happy that he was returned for a year longer. It is some time since we have seen a man who makes so many jokes on himself rather than hurt his neighbor's feelings.

From Col. Cameron's Raleigh letter: No one is ashamed to avow his participation in the cause of the Confederacy. No Confederate soldier, no true Democrat, can be base enough to say "it was not I." It was some time since we had unexpected to find what a front the Republicans presented to the bill. They opposed it at every step and with a flaunting insolence that carried us back to the days after the war when the name of "treason" was rolled as a great name in the mouth of the "truly loyal" when they vented their scorn or their hatred upon the poor unfortunate adherent of the fortunes of the South. They exceeded themselves when they prated of the insolence of those who had fought to kill the life of the Union, asking any recognition, even of the claims of humanity, forfeited by the guilt of treason. The lines between the "truly loyal" and the malignant "rebel" were never more closely drawn than by the Republicans of the House to-day.

Raleigh News-Observer: Another line in contemplation is the extension of the East Tennessee and Western North Carolina, commonly known as the Cranberry Railroad. From the completion of this road we reasonably hope most important results. The projected connection is to be made with the Carolina Central, which will permit the Cranberry Iron Company to place their ores on deep water at Wilmington at a saving of \$1.00 a ton on the present cost—reduction which will allow that mine to be worked to its fullest capacity, and build up a great industry in the mountains. But more than that, it will be of large benefit to Wilmington and may eventually result in the establishment of iron works on the lower Cape Fear. Another result will inevitably be the cheapening of the cost of coal, which can be laid down in North Carolina from the Cumberland coal fields at the reduction incident to the saving of 100 miles "haul."

Laurinburg Intelligencer: One day last week a little son of Mr. J. F. Ross, living near Polkton, while splitting light-wood, cut two fingers off and cut a third nearly off. Two little boys of Mr. Jackson Hubbard, of the Poplar Hill neighborhood, started to the woods, the older boy carrying an axe on his shoulder. In making a short turn the axe was brought in contact with the younger boy's head, cutting an ugly gash two inches long. On last Friday Mr. J. M. Thompson, who has been living for some years in the vicinity of Mecklenburg, started for his family home in a wagon, accompanied by his family. When near Wadesboro his little boy fell from the wagon and both wheels passed over his body. The little fellow was thought to be dead and carried to the nearest house, but revived sufficiently in the course of a few hours to proceed with his parents on their homeward journey. Saturday last Mr. Alexander Hudson's boy John, aged about fifteen years, found a dynamite cap, and the little thing looked so trifling and insignificant that he decided to have lots of fun at its expense. He therefore set the cap upon its end and stuck a candle of fire to it. Instantly there was a noise like the explosion of a cannon. John Hudson's right thumb, and the ends of three of his fingers were blown off. He is now in bed.

At 6 a. m. yesterday morning the mercury in the Star thermometer was at 63; and at 6 p. m. it was down to 49 degrees. St. Luke's colored Methodist Church, corner of Seventh and Church streets, is having a spire erected on it. The building is a brick one and quite a handsome edifice. The German barque Hoffnung, Capt. Pretwurst, was cleared from this port for Hull, England, yesterday, by Messrs. Alex. Sprunt & Son, with 725 barrels of rosin and 2,750 barrels of tar, valued at \$4,400. The young people of the Lutheran Church will give an English-German Concert, this evening, at the Luther Memorial building, corner of Princess and Sixth streets. The entertainment will begin at half past seven o'clock. The price of admission is twenty five cents. We hear the memorial sermon of Rev. D. H. Tuttle, delivered at the Fifth Street Methodist Church, on Sunday morning last, on the death of Rev. W. I. Hull, spoken of in very high terms by persons who heard it, as being an able and appropriate testimonial to the beloved Christian minister whose death has caused so much genuine sorrow in his community.

That Fellow that Looks Like Me. From a newspaper extract handed us by a friend it seems that A. W. Dodd, special agent of the Western Insurance Company is cursing "that fellow that looks like me." "Friend Dodd," says the extract, "had the misfortune to leave Canada about the time Wingate, the defaulter, took his departure, though on an entirely different mission. He made an extended trip through the South, and all went merry as a wedding bell" until he reached Wilmington, North Carolina. We give his experience there in his own words: "Happily, at this writing I stand released from the 'tar-heel' beetle. The soap-headed individuals through whose amazing civility I 'pined in a Southern dungeon,' to wit: the Mayor's office for a space, came to the startling conclusion that I wasn't the chap who looked like me. Would you mind cautioning the travelling public, or at least that portion of it answering the following description, viz: Dark whiskers, mustache, light gray eyes, age about forty, and weight 300 pounds, to steer clear of Wilmington. Any unfortunate individual filling that bill will certainly be gobbled by the astute Mayor and Chief of Police of this fair city. His pockets and grip sack will fairly bristle with proofs of his identity of the most positive nature, but they won't answer my sob, and don't you forget it."

Dodd was treated with every kindness during his brief detention; probably better than he deserved.

Personal. Maj. J. R. Kenly, Master of Transportation of the division of the Atlantic Coast Line between Wilmington and Richmond, returned Monday night from a brief visit to the latter city.

Master Robt. Williams, who has been dangerously sick at the Bingham School, reached home with his father Monday night. He is greatly improved, and was able to sit up yesterday.

CRIMINAL CIRCUIT.

A Conference Between Mecklenburg and New Hanover in Regard to a Criminal Circuit—The Sentiment Strong and Unanimous for an Optimal Court—Action of the Meeting, &c.

Mr. T. L. Fall, Chairman of the Board of County Commissioners of Mecklenburg county, and Col. J. L. Brown, a member of the Board, constituting a committee appointed by a joint meeting of the Bar and County Commissioners of Mecklenburg county, held at Charlotte a few days ago, arrived in this city Monday night to confer with the members of the Bar and County Commissioners and others of our county in reference to establishing a Criminal Court Circuit, to be composed of the counties of New Hanover and Mecklenburg. Yesterday morning, after some consultation, it was decided to have the meeting in the Court room at the City Hall at 3 o'clock in the afternoon.

At the appointed hour the committee from Mecklenburg, with His Honor Mayor Hall, Chairman Bagg, of the Board of County Commissioners, and a number of the members of the Wilmington Bar and others, met at the place specified, when Mayor Hall was called upon to preside and Capt. John Cowan requested to act as Secretary.

Mr. Fall, of the visiting committee, said that Col. Brown and himself had been selected at a joint meeting of the members of the Bar and County Commissioners of their county, to act as a committee to come to Wilmington and confer with the Commissioners, members of the Bar and business men of New Hanover with reference to the establishing of a criminal circuit, to include Mecklenburg county. In the execution of this trust Col. Brown and himself were here. So far as he could understand, our people were pleased with the court and desire its continuance. He and his colleague would like very much to ascertain as far as possible the sense of the members of the Bar with reference to the establishment of the proposed circuit; whether it is desired to confine the court to New Hanover alone or share its benefits with other counties. They came here with a very liberal spirit. They thought they were satisfied that New Hanover should name the Judge. There was not a lawyer in their town that wanted the position. They proposed that New Hanover should have a resident Solicitor, and they would like to name their Solicitor.

J. D. Bellamy, Jr., Esq., spoke warmly in favor of a Criminal Circuit Court on the plan suggested by Mr. Fall, and he thought that at least one-half of the members of the Bar in the city were of a like opinion. Col. J. L. Cantwell spoke of the necessity of a Criminal Court, and was in favor of a circuit for the purpose of lightening the expenses. Col. Brown, of Charlotte, wanted the circuit limited to New Hanover and Mecklenburg. Messrs. M. London, T. W. Strange and F. H. Darby also addressed the meeting, all favoring the proposed circuit as a matter of economy.

Mr. F. A. Darby introduced the following resolution, which was adopted: Resolved, That it is the sense of this meeting that a criminal circuit be formed composed of the counties of New Hanover and Mecklenburg, and that a committee be appointed by this meeting to confer with a similar committee appointed by a like meeting of Mecklenburg county, to arrange the bill and the material of the same. Remarks in advocacy of the proposed criminal circuit were next made by Mr. DuBrutz Cutler, Col. Roger Moore and H. A. Bagg, Esq., on the understanding that Hon. O. P. Meares should be the Judge, and that the Criminal Court of New Hanover county should run no risk in the attempt to bring about the proposed circuit. Mr. Cutler introduced the following resolution: Resolved, That it is the sense of this meeting that whilst we earnestly desire the retention of the Criminal Court of New Hanover county, yet we do not object to the incorporation of the county of Mecklenburg into a circuit composed of said county and New Hanover county, and that the proposition submitted to this meeting by Col. Brown and Mr. Fall, as the representatives of Mecklenburg county on this subject, is approved, and the chairman of this meeting appoint a committee consisting of two persons to arrange the details of further arrangements on the subject.

Mr. Bellamy offered the following amendment: Resolved, That in the act creating such circuit a provision be inserted that a separate clerk and solicitor be selected for each county by the Board of Magistrates of each of said counties. The amendment was put and carried, as was the original resolution. The chairman appointed as the committee under this resolution Messrs. H. A. Bagg, DuBrutz Cutler and J. D. Bellamy, Jr.

Mr. M. London moved that the thanks of the meeting be tendered to the visiting committee, which was carried. Mr. Vale spoke of the courtesy extended to the committee by those with whom they had met, of the spirit manifested in the subject which had brought them hither, and of the uniform kindness they had experienced, for which he desired to express his thanks.

Col. Brown also spoke briefly to the same purport. Messrs. DuBrutz Cutler and J. D. Bellamy, Jr., were named as a committee to go to Raleigh and to act in connection with the committee from Mecklenburg in securing the proposed Criminal Court.

CRIMINAL COURT.

It was understood that the committee to arrange further details looking to the establishment of the proposed circuit should meet at 8 o'clock, as the committee from Charlotte had no time to lose. The meeting then adjourned.

The following cases were disposed of yesterday: State vs. Henry King, charged with illegal voting. Defendant submitted and was personally recognized for his appearance at the next term to pay the costs. State vs. Lewis Hall, charged with larceny. Defendant discharged. State vs. George Rogers, charged with larceny. Defendant found guilty and sentenced to six years in the State penitentiary.

State vs. Jerry Paschall, charged with assault and battery. Defendant submitted and was sentenced to thirty days in the county house of correction. State vs. John Giles, charged with assault and battery. Defendant found guilty.

State vs. John Giles, charged with carrying a concealed weapon. Defendant found guilty and sentenced to 12 months in the County House of Correction. State vs. David Brown, charged with larceny. Defendant submitted and was required to pay a fine of \$10 and the costs. State vs. Ed. Murray, charged with assault and battery. Defendant found not guilty and discharged. State vs. James Clark, charged with assault and battery. Defendant found guilty.

State vs. James Clark, charged with carrying a concealed weapon. Defendant found guilty. Mayor's Court. The only case before the Mayor's Court yesterday morning was that of James Gorman, colored, who was arrested on suspicion Monday night. It seems that Officer Terry noticed him prowling about in the rear of the shops near the intersection of Mulberry and North Water streets, and at about half past 12 o'clock he arrested him. Gorman resisted and the officer had quite a struggle with him, during which both came to the ground together. He also tried the effect of running, but was finally lodged safely in the guard house. When searched he was found to have a long sharp carving knife concealed on his person. When brought before the court he was identified as an employe of the Messrs. French, and as there was no particular charge against him, other than that of acting suspiciously, he was released.

The handsome sloop yacht recently purchased at auction by Messrs. Kure Bros.—the Vim—is greatly admired by all who see her. In other words she is generally pronounced "a daisy." The steam tugs Wm. Nye and Jas. T. Easton are undergoing repairs in adjacent yards and both are being repaired thoroughly overhauled. The work on the two boats is approaching completion.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and a becoming conviction that his wife's health was being ruined by the child's suffering, and the parents without sleep, returned home the day following, the father found the baby still suffering, and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties and left the father with the child. During her absence she administered a portion of the Soothing Syrup to the baby, and the child was soothed and the mother slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the wonderful change, and although first offended at the deception practiced upon her, has continued to use the Syrup, and success is being realized, and restless nights have disappeared. A single trial of the Syrup never fails to relieve the baby, and preserve the preciousness of the mother. Sold by all Druggists. 25 cents a bottle.
