Graduating Honors to a Wilmingto nisn.

The Chapel Hill report of the University Commencement in the Raleigh News and Observer has this to say of one of our Wilmington boys who graduated from that institution:

"S. C. Weill, of Wilmington, subject: 'National Decay and Individual Character.' Not the Roman toga gives the same prestige that does our certificate of gradua-tion. The Greek gave us beautiful ideals, the greatest of all being the ideal of government. The Roman ideal was soldiery, but still nothing now remains but their ruins. The American ideal is the individual. The voice that may at first be rough and untrained may yet claim the power 'the applause of listening senates to command.' Our strength lies in the training of our individuals. But we have often departed from the ideal; and when we do depart from it we lose our prestige. There must be no aristocracy but that of merit. * * The medal given by the daughters of Willie P. Mangum, for the best oration from the senior class, was awarded to Mr. S. C. Weill, of Wilmington, and presented by Hon. J. W. Reid."

The Seasides will have a practice game this afternoon a their grounds, when a picked nine will play against them. The public is invited.

We were disappointed by "The Standards" not playing last night. The fault was in the failure of the railroads to bring the company's baggage in time. We see from the Columbus (Ga.)
