the Palmetto Clubs. The second game between the Marion, S. C., nine and the home team took place vesterday afternoon at the Sesside grounds. Owing to the score of 2 to 3 in the game of Thursday, a large audience assembled. expecting some close, hard fighting and an exciting game. In this they were disappointed. The fielding on both sides was loose and careless, and the Beasides played as if they were conscious of an easy victory. There was some fine batting by the home boys, twenty-one base hits having been made. Robinson made the hit of the occasion, clearing the bases when each one had an occupant, thus adding three runs to the score of the Seasides. On the visitor's side Sellers, at first, Gasque, left fielder, and Gasque, at third, did the best

The Fortunes of a Chinese Boy. Some few years ago there was a Chinese boy employed on the revenue cutter on this station, who visited the Fifth Street M. E. Church, became converted under the mipistrations of the venerable pastor, Rev. T. Page Ricaud, and the members of the church all became very much interested in him, especially when it was discovered how intelligent and susceptible of mental improvement he appeared to be. It was finally decided to send him to Trinity College, where Rev. Mr. Ricaud and other friends soon succeeded in getting him admitted, and afterwards that large-hearted gentleman, J. S. Carr, Esq., of Durham, had his attention attracted to the pious but somewhat ambitious young Celestial, and got him a berth at the Vanderbilt University, where he has been in training for the past two or three years at Mr. Carr's expense. His Chinese appellation was Ah Soon. When he became converted to Christianity he assumed the first name of an intimate friend, and has since been known as Charlie J., or Charlie Jones Soon. On the 28th ult., as we notice from a Greensboro paper, he graduated with high honors from the Vanderbilt University. He remains a few weeks with his friend and benefactor at Durham, and then, we understand, will go to China, where a professor-

ship in the Anglo-Chinese University at Shanghai, King St Province, has been tendered him. His conduct all through, we understand, has been such as to afford the highest gratification to those who displayed such a warm interest in his welfare, while towards those good friends he has always

seemed to feel the deepest gratitude.

The "Sea Gulla" and the "Benevolent On Tuesday afternoon the home clubs-"Sea Gulls" and "Benevolent Nine"-will complete the game which was interrupted by the storm on Wednesday afternoon. There is no joke about this game, as some seem to think. The clubs are in dead earnest, and they expect to make the contest a lively one. The proceeds will be for the benefit of the Ladies' Benevolent Society, which is in need of funds, and it is hoped there will be a large attendance. The game will take place on the grounds of the

German Cherries. Mr. H. A. Glameyer, residing on Chesnut, between Sixth and Seventh streets, has on his premises what is termed a German cherry tree, the root having been transplanted from its native soil in the fatherland to that of Mr. G.'s adopted home. The trees, which are very young yet, would be more aptly styled vines than trees but for the fact that they bear cherries instead of grapes. They cling to the side of the house and climb upward the same as a vine. The fruit is of large size and of a brilliant red.

Supposed Mad Dog.

A dog, supposed to have been mad from the fact that he was foaming at the mouth and snapping at everything that came near him, was shot and killed in St. John's church yard yesterday forenoon. There was a good deal of excitement in the neighborhood until the animal was dispatched. OPERA HOUSE.

"Ten Nights in a Bar-Room." A large crowd assembled to see the Standard Dramatic Company play "Ten Nights in a Bar-Room," and the applause that was accorded the troupe was often and generous. The moral of the play is a good one, and much can be learned from it which would be beneficial.

There will be a matince this afternoon, at which "Kathleen Mayoutneen" will be played, and to-night the company will close their engagement here with the celebrated play "East Lynne."

Meeting of Democratic Citizens. A meeting was held in the Court House last night, at which the following preamble and resolutions were unanimously adopted. when the meeting adjourned. Mr. S. G. Hall was elected Chairman of the meeting, with Mr. E. F. Johnson as Secretary.

WHEREAS, The efforts of the Democracy of the United States, in November 1881, were crowned with success, by the election of their candidates for the positions of President and Vice President, and their subsequent inauguration on the 4th of March last,

Resolved, That to all Democrats who, by their votes and work, were instrumental i bringing about this long sought for and much needed change, it is a source of great pleasure to know that the Administration is daily removing the Republican officeholders, and filling their places with good Democrats; and to the Democracy of the South it gives unbounded pleasure to see the Republican efficeholder, who was a willing tool of a corrupt administration, vacate his office for the benefit of honest men thoroughly identified with the business interests of the community in which they

Resolved. That inasmuch as at no time in the history of the party in this section, have the masses of the whites taken as much interest, or devoted as much time, and been as vigilant to prevent fraud at the ballotbox as during this campaign, that chiefly to the laboring men is due the credit of the large vote polled; and that if, at any time, this vote should be reduced, it will be caused by apathy or disaffection on their part; therefore.

Resolved. That a just distribution of the Federal patronage is demanded as necessary to the best interests and harmony of the party, and that its promises, made from time to time, of an equitable distribution of the offices, with a proper recognition of the services of the rank and file of the Democracy, should be honestly adhered to.

Resolved, moreover, That as great dissatis-

faction is caused by the rumors industriously circulated of the handicapping of the probable heads of the departments in this city, which rumors we are loth to believe, we are of the opinion that the heads of the Federal departments in this city give bond sufficient to entitle them to appoint, without dictation from any one, all of their subordinates, as they are better qualified to judge of the merits of the different applicants, and we believe that there are a suffi cient number of intelligent, competent and good Democrats to fill all of these places without drawing on any outside of our dis

Resolved, That a copy of these resolutions be sent to our Senators and Representatives and be published in our daily papers.

The Press Association. The gentlemen of the North Carolina Press Association were a mighty clever set of fellows. They are sociable, good look ing, friendly and accommodating. There was one rather absent-minded editor in the crowd, but then he was anxious to get to his Home, at Warrenton, and we can forgive him. This was the way we found out his failing: Our good friend of the Wilson Advance, Mr. Josephus Daniels, had promised us the proceedings of the Convention, and said he would send the copy by Capt. Harper, of the Passport, Wednesday evening we were at the wharf when the boat came in, and Capt. Harper informed us that no copy was sent. Thursday evening's boat brought up the members of the Association, the meeting having adjourned sine die, when Mr. Daniels informed us that he had prepared ten letter sheet pages of Wednesday's proceedings and asked Mr. Hicks to leave the package at the office. Mr. Hicks left the city the same evening with the MS. in his pocket. Our thanks are tendered to Mr. Daniels, late President of the Association, and also to Mr. J. H. Lindsey, of the Kernersville

News, for courtesies. Our friend McDiarmid, of the Robesonian, was among the late arrivals. There were only about thirty members

of the Association in attendance. We had a call from Mr. E. C. Hackney. of the Durham Recorder, yesterday, and regret that we (the "Local") happened to be out at the time.

Mayor's Court.

The session of the Mayor's Court yester day morning was quite a spirited one. Kim Hamilton, colored, was first arraigned, charged with interfering with police officers Sheehan and Schumeyer in the discharge of their duty. In other words he interferred with men who were engaged in the efforts to capture hogs running at large in the streets. The case was finally continued for defendant until this morning at 9 o'clock.

Lewis Hicks, colored, who was arrested on Fourth, between Bladen and Brunswick streets, about 9 o'clock Thursday night, by officers Turlington and Latham, charged with cursing and acting very disorderly generally, next had a hearing. The evidence was to the effect that he offered a stubborn resistance to the officers when taken into custody, creating such an excitement that a large crowd was collected together in the vicinity. Further assistance was summoned and he was finally landed safely in the guard house. His case was also finally continued, for defendant, until this morning, a bond of \$50 being required of him.

John Foskey, colored, arrested by Officers Latham and Turlington for fighting and otherwise creating a disturbance on Fourth street bridge, was ordered to pay a fine of \$5. Kim Hamilton, for failure to pay his license tax, was fined \$5.
