Brown's Iron Bitters ANSWERED.

The question has probably been asked thousands of times, "How can Brown's Iron Bitters cure everything?" Well, it doesn't, But it does cure any disease for which a reputable physician would prescribe IRON physicians recognize Iron as the best restorative agent known to the profession, and inquiry of any leading chemical firm will substantiate the assertion that there are more preparations of from than of any other substance used in medicine. This shows conclusively that iron is acknowledged to be the most important factor in successful medical practice. It is, important factor in successful medical practice. It is, however, a remarkable fact, that prior to the discoving of BROWN'S IRON BITTERS no perfect, leading the stiffactory iron combination had ever been found. BROWN'S IRON BITTERS does not injure beadache, or produce constipation—all other from headache, or produce constipation—all other iron medicines do. BROWN'S IRON BITTERS medicines as Discourses, Weakness, Weakness, Dyspepsia, Malaria, Chills and Fevers, Dyspepsia, Melaria, Chills and Fevers, Dyspepsia, General Debility, Pain in the Side, Back or Limbs, Headache and Neuralgia-for all these alments Iron is prescribed daily. gin-for all these ailments Iron is prescribed daily. BROWN'S IRON BITTERS, however, does minute. Like all other thorough medicines, it acts slowly. When taken by men the first symptom of benefit is renewed energy. The muscles then become rimer, the digrestion improves, the bowels are active. In stomen the effect is usually more rapid and marked. The eyes begin at once to brighten; the skin clears mp; healthy color comes to the cheeks; nervousness disappears; functional derangements become regular, and if a nursing mother, abundant sustenance is supplied for the child. Remember Brown's Iron Bitters is the ONLY iron medicine that is not injurious. Physicians and Druggists recommend it.

GOUT, RHEUMATISM, AND DISEASES GENE-RALLY OF URIC ACID DIATERSIS.

DR. JAMES L. CABELL,

Professor of Physiology and Surgery in the Medical Department of the University of Virginia and Pre ident of t e National Board of Health, and former Resident Physician, Hot Springs,

The water of Spring No. 2 contains in notable quantities two of the Alkalies, which are accredited as extremely valuable in the treatment of Gout, Lithiasis, and Liver Affections. I refer to the Carbonates of Polask and Lithia. It is now well known that both of these alkaline carbonates have an ascertained value in cases of Uric ates have an ascertained value in cases of Uric Acid Biathesis connected with Gravel, and in cases of Chronic Gout, because of their affinity for Uric Acid and the great solubility of the salts which are formed by their union with that acid."

DR. ALGERNON S. GARNETT,

Surgeon (Retired) U. S. Navy, Resident Physician

"My experience in the use of Buffalo Lithia Water is limited to the treatment of Gout, Rheumatism, and that hybrid disease 'Rheumatic Gout' (so called), which is in contradistinction to the Rheumatoid Arthritis of Garrod. "I have had excellent results from this Water in these affections, both in my own person and in the treatment of patients for whom I have prescribed it. Of course the remedial agent is its contained Alkalies and their colvent properties. "Hence, it is a prophylactic as well as a remedy in Nephritic Colic and forming Calculi, when due to a redundancy of Lithic Acid."

DR. W. B. TOWLES,

Member Medical Society of Virginia, Resident Physician Hot Springs, Va. 'I feel no hesitancy whatever in saying that in Gout Rheumatic Gont, Rheumatism, Stone in the Bladder, and all diseases of Uric Acid Diathesis, I know of no remedy at all comparable to initial lithia Water, Spring No. 2. In a single case of Bright's Disease of the Kidneys I witnessed very marked beneficial results from its use, and from its action in this particular case, I should have great confidence in it in this disease."

DR. T. B. BUCHANAN. Resident Physician, Hot Springs, Ark. "Send me five cases Buffalo Lithia Water, Spring No. 2. I have made use of this Water for Gout in my own case, and prescribed it for patients similarly suffering, with the most decided beneficial results. I take pleasure in advising Gouty patients to these Springs." donty patients to these Springs."

A QUESTION ABOUT | The Morning Star

JEAN INGELOW. Take Joy home, And make a place in thy great heart for And give her time to grow and cherish her; Then will she come and oft will sing to thee,
When thou art working in the furrows, ay,
Or weeding in the sacred hour of dawn.
It is a comely fashion to be glad;
Joy is the grace we say to God.

There is a rest remaining. Hast thou sinned?
There is a sacrifice. Lift up thy head; .
The lovely world and the over-world alike Ring with a song eterne, a happy rede:
"Thy Father loves thee."

RELIGIOUS MISCELLANY.

— The disposition to do things that we like and to refuse to do things that we do not like is not, as a rule, a good one. A part of Christian training consists of self-denial. The most disagreeable work, there-fore, is work that should not be neglected. The fact that it is not pleasant is not proof that it is the best, but neither is it evidence that it is not good.—United Presbyterian.

- Christianity is either the most daring of impostures or the truth of God. It presents imperative claims to every mind and heart. It admits of no equivocation, telerates no denials. Its trumpet call, through nineteen centuries, has never abated in the least its tone of divine command. Full acceptance or complete rejection are the only possible alternatives.— Richmond Advocate.

- Lord Radstock, an earnest English Christian, now on an eyangelical visit to India, writes to the London Christian that prejudice against Christianity seems to be dying out all over that country. There are more students in the Christian College in Madras than in the government and Hindoo Colleges together. Christians in India are convinced that a great preparatory work is going on, to be soon followed by large results.

— Rev. Mr. Chaney has tackled Rev. Sam Jones on the subject of Hell and the Prince of the Powers of the Air. We bave no doubt, in his own fashion, the Georgia "son of thunder" will know how to take care of himself. The decadence of morals always carries along with it a double effort to argue God out of His universe by the philosophers, so called, and the Devil out of his jurisdiction, by lay and clerical purists.—Augusta (Ga.) Chronicle.

- I often hear folks talking about heart religion. I want the religion that begins at the top of my head and extends to the soles of my feet just as well as in my heart. They don't talk much about the sick, and in prison," and you need feet to go and wait on them. Oh, for a thorough consecration, soul and body to Christ."

- Ought I to make a public conession of faith and join the Church? This important question is, no doubt, agitating the minds of hundreds among the readers of these columns. The first person with whom most of you would discuss this question would be your own pastor. He would probably say to you, Yes, my friend, you had better do so, provided you have already joined Jesus Christ. If the Son of God be within your heart then you are spiritually alive; you have experienced the new birth; you are prepared to live the Christian life because He liveth in you. If you only make membership of a church the main thing, if you unite yourself to nothing stronger than a company of frail, fallible fellow creatures, and expect them to tow you along by the power of their prayers and fellowship, then you have but a poor chance of success in this world or of heaven in the next. The first question for you to settle is, Have you been born anew by the Holy Spirit? Have you, by sincere faith, united your heart to the omnipotent Saviour?-Rev. T. L. Cuyler, D. D.

We have heard of no serious injury to any one, but many were slightly bruised in the struggle to reach the outside.

The Representatives of "Northern Civili-The Representatives of "Northern Civilization" who delight to sneer at "Southern Lawlessness," had better put up shutters over their own glass windows. The telegrams within the past week told of the capture of four members of the Pennsylvania Legislature in a low gambling house; the arrest of several members of the Illinois Legislature for rowdyism and assault, while on the excursion to New Orleans; the arrest of a son of the New York Secretary of State for shooting another; the breaking State for shooting another; the breaking open of two jails by mobs of lynchers; the murder of two express messengers by train robbers; the outraging of a young girl at a public ball in New York by a police officer, four suicides in one city in a single day.-Raleigh Farmer & Mechanic.

Jarvis' great forte was his ability to "wire-work" or manipulate conventions. For several years I have used no other Hair Dressing than the Xanthine, which had been warmly recommended to me by a friend who had tested its value. It has, in my experience, accomplished all that is claimed for it as a wholesome preserver and restorer of the natural color of the hair, and a thorough preventive of dandruff.
