MORNING EDITION.

OUTLINES.

A. L. Knott, of Maryland, has been nominated for Second Assistant Postmaster General; the nomination of Gen. Jos. E. Johnston as Commissioner of Railroads was unanimously confirmed by the Senate.

The Manitoba insurgents burned the town of Battleford and killed ten citizens. Commander Kane, of the U. S. S. Galena telegraphs that Aspinwall was burned by the insurgents; his ship was crowded with refugees.

The Emery candle factory, Cicucinati, O., burned. M. De Freycinet is engaged in the work of forming a new French Cabinet.

The decrease of the public debt for the month of March amounts to \$483,000. Information comes to Senators in Washington that President Cleveland does not intend to make removals from offices which have expired terms.

New York markets: Cotton 1 1/2 cent; cotton steady at 1 1/4; wheat, ungraded 89 1/2@89 1/4; corn, ungraded 21 1/2@21 1/4; rosin steady at 1 1/4@1 1/2; turpentine weaker at 8 1/2.

Georgia and Tennessee seem to be getting the lion's share in the appointments. High license is popular in Minnesota. St. Paul is to petition for a \$500 license.

The new Dover line to Norfolk from New York is now open, and the trip is made in twelve hours.

Henry James, the famous novelist, the New York World of Tuesday refers to as Edwin James?

France does not relish the idea of being beaten by the Pigtail. Hence the tears of M. Ferry, late Prime Minister.

At Council Bluffs, Iowa, an insane man kept a crowd at bay with a rifle while he burned the buildings of his neighbor.

The Northern papers are slightly disgusting in their personal details. Now they are telling what Cleveland likes to eat. Why not let him enjoy his meals in peace?

Philadelphia ought to build. It has 95,000 more families than there are houses. In other words, there are 250,000 families and but 155,000 houses. They have to double that City of Brotherly Love.

Mr. Woodrow Wilson, whose "Congressional Government" has set Washington astir, is of Southern birth, only 22 years old, a graduate of Princeton, and recently elected Professor of History in the Bryn Mawr College for women.—Philadelphia American.

Mr. Wilson was born in Virginia, and is about 28 years of age.

The new Minister to England is a law Professor and here is his opinion of polygamy and divorces: "So long as divorce is allowed by law it is a matter that can never be adequately regulated. The only way to abolish it. Cases may require a legal separation. I refer to the divorce that allows the parties to remain. No divorce is allowed in South Carolina nor in the Catholic Church. Men can get along without it."

Can anything be finer than Tennyson's noble lines inscribed on the cenotaph erected to the memory of Sir John Franklin? They are worthy of Shakespeare or Milton or Dante: "Not here! the white North hath thy bones; and thou, Heroic sailor soul, Ait passing on thy happier voyage now Toward no earthly pole."

We are glad Virginia was honored in the appointment of Mr. A. M. Kelley, of Richmond, as Minister to Italy. He is an accomplished and able gentleman. As editor of the Petersburg Index after the war he published the ablest, most interesting and largest daily that his State has had since the war.

Expositions are sometimes misleading. A Connecticut man is familiar with Minnesota and who has been to New Orleans recently, tells us that that State leads in apples and still there are but few apples grown in the State. He was laughing at the manager about it and his reply was "I wish the Governor could hear you."

A hawk, near Aiken, S. C., undertook to pounce down upon a brood of chickens. The mother, a very game hen, made fight in defence of her brood and quickly laid the crooked-billed bird of prey dead at her feet. An account says: "The hawk measured just 4 feet from tip to tip, and was carried to Aiken and exhibited. A lucky blow from the beak of the hen entered his eye and penetrated his brain."

Our exchanges contain an account of a marvellous case that shows how it is impossible to be too careful in caring for the dead. A little girl was put in a coffin, dead as was supposed, and kept for two days. If she had been buried within twenty or thirty hours it would have been a case of the most horrible kind. From a lengthened account we copy the following: "Then the friends commenced discussing the propriety of burying her. While the discussion was going on some one went into the room where the child was lying, and after looking at the corpse for a moment put his fingers on the pulse and was surprised to feel a feeble fluttering. The pulse beat slowly, but it indicated that life was there, and was at once used to restore the vital spark into a flame. The doctor was again called and restoratives applied. Although respiration returned and the action of the heart increased, yet consciousness did not return to the girl, and all efforts to restore her were fruitless. She remained in this state of torpor for twenty-six days, and on the evening of the twenty-sixth day she opened her eyes and asked for a drink of water. From that time on she rapidly gained strength, and is now able to go about."

Rutledge P. Hughes, the absconding Republican United States Marshal from Richmond, Va., has been arrested at Marriemfield, Texas. He is charged with being short in his accounts to the amount of \$8,000. The Dispatch says: "He was also receiver in the suit to wind up the affairs of E. Courtney Jenkins, in which it is said he is also liable for about \$3,000. Last Sunday evening Col. H. W. Flourney, Secretary of the Commonwealth, received a telegram from Sheriff R. C. Ware, of Mitchell county, Texas, stating that Mr. Hughes was in that county, and that he was arrested about \$3,000 was found on his person. Sheriff Ware has been directed to bring him here at once. He is expected to get here in a few days, probably about Wednesday."

At the time we write, 10 o'clock at night, Gen. Grant is extremely low and is believed to be sinking into death. He will be a greater man when dead than when living, because his good will survive and "the evil will be interred with his bones." The country will almost deify him. When gone, it may be said that a man is dead who filled a very great place in American history and in the eyes of the world. The South will regret his departure.

Some of the cantankerous Radical papers in the North feel greatly hurt in their feelings because Secretary Lamar thought it becoming to close the Interior Department one day in memory of Mr. Jacob Thompson, of the same town in Mississippi, Oxford, and former Secretary of that department. With these "incurables" the South is still "in rebellion."

Spirits Turpentine.

Mr. J. D. Boone has retired from the Mooreville Monitor.

New Bern Journal: Several oyster boats were in yesterday, and about three hundred hands were engaged at the cannery.

Raleigh News-Observer: Ike Young's successor may be named this week. Postmaster Nichols holds on until June, when his term expires. Messrs. Ransom and Skinner worked hard for Jarvis.

Lumberton Robesonian: Several hundred tons of fertilizers have been received at the depot here. Many of the colored people in this section appear to be determined to move to Arkansas next fall.

Lenoir Chronicle: On the 24th, Mr. Crisp, who has charge of Cloyd & Sons branch store at Shull's Mills in Watauga, wrote that the thermometer was 6 degrees below zero there that morning and the snow was twelve inches deep.

Reidsville Times: The revival which has been in progress at the Methodist church in this place for several weeks, closed last Friday night. It was the means of doing much good to our town, and in adding quite a number of persons to the church.

Waynesville News: The revival at the Methodist Church closed on Thursday night, after forty-four conversions.

Henderson Superior Court last week a man by the name of Gibbs was sentenced to ten years in the penitentiary for house-breaking. That is right.

Hillsboro Observer: Engene Hassell, a young clerk at Park's store, had his left foot badly mashed by the elevator last Wednesday morning.

Halcott Pride Jones, Jr., oldest son of Major H. P. Jones, died at the residence of his father near this place, last Wednesday afternoon.

Hickory Carolinian: Mr. Alex. Moore, of this county, died on the 14th inst., aged 92 years and 6 months. He was a soldier in the war of 1812.

Rutherford College commencement will be on the 26th and 27th of May. Rev. M. L. Wood, of Shelby, will preach the annual sermon on the 26th. The attendance this session, we learn, has been unusually good.

Oxford Torchlight: In Oxford last week \$195 per foot was offered for a vacant lot on Commercial Avenue, and the offer was refused.

Died on the 26th inst., of accidental wound received the day previous, William D. Royaster, of Vance county. The subject of this notice was the eldest son of the late Col. S. S. Royaster, so long and favorably known in this community.

Greensboro Workman: Solicitor Adams, of the eighth district, sent in his resignation more than a week ago, but it was not accepted.

Friend, he has decided to withdraw his resignation. So we learn from the News-Observer. The Pittsylvania Tribune states that Judge Dick, of North Carolina, has been retained as counsel for

young Martin, who killed Carrington in the early part of last month.

Concord Register: Two white men named John Lucas and Ed Caldwell were drowned in the Ocotawbe River near Samples mill on Sunday morning. Both men were drinking when they got in a boat to go to their trout nets that were set in the river. They were missed on Monday, and on searching the boat was found turned over. The river was dragged and the bodies recovered. A whiskey flask nearly empty was found in the pocket of [one of them].

Raleigh Visitor: Dr. Eugene Grissom delivered a lecture before the Alumni Association of the University of Pennsylvania, at Philadelphia, on the 24th inst., which is said to have been one of the finest efforts of the kind ever delivered before that body. A darkey having heard that ex-Gov. Jarvis had been appointed Envoy Extraordinary and Minister Plenipotentiary to Brazil, told another darkey that Gov. Jarvis had been appointed an extraordinary preacher to the penitentiary in Brazil. We hear that Col. W. T. Blackwell is in contemplation the purchase of the Exposition buildings and their removal to Durham for the purpose of erection on the fair grounds at that place.

Durham Plant: The greatest outrage that has been perpetrated upon any people is the pretended mail line from Durham to Oxford. It was advertised to be let, and the contract was taken by a man in Kentucky for at least \$900 less than the work could be done for. The service was to begin the first of March, but the people have seen nothing of the mail on this end of the line. We understand a colored man is carrying it from Durham to Durham, but it never comes to Durham. The Oxford Torchlight copies and says "We agree with the Tobacco Plant in its strictures upon the letting of this mail contract. The Kentuckian, undertaking the work at only \$900 per annum, found the mail made a gain and abandoned it. To successfully carry out the system and properly equip it, \$1,800 is reasonable price."

Charlotte Observer: Mr. Mark H. Hoke, a well known citizen of Lincoln, died at his home in that place, of dropsy, yesterday morning. He was a brother of Gen. Hoke, of Raleigh. Sam Massey, the colored man who was found guilty of burglarizing the house of Mr. Green Rea, at the late term of the Superior Court and was sentenced by Judge Phillips to be hanged on April 26th, will not figure in the programme arranged for him. He has received a commutation, and instead of being hanged, will go to the penitentiary for ten years.

The distillery of Mr. Ed Jenkins is in Gaston county, and is located near the town of Mt. Holly. Storekeeper Green Flowers is stationed at the still, and last Saturday evening he shot and killed a crazy colored man, in self-defense. It is claimed between Mr. Flowers and the still house, late in the afternoon, and the particulars as related to us seem to substantiate the claim that the killing was done in self defense.

THE CITY.

We learn from Mr. F. M. James that there were eleven interments in Oak Grove Cemetery during the month of March, of which seven were adults and four children; one white and ten colored.

Mayor's Court. Chester Lamb, colored, had a hearing before the Mayor yesterday morning, on the charge that he belied his name to the extent of assaulting Captain Standal, of the little naval stores schooner Mary, with a deadly weapon. It appears that a difficulty occurred between the two men on South Water street, during which Lamb drew a knife and cut Captain Standal on the arm with it. The parties were then separated and Lamb was taken in charge by Officer Woebe, of the police force, who happened along at the time, and was taken to the guard house. He was ordered to give bond in the sum of \$50 for his appearance at the next term of the Criminal Court, falling in which he was sent to jail.

Harbor Master's Report. Capt. Price, Harbor Master, reports the following arrivals at this port for the month of February: AMERICAN. Steamers..... 4— 3,380 tonnage. The receipts of the crop year from September last to date foot up 99,254 bales, as against 90,284 bales for the same week last year, showing a net increase of 2,970 bales.

Infanticide. The dead body of a female mulatto infant was found last night in the Walker lot, on the square bounded by Fifth and Sixth and Chestnut and Mulberry streets. Amos Talley, colored, one of the street force of the city, was crossing the lot about half-past 11 o'clock when he saw a woman approaching who turned back and disappeared. Soon after Talley came upon a bag lying near the pathway, which was found to contain the dead body of an infant. Talley reported the matter at once at police headquarters, when Chief of Police Brock and one of the force went to the spot and removed the bag and contents to the City Hall. Dr. F. W. Potter was summoned and made a post mortem examination, which developed the fact that the infant was born alive. There were a few bruises on the body and other evidences that it had been roughly handled. It was in a common ointment bag pinned up with a long hair pin. After the examination the body was put in a box and will be placed in the hands of the Coroner to day.

Monthly Exports. The following is a statement of the foreign exports from the city of Wilmington for the month of February, as compiled from the books in the Custom House: Cotton—1,700 bales, weighing 796,044 pounds, and valued at \$87,000. Rosin—31,817 barrels, valued at \$38,177. Tar—5,099 barrels, valued at \$7,804. Pitch and Turpentine—153 barrels, valued at \$487. Spirits Turpentine—66,681 gallons, valued at \$19,207. Lumber—1,408,000 feet, valued at \$22,028. Shingles—295,000, valued at \$1,585. Miscellaneous—valued at \$34. Total—in American vessels, \$9,819; in foreign vessels, \$145,958. Grand total, \$175,772.

The Naval Stores Trade. The Charleston News & Courier, referring to the recent charges brought by the New York trade, to the effect that jobbers in Savannah, Wilmington and Charleston were in the habit of altering the inspectors' marks as to the quality and quantity of rosin and spirits turpentine, says: "It is gratifying that the trade in Wilmington and Charleston indignantly deny the charge that the practice prevails in these two markets. It was hoped that Savannah would have been able to make an equally explicit denial, but the trade there simply enters a plea in confession and avoidance. They acknowledge that the practice prevails, but say it is in compliance with orders from purchasers in New York and Chicago."

Death of a Former Wilmingtonian. The Oxford Torchlight announces the death of Mrs. Gibbs, wife of the Rev. J. F. Gibbs, of Tarboro Circuit, M. E. Church, which took place at Franklinton on Thursday, March 26th, after a short illness. Mrs. Gibbs formerly lived in this city, being a sister of the late E. A. Currie. Rev. Mr. Gibbs was also mentioned here some years ago. The Torchlight says "She was a true Christian in every sense of the word."

Magistrate's Court. Thomas McKinney, colored, charged with committing assault and battery upon the person of F. Register, colored, was adjudged guilty, and judgment was suspended upon the payment of costs.

Andrew Moore, arraigned on a peace warrant sworn out by Mary Eliza Lively, was required to pay the cost and give bond in the sum of \$25 to keep the peace for thirty days.

Foreign Exports. The Norwegian barque Mindel, Capt. Hansen, was cleared from this port for London, yesterday, by Messrs. Patterson, Downing & Co., with 4,150 barrels of rosin, valued at \$4,890; also the schooner Fred Jackson, Capt. Snow, for Port Spain, Trinidad, by Messrs. E. Kidder & Son, with 216,089 feet of lumber, valued at \$4,151.95. Total \$3,441.95.

Personal. Capt. W. M. Parker's many friends were glad to see him on the streets yesterday, enjoying the palmy sunshine. He spent the forenoon at the store.

Mr. E. T. Hancock continues very low, and up to this time has been gradually growing worse.

Mr. O. G. Parsley, Sr., we are glad to hear, is able to be out again.

Complimentary. We learn that Inspector General Cameron says the drilling of the Wilmington Light Infantry, at the late inspection, was the best that he has so far seen in the State; and that he also compliments very highly Lieut. J. C. Morrison, who had charge of the Company on that occasion, as being the best drill master in the State.

Bismarck's Birthday. Mr. E. Peschau, German Imperial Consul at this port, had his consulate flag flying yesterday in honor of Prince Bismarck's seventieth birthday. The German shipping in port also had their bunting displayed in honor of the event.

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a letter written to the German Evangelical Messenger, at Chambersburg, Penn.: A German actress, just open the door for her, and Mrs. Winslow will give the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "baby" to say, "A blessing on Mrs. Winslow for helping her to survive and escape the griping, colicking, and teething sieges. Mrs. Winslow's SOOTHING SYRUP relieves the child from pain and restores its natural health. It softens the gums, reduces inflammation, cures wind and colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing but pure and wholesome ingredients. Know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical savior to the infant race. Sold by all druggists, 50 cents a bottle.
