OUTLINE.

Cunningham and Burton, charged with causing the dynamite explosion at the Tower of London, were convicted and sentenced to penal servitude for life. Chicago trades unions have decided not to permit anarchists or socialists to participate in their annual parade. A bloody fight took place at Hickory Grove Church, Fla., between three West brothers and three Langford brothers...

Sixteen thousand persons witnessed the great Derby race at Louisville, Ky., on Thursday. There were ten horses and they were all good. Joe Cotton beat by about half a neck. He is thus described: "Joe Cotton, the winner, is a chestnut colt, standing 15 hands 3 inches with very thick chest and loins, small barrel, and small legs. He has a white hind foot, and a small blaze in the forehead. He is by King Alfonso out of Inverness, and is a half-brother of Foxhall. He has started four times this season, winning every engagement. He did not do much at two years. He is owned by J. T. Williams, and was trained by Abe Perry."

The time was 2:37, which is within a half second of the best Derby time on record. Lord Murphy made it in 2:37. More than \$100,000 was bet and the stake was worth \$4,500.

Ex-President Davis, in a recent note declining an invitation to attend the drill at Mobile, spoke in high praise of the militia—the "citizen soldiery," as we heard Mr. Webster call them in a brief speech at Raleigh in 1846. Mr. Davis said: "Our forefathers, distrustful of standing armies, relied upon the militia as the defenders and safeguards of the State, and competitive exercises as high schools of elementary education. Mobile may be justly proud of the record her sons have made, and she should wherever martial sentiment was to be displayed. Chivalrously rejoicing at any triumph of her guests, she may exultingly hail every increase of proficiency as a welcome advance toward the common good, in the greater ability to protect popular liberty."

Rev. Sam Jones, who is just now so much talked of in the papers, is now in Nashville preaching in a great tent that cost \$3,000. He gave the preachers a raking down that must have made them wince. He had 5,000 people before him. An exchange says: "One of two things," he told them, "is true—the plan of salvation is defective, or you are not preaching the gospel. He cut them to the heart. In a very few minutes the entire row of preachers were in tears, and there were few dry eyes in the great congregation. Nashville never has been so shaken up before. People of all classes, men and women from the poorest to the wealthiest, eagerly attend the Rev. Mr. Jones' meetings. There is no curiosity concerning him in Nashville now."

Gen. Rosecrans is trying to get old Fred Douglass's fat place and we hope he will get it. Judge Tree is the name of the candidate the Democrats in the Illinois Legislature are now running for U. S. Senator.

Eugene B. Walton, a teller in the First National Bank, of New York, is under arrest for embezzling \$15,000. Another one. Good. Mr. President says he will not appoint any relations of his to office. Grant disgusted the country with his scandalous nepotism.

John O. Von Gelder has disappeared. A. M. Clements, son of the cashier at Port Edward, N. Y., has been indicted for using the funds of the bank. The International Young Men's Christian Association was in session last week at Atlanta. The next place of meeting will be San Francisco, in 1887.

The New York Times says of 1002 political meetings held in that city last year, no less than 633 were held in groceries. Both parties used them for political gatherings.

F. J. Fargus ("Hugh Conway") died on Friday at Monaco. He was the author of "Called Back," a novel that had a tremendous sale, is sensational, and of about fourth rate quality.

Bradstreet's reports for last week 164 failures in the United States. The South furnishes 28. Of these we report those States with more than 1: Virginia 2; Texas 3; Kentucky and Louisiana 4 each. Greenville, N. C., A. N. Ryan, general store, has assigned.

The girls are beating the boys. They are now admitted into the University of Mississippi, at Oxford. This year they won all the prizes. An exchange says: "A young lady takes the first honors, and will consequently be the valedictorian. The Senior Class will be represented by a young lady among the speakers; as well also the Junior, while among the competitors for the Sophomore prize declamation is still another of 'the fair sex.'"

If you wish to see how foolishly bitter a Northern Radical paper can be read the following from a paper published at Atchison, (Kansas); the Globe: "During his recent visit to the South Tom Rig visited old Jeff. Davis at his home in Beauvoir, Miss. The old petticoat hero lives in a rather common, large, old and rambling house, surrounded with porches, and gives his time to orange and fig raising, having failed in bell raising."

When we read such mean things as this we only like the old man better.

sections of this State canning factories for the purpose of canning peaches, berries, and other fruits and vegetables. There is no reason why such enterprises should not pay handsome returns to the owners. At present our merchants pay from \$1.50 to \$1.50 per dozen can for peaches, and the prices peaches sell for in this State, it is said that it will cost the canners only 40 to 60 cents per dozen to put them up, leaving a large margin for profit.

Beaufort Telegraph: Mrs. Elizabeth Ewald, who resides on Ann street, with a serious accident on Wednesday. While attending to her usual household duties she made a misstep, fell and broke her hip. She is suffering much pain. A brigantine laden with sugar went ashore on the beach about forty miles east of this place on Friday night last. The captain had lost his reckoning on account of his chronometer being out of order, and did not know where he was. We understand he thought he was well off shore and was standing in, thinking he might sight the land in a day or two. The cargo, we are informed, is valued at \$40,000. The vessel, named the "Deerfoot," is eleven years old, was built in St. Johns, N. B., and is sailing under the British flag. She is said to be remarkably strong, and does not leak at all, and will probably be gotten off without much trouble.

Raleigh News-Observer: Rev. Dr. W. A. Nelson has returned from Fayetteville, where he has been aiding Rev. Mr. Eason in conducting services. There were about twenty-five conversions. A gentleman who is certainly well informed says Wake county and other Raleigh-territory will probably plant this season 8,000 acres in tobacco; ten times as much as last year. The total receipts from the tobacco crop in Raleigh last year were \$1,873 bales, against \$3,157 to the same date last year. At last, after an interval of a good many years, perhaps ten, work has resumed on the west tier of cells and the front building of the penitentiary. The brick work which is in progress, and which was begun last week, has already so far progressed that it is ready to receive the joists. The quality of the brick used as well as the work done is excellent.

Goldboro Argus: There will be a competitive examination, in one of the halls of the Graded School in this city, on the 15th of June, of applicants for appointment to positions in the Department of Education. The trial of W. W. Pearsall for the murder of Tom Crow in this city in November last is over. The evidence in brief was that, on the 4th day of November, election day, Pearsall and Crow had some words, and Crow threatened that he would kill Pearsall if he took ten years to do it. A few days afterwards Pearsall, while drinking, loaded his shotgun, and went to Crow's shop in Little Washington, called the door open, and shot him dead in his tracks. It was in evidence that Pearsall threatened on several occasions, between the day of the difficulty and the murder, that he was going to shoot Crow, and that on one of these occasions he had been told if he shot Crow he would be hanged. "Who ever heard of a white man being hanged in Wayne county?" The jury took the case Friday evening, and yesterday at 12 o'clock returned a verdict of "Not guilty."

Charlotte Observer: Gen. Thos. F. Drayton, whose injury was noted yesterday, is not yet able to leave his bed. He was visited yesterday by several numbers of his friends. The accident to Gen. Drayton has been generally regretted and a deep feeling of solicitude has been felt by our citizens as to his condition. Fully 1,500 people witnessed the interesting bicycle race at the Carolina race grounds yesterday and all were equally interested. The race was a half mile contest between Mr. Prince, the world's champion, and a horse entered to trot against him. Mr. Prince gave the horse one hundred yards start and beat him about one hundred and fifty yards. In the three mile race Mr. Prince, a champion runner, and a running horse, a fresh horse, was run in on the last heat and Mr. Morgan was beaten. Mr. Prince next ran against the same horse, half mile dash. The horse was a feet-footed animal and Mr. Prince was given 100 yards start. This was an exceedingly pretty race, made specially interesting by reason of the fact that the racer made the champion get down to his level best. Prince flew around the track like the wind and won the race, making the half mile in 1 minute and 17 seconds. The last race was a three mile dash between Morgan and Prince. Morgan kept the lead until on the last round, when Prince shot ahead of him and came in first, making the three miles in 9 minutes and 27 seconds.

Shelby Aurora: John Scates, a well dressed carpenter, was arrested here on Monday, charged with having three living wives. Euta Waters, whom he married twelve years ago, Rosalind Owens and Martha Earle, of York, S. C., are alleged to be wives of this uxorious man. New Bern Journal: The bulk of the pea crop has gone forward, and the farmers are now busy engaged in clearing off the vines and putting in cotton. It is claimed that the entire Federal patronage in North Carolina (outside of the internal revenue service) does not equal the fish and oyster catch of Carteret county.

CAUGHT.

Larceny of a Boat and Fishing Nets—Capture of the Thief. William Bailey, colored, was arrested yesterday morning on the charge of stealing a boat and two fishing nets; the former the property of a colored man and the latter belonging to Messrs. John Hines and Marvin Sellers. The larceny is alleged to have taken place Saturday night. It seems that yesterday morning, about half past 5 o'clock, Mr. Jos. Roderick saw a colored man come out of the Spanish school, Nottville, which is on the ways undergoing repairs near Mr. VanBokkelen's still-yard, and get into a boat in the dock. Mr. Roderick pretended to want to buy the boat, and it was offered to him for \$1.25. He then asked Bailey about the nets. He at first denied having had any nets in the boat but finally confessed that one was set out opposite the powder house, on the west side of the river, and the other in front of Mr. Northrop's rice farm. Bailey started to push the boat off, but Mr. Roderick prevented him, and called to Mr. Hines, who was not far off, to come and see if he could identify the boat, which he did. Bailey then remarked that if the boat didn't belong to him he was ready to get out of it; whereupon he jumped overboard and swam under an adjacent wharf, where he clung to the piling. In the meantime Mr. Roderick telephoned to the Chief of Police to send a policeman, and Officer Fred. Skipper was dispatched to the spot to capture the alleged thief and take him to the guard house.

When Bailey was finally taken out from under the wharf he was nearly exhausted, as well as benumbed with cold. He was then confined in a tool shed on the premises until Officer Skipper arrived and took charge of him. Bailey soon after wards had a preliminary hearing before Mayor Hall in his capacity of a Justice of the Peace, and at the close of the examination he was sent to jail, in default of bail, to await a hearing before the present term of the Criminal Court.

Criminal Court. The Criminal Court for New Hanover county, Hon. O. P. Meares, Judge presiding, and Solicitor B. R. Moore prosecuting for the State, convened in this city yesterday morning. The following comprise the grand jury for the term: R. F. Langdon, Foreman; D. D. Cameron, W. W. Hodges, Sterling Sallings, George Moseley, S. S. Mints, W. B. Bowen, George Barr, D. B. Pender, J. C. Bizzell, Joseph Mitchell, H. Hutaff.

It was ordered by the Court that a venire of fifteen men be drawn daily. The following cases were disposed of: State vs. Chester Lamb, assault and battery. Defendant submitted and judgment was suspended.

State vs. W. A. Adler, misdemeanor. Defendant submitted and judgment was suspended on payment of costs and fine.

State vs. Boyd Curry, misdemeanor; defendant submitted and judgment was suspended on the payment of half of fine and the costs.

State vs. Walter Thames, assault and battery. Case dismissed.

State vs. Joseph Stern, misdemeanor; judgment suspended on payment of costs and fine.

State vs. L. B. Winstock, misdemeanor; judgment suspended on payment of half of fine and the costs.

State vs. H. Johnson, false pretence; defendant and surety called and failed; judgment nisi; capias to issue.

State vs. Jordan Lemon, larceny in two cases; called and failed; judgment nisi. Seven *et seq* were disposed of.

Mayor's Court. M. C. Suggs, charged with acting very disorderly in the southern section of the city, Sunday morning about 1 o'clock, and disturbing the slumbering citizens by his shouts and hallooings, for which he was arrested by Officers Terry and Chadwick, was required to pay a fine of \$3.

Alfred Bennett, colored, for acting disorderly on the streets Saturday night, about 11 o'clock, for which he was arrested by Officers Howland and Turlington, was ordered to pay a fine of \$5.

Henry Seaman, a white sailor, charged with disorderly conduct, Saturday afternoon, having been arrested therefor by Officer Bryan, was released on condition that he would immediately ship on one of the vessels now in port.

Clem Williams, colored, who was arrested in the "Hollow" on Saturday afternoon last, while acting very disorderly, and who resisted and made a good deal of noise while Officer Scott was taking him to the guard house, was fined \$5.

Base Ball Notes. The Raleigh News and Observer thus compliments our "Seaside" boys: "The 'Seaside' club, of Wilmington, has a remarkable record for an amateur club. Its three last games were with Columbia, S. C., 3 to 3, ten innings, in favor of Columbia, and the 4 to 1 and 8 to 1 championship games played with the Raleigh club, May 5 and 6, each club winning a game. Good judges of ball playing, who have seen all the clubs in the State in games, consider the Seaside the best fielders. We may, therefore, look for fine games Wednesday and Thursday next, when the Seaside and the Raleigh clubs will cross bats. It is a pleasure to have the Wilmington boys open the championship games on the Raleigh grounds, for they are clever gentlemen and fine ball players. They will receive a hearty reception here."

Animals in Drinking Water. There has been quite a sensation among certain of our population, white and black, on the presence of certain red worm-like bodies seen in drinking water. These worms, if we may so call them, have been alleged to have been produced in the stomach of a sick person. As this marvel gained more publicity it was discovered by two or three persons that their spring or well water contained the same objects. Dr. T. F. Wood informs us that the subject was kindly investigated by Dr. Salmon, of the Bureau of Animal Industry, Washington, and he reports that the Entomologist of the Agricultural Department pronounces them the larvae of gnats (chironomus), and are of course not more harmful than waterfleas (larvae of the mosquito), and not any more likely to have been generated in the human stomach.

Fell From a Yard-Arm. One of the men employed on the British brig *Salvator*, lying at the mill of Messrs. E. Kidder & Son, accidentally fell from the yard-arm of the vessel, yesterday morning early, but fortunately received no more serious injury than a cut about an inch in length on his forehead. Surgical assistance was summoned and in a very short time the man had resumed his labors.

BASE BALL.

The Match Game at Goldsboro Won by the Seaside. The match game of base ball, played at Goldsboro, between the Seaside Club, of this city, and the National Club, of Goldsboro, was won by the Seaside, with a score of seven to six. A special dispatch to the STAR says that the game was a close one, and very exciting. The grounds were uneven and irregular, and many errors were made. Of the Seaside, Waddell made the catch of the day, and Haines, Moore and Kookey did the hitting.

The Seaside play another game with the Nationals at Goldsboro to-day, after which they leave for Raleigh.

Anniversary—Wilmington Light Infantry. Organized in 1853, this command is one of the oldest in the country, and has included in its membership a majority of the best known names of the Cape Fear section. With not a single individual exception, it covered itself with glory in the days of our "Lost Cause," and now, in times of peace, is a source of pride to this community, whose respect, regard and trust it possesses.

The company will be formed at its armory Wednesday, May 20th, at 4 p. m., under command of Capt. J. C. Morrison, and thence march to Market street dock to be transported over the river to engage in the annual contest for a gold medal to be awarded to the best marksman. Returning, will disembark to re-assemble at 8:15 p. m., to attend, in full dress uniform, the grand festival given in the City Hall for their benefit by the ladies. All friends of the command are invited to attend the target practice, and the veterans, honorary members, and reserve corps are specially requested to be present; and as a matter of interest we publish their names:
