'It is not v ry probable our State will re ceive a Cabinet position; but perhaps it will help the State to have the matter talked about. North Cerclina has not had such a position since Gov Graham was Secretary of the Navy."-Raleigh Farmer and Me-

Our friend has forgotten that Mr. James C. Dobbin, of Fayetteville, held the same office under President Pierce. He was appointed in 1853 and Gov. Graham in 1850. Mr. Badger was appointed in 1841.

In Indiana Mrs. Whiting got a divorce from her liege lord because be lacke into the Penitentiary. She then married William H. Springer, by whom she had one child. Whiting's time has expired and he has been making love to his old flame. She likes it and tells Number Two it is no use as she loves Number One better. The latter threatens to make mince meat of the former and he surrenders. So she is Mrs. Whiting again.

In 1884, there were reported 219 ders, as reported (and we suppose there were really more) then over 3,000 escaped the clutches of Judge Lynch and all the other Judges in the land. Wiley P. Mangum (Acting V. P. and President pro tem. of the Senate) and William R. King, appointed from Alabama. Secretaries of Navy four, namely: John Branch, (appointed from Florida), George E. Badger, William A. Graham and James C. Dobbin. On the Supreme Court Bench she has had two Justices, Jas. Iredell and Alfred Moore; the latter was appointed in 1799 and went out in 1804. It is more than eighty years since North Carolina had a Supreme Court Judge and yet her bar during that time was no doubt equal to any in the land.

It is now reported that a slave whom Gen. Gordon had liberated and bonored was his betraver and caused his death. A dispatch from Korti, dated the 17th, says:

"After Gen. Gordon fell, Abdul Ferim says, the Arabs killed his clerk and nine others with spears. The others who were with Gen. -Statesville Landmark: The habit of betting on elections, Judge MacRae said, is another great evil in the State. "I undertake to assert," said he, "that there are men going around this town wearing high slick hats which they won on the last election. It is a misdemeanor and every one of them has laid himself liable to prose-

- Charlotte Observer: Last Tuesday evening Mr. Womack, a workman em ployed in the shops of the Western North Carolina Railroad at Salisbury, was found dead in a well on a lot adjoining his premises in that town. Womack had left his house about dark on Monday evening to get a bucket of water, and never returned. Search was instituted for him the next morning, and it resulted as stated above. Womack's neck was broken and his skull was crushed in.

- Raleigh Advocate: We are glad to learn that Fifth St. Church, Wilmington, N. C., is prospering. Fourteen persons have been added to the church this year. They are preparing to repair their church building. — Dr. R. A. Young has been invited to deliver the Annual Sermon and the Literary Address be fore the Greensboro Female College, North Carolina. — The election for Chief Manager and Marshal for commencement came off at Trinity College a short time since, and resulted in the election of J. C.

Pinnix, Jr., of Davidson, for Manager, and J. A. Bell, of Mecklenburg, for Marshal. - Raleigh News-Observer: Gen. Vance is said to be the coming man for commissioner of patents. — Captain Ernest F. Young, of the Winston Light Infantry, who is here, says that his company will go with full ranks to the inaugu ration. He can carry sixty men. - Major James W. Wilson telegraphs that on the Balsam mountains near Waynesville the snow fell to a depth of eighteen inches, and that at Asheville it was twelve inches deep Nevertheless traffic on the Western North Carolina railroad is not interrupted. The weather in the west has been colder than

since the winter of 1880-'81. - The Charlotte Observer says of the jury investigation of the killing of Freeman: After a thorough discussion, the jury concluded to adjourn for a season, in the hope that some development might follow. From the evidence secured they have mob law hangings and 105 court did not shoot himself but that Allen Freeman did not shoot himself, but that he was shot hangings. If there were 3,377 mur-ders are the some one either accidentally or inten-tionally. Who this unknown party is the efforts of the jury will be directed to ascertain; but to this end evidence so far has thrown nothing of an encouraging character in their bands. The fact is clear that some party shot and killed Freeman. All else is shrouded in a mystery that at this

time seems almost hopeless. - Raleigh Chronicle: Mr. R. P. Lennox, of Moore county, was in the city to-day, and states that the people of his section will plant considerable tobacco this vear. Mr. Lennox cultivated five acres last year and realized about \$90 per acre. He sold his tobacco on the Raleigh market. — It is a cause for sincere regret that the press of Washington, Richmond and New York is making so much fun of the Legislature's endorsement of Mr. Jarvis for a Cabinet position. For a hundred years North Carolina has been the victim of more jokes than any other State. -There is talk in the Legislature of ad-

Washington to attend the inauguration. The pay of the members will be suspended for three days and they will pay their own expenses. [It ought to adjourn and go home before the 3rd of March. A month was ample time to do all needed legislation.

Norris, L. S. Overman, J. A. Turner, members of the House, were all educated at Trinity College. - It is our deliberate opinion that no good that could be accomplished by free tuition at the University could possibly compensate the evil surely to be wrought by a failure of all the friends of education to work together for the common cause. We trust therefore, that this trouble is entirely behind us. We learn that the committee on Education yesterday evening considered the bill and agreed unanimously to recommend its pas-

It turned out to be the herald of a brisk gale and a sudden fall of temperature. The cloud looked decidedly cyclonish for awhile.

Jay Gould Coming. We learn that Mr. Jay Gould, the famous millionaire, in his yacht Atalanta, sailed from Charleston at 10.35 yesterday for Wilmington. Inquiries were made as to the depth of water on our bar and upon a satisfactory answer being returned, a message to the above effect was received. The Atalanta is a steam yacht, ship-rigged, and is said to be the finest yacht afloat. At last accounts from below she had not arrived in, but was expected some time last

Accident to a Youth. George, a sixteen-year old son of Sergeant Geo. W. Bishop, of the police force met with a painful accident a day or two ago. He was out hunting, and the trigger of his double barrel gun got caught in a bush, when one of the barrels was discharged, the contents tearing through the muscles of the left arm and inflicting a very painful wound. Yesterday a shot was extracted from one of his nostrils. The wound, though calculated to keep the young man upon a bed of suffering for some time to come, is not considered seri-

WHO IS MRS, WINSLOW!—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article fire.
