The papers generally approve of Hizm's arrest and trial.

Secretary Bayard is reported as favoring the suspension of silver dollar comage.

Mr McAden broke the nose of Representative Pearson, says a Raleigh dispatch to the Charleston News and Courier.

North Carolina had four companies in the general military procession in Washington. They were in Fitzhugh Lee's division, the third.

A terrible colliery explosion occur red on the 3d inst. in Sunderland. Already thirty-six bodies have been recovered. There were 150 miners and none is known to have escaped.

Erresson has constructed a submarine engine of destruction that will be terrible in war. It will send an ironelad to the bottom in short order. He offers to sell it to the U. S. Government.

The Arkansians are being stirred over the threatened negro influx. They are aroused and are putting on the war paint. An exchange says:

"The condition of affairs in several counils is so had that the State Government has been called upon to preserve the peace. A band of mountain boomers have ordered the negro tenants in Conway and Pope counties to leave the Sate

Gen. Gordon did not fix his heart's affections upon earth and its fortunes. He looked beyond. On the 11th of September, 1877, when in the Soudan and on a perilous expedition, he wrote this:

Noble hero! A Christian of the highest type. A man of faith!

North Carolina has again been the scene of mob violence, an account of which appeared in yesterday's STAR. The victim was a little daughter of Mr. H. M. Bancum, and since then she has died from injuries inflicted. The crime was the worst possible, and the villain richly merited death. But it would have been greatly better if he had died at the hands of the law. The negroes must learn that such outrages will be avenged, and "that right quickly."

That was a sad ride towards Washington for young Carrington, of Richmond, Va., son of Col. Carrington, ex-Mayor. He was mortally wounded in three places by a young fellow from Lynchburg named Joseph Martin. The Charlotte Ob-

The two young men had been occupying the same seat and had a bottle of whiskey from which they had been taking copious drinks. At the breakfast station, Martin went out and left Carrington to keep the seat for him. When he returned, Carrington refused to give up the seat, whereupon Martin struck him in the face and at the same time drew a pistol and began firing at Carrington. Three bullets took effect in Carrington's body, one ball lodging in his neck, one in his left side and one in his ab-

lutely barren" of any "within the memory of man." The subjects specially needing attention and neglected were, according to the Times:

"A revision of our system of national taxation, which is not only unequal and burdensome, but productive of a surplus that encourages extravagance; a new adjustment of the basis of national bank circulation; the stoppage of the perilous silver inflation; the establishment of a uniform system of bankruptcy; the regulation of inter-State commerce; more definite provision for the counting of electoral votes and for the succession in cases of vacancies in the offices of President and Vice President; the forfeiture of unearned land grants; the relief of the overburdened Supreme Court; national aid to education, and an enforcement of the obligations of the Pacific railroads to the Government.'

From the staff correspondent of the Augusta Chronicle's Washington letter we extract a few enjoyable items about the manguration cere-

Arthur bore himself with dignity and good breeding throughout. Cleveland was as composed as if engaged in some ordinary occupation, but looked happy. He is like his picture except being much balder. He has a very full stomach, but walks briskly and firmly. His nerve never forsook him for an instant, even when facing a mighty mass of 150,000 people. It was a touching sight to see this man of destiny sworn upon his mother's Bible as President of a mighty republic. The inaugural address is generally commended as patriotic, con-servative, pacific, honest and business-like. The procession was without precedent in numbers and grandeur. Vice President Hendricks and Gen. Fitzhugh Lee were tremendously cheered all along the march. Pennsylvania had of all the States by far the most men in the line, but the Maryland, Virginia, North Carolina, South Carolina and Georgia companies made perhaps the best display.'

-The Charlotte Observer has made quite an addition to its office by the purchase of a folding machine, which folds the papers as they come out of the press.

- Rockingham Rocket: Mr. Geo. W. Taylor, of Pee Dee village; has lost two childen within the past few days-one aged 13 years and the other 5 years. He has three others sick. The disease is pneumonia, complicated with measles. Miss Cranford, daughter of Mr. Wilson Cranford, of the same village, died of the same disease on Sunday night last, aged 17. In the same family there are two others quite sick.

- Wadesboro Intelligencer: The oat crop is reported hopelessly ruined in some parts of the county, so much so that the ground will be ploughed and some other crop planted in its place. - It is with pain and regret that we are called upon to announce the death of Mr. T. J. Lowery which occurred at his home near Long Pine, in this county, on the 2nd inst., from the effects of an overdose of morphine. - Raleigh promises to bid next fall for Anson's tobacco crop, rightly arguing that when the people of Anson begin to sell their products in Raleigh, the Raleigh mer chants will begin to sell the Anson people

- Charlotte Observer: Rufus Mullis, the young man who killed John Dulin, goes to the penitentiary for eighteen months, having received that sentence by Judge Phillips, in the Superior Court yes terday. — Miss Laney, a young lady of Monroe, had one of her arms broken by a fall at the skating rink in that place, Tues day night. — Our farmers report a heavy loss of calves, cows and mules from hydrophobia, and were getting up petitions yesterday to send to the Legislature, as one long, last, earnest prayer for a tax - A destructive fire occurred at Caldwell's Station, on the Atlantic, Tennessee & Ohio Railroad, yesterday morning before daybreak, resulting in the total destruction of the store of Whitelaw & Barker. The storehouse and its contents of goods were destroyed, involving a loss of about \$2,000, upon which there was but a small sum of insurance. The fire is attributed to an incendiary.

- Raleigh News-Observer: There have been two incipient sensations here in the past two days. A woman of bad character was shot at, and a young white man attempted to end his life by a dose of laudanum. - The friends of the gentlemen regret that on yesterday a personal encounter took place on Fayetteville street, be-tween Mr. R. Y. McAden and Mr. Rich-mond Pearson, in which blows passed. In the House of Commons yesterday, Mr. Pearson, who is one of the members from Buncombe, rising to a question of personal privilege, referred to remarks made by Mr. Robinson concerning him. Mr. Robinson asked him why he had not noticed certain strictures published in the Charlotte Observer, but had noticed his words. Mr. Pearson, in reply, stated that he had not considered the article worthy of his notice, but thought differently with respect to Mr. Robinson's remarks. Soon after making this statement, Mr. Pearson left the capitol and on his way down Fayetteville street was met by Mr. McAden, with the result as stated. The Mayor fined Mr. McAden \$5 and the costs for the assault. The House took preliminary action in the matter last night, as appears by the proceedings.

- Fayetteville Observer: On Wednesday night, 11th February, the house of Capt. N. G. Shaw, of South River, Bladen county, was consumed by fire. The family of Mr. Dyson were living in the house, and were asleep at the time, and barely escaped with their lives. They lost everything they possessed, except their provisions. — Last week the oldest daughter of Mr. John McClam, who lives about ten miles on the east side of the river. was stricken down with pneumonia, and after two days illness died; his wife died with the same disease on Saturday, and he died with it on Sunday. None of them being sick longer than two or three days. His eldest son is also quite ill with pneumonia, and not expected to live. — Talking with a citizen of Surry county lately, he stated that he used to come to Fayetteville with his father to sell tobacco and buy molasses, salt, dry goods, &c. They rolled the hogsheads of tobacco all the way by horse power. This gentleman is of the opinion that when the C. F. & Y. V. Railway reaches Mt. Airy, much of the trade that now goes to Winston and Salem, from

his section, will again come to Fayetteville. - Weldon News: We learn from the News-Observer that in view of the many done and left undone a great many things it ought to have done. The New York Times thinks that the ten months it sat were "the most abso-

twelve miles from this place, caught fire on the inside from some unknown cause, and hurned down, destroying his stock which was worth about seven hundred dollars. — The tax of 25 cents on the \$100 may be reduced to 21 cents, which latter sum may be sufficient. The News-Observer says: "The only changes in the bill are in the taxes upon peddlers and itinerant merchants. The tax on peddlers is now \$15 per annum; the bill makes three classes of peddlers, paying \$5, \$10, and \$20, respectively. The tax upon itinerant merchants is a new provision. It is fixed at \$50 per annum. - The corporators of the Ringwood & Raleigh Railroad Company met in this place, at the Atlantic Coast Line Hotel, on Monday last, for the purpose of completing the organization of the Company. There were present Gov. J. H. Rice, of Maine; G. B. Loring, Commissioner of Ariculture; J. T. Gooch: Dr. F. M. Garrett; J. M. Grizzard; C. W. Garrett; J. P. Tyree. Mr. Loring was made chairman of the meeting and Hon. J. H. Rice, Secretary. A Board of Directors was then elected composed of Hon, J. H. Rice; Wm. Windom, ex-Sectedary of the Treasury; Hon. George B. Loring, Gustavus Ricker, C. W. Garrett, W. E. Bowers, F. M. Garrett. The meeting then adjourned. The Board of Directors then held a meeting and elected Hon. Wm. Windom President, Dr. F. M. Garrett, and Good President, Dr. F. M. Garrett, President, Presi rett and Geo. B. Loring Vice Presidents, and J. H. Rice, Secretary and Treasurer. The Board appointed Dr. F. M. Garrett

- Goldsboro Messenger: Mr. Jas. S. Battle appears to have the inside track for Ike Young's place. — We are glad to know that the Carolina Fair and Stock Association will hold Spring races on their excellent track, near this city, on May 6th and 7th. - We were shown yesterday, by Mr. C. E. Malpuss, at his marble works in this city, a beautiful highly polished white marble baptismal fount, which is soon to be placed in St. Paul's new Methodist Episcopal Church. It is a present to the church from Mrs. M. W. Edmundson. The following gentlemen are understood to be candidates for the collectorship in the Sixth District: Hon. Clement Dowd, of Charlotte; Hon. Frank E. Shober, of Salisbury: Mr. P. C. Carlton, of Statesville; Mr. W. H. Williams, of Newton; Mr. McD. Tate, of Burke county, and Mr. Cooper, of Wilkes—a Democratic brother of the present Republican collector. The candidates for the Western Assistant District Attorneyship are Messrs. James G. Martin, of Asheville; Ferguson, of Haywood county; Bynum, of Morganton; Bower, of Lenoir; Glenn, of Stokes; Erwin, of McDowell, and Vaughan, of Alleghany county. - Mr. Bryant Scott died. after a prolonged illness of cancer of the tongue, at his home on Monday night last. - During a personal rencountre, on West Centre street last Saturday, between Samuel Bryant and William Snipes, the former was thrown and had a leg broken. The parties are white, and residents of this - A couple of suburban citizens had a difference the other morning, in which they levelled breech loaders at each other. No little improvement has been made in Oakdale Cemetery recently. A considerable quantity of new ground in the eastern part of the cemetery has been taken in and prepared for laying off into lots. Some new and handsome avenues have as a consequence been opened and some of the old ones have been improved. It seems the opinion is very general that if the bed of the creek bordering the western and northern sides of the cemetery could be cleaned out and beautified, and a dam erected so as to regulate the water, the grounds would be even more attractive than now. when so little would seem necessary to render them absolutely perfect. Strangers generally consider it one of the handsomest and neatest cemeteries in the whole country, and many would be glad to see the muddy creek changed into a beau-

tiful sheet of water, in keeping with the

handsome grounds it partially surrounds.

Of course there are larger and more attrac-

tive monuments in the cemeteries of the

larger cities, but few if any can excel Oak-

dale in its natural beauty which our skill-

out in such admirable perfectness. North Carolina Phosphate Company. A company, made up principally of Raleigh capitalists, have purchased from Dr. Thos. D. Hogg the Castle Haynes property, near this city, the land of which is largely composed of phosphatic formations, and will at once commence the manufacture of fertilizers. The company is to be known as the North Carolina Phosphate Company, with headquarters at Raleigh. The land all along the Northeast river is said to be full of phosphatic rocks, and it is claimed that immense quantities of fertilizers will

eventually be manufactured from it. By the way, we understood that Messrs. G. Z. French & Brothers, of Rocky Point, are to ship in a few days a car load of their phosphatic lime to the North, parties there having ordered it, after testing it on their farms last season.

Wilmington Presbytery.

Wilmington Presbytery commenced its ession at Mt. Olive, in Wayne county, on Wednesday. Rev. Dr. Wilson and Messrs. Geo. Chadbourn and Sam'l Northrop are present as delegates from the First Church of this city, and Rev. J. W. Primrose and Mr. J. W. Monroe from the Second

From gentlemen who returned vesterday evening from Mt. Olive we learn that the pastoral relations of Rev. Dr. Wilson with the First Church of Wilmington were dissolved-at the earnest request of Dr. Wilson and with the concurrence of the congregation-to take effect the first Sunday in April next. Rev. A. McFadyen was elected Stated Clerk, in place of Dr. J. M. Sprunt, deceased. Burgaw was selected as the next place for the meeting of Presby-

Mayor's Court. Tucker Townsend and Walter Shaw, the two colored lads charged with stealing a coat from Mr. I. Shrier, on Market street, Tuesday night, had a hearing before Mayor Hall yesterday morning. The coat, it appeared, had been stolen from one of the "dummies" in front of the door and sold to a colored man named Forbes for \$1, from whom it was afterwards recovered. The boys were required to furnish bond in the sum of \$50 each for their appearance at the next term of the Criminal Court, in default of which they were locked up. Townsend has been before the Court several times before.

The Wreck of the Wave. There were no new-developments yesterday in regard to the ill-fated steamer Wave, which was wrecked by a boiler explosion on Thursday afternoon. None of the bodies had been recovered up to yesterday even ing, and as the boat had on no freight except guano at the time of the accident, the wreck has been disturbed by no efforts to save cargo. The two men at the Marine Hospital-Perry Cotton, the pilot, and Dave McPherson, deck hand-were reported as doing as well as could be expected. It is now quite certain that only the three persons named in yesterday's report perished by the accident.

Magistrate's Court. Dollie Edwards, colored, had a hearing before J. C. Hill, J. P., yesterday, on the charge of committing assault and battery upon Laura Rutledge, colored. Judgment suspended on the payment of costs. Adeline Ashe, colored, was arraigned on
