Nominations Confirmed-The Repub-Hean Caucus-Affairs in the Depart-

(By Telegraph to the Morning Star.) WASHINGTON, March 25.—The Senate in executive session, confirmed the nominations of Samuel S. Cox, to be Minister to Turkey; Henry L. Muldrow, to be Assistant Secretary of the Interior; and Wm. A. J. Sparks, to be Commissioner of the General Land Office.

At the Republican Senatorial caucus considerable feeling was manifested and it was stated by some Senators who have secured employment for their clerks that if the Sherman resolution was adopted they would favor an entire revision of the committee list. The subject of final adjournment was alluded to and the President's wish that the Senate should remain until the end of the week was made known. Without any formal action the tacit understanding was reached that minor treaties should be considered at such times as the Senate was not engaged with nomi-

The Commissioner of Pensions issued an order to-day directing that for the present until the mass of business upon the board of review is disposed of, members of that division of the pension office shall begin work at 8 30 a. m. and finish at 5 p. m. Richard Devens, Superintendent and Disbursing Officer of the Postoffice Departesigned that position voluntari-

ly, to engage in private business. Secretary Lamar has issued an order closing the Interior Department, to morrow, out of respect to the memory of the late Jacob Thompson, Secretary of the Interior during the administration of President Buchanan.

First Comptrollor Durham, of the Treasury Department, assumed his official duties Indian Commissioner Atkins was at the Interior Department to-day, and will quali-

fy and enter upon the office to-morrow. No change has occurred in the condition of Hon. Casey Young, who is threatened with paralysis since yesterday. His physician says he is in no immediate danger.

Perils of Lake Navigation-Ice-Bound Vessels.

[By Telegraph to the Morning Star.] LUDINGTON, March 25.-The propeller Flint and Pere, Marquette No. 2, which left Chicago eleven days ago, and has since been bound in the ice about twenty-five miles off Little Point Sable, reached here last night. The clerk, eight passengers and the wheelman were here some hours before the steamer, having left her thirty miles off Little Point Sable, making the shore at that point. They came the rest of the way by land. Their trip from the boat to the shore was a dangerous one; the ice breaking up 'and cutting off all communication with the boat. They left at 7 o'clock Monday morning, and all went well until they met an opening in the ice thirty feet wide about 1.30 p. m. It was then necessary for them to cut a large cake of ice, and one of the party ferried the rest across, one at a time. They met thin ice at 2.30 p. to., and crossed it by spreading out and all holding to a line, the ice cracking under their feet. At 3.45 p. m. while crossing a field of ice half a mile wide and four inches thick, they found it to be moving three miles per hour, and windrowing up very fast; several broke through the ice. J. O. Touchette, a passenger, had a very parrow escape. At 4.30 their chances looked slim for getting to shore. Two of the passengers gave up several times. At 5.30 they reached the Point, got a team and went to Meare's Station, where they took the cars. They are badly used up. There are no advices from the propeller Wisconsin, ten days out, nor the City of Ludington, seven days out, since they left this port. There are fears that they have met with disaster through crowding ice.

Gen. Grant's Condition Considerably Improved - Alleged Frauds in the

Naval Stores Trade. NEW YORK, March 25.-Gen. Grant's condition this morning showed considerable improvement. After retiring about 10.30 o'clock last night, the General fell into a quiet and refreshing slumber, which continued with but short intervals of wakefulness until the morning. On awaking the General said he was comparatively free from pain, and his sleep had been better than for any night of the week. At noon he left the house for a drive through the park in the warm and pleasant sunshine. At a meeting of the Naval Stores trade to day, a report was heard from the com-mittee in regard to devising means of checking the fraudulent practice which prevails among jobbers of Savannah, Ga., Wilmington, N. C., and Charleston, S. C., of altering marks put by Southern inspections and turnenting to tors upon barrels of rosin and turpentine to indicate the quality and quantity of the barrels. A resolution was adopted appealing to the Southern Exchanges to have these frauds stopped by legislation.

Bebelilon in the Northwest-Outrages by Half-Breeds.

illy Telegraph to the Morning Star.]

Winnerec, March 25.—Nothing is talked of here but the rebellion in the northwest. Rumors and counter rumors of the wildest character continue to fly about. It is reported with some confirmation that fifteen of a detachment of mounted police which was attempting to enter Carleton were shot and killed, and that the rebels have made forty whites prisoners and are threatening more. E. O. Hughes—whese stock at Duck Lake is now in possession of the insurgents, and his manager imprisoned—has arrived here, and states that the half-breeds under Riel have been preparing for an uprising all the winter, and that the men are thoroughly armed, well drilled and disciplined.

War Bumors-London and the Stock Markets Excited-A Special Cabinet Council in London. (By Cable to the Morning Star.)

Paris, March 25.—The Le Temps says that it considers war between Russia and England to be imminent. Boston, March 25 .- The Herald prints the following: "A private cable dispatch received in Boston from a reliable source, says there is great excitement in London. It is reported that 25,000 militia have been

called out. Rumors are thick that Russia has rejected the English proposals.

LONDON, March 25 .- The stock market at the close to-day was depressed under the influence of the increase in preparations for war. Consols closed at 971-16, the lowest figures yet reached since the com-mencement of the Anglo Russian dispute. Russians fell 1 to 11 per cent. this afternoon. The news from the continent shows that all continental bourses sympathized with the financial situation in London and that prices towards the close were flat.

London, March 25 .- The tension beween Russia and England over the Afghan frontier question has increased. The stock market is excited. British consols are onehalf and Russian securities one per cent. lower than at the close of the market last evening.

The Cabinet held a special session this afternoon on the Afghan difficulty. It was resolved to firmly demand of Russia that she commence forthwith the work of de-limitating the Afghan frontier, in accordance with the understanding under which Sir Peter Lumsden and the British surveying party have passed so many months in the Ameer's dominions.

All officers belonging to the British In-dian army and now in Europe on furlough, have been ordered to immediately rejoin their respective regiments.

Large Orders for Canned Beef from the British War Department.

[By Telegraph to the Morning Star.1 CHICAGO, March 25.-The N. K. Fairbanks Canning Company, of this city. has received during the last seven days cable orders for canned beef for use of the British army, which, coupled with an additional order received this morning, make an aggregate amount to be shipped of 4,000,000 pounds. The orders came from the British War Department, and the destination of the meat is Woolwich. It will take two weeks to fill the orders. The Armour Packing Company is also in receipt of orders to supply 5,400,000 pounds. These are the largest orders ever received here, and owing to their magnitude the supposition is that they are to meet a war emergency. The canning houses are working day and night, in order to meet these demands.

WEST VIRGINIA

Afflicted Counties.

[By Telegraph to the Morning Star.] CHARLESTON, March 25.-So great is the suffering of the people in the drought-af-flicted district that the authorities and people of Kanawha county were appealed to yesterday, and quantities of provisions have been ordered sent by the county court for the relief of the distressed. Tales of suffering men, women and children, and of beasts, reach here from portions of Jack son, Gilmer, Calhoun and Roane counties. The mountain farmers in those counties are unable to purchase either food or seed, and as the season for planting is near things look decidedly serious. Kanawha county can take care of her own needy people, but help will be needed for other counties.

MERCHANTS, BANKERS & MANUFACTURERS

AND PUBLIC ECONOMY.

Sixteen Pages every Saturday. Oftentimes Twen-

ty Pages. Sometimes Twenty-four Pages. FIVE DOLLARS A YEAR. The foremost purpose of Bradstreet's is to be of practical service to business men. Its special trade and industrial reports; its weekly epitome of bankruptcies throughout the United States and Cauada, and the summaries of assets and il abilities, are alone worth the subscription price; its synopses of recent legal decisions are exceedingly valuable. As commercial transactions, in the wider sense, are coming to be more and more conducted on a statistical basis, the information contained in Bradstreet's is of the first importance both to producers and middlemen.

The Trade and Agricultural Situation throughout the United States and Canada is reported by Telegraph to Bradstreet's up to the hour of publication. SINGLE COPIES, TEN CENTS. THE BRADSTREET CO., 279, 281, 283 BROADWAY, NEW YORK CITY.
