It is estimated that North Carolina ist \$1,000,000 by the bank failure in Norfolk. Here is a lesson. Learn it.

Eastern fishermen have been compelled to send to North Carolina for bait as the ground in New England is frozen four feet deep.

The head of Charles Beaseley, an engineer on the Richmond & Alleghany Railroad, was found severed from the body on the track near the water tank in Richmond, Va.

Mr. John L. Cummings was shot and killed instantly in a car at Newport, Ky., by Mr. George A. McMillan. The former had betrayed the daughter of the latter. Most men will say that Commings merited his

Ex-President Davis says his recent sickness was produced by getting wet whilst exposed in an open boat. He had inflammatory rheumatism and suffered very greatly. He says he feels in his usual health, with the exception of a swelling in his feet, which kept him confined to

A railroad agent by the name of Chas. P. Walker, a very sharp fellow, went to Laurens, S. C., and began stirring up the negroes generally to leave for Kansas. He was waited upon at night by a large armed body of whites and given ten minutes to get away. He made about the best time on record.

We had a call from Mr. J. W. Ainger, the travelling representative of that standard and valuable periodical, the old Eclectic Magazine. Mr. Ainger is a South Carolinian, residing in New York. There is no better investment than \$5 in the excellent monthly he represents. It was established in 1844.

We are asked what is a "zareba?" We answered the question before. It is a light and effective barricade in the shape of a square constructed out of mimosa brush, the prickly branches being outward and too high to be overleaped. With the double row of mule heels pointing towards the enemy, as suggested by the funny man of the New York Times, and the mimosa brush in front, the defence ought to be deemed complete.

The Washington Star of the 9th says of the policy of the President as to selecting officers:

"Democratic members of Congress are still grumbling about the policy of the Ad ministration and predicting many evils if the offices are not turned over pretty soon. The Virginia delegation has decided that Mahone's friends must be put out of all offices they hold in the State at once or the Democratic party will be in a bad way at the next election, and they will have a hard time to hold on to the management of State affairs. Ohio men are even more cut up and the result of the municipal elections

adds to their discomfiture. "Some members from the far South are complaining too, though they say what they want is not to have the patronage thrown into their own section particularly, but to have it go where it will do the most

A new Southern enterprise is the Roanoke Navigation and Water Power Company, chartered by our own Legislature. Petersburg is headquarters, capital stock \$500,000, with power to increase. The following officers have been elected: President, Senator J. D. Cameron, of Pennsylvania; Secretary and Treasurer, S. P. Arrington, of Petersburg; board of Directors, Senator J. D. fore doing much damage.

Here is the latest concerning the murder of Miss Madison. Damaging discoveries are claimed by detectives who are working up the case. A Richmond special of the 9th says:

"They claim to have discovered in the east twenty-four hours evidence of the highest importance. Since this information has come in their possession the officers exress confidence in their ability to convict homas J. Cluverius of Miss Madison's murder. They decline most positively. however, to indicate the character of this recently "discovered testimony. An old man arrested in King and Queen county yesterday, who was suspected of being the old man who was present in the parlor of the American Hotel on the night of the murder while Miss Madison and Cluverius were in the room, was brought to the city to-day. The porter declared he was not the man, and he was discharged.

- Asheville Citizen: Hon. Thomas Butterworth, of Rockford, Ill., died at the Swannanoa Hotel in this place on Saturday night. Yesterday Morning's Fire. Yesterday morning about half-past 1 o'clock, the alarm was sounded for fire in the second fire district, which was found to have its origin in the store of Mr. T. C. Fitzgerald, on the northeast corner of Sixth and Red Cross streets, formerly occupied by Mr. Thos. Beck. The fire damaged the store and its contents considerably, and made its way into the upper rooms occupied by Frances Brown nee Mitchell, damaging the furniture to some extent, before it was finally brought under control by the

Mr. Fitzgerald's stock and store furniture was insured for \$1,000 in the Phœnix, of London, represented by Messrs. John W.

The building, which is the property of Frances Brown, was insured for \$1,000 in the Queen and \$1,000 in the North British Mercantile, represented by Messrs. Atkinson & Manning, and the furniture belonging to same \$1,000 in the Commercial Union, represented by Messrs. Atkinson & Manning, and \$1,000 in the Wilmington Mutual, represented by Mr. J. Base Ball Notes.

The fence around the Seaside Base Bal Club's grounds, formerly the Athletic Club grounds, has been completed, and work is now progressing upon the grand stand and seats, which will be in position before the end of this week. The boys are working like they mean business.

The State seems completely enthused on the subject of base ball, and the disposition appears general to make the coming season the liveliest in the history of the ball and bat. Goldsboro is to offer a prize of \$100 to be contended for during the spring races in May, and it is to be hoped that the "Sea-

sides" will try their luck. By the way, we noticed yesterday that a room over Mr. H. H. Kasprowitz's cigar store has been set apart for the use of the "Sessides." It has been nicely fitted up and furnished with chairs, desks, tables, etc., and will make elegant and comfortable quarters for the Club, both for their own use and in which to entertain their visitors.

Friday Night's Fire. The house on Love's Alley, near Seventh and Harnett streets, which was destroyed by fire Friday night, belonged to Sam Bennett, colored, and was insured for \$150 in the Virginia Fire and Marine Insurance Company, represented by Messrs. Jno. W. Gordon & Smith, which will about cover the loss. The roof of the residence of Geo. L. Mabson caught fire, but it was putjout be- First Sunday after Easter.

WHO IS MRS. WINSLOW:—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup fer children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are Dally sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No Morners has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup Try it, mothers—TRY IT NOW.—Ladies' Visitor, New York City So Try it, mothers—TRY IT NOW.—Ladies' Visitor, New York City.
