THE MORNING STAR.

VOL. XXXV.—NO. 142. WILMINGTON, N. C., SUNDAY, MARCH 8, 1885. WHOLE NO. 5763

MORNING EDITION.

OUTLINES.

The formal transfer of the Treasury Department to Secretary Manning was made yesterday; Messrs. Bayard, Whitney, Endicott and Garland took the oath of office also. — A woman was arrested in Paris in connection with the recent dynamite outrages in London; letters containing plans for the destruction of public buildings in London, St. Petersburg and Berne were found in her possession. — Gen. Grant's condition has not materially improved. — One hundred and twenty-three out of 147 men were killed by a mine explosion in Austrian Silesia. — President Cleveland declines to receive persons abroad in regard to appointments. — A grand banquet was given in Rome Friday in honor of the 75th anniversary of Pope Leo XIII. — New York markets: Money 1⅓@1 per cent.; cotton dull at 11⅜@11⁹⁄₁₆c; southern flour but rather weak at $3 20@5 50; wheat, ungraded red 84@92c; corn, ungraded 51@51½c; rosin dull at $1 20@1 25; spirits turpentine dull at 31c.

We are getting used to writing it President Cleveland.

It is to be remarked that Mr. Sam Randall is not of the Cabinet.

Dr. Kemp Battle's Chapel Hill trustees are being sharply criticised in this particular bailiwick by some of the alumni.

Young America is not represented in the Cabinet. The youngest, Mr. Vilas, has passed muster age. He is in his 46th year.

At Tomkinsville, N. J., a cannon exploded on the 4th, by which Joseph Judge was fatally wounded and a dozen others wounded, some very badly.

There are twelve applicants already for Emory Speer's place. We hope some good Democrat who does not play shadow to Joe Brown will get it.

That bill of abominations, the Blair Federal Pedagogy, did not pass. Sound the timbrel! Let it now be laid away in "de archives of gravity."

Guiteau prophesied that Blaine would be nominated in 1884 and would be defeated, and that Arthur would be the last in the line of Republican Presidents.

Riddleberger is the worse riddled man that ever hailed from Petersburg or any other station. He is being pilloried for objecting in the Senate to the confirmation of Cleveland's Cabinet. That Riddleberger is not a F. F. V., unless it stands for fault finding Virginian.

The New York *Times* expects Mr. Cleveland to stand rigidly by his declarations concerning civil service. It says:

"There are many disappointments sure to come from Mr. Cleveland's administration, but those who expect him to treat his reform professions as idle words will find theirs the hardest to bear."

The Baltimore & Ohio and Pennsylvania Railroads alone brought from or through Baltimore 105,000 persons on the 4th of March. It is estimated that over 200,000 strangers were in Washington on that day. The railroad management was admirable.

The London *Standard* says of the Inaugural Address:

"His speech was manly and sensible, but void of destinal declarations of Democratic policy. There was nothing tangible in the address, either to condemn or to admire."

The *News* says:

"His Inaugural Address was full of promise, and was worthy of his great personal reputation."

The Berlin correspondent of the London *Times* not only charges that Bismarck deceived Lord Granville, but he accuses him of having told a deliberate lie about a certain dispatch. The German papers deny that Bismarck aims to drive Gladstone from power. His son, Count Herbert, has gone to London on a secret mission.

Here is the resolution that the House adopted relative to the assault upon Mr. Richmond Pearson:

"Whereas, It has been made to appear to this House, as has been violently assaulted by one R. Y. McAden, for words spoken in debate on this floor, and whereas it is the duty of this House to protect its members in the exercise of the privileges of its members in debate should not be infringed, and that they should be protected in the exercise thereof; therefore, be it

Resolved, That the House of Representatives, that a committee be appointed to investigate the facts herein set forth, and report to the next meeting of this House

what steps are necessary to vindicate the dignity of this House and the rights of its members."

The vote stood 85 to 5.

McClure, of the Philadelphia *Times*, writes from Washington on the 5th:

"It would be idle to attempt to dispute the fact that there is keen disappointment because of the New York's while the great heart of the nation from the western line of New York to the Pacific shore is so nearly voiceless in the new administration. * * * But there are more considerate and honest criticism from those who look to the great and varied business interests of the country which have their chief artery in the unrepresented States. Doubtless the President had what he regarded as good public reasons for the decision he has reached in the unequal distribution of his Cabinet, and it is possible that time will vindicate the wisdom of his choice. But that it is an element of weakness in the staff of his administration is generally admitted by friend and foe."

THE CITY.

NEW ADVERTISEMENTS.

P. L. BRIDGERS & CO—Choice articles.

A Splendid Organ.

The new organ for the Front Street M. E. Church is finally in position, and is truly a magnificent instrument, as well as a large and powerful one, adding much to the attractiveness of the beautiful interior of the sacred edifice in more ways than one. Persons better posted in musical matters than ourself pronounce the tone and effect all that can be desired. To our unpracticed ear the sound of the beautiful instrument was grand and striking. The organ has 2 manuals, from C C to A, with 58 notes, and was built by Messrs. Hook & Hastings, of Boston. The case is of stained mahogany, and the show pipes are in golden colors, being exceedingly handsome and unique.

The manuals are as follows: *Swell organ*: Oboe and bassoon, 8 feet; violins 4 feet; flute harmonic 4 feet; viola 8 feet; st. diapason 8 feet. *Great organ*: Fifteenth 2 feet; Twelfth 2⅔ feet; Octave 4 feet; Melodia 8 feet; Bourdon 16 feet; Dulciana 8 feet; Open Diapason 8 feet. Then comes the *pedal organ*, with flote 8 feet, and Bourdon 8 feet, and two composition pedals to operate on the great organ. The mechanical arrangements are Swell to Great; Swell to Pedal; Great to Pedal; Tremolo; Bellows Signal.

The instrument will be used for the first time in public at the services this morning. Mr. John Egan, a gentleman well versed in matters musical, has had charge of the erection of the organ.

County Affairs.

The Board of Justices of the Peace and Board of County Commissioners for New Hanover county met in special session yesterday, Justice W. W. Harriss presiding; for the purpose of considering the matter of the salary of the County Solicitor, in addition to his regular fees, and on motion of Commissioner Roger Moore the same was fixed at $100. This salary is to remunerate the Solicitor for examining the docket of justices of the peace, the Register of Deeds' office, the office of the Clerk of the Court, etc.; which he is required to do once in every three months.

Chairman H. A. Bagg, of the Board of County Commissioners, gave notice that it might be necessary to call the Board of Magistrates together again about the first of April to consider a matter of some importance to the county.

The Board then adjourned, subject to the call of the chairman.

Charged With Embezzlement.

Albert Isaacs was arrested yesterday on the charge of embezzlement, the warrant having been issued on the affidavit of S. Eifest. It appears that Isaacs was employed by the complainant to sell ginger pop or sarsaparilla for him, and the charges that the defendant fell short $10 in his returns. He was required to enter into bond in the sum of $100 for his appearance for preliminary examination to-morrow afternoon at 3 o'clock, which he did and was discharged from custody.

Magistrate's Court.

W. T. Laudan had a hearing before Justice Millis yesterday on the charge of cutting the mate of the vessel on which he was employed with a razor, Laudan being the cook. Defendant was required to give bond in the sum of $100 for his appearance at the next term of the Criminal Court, in default of which he was committed to the Sheriff. One of the deputies went with him to get a friend to sign his bond, and in the meantime he succeeded in effecting his escape, and is now at large.

Local Dots.

— Third Sunday in Lent.

— Yesterday was a delightful day.

— Day's length 11 hours and 45 minutes.

— Receipts of cotton yesterday 60 bales.

— No cases for the Mayor's court yesterday morning.

— There was quite a heavy frost yesterday morning.

— The moon enters upon her last quarter this evening.

— Five tramps were lodged at the station house Friday night.

— Better register at once and be done with it. Registering is proceeding very slow so far.

— Rev. Mark S. Gross, formerly of this city, preached at the Catholic church in Laurinburg yesterday.

— No further developments in regard to the ill-fated steamer *Wave*. None of the bodies has yet been recovered.

— The Register of Deeds issued two marriage licenses during the past week, both of which were for white couples.

— Wm. Mosely, the venerable colored painter at the City Hall, who has been very sick with pneumonia, is at his post again.

— The Rev. Daniel Kelley, will preach to the young men in Brooklyn Hall this (Sunday) evening at 7.30 o'clock. All are cordially invited to attend.

— A military organization of colored youths, to be known as the Wilmington Cadets, has been organized, with Geo. Evans as Captain and Calthardy Avant as First Lieutenant.

— The interments in the various city cemeteries during the past week were as follows: Oakdale, none; Bellevue, 2 adults; Pine Forest (colored), 2 adults and 3 children. Total 7.

— Rev. Dr. Pritchard, of the First Baptist church, will discourse to day on the following subjects: In the morning "Special Providence;" in the evening "Intercession of Christ."

— Charles Walker, brother-in-law of Sheriff Manning, and a good Democrat, has just been elected Mayor of Lewiston, Me., being the first Democratic mayor ever elected in that city. His majority was 240.

The Cabinet.

The German barque *Fritz von der Lancken*, Capt. Freese, was cleared from this port for Glasgow, Scotland, yesterday, by Messrs. Alex. Sprunt & Son, with 2,780 barrels of rosin, valued at $3,800.

— In the list of officers of the W. S. F. E. Co., No. 1, the name of "John M. Dolan" appeared instead of John M. Donlan. We wrote a correction for our last, when it appeared as M. Donlan. Mr. Geo. C. Walsh was elected Chief Engineer and Mr. John M. Donlan Assistant Engineer.

Personal.

Several, if not all, of the visitors from this city to the inauguration have returned, and express themselves delighted with what they heard and saw, and some speak in terms of gratitude of the kind attentions they received from Mr. W. P. Canaday, Sergeant-at-Arms of the Senate.

— We examined yesterday a medal awarded to a veteran member of a private shooting club of this city for superior marksmanship. It is an elegant affair, dazzling in its brilliancy, and is inscribed: O. D. C—C. W. C. It is excusable in any one to be proud of such a distinction as this modest inscription implies.

Unmailable Letters.

The following is a list of unmailable letters in the city Post Office:

Almos Harriss, whose envelope, stamped, no address.

— In the absence of Rev. Dr. Wilson and Rev. J. W. Primrose, the congregations of the First and Second Presbyterian Churches will worship together to-day. The Rev. George Cook, of Mecklenburg Presbytery, will preach at the First Church in the morning at 11 o'clock, and at the Second Church in the evening at 8 o'clock.

Our Lutheran Visitor—Missionary Matters—Curiosities from India, etc.

Rev. W. P. Swartz, Lutheran Missionary to India, who has been on a somewhat protracted visit to this city, has left us. He held services at St. Paul's Lutheran Church three times on Sunday last, and on Monday he organized a Lady's Missionary Society, with forty members. It is called the Mengert Missionary Society, in honor of the first pastor of the church here, who was himself at one time a missionary to India. Rev. Mr. Swartz visited Tileston Normal School and gave the children a talk. He had with him quite a number of curiosities, including pictures of life scenes, etc., in India; an idol, termed by the natives the "God of Knowledge," being a human body with an elephant's head; a palm leaf book, in which was written the Lord's Prayer in Telugu, and a porcupine's quill with which they write, together with bracelets and other trinkets worn by the women, etc.

The reverend gentleman is a fine speaker and made a good impression, winning the hearts and interest of all who heard him; the attendance upon his ministrations being at all times large. He will stay in India ten years, if his health permits. There are about eight thousand Lutherans in the District where he goes. He is the first missionary the Southern Church has sent out.

Cotton.

The receipts of cotton at this port from March 1st to March 7th footed up 418 bales, as against 589 bales for the corresponding period last year, showing a decrease of 176 bales.

The receipts of the crop year from September 1st to date foot up 92,319 bales, as against 88,784 bales for the same period last year, showing a net increase of 3,585 bales.

Weather Indications.

The following are the indications for to-day:

For the South Atlantic States, fair weather in the southern portion, local rains in the northern portion, slightly colder, southwest to northwest winds.

Preachers' Meeting.

The ministers of the different colored churches of this city met in St. Stephen's A. M. E. Church on the 4th inst., for the purpose of organizing a "Preachers' Meeting," to be held in Wilmington and its vicinity, when the following proceedings were had, as furnished by Rev. R. C. Campbell, secretary:

The house was called to order by Rev. J. G. Fry, P. E., of the Wilmington District of the A. M. E. Church. Rev. A. W. Allerson began the devotional exercises by reading and singing hymn 1st in Flynn book. Rev. A. M. Conway led in prayer. After which Rev. R. C. Campbell, of Trinity M. E. Church, read the 2d chapter of Acts. Rev. J. G. Fry then followed by reading hymn 341, which was sung by the congregation, after which he announced the object of the meeting. It was moved than an election of officers be had. On motion, the officers of the First Association shall hold their offices for twelve months. The following named ministers were duly elected for the ensuing term, viz:
President—Rev. J. W. Telfair.
Vice President—A. M. Conway.
Secretary—R. C. Campbell.
Assistant-Secretary—L. H. Brown.
Treasurer—S. B. Gaskill.
Marshal—J. H. Lewis.

On motion the meetings will be held the first Wednesday of each month, at 10 o'clock A. M., in the different churches of this city. On motion the meeting adjourned to meet at St. Luke M. E. Z. Church, April 8th, 1885, at 10 o'clock A. M. At this meeting an address will be delivered by Rev. A. M. Conway. Subject "Intemperance."

Temperance Mass Meeting.

The Bible Union Temperance Society will hold a public mass meeting this evening at 8 o'clock, at the colored Baptist Church, corner of Seventh and Red Cross streets. The programme for the evening will consist of recitations and select readings, and an address will be delivered by Rev. R. C. Campbell, pastor of Trinity Chapel Church. The Misses Bennett and Dobbins will be present and take part in the exercises. The leaders of this movement say: "Every one is invited to attend this meeting. Our object is to get the young men and the young women, especially, to unite for the purpose of suppressing the great evil of intemperance. This Society was organized a month ago, when Benj Hill was elected President, Sylvia Henning, Secretary, and J. M. Jenkins Vice President."

6th. For Feeding Prisoners, per meal.

City reserving the right to reject any and all bids.
E. D. HALL,
mh 8 tf Mayor.

The Price Tells,
And Everbody Tells the Price

THOSE ROCK BOTTOM PRICES ADVERTISED last week had a good effect. We had no idea so many people read an advertisement, for the rush was far greater than we expected. We would not let a caller go away without showing him what they could get better Suits, Overcoats and Gents' Furnishing Goods there for less money than elsewhere. So our trade is growing. This community know they can truly depend on us the year round in getting more value and better goods for less price. All we ask you is to examine our goods at your homes, compare their quality and prices with goods from other stores and you will then see that you can save fully from 10 to 33 per cent. on your purchases.
A. DAVID,
mh 8 tf Merchant Tailor and Clothier.

Tired! Tired!

THE PEOPLE ARE NOW THOROUGHLY tired of paying high prices for Clothing, and are coming to SHRIER, because they like solid, steady dealing. They are thoroughly satisfied that they can get better Suits, Overcoats and Gents' Furnishing Goods there for less money than elsewhere, and to do that thing he's generally inclin'd.
