COUNTY MATTERS.

Joint Mostings of the Boards of Magistrates and County Commissioners -Tax Levy-Board of Education.

Yesterday morning, at 11 o'clock, in acordance with previous notice, a joint meeting of the Board of Magistrates and Board of County Commissioners convened in the Mayor's office, at the City Hall.

A quorum being present, the Chairman Justice W. W. Harriss, called the meeting to order and explained its object.

Chairman Bagg, of the Board of County Commissioners, then arose and further explained the nature and object of the meeting, which was to levy the tax for the ensuing year and to elect a Board of Education. He said the tax was the same as last | General Fund, showing balance year, with the exception of the addition of 25 cents to the State tax, making the entire tax 75 cents instead of 50.

Mr. Chairman Bagg then read his report,

OFFICE BOARD OF COMMISSIONERS NEW HANOVER COUNTY, To the Worshipful, the Justices of the Peace

of New Hanover County: GENTLEMEN-Again it is my duty, as Chairman of the Board of Commissioner for New Hanover county, to submit to your worships my annual report. It affords me pleasure to report the affairs of the county as all that could be desired. Being in an easy position, financially, the Commissioners thought proper to make some needed improvements, and, conse-quently, the court room has been repainted, changes made in the sheriff's office and the grand jury room, and a contract awarded for the erection of an iron bridge over Smith's Creek, which, when completed will be an ornament to this section of the State, a great convenience to the citizens living in Cape Fear township and the counties adjacent to New Hanover, and a great saving in the cost of repairs to the old wooden bridge to the county. The public roads have also received the attention of the Commissioners, a wooden trunk having been placed alongside of the old New Berne road, at or near St. Thomas' Catholic Cemetery, (where the road washes badly during heavy rains) to lead the surface water into the creek in a direct line. Oak Grove Cemetery, near the southeastern secused for burying the pauper dead, has been enlarged, the fencing and trees neatly whitewashed and the grounds cleaned by removing all dead leaves, &c., therefrom. This Board, or any member thereof, is cordially invited to visit the said cemetery and inspect it. Public buildings are in as good condition as could be expected, for time is beginning to tell upon them, and

A standing invitation is extended to the Board of Magistrates to visit this institution and see for themselves how it is conducted. A large number of the poor of the county (not in the poor house) have been assisted, as far as the fund would permit, with food, medicine and the services

of a physician. The county has no floating debt, as the expenses are paid monthly. The bonded debt is the same as stated in my last report, \$6,100, and the amount stated in said re port, \$6,665, set apart to meet said debt when due, has been increased to \$7,000, as is evidenced by a certificate of deposit of the First National Bank, bearing 4 per

Having furnished each of your workships with a detailed statement of the estimated expenditures for the next fiscal year and the tax levy necessary to meet the same, a more extended report is not necessary.

Very resp'tf'y, your ob'd't serv't. Horace A. Bass, Chairman. The report was received and adopted. Justice J. D. Taylor moved that the tax

levy be adopted. Pending the motion, in response to an inquiry, Mr. Chairman Bagg explained that last year there were no capital cases tried by the Criminal Court, while during the one term just closed there were four cap ital cases, entailing upon the county for witnesses and jurors an expense of \$600. He therefore made no change in his esti mate on account of one-half of the burden of the Criminal Court being assumed by Mecklenburg county, thinking it better to

over-estimate than to under estimate. The motion of Justice Taylor was then out and carried.

The next thing in order was the election of a Board of Education. Several names were put in nomination.

A ballot was taken, Justices C. H. Robinson and W. M. Poisson having been designated as tellers, and the result was as

It is due to Justice Moore to say that he was not put regularly in nomination.

It is understood that Messrs. Bagg, Worth nd Pearce, who now constitute the Board of Education for New Hanover county, will hold office until the first Monday in December, 1887, or until their successors qualify, and that the term thereafter will be two years,

The joint meeting then adjourned. The following is the tax levy:

Base Ball Matters. The wet weather has proved disastrous to base ball, having stopped games not only in this State but in all parts of the country.

The games played in this State thus far compare well with those played in other leagues and associations. The scores this season have as a rule been large.

A correspondent, writing to the Raleigh News and Observer from Oxford, says:

"The Oxford Base Ball Club, while it has not succeded as yet in winning a game in the League, has made a most remarkable batting record. The Club has played two games with the Raleighs, and two with the Wilmingtons, two of which were ten inning game. The Oxfords made in these four sames a total of 63 hits and 48 runs, to 66 of all the clubs combined. This Club has one of the highest-priced batteries in the South engaged, and those who think they will have easy victory when Oxford goes on the road are vastly mistaken."

The following, says the News and Observer, was the relative standing of the clubs in the State, May 29th:

Lost. Durham.....0 Wilmington......3 Henderson...... Oxford.....8 Goldsboro

Oxford has engaged the services of Lotz, of Cleveland, Ohio, a pitcher who, it is said, has successfully contended with the best professional clubs.

TERRIBLE ACCIDENT.

Drowning of Two Ladies and Thre Children at Zeke's Island.

The steamer Passport, upon her arrival here vesterday afternoon, brought news of terrible accident that happened at Zeke's Island, below Fort Fisher, yestenlay morning. It seems that a party of twelve of thirteen persons landed at the 'Rocks" from the steamer Passport about 11 o'clock and walked over to Zeke's Island. About p. m. a message was sent from the Island to the "Rocks" to the effect that some of the party were drowned, and soon after Capt. Joe Williamson came over and mye the following particulars of the distressing wer as hardand meditate it again

He says that two ladies, (Mrs. James H. Winn and Mrs. Toney Destafney) and four children were wading on the beach. One of the children was shout to get beyond its depth, when a larger one was sent after it Both of these getting beyond their depth, panic ensued, the two women rushed to the rescue, followed by the children, and the next moment all seven were struggling in the deep water. Their screams attracted the attention of Capt. Williamson, who was at a house on the bluff, distant about 100 yards. He rushed to the spot and jumped into the water and succeeded in getting one of the children safely to land. He then returned. dived after some of the others and brought the dead body of a child to the surface. These were all that could be found, the others having disappeared and drifted beyond Capt. W.'s reach. At last accounts parties were searching with drag

nets for the missing bodies. Mrs. Winn was the widow of the late Jas. H. Wing, the well known machinist. who died a few months ago. Mrs. Destafney, her sister, was the wife of Mr. Toney Destafney, an Italian musician, who has been for some time a resident of this city. Mr. D. had been hunting during the afternoon, and, upon his return, met a messenger with the sad intelligence of what had befallen his wife, when he was completely overcome with grief.

A Mr. McKoy, who arrived at the "Rocks" at 41 p. m., brought the report that the three children drowned were Munson Winn, Olivia Winn and Jas. W. Winn. the latter being the child whose body Capt. Williamson recovered.

The terrible news cast a shadow of gloom over the entire community. Some of the relatives of the unfortunate

deceased went down on the Passport last RECOVERY OF BODIES.

Capt. J. Williamson and Mr. Davis, of Davis' sharpie, came up last night on their vessel, bringing the bodies of Mrs. Winn, Mrs. De Stefano, the eldest daughter and the youngest son of Mrs. Winn. The body of Munson Winn, the eldest son, has not yet been recovered, but it is hoped will be to-morrow on the turn of the tide The bodies were all recovered by Capt Williamson. On arrival here they were taken in charge by Capt. J. M. McGowan, and removed from the vessel to the resi dence of Mr. De Stefano, on Eighth street, between Nun and Church.
