morning last, the 7th of June, a negro

man was found on the side of the railroad

track, about three hundred yards from the

depot, with his arm broken and his neck

dislocated. Coroner Peel empanelled a jury and they rendered a verdict that the man came to his death by a northern-bound

train, between the hours of 12 and 7 a. m.,

his name was Robert Whitley, and on his body were found a pack of cards and a

bottle of whiskey. — To the Advance: The commencement exercises of the Davis

High School opened this morning, with an address by Mr. W. H. Blount, of the Wil-

son Mirror. Those of us who know the

talented gentleman were in some manner

prepared for a speech of unusal excellence,

though it was said by many that no man could be the facile, eloquent writer that Mr. Blount is and at the same time be an

orator; our expectations, however, were far

surpassed and all doubts overturned when

the prerecration was made and the large

crowd cheered the speaker to the echo.

MRS. WINSLOW'S SOOTHING SYRUP.—Ray SYLVANUS CORB thus writes in the Boston Christian Freeman:—We would by no means recommend any kind of medicine which we did not know to be good—particularly to infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and the parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say that they would not be without it from the birth of the child till it had finished with the teething slege, on any consideration whatever. Sold by all druggists. 25 cents a bottle.
