Mr. Cleveland has returned to his home at Albany, where he will remain until he starts for Washington. His private secretary, Col. Lamont, siys that there has been no slate pre-He west to New York merely to gather needed information. Over 400 persons saw him and talked with him. Mr. Lamont says that one thing was determined upon,

"The President will consider no applications for appointments as come within the power of the Executive except after they have been considered by the member of the Cabinet in whose department they fall. This rule will be imperative and will be enforced on all occasions. On any important appointment, of course, there will be consultation between the President and the Cabinet officer, but the great mass of appointments, where there are any changes thought necessary, will come to the President in the first place from the Secretary

The Washington correspondent of the New York World writes on the 9th inst., that it is believed in Washington that Bayard, Lamar and Garland are certain to be in the Cabinet.

"The selection of a Secretary of the Treasury is still one of the most vexed questions that Mr. Cleveland has to consider. The slate in Mr. Cleveland's mind to-night would probably read as follows: Secretary of State, Thomas F. Beyard, of Delaware: Secretary of the Treasury, Joseph E. McDonald, of Indiana; Secretary of War, William F. Vilas, of Wisconsin; Secretary of the Navy, William C. Whitney, of New York; Postmaster General, Gen. George B. McClellan, of New Jersey; Secretary of the Interior, L. Q. C. Lamar, of Mississippi; Attorney-General, Augustus H. Garland, of Arkansas. The above is the combined result of conversations with three leading United States Senators who have visited New York this week, and who have made up a Cabinet among themselves have made up a Cabinet among themselves which seems to them to be probable, at

The affair simply related is that Mrs Sherrill, being left at home alone with her infant child, had the misfortune to get her dress ignited in some manner by the fire place, and that after vainly endeavoring to extinguish the flames, she had dropped exhausted to the floor, setting fire to the planks upon which she lay, and that rallying her strength, she had crawled from the house out into the yard and there died, with all her clothing burned from her, and her body reasted from head to foot.

"Mr. Milton Nobles produced his new four-act play. Love and Law, in the Four teenth Street Theatre last evening, and it was an immediate success. The story is very cleverly handled, and is embellished by original scenes and characters | which make it interesting and entertaining. It is written by an experienced and clever dramatist, and is played by a competent company, with capital scenery and stage management. The chief character, played by Mr. Nobles himself, is a cool headed and witty Irish attorney, Felix O'Paff, who rescues the heroine from her abductor by personating one of the villains of the play, an Italian organ grinder. The Italian was played by Mr. Barnum, and Mr. Nobles imitation of him was so well done as to deceive the audience. His O'Paff is an excellent piece of acting throughout."

The three brothers resident in Massachusetts were here for about six or eight weeks some two years ago, on a visit to Mr. Geo. R. French, our venerable and esteemed fellow townsman.

The next city election for Wilmington will take place on Thursday, the 26th of the ensuing March. A new registration, of course, will be required, the registrars having already been appointed. A bill was prepared to be sent to the Legislature, and submitted at the last meeting of the Board of Alderman, with reference to a change in registration in regard to the numbering of lots, etc. The Mayor was authorized to appoint inspectors of election. The election takes place on the fourth Thursday and the registration books are

to be kept open until the third Wednesday in March. Off for Raleigh. Messrs, John D. Bellamy, Jr., and Thos. W. Strange, of this city, left for Raleigh last evening with Messrs. Vail and Brown, of Charlotte, with whom they are to act in concert in the effort to secure the establishment of a Criminal Court Circuit, to be composed of the counties of New Hanover nd Mecklenburg. We had the pleasure of a call yesterday from Mr. J. L. Brown, of Charlotte. We were glad to receive a call ye-terday from Dr. J. A. Hodges, a prominent young Presiding Elder ... physician of Fayetteville, N. C.

Citizens' Meeting.

The meeting of tax-payers of the city, held in the court room of the City Hall last night, was well attended. It was called by the Mayor at the request of the Board of Audit and Finance and the Board of Aldermen, to take into consideration the propriety of asking the General Assembly of the State for authority to borrow one hundred thousand dollars for improving the streets of the city and for the catablish-

ment of a system of sewerage. The meeting was called to order at halfpast seven o'clock by Mayor Hall, who, after making some explanatory remarks as to the object of the meeting, declared the same open for business.

Col. W. L. Smith was called to the chair, with Mr. W. A. Wilson Secretary.

Mayor Hall submitted the draft of a bill to be presented to the General Assembly to "enable the city of Wilmington to borrow a sum of money not exceeding one hundred thousand dollars, for the improvement of the streets of said city and the establishment of a system of sewerage," at a rate of net more than six per cent, interest, and payable thirty years after the date of issue. The hill was read by the Secretary.

The matter was debated by Mr. D. Mac-Rae and others. Mr. MacRae moved that the action of the Board of Aldermen, proposing to borrow \$100,000 for the improvement of the streets of the city and to establish a system of sewerage, be disapproved. The motion of Mr. MacRae, duly seconded, was put to a vete and was unanimously

The meeting thereupon adjourned.

The New Hampehire Delegation. All of a sudden our streets became en livened yesterday by the appearance upon them of a throng of well dressed strangers, both male and female, and upon inquiry we learned that we had been favored with a brief visit from an organization known as the New Hampshire Club, and that included among the visitors were Gov. Hale, of that State, and about forty ladies The Club took the train at Boston and are travelling on four Pullman Palace sleepers, one baggage car and one smoking car. They are en route to the New Orleans Exposition, and only remained in our city about one hour and fifteen minutes. We are glad to hear that they were well pleased with what they saw of Wilmington, and prenounced it a very clean and handsome place. They are not troubled about food on the journey, as they have their own commissary along, including barrels of turkeys, beef, pork and other edibles. The full strength of the club is said to be about four hundred. It was organized in 1880 and its membership, it is said, are assessed at about \$80,000,000. The President is Hon. J. C. Moore, of the Manchester (N. H.) Union, who was along. They are to stop at Jackson wile three days.

Sudden Change in Comperature.

The greatest change of temperature recorded this season took place during Tuesday and Tuesday night, the STAR thermometer showing a fall of forty degrees in twenty four hours ending at 6 o'clock yesterday morning. We have had numerous sudden jamps this season, but this, we believe, gets ahead of all of them.

Of this we are so sure, that we will teach our "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colloking, and teething siege. Mss.
